Name of Expenditure Program:
Family Success- Monmouth County- Bayshore Family Success Center
Amount:
\$600,000

Overview:
After Hurricane Sandy, areas of direct impact of the storm were reviewed with respect to the services available in the area. Through geo-mapping it was determined that the Bayshore area was without a family success center in that area and further determinations were made that there was a risk to the health and welfare of clients in that area. The County Human Services Advisory Council member was part of the process to identify a lead agency that could provide family success services quickly to avert and ameliorate the effects of child abuse and domestic violence in this area. The agency needed to have in place a strong infrastructure, a community presence and the ability to refer and/or serve mental health and domestic violence clients.
