Notice of Administrative Correction

Uniform Construction Code

Subcodes

Energy Subcode

N.J.A.C. 5:23-3.18

Take notice that the Department of Community Affairs (Department) discovered an error in the text of N.J.A.C. 5:23-3.18. Effective September 3, 2019, the Department adopted the 2018 edition of the International Energy Conservation Code (IECC) as the energy subcode of the Uniform Construction Code (UCC) (see 51 N.J.R. 1399). The text at N.J.A.C. 5:23-3.18(a)1i, in stating where to purchase a copy of the code, contains a reference to the 2015 version of the IECC; upon the adoption of the 2018 edition of the IECC, this reference was made obsolete. Thus, the text at N.J.A.C. 5:23-3.18(a)1i should be corrected to reference the 2018 edition rather than the 2015 edition.

The Department has requested, and the Office of Administrative Law has agreed to, such correction be made administratively. This notice of administrative correction is published pursuant to N.J.A.C. 1:30-2.7.

Full text of the corrected rule follows (addition indicated in boldface **thus**; deletion indicated in brackets [thus]):
