

Request for Qualifications

Lead Remediation/Mitigation Contractors and NJ Certified Lead Abatement Contractors

The Salt and Light Company (S and L) is seeking responses from qualified contractors Request for Qualifications (RFQ) for "Lead Remediation/Mitigation Contractors" and "NJ Certified Lead Abatement Contractors" at: 1841 Burlington-Mt. Holly Rd. Westampton NJ 08060-1069. All work will be performed in South Central New Jersey with the majority of work taking place in Burlington County.

Bidders are required to comply with the requirements of P.L 1975 C.127. Minority Business Enterprises (MBE) will be offered full opportunity to bid and will not be subject to discrimination on the base of race, color, gender, or national origin in consideration of an award.

The Salt and Light Co. intends to award contracts to respondents whose proposals are most advantageous to The Salt and Light Co. with price and other factors considered. Contractors who have been rejected for cause, removed, or suspended from any lead remediation or abatement program, in NJ or any state, will not be eligible for submission to this RFQ. Contractors with unsatisfactory references will not be chosen for this RFQ.

The Salt and Light Co. reserves the right to reject any and all proposals when it is determined by The Salt and Light Co. to be in its best interest. The Salt and Light Co. further reserves the right to waive minor irregularities in proposals submitted in response to this RFQ and allow for amendments.

1.0 SCALE OF WORK

- a. Approximately 100 jobs will be issued for cost estimates to the Qualified Bidder Pool over a 24-month period. Approximately 70 will be lead remediations/mitigations and 30 will be units with Notices of Violation which will require Abatement.
- b. The allowable cost of these jobs are a maximum of \$13,000 for lead remediation/mitigation and \$25,000 for lead abatement, based on work indicated by a Lead Risk Assessment and Scope of Work generated by The Salt and Light Co. These are flexible on a case-by-case basis. Changes to these limits may occur in the future.
- c. Contractors for each job will be chosen in a "Round Robin" format. **(See Attachment A)**. It is expected that each qualified contractor in the Bidder Pool will receive a satisfactory and equal share of those jobs, based on expertise, availability and demonstrated excellence in meeting project guidelines.

2.0 SCOPE OF SERVICES REQUESTED

- a. The Salt and Light Co. intends to prequalify NJ Certified Lead Abatement and RRP Certified Lead Remediation contractors with experience, training and required certifications to participate in S and L's Qualified Contractor Pool to perform work under the NJ Department of Community Affairs (NJ DCA) Lead Assistance Program grants. These include but are not limited to the Lead Safe Home Remediation, Single Family Home Remediation and Lead Remediation and Abatement Program. Eligible units include 1-4 family owner-occupied and rental units.
- b. Up to five (5) qualified lead remediation contractors and up to three (3) NJ Certified Lead Abatement Contractors who respond to and qualify for the RFQ, will be considered in the pool for the work requested under this RFQ.

- c. Contractors in the Lead Contractor Pool will be assigned or awarded residential structure projects for specific properties at the sole discretion of The Salt and Light Co. based on contractors' abilities, capacity, availability, and ability to comply with unit cost limitations.
- d. The cost per unit is limited and is determined by the Scope of Work developed by S and L's Lead Construction Manager, the Cost Guidelines for lead measures and the maximum cost per unit of the DCA grant. **(Program Cost Guidelines are Attached - see Appendix A)**. Potential contractors should read these guidelines and be fully aware of the requirements of this program to participate.
- e. Respondent(s) must be able to provide services in Burlington County as needed. The selected Respondent(s) shall be bound to specific terms and conditions of the signed contract. Contracts will be issued within 14 working days of the RFQ submission deadline. Work is scheduled to begin immediately thereafter.

2.1 Lead and Healthy Homes Rehabilitation Scope of Work

It is anticipated that homes eligible for Lead Abatement (those receiving a Notice of Violation from the Department of Health) and Lead Remediation will require an array of lead safe repairs, removal of lead components (abatement), interim controls, health and safety services and minor structural repairs that shall be performed per HUD, EPA and NJ Administrative code, as applicable. Units are assigned per the Round Robin Process as described in **Attachment A**.

Contractor must be available for one (1) walk through of inspected property with the Lead Construction Manager (LCM) to develop a Lead Hazard Control Estimate/Scope of Work (SOW). Sometimes this will be done in coordination with the Lead Evaluation Contractor. That SOW will be based on the walkthrough, instructions of the LCM and response to the Lead Inspection Risk Assessment hazard report. The Lead Construction Manager will coordinate the walkthrough of the property with the homeowner and Contractor. Ancillary health and safety issues and issues that are causative factors for lead hazards will be part of the SOW as appropriate.

The scope of work for each repaired structure will vary but may include (although not be limited to) the following:

- a. Coordination with property owner, Lead Construction Manager and Lead Evaluator
- b. Obtaining all necessary state and local permits and approvals after the land use permits are acquired, but prior to the commencement of the work for each structure.

(Generally, only for abatements):

- c. Control of lead-based paint hazards in eligible residential units as specified by a certified Lead Risk Assessor/Inspector in accordance with EPA RRP, NJAC 5:17 and/or NJAC 8:51.
- d. Control of lead-based paint hazards in residential units in accordance with EPA standards and with reference to HUD's Guidelines for the Evaluation and Control of Lead Based Paint Hazards in Housing (Second Edition 2012), including but not limited to interim controls, encapsulation, and abatement measures designed to provide a lead safe environment for a period of 20 years.
- e. Building envelope repair, including roof repair or replacement and attendant damage; door and window replacement; and siding /veneer repair or replacement.
- f. Dry wall repair or replacement; rough and trim carpentry.

- g. Repair of trip and fall hazards, such as step repair/replacement and/or handrail installation or repair.
- h. Surface preparation and painting; flooring repair or replacement.
- i. Specialty construction elements associated with historic properties.
- j. Debris removal in accordance with all Federal, State, and local requirements, including disposal of materials containing lead-based paint in accordance with all applicable local and state codes and standards.

2.2 Other Scope of Services

- a. Provide professional labor, equipment, and materials adequate to perform the work in accordance with the scope of work for each eligible applicant's residential structure while ensuring that all applicable housing standards and codes are met, specifically the New Jersey Code Construction Requirements. SOWs must provide a cost for each measure and a SOW template will be provided by S and L.
- b. Comply with all State and Federal laws, regulations, and guidelines.
- c. Provide tracking of construction progress.
- d. Meet with Lead Construction Manager to review the scope of work to be performed, including establishing a work schedule acceptable to property owners and Lead Construction Manager and to review work upon final inspection.
- e. Complete all work within agreed upon timeline.
- f. Complete "Project Employment and Local Impact Report" listing employee wages for each site (**See Attachment E**)

The preceding list of responsibilities is not exclusive. The Salt and Light Co. and the successful respondent(s) may agree in writing to amend or augment the responsibilities set forth above.

2.3 Contractor Pricing

- a. Contractor shall provide a separate price for each item specified on the Work Scope Form provided by Construction Manager. Contractor estimates must include line-item work description and cost write-up to document measures procured. (**See Attachment C1: Scope of Work Template Attachment C1**) Price shall be inclusive of all costs incurred by the Contractor. No separate reimbursements for travel or other costs are permitted.
- b. Subcontractor labor and materials cost cannot exceed \$13,000 per unit for Lead Remediation/Mitigation and \$25,000 for Lead Abatement per unit, except in rare cases and the approval of DCA . Changes to these limits may occur in the future. (**See Attachment C2: General List of Remediation Measures**)
- c. Costs for each job are limited and directed by the "Cost Guidelines for Lead Control Work" issued for the program (**SEE Attachment B**). All jobs must be completed in accordance with DCA/HUD program rules within 10 days from start of job until completion unless prior consent is given.

Contractors who cannot work within these guidelines should not respond to this RFQ.

3.0 MINIMUM QUALIFICATIONS

Respondents must meet the minimum qualifications listed below. Furthermore, Solicitation Responses that appear unrealistic in terms of technical commitment, that show a lack of technical competence, or that indicate a failure to comprehend the risk and complexity of a potential contract may be rejected.

Any Contractor that has been removed or suspended or otherwise barred from any Federal, State, or local lead contracting program is categorically ineligible for this program.

Contractors whose references do not show adequate competence to operate successfully within this program will not be qualified to perform work.

3.1 Respondents Must

- a. Have been in business for a minimum of 2 years, or the principals/owners must have had senior level experience in a previous company that provided residential construction or lead hazard control services.
- b. Be financially solvent and adequately capitalized.
- c. Hold a current business registration issued by the State of New Jersey, at a minimum:
 - 1) For Abatement Projects:
 - Be on the NJ Certified Abatement Contractor List and have at least one Lead Supervisor on the job at all times; and all workers must have their Lead Worker certification issued by the State of NJ.
 - 2) For Lead Remediation Projects:
 - Business must have an RRP Firm Certification and have trained Lead Renovators performing work. (However, training of workers for Lead Worker and Lead Renovator can be provided free of charge through this program.)
- d. Carry the minimum \$1 million liability insurance, state required worker's compensation insurance and recommended supplemental pollution insurance.
 - Proof of coverages must be active at time of contracting, but if contractor does not currently hold certain coverages a letter of commitment to obtain such coverage will suffice for this RFQ. **(See Attachment D: Insurance Coverages).**
- e. Have current NJ Contractor's License in good standing.
- f. Have a demonstrated ability to commit to residential lead-safe rehabilitation and reconstruction, and to carry such projects to completion within the time frame allotted by the S and L Lead Construction Manager (generally 2-10 days).
- g. Have the demonstrated equipment, organization, and ability to perform lead-based paint hazard control, health and safety projects related to the rehabilitation of residential properties.
- h. Have demonstrated experience in managing and completing projects of a similar type, size, and complexity.

A lack of any of these requirements will cause the proposal to be deemed not qualified.

3.2 Other Requirements

Respondent should indicate that they meet each of the following requirements by providing documentation and/or specific proof of experience and qualifications to carry out each task **(See Checklist)**:

- a. Contracts for work in connection with this project will be awarded, to the greatest extent feasible, to business concerns that are located in or owned in substantial part by persons residing in the area of the program, providing that they meet minimum qualifications and demonstrated abilities.
- b. Respondent(s) shall commit to make a demonstrated effort to provide subcontract opportunities to locally owned businesses, minority, and women-owned businesses enterprises, and low- income residents in the program area.

4.0 VERIFICATION OF MINIMUM QUALIFICATIONS

The Salt and Light Co. will confirm that Contractors continue to satisfy the minimum qualifications described in Section 3.0 of this RFQ. Contractors without satisfactory references will be considered to not meet minimum qualification. Providers who no longer satisfy the required minimum qualifications will be removed from the vendor pool at the sole discretion of The Salt and Light Co.

Contractors shall specify the name(s) and experience of each person who would perform the items identified in the scope of services, herein. Contractors shall provide evidence and/or documentation of all required Certifications for each individual performing requested services.

ATTACHMENT A: Round Robin Bidding Process

The Round Robin bidding process shall be implemented as follows:

1. In order to receive an invitation to participate in the Round Robin Bid Process, contractors must be listed on the The Salt and Light Co. 's "Qualified Contractor's List", as determined by the RFQ process.
2. The Salt and Light Co. shall hold a lottery to determine the order that the eligible contractors will be invited to submit a bid on an individual property.
3. The Lead Construction Manager will provide a Scope of Work with itemized lead measures to the contractor. The Scope of Work will be submitted to the first eligible contractor from the Lottery who will conduct a site visit to determine if they will be able to complete the project within the allotted budget based on the measures listed in the Scope of Work. The Lead Construction Manager will be available to discuss the lead hazard control measure list in the SOW with the contractor. If needed, the Lead Construction Manager will make revisions to the Scope of Work based on those discussions.
4. The Lead Contractor will then finalize the SOW with costs include for each measure, as well as costs for site preparation and cleanup and submit to LCM.
5. LCM will either accept the SOW or discuss with Contractor any proposed changes. A final SOW will be agreed upon between the two parties and the contract for the job signed. Few Change Orders will be accepted, once the job begins, unless unforeseen issues arise that both the Lead Contractor and S and L LCM agree require changing the terms of the contract.
6. Once accepted, contractor will be awarded the project for the amount of the final SOW provided by the Lead Construction Manager, unless an exception has been recommended and approved by the Program Director.
7. Should the eligible contractor decline the project offered, the next Eligible Contractor on the Round Robin bidding lottery list will be provided an opportunity to accept the project.
8. Once an eligible contractor is awarded a property, that firm will not be offered another unit until the remaining contractors are given an opportunity to participate. This will repeat until all contractors have been offered an opportunity to be awarded a contract. Once exhausted, a new lottery cycle will begin.
