The products offered under this proposal are resold in accordance with the terms and conditions of the Contract referenced under that applicable line item.
The provisions set forth in this Rider apply to all contracts funded, in whole or in part, by Federal funds as required by 2 CFR 200.317.

I. CONTRACTING WITH SMALL AND MINORITY BUSINESSES, WOMEN'S BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS.

Pursuant to 2 CFR 210.321, the State shall make all necessary affirmative steps to assure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible. Accordingly, it is understood that the Contractor shall:

1. Include qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Provide that small and minority businesses, and women's business enterprises, are solicited whenever they are potential sources;
3. Divide total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establish delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Use the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

II. DOMESTIC PREFERENCES FOR PROCUREMENTS

Pursuant to 2 CFR 200.322 where appropriate, the State has a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). If subawards are to be made the Contractor shall include a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). For purposes of this section:

1. "Produced in the United States" means, for iron and steel products, all manufacturing processes, from the initial melting stage through the application of finishing treatments, occurred in the United States.
2. "Manufactured products" means items and construction materials composed in whole or in part of nonferrous metals such as aluminum, plastics and polymer-based products such as polyvinyl chloride pipe, aggregates such as concrete, glass, including optical fiber, and lumber.

III. PROCUREMENT OF RECOVERED MATERIALS

Where applicable, in the performance of a contract, pursuant to 2 CFR 200.323, the contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of composition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000, procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

To the extent that the scope of work or specifications in the contract requires the contractor to provide recovered materials, the scope of work or specifications are modified to reflect that as follows:

1. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—
   1. Competitively within a timeframe providing for compliance with the contract performance schedule;
   2. Meeting contract performance requirements; or
   3. At a reasonable price.
2. Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/comprehensive-procurement-guideline-cpg-program.
3. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

IV. EQUAL EMPLOYMENT OPPORTUNITY

During the performance of this contract, the contractor agrees as follows:

1. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin.
2. Such action shall include, but is not limited to the following:
   a. Employment, promotion, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other terms of compensation; and
   b. Selection for training, including apprenticeship.
3. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notice to be provided setting forth the provisions of this nondiscrimination clause.
4. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
5. The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has engaged in, or is perceived to have engaged in, or is associated with individuals who engaged in activities related to the contractor's business, or is otherwise involved in any activity, unless such discharge or other discrimination is based on a reasonable belief in the necessity of the action to further the contractor's legitimate business interests.
6. The contractor will, to the extent practicable, conduct all meetings with employees, applicants for employment, and other individuals conducted in a manner that is consistent with the contractor's legal duty to furnish a safe and healthful workplace. The contractor will conduct meetings and other communications that are reasonably likely to cast reasonable doubt on the contractor's compliance with this section in an interactive manner, consistent with the contractor's legitimate business interests.
7. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and other relevant orders of the Secretary of Labor.
8. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his/her books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
9. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
10. The contractor will incorporate the provisions of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance.

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when I participate in federally assisted construction work. Provided, that if the application is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumental or subdivision of such government which does not participate in work on or under the contract.
wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontract.

The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

VII. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (e) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401.

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report any violation of the Division of Purchase and Price and Property and understands and agrees that the Division of Purchase and Price will, in turn, report any violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
