Re: DCA Request for IDA Programs – Lead Assessments and Clearance

Dear Mr. Krueger,

This letter from the Department of Community Affairs, Division for Disaster Recovery and Mitigation (DCA), serves as Notice of Intent to Award to LEW Environmental Services LLC the contract to be part of the pool to conduct lead hazard screenings, risk assessments, prepare management reports, and perform Lead Clearance Inspections on a subset of approximately three hundred fifty (350) to four hundred (400) units as the homes are determined to be eligible for HARP, SRRP or HMGP.

As a member of the Lead Assessment pool, DCA will assign homes to the pool based on pricing, quality of deliverables, and ability to perform the work.

The Agency Request for Quote from DCA and the proposal submission from LEW Environmental Services LLC, along with this Notice, constitute the Contract. As stated in the RFQ, “Within five (5) business days of Contract Award, the Contractor shall conference with the State Contract Manager and Construction Manager Specialist for a “kick-off” meeting. The Department will then issue the Notice to Proceed.” Nicholas Webb, the DCA Housing Construction Manager Specialist (copied herein), and I will lead this project from DCA. Please contact him to schedule the kick-off meeting.

Our team at DCA looks forward to a productive contractual relationship with LEW Environmental LLC. Please contact me at (609) 913-4246 with any questions or concerns.

Sincerely,

Laurence Johnson
