Community

Preventing fires before they happen by working to enforce building codes, advocating for key safety legislation, and conducting fire safety education outreach via social media and community risk reduction assessments.

Department

Creating SOPs/SOGs that re-enforce safety, developing health and wellness programs, and making safety a critical component of training initiatives and operations.

Individual

Taking personal accountability for safety by following SOGs and procedures, protecting yourself from cancer with proper use of PPE, and managing your health and wellness.
