B-48 CHANGE IN CLASSIFICATION PLAN – TITLE INACTIVATION

The Division of Classification and Personnel Management requests reactivation of the Planetarium Technician titles.

MEMORANDUM

DATE: May 14, 2014
TO: Civil Service Commission
FROM: Kenneth Connolly, Director
Division of Classification and Personnel Management
SUBJECT: Change in State Classification Plan

Title Reactivation

The Department of State requests the reactivation of the title Planetarium Technician (74693). The title was inactivated during a mass inactivation of unencumbered titles in April of 2011. There are currently no active planetarium titles below Assistant Curator, which places limits on the Planetarium's operating capacity. Reactivation of this title will alleviate operating difficulties that have arisen due to staffing shortages. The Department has plans to make appointments into the title. They have received freeze exemption approval.

We have notified union representatives of our plans to reactivate.

The effective date of this title reactivation will be the first pay period that follows the Commission's approval of the action.
