2.8 PAY TO PLAY PROHIBITIONS

New Jersey law insulates the negotiation and award of State contracts from political contributions that pose a risk of improper influence, purchase of access or the appearance thereof. P.L.2005, c.51, as amended by the Elections Transparency Act, P.L.2023, c.30, codified at N.J.S.A. 19:44A-20.13 to 20.25 ("Chapter 51") and Executive Order 333 (2023).

Pursuant to N.J.S.A. 19:44A-20.13 et seq. (P.L.2005, c.51, rev. P.L.2023, c.30), a "fair and open process" means, at a minimum, that the contract shall be: publicly advertised in newspapers or on the Internet website maintained by the public entity in sufficient time to give notice in advance of the contract; awarded under a process that provides for public solicitation of proposals or qualifications and awarded and disclosed under criteria established in writing by the public entity prior to the solicitation of proposals or qualifications; and publicly opened and announced when awarded. A contract awarded under a process that includes public bidding or competitive contracting pursuant to State contracts law shall constitute a fair and open process. N.J.S.A. 19:44A-20.23. The agency conducting the procurement will need to determine whether the procurement meets the Election Transparency Act definition of a "fair and open process" and instruct vendors on the applicability of Chapter 51.

A. For Contracts Awarded Pursuant to a Fair and Open Process

Pursuant to P.L.2005, c.51, as amended by the Elections Transparency Act, P.L.2023, c.30, codified at N.J.S.A. 19:44A-20.13 to 20.25 ("Chapter 51"), and Executive Order No. 333 (2023), contracts awarded pursuant to a fair and open process do not require a certification or disclosure of any solicitation or contribution of money, or pledge of contribution, including in-kind contributions.

B. For Contracts Awarded Pursuant to a Non-Fair and Open Process

Pursuant to N.J.S.A. 19:44A-20.13 et seq. (P.L.2005, c.51, rev. P.L.2023, c.30), and Executive Order 333 (2023), the State shall not enter into a Contract to procure services or any material, supplies or equipment, or to acquire, sell, or lease any land or building from any Business Entity, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money, or pledge of contribution, including in-kind contributions, to a Continuing Political Committee or to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor or Lieutenant Governor during certain specified time periods. It shall be a breach of the terms of the contract for the Business Entity to:

- (1) Make or solicit a contribution in violation of the statute;
- (2) Knowingly conceal or misrepresent a contribution given or received;
- (3) Make or solicit contributions through intermediaries for the purpose of concealing or misrepresenting the source of the contribution;
- (4) Make or solicit any contribution on the condition or with the agreement that it will be contributed to a campaign committee or any candidate or holder of the public office of Governor or Lieutenant Governor;
- (5) Engage or employ a lobbyist or consultant with the intent or understanding that such lobbyist or consultant would make or solicit any contribution, which if made or solicited by the business entity itself, would subject that entity to the restrictions of the Legislation;
- (6) Fund contributions made by third parties, including consultants, attorneys, family members, and employees;
- (7) Engage in any exchange of contributions to circumvent the intent of the Legislation; or
- (8) Directly or indirectly through or by any other person or means, do any act which would subject that entity to the restrictions of the Legislation.

Further, the Contractor is required, on a continuing basis, to report any contributions it makes during the term of the Contract, and any extension(s) thereof, at the time any such contribution is made.

A "Continuing Political Committee" means any political organization (a) organized under section 527 of the Internal Revenue Code; and (b) consisting of any group of two or more persons acting jointly, or any corporation, partnership, or any other incorporated or unincorporated association, including a political club, political action committee, civic association or other organization, which in any calendar year contributes or expects to contribute at least \$5,500 to the aid or promotion of the candidacy of an individual, or of the candidacies of individuals, for elective public office, or the passage or defeat of a public question or public questions, and which may be expected to make contributions toward such aid or promotion or passage or defeat during a subsequent election, provided that the group, corporation, partnership, association or other organization has been determined to be a Continuing Political Committee by the New Jersey Election Law Enforcement Commission under N.J.S.A.19:44A-8. A Continuing Political Committee does not include a "political party committee," a "legislative leadership committee," or an "independent expenditure committee," as defined in N.J.S.A. 19:44A-3.

Prior to awarding any Contract or agreement to any Business Entity pursuant to a non-fair and open process, the Business Entity proposed as the intended Contractor of the Contract shall submit the Two-Year Chapter 51 /Executive Order 333 Vendor Certification and Disclosure of Political Contributions for Non-Fair and Open Contracts, certifying either that no contributions to a Continuing Political Committee or to a candidate committee or election fund of a gubernatorial candidate have been made by the Business Entity and reporting all qualifying contributions made by the Business Entity or any person or entity whose contributions are attributable to the Business Entity. The required form and instructions, available for review on the Division's website at <http://www.state.nj.us/treasury/purchase/forms/eo134/Chapter51.pdf>.

P.L.2023, c.30) if in a calendar year the contractor receives one or more contracts valued at \$50,000.00 or more. It is the contractor's responsibility to determine if filing is necessary. 6.1 PRICE FLUCTUATION DURING CONTRACT

Unless otherwise agreed to in writing by the State, all prices quoted shall be firm through issuance of contract or purchase order and shall not be subject to increase during the period of the contract. In an exceptional situation the State may consider a price adjustment. Requests for price adjustments must include justification and documentation.

6.2 TAX CHARGES

The State of New Jersey is exempt from State sales or use taxes and Federal excise taxes. Therefore, price quotations must not include such taxes. The State's Federal Excise Tax Exemption number is 22-75-0050K.

resulting from the RFP. If a review of orders placed by the using agency(ies) reveals that goods and/or services other than that covered by the contract have been ordered and delivered, such delivery shall be a violation of the terms of the contract and may be considered by the Director as a basis to terminate the contract and/or not award the contractor a subsequent contract. In such event, the contractor shall reimburse the State the full purchase price;

- B. The contractor must submit invoices to the using agency with supporting documentation evidencing that work or goods for which payment is sought has been satisfactorily completed or delivered. For commodity contracts, the invoice, together with the Bill of Lading, and/or other documentation to confirm shipment and receipt of contracted goods must be received by the using agency prior to payment. For contracts featuring services, invoices must reference the tasks or subtasks detailed in the Scope of Work and must be in strict accordance with the firm, fixed prices submitted for each task or subtask. P-card transactions do not require the submission of a contractor invoice; purchasing transactions using the p-card will usually result in payment to a contractor in three (3) days. A contractor should take note that there will be a transaction-processing fee for each p-card transaction. To participate, a contractor must be capable of accepting the MasterCard. Additional information can be obtained from banks or merchant service companies.

6.5 NEW JERSEY PROMPT PAYMENT ACT

Properly executed performance security, when required, must be received by the State prior to processing any payments for goods and services accepted by state agencies. Interest will be paid on delinquent accounts at a rate established by the State Treasurer. Interest shall not be paid until it exceeds \$5.00 per properly executed invoice. Cash discounts and other payment terms included as part of the original agreement are not affected by the Prompt Payment Act.

6.6 AVAILABILITY OF FUNDS

The State's obligation to make payment under this contract is contingent upon the availability of appropriated funds and receipt of revenues from which payment for contract purposes can be made. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:
Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
- (4) The contractor will send to each labor union or representative of workers with which he/she has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

- (A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.
- (B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:
 - (1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

- (2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;
 - (3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;
 - (4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;
 - (5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and non-discrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;
 - (6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:
 - (i) The contractor or subcontractor shall interview the referred minority or women worker.
 - (ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.
 - (iii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.
 - (iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.
 - (7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.
- (C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.
- After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA-201) electronically provided to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its website, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7.
- The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Dept. of LWD, Construction EEO Monitoring Program and to the public agency compliance officer.
- The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on the job and/or off the job programs for outreach and training of minorities and women.
- (D) The contractor and its subcontractors shall furnish such reports or other documents to the Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of LWD, Construction EEO Monitoring Program from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Dept. of LWD, Construction EEO Monitoring Program for conducting a compliance investigation pursuant to N.J.A.C. 17:27-1.1 et seq.

EXHIBIT C - EXECUTIVE ORDER NO. 151 REQUIREMENTS

It is the policy of the Division of Purchase and Property that its contracts should create a workforce that reflects the diversity of the State of New Jersey. Therefore, contractors engaged by the Division of Purchase and Property to perform under a construction contract shall put forth a good faith effort to engage in recruitment and employment practices that further the goal of fostering equal opportunities to minorities and women.

The contractor must demonstrate to the Division of Purchase and Property's satisfaction that a good faith effort was made to ensure that minorities and women have been afforded equal opportunity to gain employment under the Division of Purchase and Property's contract with the contractor. Payment may be withheld from a contractor's contract for failure to comply with these provisions.

Evidence of a "good faith effort" includes, but is not limited to:

1. The Contractor shall recruit prospective employees through the State Job bank website, managed by the Department of Labor and Workforce Development, available online at <https://newjersey.usnlx.com/>;
2. The Contractor shall keep specific records of its efforts, including records of all individuals interviewed and hired, including the specific numbers of minorities and women;

5. The Contractor shall comply with the requirements set forth at N.J.A.C. 17:27.

This language is in addition to and does not replace good faith efforts requirements for construction contracts required by N.J.A.C. 17:27-3.6, 3.7 and 3.8, also known as Exhibit B.

The financial obligations of any Purchasing Entity are limited to those obligations set forth in the Purchase Orders that such particular Purchasing Entity issues. Entities who are not states may sign their own Participating Addendum if and to the extent that the appropriate procurement official of the state where the Participating Entity is located (or such other approval as may be required by law) gives prior approval of such participation in writing. A chief procurement official's approval to a nonstate entity to participate through execution of a Participating Addendum is not a determination that the non-state entity has the necessary or appropriate authority to enter into the Participating Addendum. Prior to executing a Participating Addendum, each Participating Entity must ensure that it has the requisite authority to execute a Participating Addendum under its applicable laws and regulations.

Payment for all Accepted Deliverables are due within forty-five (45) days after Acceptance of the

The Purchasing Entity shall pay for Deliverables only upon acceptance pursuant to this Master Agreement, the applicable Participating Addendum, and a SOW, as applicable, and receipt of a properly documented invoice from the Contractor. At the Purchasing Entity's request, Contractor shall submit to the Purchasing Entity such documentation as the Purchasing Entity deems it to be necessary or appropriate to justify and support the Performance detailed in any invoice, prior to the Purchasing Entity approving the invoice for payment.
- b. The Purchasing Entity shall pay Contractor upon acceptance within net forty-five (45) days after each calendar month end and receipt of Contractor's properly documented invoice and supporting detail, whichever is the later date.
- c. Contractor shall furnish separate invoices for each Purchase Order and shall itemize each charge included in each invoice as a separate line item.
- d. Contractor may supplement Exhibit B, Price Schedule to make additional services and related terms available to Participating Entities. The supplement will only be deemed to be accepted by the Lead State if the latter issues an Addendum to the Master Agreement indicating its concurrence with the supplement.

Except as it may otherwise be set forth in Exhibit A, Deliverable Document or Exhibit B, Price Schedule, as applicable, the Contractor shall deliver the Goods F.O.B. wherever specified by the Purchasing Entity in its Purchase Order or in another communication to Contractor. The administration and Performance of this Contract are facilitated by and in accordance with certain provisions of the NASPO ValuePoint cooperative contract consortium of the National Association of State Procurement Officers. Those provisions are set forth in Exhibit D, NASPO ValuePoint Provisions.

6. Purchase Orders

- a. This Master Agreement itself is not an authorization for the Contractor to begin Performance in any way. The Contractor may begin Performance only after it has received a duly issued Purchase Order against this Master Agreement and an applicable Participating Addendum for Performance.
- b. The Purchasing Entity shall issue a Purchase Order against a Participating Addendum incorporating this Master Agreement directly to the Contractor and to no other party.
- c. All Purchase Orders shall be in written or electronic form, bear the Master Agreement number and Participating Addendum number (if any) and comply with all other Participating Entity and Purchasing Entity requirements, particularly the Purchasing Entity's requirements concerning

procurement. Purchase Orders issued in compliance with such requirements shall be deemed to be duly issued.

- d. A Contractor Performing without a duly issued Purchase Order in accordance with this Section does so at the Contractor's own risk and does not impose on a Purchasing Entity any corresponding obligation.
- e. The Purchasing Entity may, in its sole discretion, deliver to the Contractor any or all duly issued Purchase Orders via electronic means only, such that the Purchasing Entity shall not have any additional obligation to deliver to the Contractor a "hard copy" of the Purchase Order or a copy bearing any hand-written signature or other "original" marking.

7. Time of the Essence

Time is of the essence with respect to all provisions of this Master Agreement that specify a time for Performance; provided, however, that this provision shall not be construed to limit or deprive a party of the benefits of any grace or use period allowed in this Master Agreement.

8. Waiver

- a. No waiver of any Breach of this Master Agreement shall be interpreted or deemed to be a waiver of any other or subsequent Breach. All remedies afforded in this Master Agreement shall be taken and construed as cumulative, that is, in addition to every other remedy provided in this Master Agreement or at law or in equity. Any waiver by the Lead State, a Participating Entity, or a Purchasing Entity must be in writing.
- b. A party's failure to insist on strict performance of any provision of this Master Agreement shall only be deemed to be a waiver of rights and remedies concerning that specific instance of Performance and shall not be deemed to be a waiver of any subsequent rights, remedies or Breach.

9. Data: Access and Ownership

- a. Access to Master Agreement and State Data

The Contractor shall provide to the Purchasing Entity access to any data, as defined in Conn. Gen Stat. Sec. 4e-1, concerning the Master Agreement and the Purchasing Entity that are in the possession or control of the Contractor upon demand and shall provide the data to the Purchasing Entity in a format prescribed by the Purchasing Entity and the State Auditors of Public Accounts at no additional cost.

- b. Ownership of Data

- 1. 3. At no cost to the Purchasing Entity, the Contractor and Contractor Parties shall, no later than fifteen (15) days, unless otherwise mutually agreed to in writing by the Parties, after (i) receiving a written request from the Purchasing Entity, (ii) receiving final payment from the Purchasing Entity, or (iii) Termination for any reason, over-write and securely delete all of the Data, such that the Data will be expunged in a manner to make retrieval of the Data impossible.
4. The Contractor's failure to deliver and transfer possession of the Data to a duly authorized agent of the Purchasing Entity shall constitute, without more, a de facto breach of this Master Agreement. Consequently, the Contractor shall indemnify and hold harmless the Purchasing Entity, the Participating Entity, and the Lead State, as appropriate, for any and all damages, costs and expenses associated directly or indirectly with such failure. The damages, costs and expenses shall include, but not be limited to, those resulting from any corresponding contracting for credit or identity protection services, or both, and from any subsequent non-Purchasing Entity use of any Data. If Contractor Parties will Perform for any purpose under this paragraph, the Contractor represents and warrants that it shall cause each of the Contractor Parties to so Perform and that each has vested in the Contractor plenary authority to cause the Contractor Parties to Perform. For purposes of this Ownership of Data Section, "Perform" shall include, but not be limited to, the obligations relating to the sale, transfer of Title, removal and transfer of possession of the Data and indemnifying and holding harmless the Purchasing Entity, the Participating Entity, and the Lead State. The Contractor on its own behalf and on behalf of the Contractor Parties shall also provide, no later than 30 days after receiving a request by the Purchasing Entity, such information as the Purchasing Entity may identify to ensure, in the Purchasing Entity's sole discretion, compliance with the provisions of this Ownership of Data Section. This Ownership of Data Section survives Termination.

10. Change Order Within Scope

The Purchasing Entity may, at any time, with thirty (30) calendar days' advance written notice to Contractor, request changes to the Deliverables that come within the scope of the Master Agreement or the SOW, as applicable. Contractor shall not deny or delay approving the request. The request may include, but is not limited to, modifications or other changes required to correct System deficiencies, and changes required by new or amended State or federal laws and regulations or both that are included in the Deliverables in Exhibit A. Contractor shall make any changes to the Deliverables that are required due to Deliverable deficiencies or failure in accordance with the requirements of this Master Agreement, without charge. Contractor shall at its sole cost and expense conduct any investigation necessary to determine the source of the problem requiring the change. No additions or reductions in the Deliverables and prices for work completed in the Performance of any Purchase Order shall be permitted unless the Purchasing Entity issues a change order in accordance with this Section.

11. Working and Labor Synergies

The Contractor shall be responsible for maintaining a tranquil working relationship between the Contractor work force, the Contractor Parties, their work force, Purchasing Entity employees, and any other contractors present at the work site. The Contractor shall quickly resolve all labor disputes which result from the Contractor's or Contractor Parties' presence at the work site, or other action under their control. Labor disputes shall not be deemed to be sufficient cause to allow the Contractor to make any claim for additional compensation for cost, expenses or any other loss or damage, nor shall those disputes be deemed to be sufficient reason to relieve the Contractor from any of its obligations under this Master Agreement.

12. Contractor Guaranties

- a. Contractor shall:
 1. Perform fully under this Contract;
 2. Guarantee the Goods or Services against defective material or workmanship and to repair any damage or marring occasioned in transit or, at the Client Agency's option, replace them;
 3. Furnish adequate protection from damage for all work and to repair damage of any kind, for which its workers are responsible, to the Site, Goods, the Contractor's work or that of Contractor Parties;

 6. Neither disclaim, exclude nor modify the implied warranties of fitness for a particular purpose or of merchantability.

13. Sales and Use Report

Contractor shall deliver a sales and use report on a quarterly basis, in form and content as pre-approved by the Lead State, the Participating Entity, or Purchasing Entity. The Contractor shall deliver the report within ten (10) days following the end of each calendar quarter. The Contractor shall provide the Purchasing Entity with any additional reports as the Purchasing Entity may request from time to time within ten (10) days following receipt of the written request. Timely submission of these reports is a material requirement of this Master Agreement. All Title and property rights and interests in and to the reports and the data in the media containing the reports at all times is and will always remain vested in the State. At no time will Contractor have Title to such reports, data or media, wherever located. Accordingly, the Lead State, Participating Entity and the Purchasing Entity shall have a perpetual, irrevocable, non-exclusive, transferable right to display, modify, copy and otherwise use the reports, data, and information provided under this Section.

14. Breach

- a. If one party (the "Non-breaching Party") determines that the other (the "Breaching Party") has failed to comply with any of the Breaching Party's corresponding Master Agreement obligations (a "Breach"), then the Non-Breaching Party shall provide written notice of such failure to the Breaching Party in accordance with this Master Agreement. The Non-breaching Party must provide the Breaching Party an opportunity to remedy the Breach within thirty (30) calendar days from the date of the notice. However, if Contractor is the Breaching Party, then the Purchasing Entity may set forth any remedy period in the notice, so long as that period is otherwise consistent with the provisions of this Master Agreement. The period set forth in the notice is known as the "Remedy Period." The Non-Breaching Party shall extend the Remedy Period if it is satisfied that the Breaching Party is making a good faith effort to remedy the Breach, but the nature of the Breach is such that it cannot be remedied within the Remedy Period.
- b. If the Purchasing Entity determines that the Contractor has committed a Breach, then the Purchasing Entity may require the Contractor to, and Contractor shall, prepare and submit to the

Contractor shall provide in the CAP a detailed explanation of the deficiencies and other factors that contributed to the cited Breach, Contractor's assessment or diagnosis of Breach (identifying the deficiencies and factors in reasonable detail, with references to the applicable Specifications), and a specific proposal to remedy or resolve the Breach. Contractor shall submit the CAP to the Purchasing Entity within ten (10) Business Days following the Purchasing Entity's request for the CAP for the Purchasing Entity's review and approval. Within ten (10) Business Days of receiving the CAP, the Purchasing Entity must either approve the CAP, or reject it by delivering to Contractor a written explanation for the rejection. If the Purchasing Entity fails to accept or reject the CAP within the ten (10) Business Days, then the CAP is deemed to have been approved, without more. The Purchasing Entity's explanation for the rejection must include suggestions for changes to the CAP and the Contractor shall address the suggestions in such a manner to make it likely that the Purchasing Entity will approve the CAP when the Contractor re-submits it to the Purchasing Entity for review and approval. If the Purchasing Entity rejects a CAP, then the parties will repeat this submittal and review process until the earliest of one of the following: (1) the Purchasing Entity accepts a CAP, (2) the Purchasing Entity waives its right to receive a CAP, (3) Contractor remedies the Breach, (4) the Purchasing Entity waives the Breach, or (5) the Purchasing Entity makes a determination to Terminate this Master Agreement. After the first rejection, each of the parties will have five (5) Business Days, instead of ten (10) Business Days, within which to review the CAP. Each subsequent revision and review will be for up to three (3) Business Days each instead of ten (10) or five (5) Business Days.

- c. If the Purchasing Entity determines that the Contractor has Breached this Master Agreement, then the Purchasing Entity may withhold payment in whole or in part for any amounts due pending resolution of the Performance issue, provided that the Purchasing Entity notifies Contractor in writing prior to the date that the payment would have been due.
- d. For purposes of the Purchasing Entity determining whether there is a Breach under this Master Agreement, or whether any statement in the Representations and Warranties Section of this Master Agreement is false or misleading, the parties deem the Acts of the Contractor Parties to be the Acts of the Contractor itself, as if the Contractor itself was the subject of the Acts which the Purchasing Entity considers in determining if there was a Breach, or an instance of false or misleading statements, or both.
- e. The written notice of the Breach may include an effective Termination date. If the identified Breach is not remedied by the stated Termination date, unless otherwise modified by the Non-breaching Party in writing before such date, no further action shall be required of any party to effect the Termination as of the stated date. If the notice does not set forth an effective Termination date, then the Non-breaching Party shall provide the Breaching Party no less than twenty-four (24) hours' prior written notice before terminating this Master Agreement.
- f. Notwithstanding any provisions in this Master Agreement, the Lead State may terminate this Master Agreement with no Remedy Period for Contractor's Breach or violation of any of the representations or warranties in this Master Agreement and revoke any consent to assignments given as if the assignments had never been requested or consented to, without liability to Contractor or Contractor Parties or any third party. Termination under this Breach section is subject to the provisions of the Termination Section of this Master Agreement. In case of such revocation or Termination, the Purchasing Entity will have no liability or responsibility to Contractor or Contractor Parties or any third party, or any of them, resulting from the Termination or revocation.
- g. None of the Lead State's rights under this Breach Section diminishes the Lead State's rights under the Termination Section of this Master Agreement.

Upon receiving the Termination notice from the Lead State, the Contractor shall immediately modify or discontinue all Performance affected in accordance with the terms of the notice, undertake commercially reasonable efforts to mitigate any losses or damages and deliver to the Lead State or the Purchasing Entity (as directed in the notice) all Records. The Records are deemed to be the property of the State and the Contractor shall deliver them to the Lead State or the Purchasing Entity (as directed in the notice) no later than thirty (30) days after the Termination of this Master Agreement or fifteen (15) days after the Contractor receives a written request from the Lead State for the Records. The Contractor shall deliver those Records that exist in electronic, magnetic or other intangible form in a non-proprietary format, such as, but not limited to, ASCII or .TXT.
- d. - e. The Purchasing Entity shall, within forty-five (45) days of the effective date of Termination, reimburse the Contractor for its Performance rendered and accepted by the Purchasing Entity in accordance with Exhibit A, Deliverables Document or a SOW, as applicable, in addition to all actual and reasonable costs incurred after Termination in completing those portions of the Performance which the notice required the Contractor to complete. However, the Contractor is not entitled to receive and the Purchasing Entity will not tender to the Contractor any payments for anticipated or lost profits. Upon request by the Purchasing Entity, the Contractor shall assign to the Purchasing Entity, or any replacement contractor which the Purchasing Entity designates, all subcontracts, Purchase Orders and other commitments, deliver to the Purchasing Entity all Records and other information pertaining to its Performance, and remove from Purchasing Entity premises, whether leased or owned, all of Contractor's property, equipment, waste material and rubbish related to its Performance, all as the Lead State or the Purchasing Entity (as directed in the notice) may request.
- f. Upon Termination of this Master Agreement, all rights and obligations shall be null and void, so that no party shall have any further rights or obligations to any other party, except with respect to the Sections which survive Termination. All representations, warranties, agreements and rights of the parties under this Master Agreement shall survive such Termination to the extent not otherwise limited in this Master Agreement and without each one of them having to be specifically mentioned in this Master Agreement.
- g. Termination of this Master Agreement pursuant to this Section shall not be deemed to be a Breach of Master Agreement by the Lead State, a Participating Entity, or a Purchasing Entity.

The Contractor and Contractor Parties shall continue to Perform their obligations under this Master Agreement while any dispute concerning this Master Agreement is being resolved.

17. Open Market Purchases

Failure of the Contractor to Perform within the time specified the Master Agreement, or within a reasonable time as determined by the Lead State, or failure of the Contractor to replace rejected Deliverables when so requested, immediately or as directed by the Lead State's CIO, shall constitute authority for the Lead State to terminate the Master Agreement and purchase the Deliverables on the open market to replace those which have been rejected, not delivered, or not performed. The Lead State may authorize immediate purchases on the open market in the case of any rejections. On all such purchases, the Contractor shall immediately reimburse the Lead State for excess costs occasioned by such purchases. Such purchases shall be deducted from the Master Agreement quantities. However, should public necessity demand it, the State reserves the right to use or consume Deliverables which are substandard in quality, subject to an adjustment in price to be determined by the Lead State.

The Purchasing Entity's right of setoff and to withhold shall not be deemed to be the Purchasing Entity's exclusive remedy for the Contractor's or Contractor Parties' Breach of this Master Agreement, all of which shall survive any setoffs and withholdings by the Purchasing Entity.

19. Cross-Default

- a. If the Contractor or Contractor Parties Breach, default or in any way fail to Perform satisfactorily under this Master Agreement, then the Lead State may, in its sole discretion, without more and without any action whatsoever required of the Lead State, treat any such event as a breach, default or failure to perform under any or all other agreements or arrangements ("Other Agreements") that the Contractor or Contractor Parties have with the Lead State. Accordingly, the Lead State may then exercise at its sole option any and all of its rights or remedies provided for in this Master Agreement or Other Agreements, either selectively or collectively and without such election being deemed to prejudice any rights or remedies of the Lead State, as if the Contractor or Contractor Parties had suffered a breach, default or failure to perform under the Other Agreements.
- b. If the Contractor or Contractor Parties breach, default or in any way fail to Perform satisfactorily under any or all Other Agreements with the Lead State, then the Lead State may, in its sole discretion, without more and without any action whatsoever required of the Lead State, treat any such event as a breach, default or failure to Perform under the Master Agreement. Both parties agree that it is fair and reasonable for the validity and construction of this Master Agreement to be, and it shall be, governed by the laws and court decisions of the State of Connecticut, without giving effect to its principles of conflicts of laws. - c. If a Force Majeure Event occurs, then the noncomplying party shall promptly notify the other party of occurrence of that Force Majeure Event, its effect on its obligations under this Master Agreement, and how long the noncomplying party expects the noncompliance to last. C. Pricing Structure

1. Contractor will be compensated based on (i) the NTE Fully Burdened Hourly Base Rate or SOW-Based Fixed Fee, (ii) the MSP Service Fee, and (iii) when applicable, the VMS Service Fee. Contractor will retain the MSP Service Fee percentage and, when applicable, the VMS Service Fee percentage, while the remainder is paid by Contractor to its Contingent Worker(s).
2. Prices listed in Exhibit B, Price Schedule, shall remain firm for the duration of the Master Agreement.
3. Contractor shall pay NASPO ValuePoint a NASPO ValuePoint Administrative Fee in accordance with Exhibit D NASPO ValuePoint Provisions.
4. The NTE Fully Burdened Hourly Base Rate used by Purchasing Entity for Services will be selected based on the jurisdiction of the Purchasing Entity and where Services are being Performed.
5. Contractor shall not assess percentage markup(s) on authorized expenses (e.g., travel, education, etc.) and shall only assess percentage markup(s) on billable hours worked by Contingent Worker(s).
6. Contractor shall invoice Purchasing Entity directly for work Performed only. Contractor shall not delay payment to Staffing Resource Providers based on Purchasing Entity's payment of invoice.
7. Staff Augmentation (Hourly-Based) Pricing.

The payment schedule for staff augmentation (hourly-based) work shall be based on the contractual NTE Fully Burdened Hourly Base Rate, Service fees and the number of hours of work Performed. Invoices may be submitted by the Contractor on a mutually agreed upon schedule (e.g. bi-weekly or monthly). No invoice will be approved without hourly rates, the number of hours worked for that period, and the name of the Contingent Worker. Additional invoice information may be required per the Purchasing Entity.

8. SOW (Deliverable-Based) Pricing.

The payment schedule for SOW (Deliverable-based) projects shall be tied to specific dates, Deliverables, and the NTE Fully Burdened Hourly Base Rate and Service fee(s). For all SOW-based work, the amount charged to Purchasing Entities will be paid upon Acceptance of Deliverables and shall not exceed the quoted flat, fixed fee, regardless of the number of hours quoted or expended. Invoices may be submitted by Contractor on specific dates based on the completion and Acceptance of related Deliverables. No invoice will be approved unless the associated Deliverables have been Accepted, and the invoice details hourly rates for each Contingent Worker. Purchasing Entity will select one of the following SOW methodology options and will include that methodology in the SOW for a particular project.

- i. Option 1 - Firm Fixed Price. A firm fixed price method sets a flat fee for all Services to be performed and is not subject to any price adjustment(s). Each Deliverable must be identified by line item and the cost specified in the SOW.
- ii. Option 2 - Firm Fixed Price with Incentive. A firm fixed price with incentive is the same pricing method as the firm fixed price in Option 1, plus an incentive that if met, results in payment of additional monies to the Contractor. Under this pricing methodology, the firm fixed price will be set forth as described in Option 1 and the SOW will state that a specified, detailed incentive is

available. The SOW will set forth how the incentive criteria is quantified. The incentive payment may be set out as a fixed amount or a percentage of the firm fixed price. If the incentive payment is based on a percentage of the value of the SOW, the value of the SOW used must exclude Contractor's out-of-pocket costs and other costs being passed through to Purchasing Entity. If the amount for out-of-pocket costs is unknown at the time that the SOW is executed, then the SOW must describe how out-of-pocket costs are calculated.

D. Billing Requirements

1. Contractor shall submit billing to the Purchasing Entity at such frequency as mutually agreed upon.
2. Minimally, billing must include the following:
 - i. Contractor federal tax identification number
 - ii. Purchase Order number

 - iv. Total hours worked
 - v. NTE Fully Burdened Hourly Base Rate for applicable position title
 - vi. SOW-Based Fixed Fee, when applicable
 - vii. MSP Fee
 - viii. VMS Fee, when applicable
3. Contractor shall bill the Purchasing Entity in increments not exceeding one fourth (1/4) of an hour for the work of the Contingent Worker.
4. Contractor shall require the Contingent Worker to work the hours and schedule approved by the Purchasing Entity. All time worked will be subject to verification by the Purchasing Entity. Contractor shall keep true and accurate records of the time worked. Purchasing Entity and Contractor shall make reasonable efforts to accommodate schedule changes with a minimum of ten (10) Business Days' prior notice.
5. Unless otherwise previously approved in writing by the Purchasing Entity, Contractor shall pay the costs and expenses of a Contingent Worker attending or otherwise participating in training events.
 - i. Contingent Workers shall not attend training courses at the expense of the Purchasing Entity, unless such courses are in the best interests of the Purchasing Entity and training is included within the approved SOW. If training is included in a SOW and if the Contingent Worker leaves or is assigned elsewhere within six (6) months of the training date, then the Contractor shall credit the Purchasing Entity for all or a portion of the costs and expenses of the training of those Contingent Workers. Credit must be pro-rated based on post-training time in position title.
6. Unless otherwise previously approved in writing by the Purchasing Entity, Contractor shall be responsible for all costs and expenses associated with the transportation of Contractor's personnel and Contingent Workers and their possessions, or travel time to and from Purchasing Entity site. Contractor may be reimbursed of travel expenses

incurred only if the expenses were authorized in writing by Purchasing Entity before travel is arranged or occurs. Payments may not exceed the state's most current state managerial expense rate.

7. Contractor shall not invoice Purchasing Entity for any upward reclassification or increased wages of a Contingent Worker during the term of the SOW unless the Maximum Key Performer Premium has been applied by written mutual agreement between the Contractor and Purchasing Entity in a SOW and/or Purchase Order. Revisions to the SOW regarding position title, level of experience, or responsibilities of the Contingent Worker must be within the scope of the initial SOW and must be made in writing by the Purchasing Entity to the Contractor.
8. Overtime shall be any time worked over forty (40) hours in one (1) standard week, Monday through Friday. Overtime must be approved in writing by the Purchasing Entity prior to overtime occurring. If overtime is authorized by the Purchasing Entity, overtime will be paid as mutually agreed upon but must not exceed 1.5 times the applicable NTE Fully Burdened Hourly Base Rate.

NASPO ValuePoint Provisions

1. **Applicability.** NASPO ValuePoint is not a party to the Master Agreement. The terms set forth in Section 5 of the Master Agreement and this Exhibit D are for the benefit of NASPO ValuePoint as a third-party beneficiary of this Master Agreement.
2. **Administrative Fees**
 - a. **NASPO ValuePoint Fee.** Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee must be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable. This fee is to be included as part of the pricing submitted with a vendor's response to the Lead State's solicitation.
 - b. **State Imposed Fees.** Some states may require an additional fee be paid by Contractor directly to the state on purchases made by Purchasing Entities within that state. For all such requests, the fee rate or amount, payment method, and schedule for such reports and payments will be incorporated into the applicable Participating Addendum. Unless agreed to in writing by the state, Contractor may not adjust the Master Agreement pricing to include the state fee for purchases made by Purchasing Entities within the jurisdiction of the state. No such agreement will affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by Purchasing Entities outside the jurisdiction of the state requesting the additional fee.
3. **NASPO ValuePoint Summary and Detailed Usage Reports**
 - a. **Sales Data Reporting.** In accordance with this section, Contractor shall report to NASPO ValuePoint all Orders under this Master Agreement for which Contractor has invoiced the ordering entity or individual, including Orders invoiced to Participating Entity or Purchasing Entity employees for personal use if such use is permitted by this Master Agreement and the applicable Participating Addendum ("Sales Data"). Timely and complete reporting of Sales Data is a material requirement of this Master Agreement. Reporting requirements, including those related to the format, contents, frequency, or delivery of reports, may be updated by NASPO ValuePoint with reasonable notice to Contractor and without amendment to this Master Agreement. NASPO ValuePoint shall have exclusive ownership of any media on which reports are submitted and shall have a perpetual, irrevocable, non-exclusive, royalty free, and transferable right to display, modify, copy, and otherwise use reports, data, and information provided under this section.
 - b. **Summary Sales Data.** "Summary Sales Data" is Sales Data reported as cumulative totals by state. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Summary Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. If Contractor has no reportable Sales Data for the quarter, Contractor shall submit a zero-sales report.
 - c. **Detailed Sales Data.** "Detailed Sales Data" is Sales Data that includes for each Order all information required by the Solicitation or by NASPO ValuePoint, including customer information, Order information, and line-item details. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Detailed Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. Detailed Sales Data shall be reported in the format provided in the Solicitation or provided by NASPO ValuePoint. Invoices may be submitted by the Contractor on a mutually agreed upon schedule (e.g. bi-weekly or monthly). The SOW will set forth how the incentive criteria is quantified. The incentive payment may be set out as a fixed amount, or amounts or a percentage of the firm fixed price. If the incentive payment is based on a percentage of the value of the SOW, the value of the SOW used must exclude Contractor's out-of-pocket costs and other costs being passed through to Purchasing Entity. If the amount for out-of-pocket costs is unknown at the time that the SOW is executed, then the SOW must describe how out-of-pocket costs are calculated.
