SECTION B – MISCELLANEOUS MATTERS

B-1 CHANGE IN CLASSIFICATION PLAN – TITLE CREATION

The Division of Classification and Personnel Management requests the creation of the Forensic Analyst Information Technology title.

MEMORANDUM

DATE: March 28, 2014
TO: The Civil Service Commission
FROM: Kenneth Connolly, Director 
Division of Classification & Personnel Management
SUBJECT: Change in the State Classification Plan

LOCAL TITLE CREATION REQUEST

Union County seeks to create a new title, Forensic Analyst Information Technology.

A classification audit was conducted on a position in the County Prosecutor's Office, the results of which indicate there is no existing title to appropriately classify the duties associated with forensic analysis of electronic devices and storage media.

The proposed title will be utilized within the High Tech/Computer Services Unit under the supervision of a County Police Sergeant, who in turn reports to a County Police Lieutenant.

The primary function of the title is to analyze electronic devices and storage media to extract and archive relevant electronic evidence for presentation in criminal case proceedings. Existing information technology titles do not encompass this function in terms of duties or requirements.

TITLE TO BE CREATED

Effective: Changes will be effective the first pay period following the Commission's approval.

ACTION: The Civil Service Commission directed that this request be granted.

B-2 CHANGE IN CLASSIFICATION PLAN – TITLE REACTIVATION

The Division of Classification and Personnel Management requests reactivation of the Maintenance Repairer/Radio Dispatcher title.

MEMORANDUM

DATE: March 16, 2014
TO: Civil Service Commission
FROM: Kenneth Connolly, Director
Division of Classification and Personnel Management
SUBJECT: Change in State Classification Plan

Local Government

The Division of Classification and Personnel Management requests the reactivation of the title Maintenance Repairer/ Radio Dispatcher which was inactivated in December 2011, due to non-use.

The title was created in May 2011 as the result of a classification determination, and was made effective retroactive to January 15, 2011. The AA was unable to utilize the title when it became available as the Council of the City of Vineland did not pass a necessary ordinance approving its use. At this time, the Council of the City of Vineland has adopted said ordinance and the AA wishes to make a retroactive appointment into this title.

Following the Commission's approval of this action, the AA requests reactivation retroactive to January 15, 2011, the date the title was originally created, for the appointment of the incumbent performing this function.

B-3 CHANGE IN CLASSIFICATION PLAN – TITLE INACTIVATION AND REACTIVATION

The Division of Classification and Personnel Management requests inactivation of the local title Claims Examiner Workers Compensation Typing in exchange for reactivating the base title, Claims Examiner Workers Compensation.

MEMORANDUM

DATE: March 24, 2014
TO: Civil Service Commission
FROM: Kenneth Connolly, Director 
Division of Classification and Personnel Management
SUBJECT: Change in Classification Plan

Local Government Titles

The Division of Classification and Personal Management requests the inactivation of the title Claims Examiner Workers Compensation Typing (01242), in exchange for the reactivation of the primary title Claims Examiner Workers Compensation (01241), inactivated in 1987.

We have received a request from an AA to remove the typing language from the typing variant. We have proposed instead exchanging the typing variant for the inactive primary title. A review of the specification indicates that the primary function of the title is the processing of accident reports, rather than typing. Inactivating the typing variant is consistent with the CSC's current position that use of a keyboard is essentially universally expected, eliminating the need for specialized typing titles.

The title actions will be processed as lateral employee movements, appointment type to appointment type, with retention of existing status.

Upon successful completion of this process, any existing eligibility lists for these titles shall be processed as follows:

- Promotional and open competitive lists issued from pending announcements for any affected title in which employees with provisional appointments are serving will be certified for one time use only in order to effect permanent appointment (s), and will be declared expired upon disposition of the certification.
- A complete list that has never been used and contains no employees with current provisional appointments for the title and unit scope specified shall be declared expired.
- A complete list which contains employees with current provisional appointments for the title and unit scope specified (with the exception of such employees currently on active military duty) will be processed for one time use and will be declared expired upon the disposition of certification.
- An incomplete list containing no employee with current provisional appointments for the title and unit scope specified shall be declared expired.

Civil Service Commission
March 24, 2014
Page 2

- Any employee currently on active military duty will be afforded all applicable rights under Federal and State law upon their release from active duty and given the opportunity to apply and compete for any announcements for which they would otherwise have been eligible but for their military service.
- Eligibility lists for affected titles and unit scopes which have expired will be revived as necessary to address unanticipated situations which may arise.

We have notified jurisdictions using these titles of our plans and provided them with the opportunity to review and comment. No objections to this plan were received.

The effective date of this title reactivation will be the first pay period that follows the Commission's approval of the action.
