Calendar Year 2020 Municipal and County Budget Cap Information

This Local Finance Notice addresses issues related to CY 2020 Municipal and County Budgets and the 1977 and 2010 cap laws. It includes information on the 1977 cap law Cost of Living Adjustment and the use of the COLA ordinance (resolution) and Group Health Insurance increase thresholds.

Cost of Living Cap Adjustment

An annual Cost-of-Living Adjustment is authorized under the original 1977 budget cap law, currently reflected as N.J.S.A. 40A: 4-45.1a. Current law affecting municipal and county budgets requires compliance with both the 1977 cap law and the 2010 levy cap law.

Under the 1977 cap law, the Director of the Division of Local Government Services must promulgate the Cost of Living Adjustment (COLA, formerly called Index Rate). The COLA is based on the Implicit Price Deflator for State and Local Governments, calculated by the U.S. Department of Commerce, Bureau of Economic Analysis.

The COLA for CY 2020 budgets is **two and one-half percent (2.5%)**. Pursuant to N.J.S.A. 40A:4-45.2, "municipalities and counties shall be prohibited from increasing their final appropriations by more than 2.5%..." unless action is taken by the governing body to increase their final appropriations subject to the cap to the statutorily permitted three and a half percent (3.5%). In the case of counties, the increase applies to the property tax levy, not final appropriations.

In other words, the automatic increase to the 1977 cap law base is 2.5%, which is the statutory maximum. The governing body may pass a COLA ordinance, increasing the cap base to 3.5%.

A model ordinance is included with this Notice and will be available for download as a Word document on the [Division's web site](#).

A municipality may by ordinance, or a county by resolution, increase the COLA percentage up to 3.5% [N.J.S.A. 40A:4-45.14(b)] or bank (for up to two years) the difference between its final appropriation subject to the cap and 3.5%. Cap banking is not automatic. A single ordinance or resolution can be used to accomplish both activities: increasing appropriations and banking any unappropriated balance. Cap bank balances from 2018 and 2019 are available for use in 2020. Once the cap calculations for 2020 are complete, they will be posted on the website.

Using the Allowable Percentage Increase

If a governing body wants to increase its allowable percentage increase in its budget up to 3.5%, the following steps must be taken:

1. After January 1st, and prior to introduction and approval of the budget, an ordinance (resolution for counties) must be introduced that details the following:
 - a. The new rate (increase percent) to be adopted; and,
 - b. The additional amount of appropriations to be added by the increase.
2. The ordinance (resolution) must be approved by a majority of the full membership of the governing body, published, and a public hearing held at least 10 days after the publication date. A certified copy of the introduced action must be filed with the Director of the Division of Local Government Services within 5 days of its introduction.
3. The governing body may take a final vote on the action any time after the public hearing and prior to adoption of the budget. Depending on the form of government, the chief executive may veto the action in accordance with local procedures.
4. The ordinance (resolution) takes effect immediately upon passage, and a certified copy of the adopted action must be filed with the Director within 5 days.
5. Cap increase referendums are not permitted if this option is chosen.

Group Health Insurance and Pension Cap Exclusions: The 1977 cap law includes a cap exception for Group Health Insurance (N.J.S.A. 40A:4-45.3e). This exception is limited to the amount appropriated that is over 4% of the previous year's expenditures, but that does not exceed the State Health Benefits percentage increase. The State Health Benefits percentage increase for CY 2020 calculations is 0%, so there is no 1977 cap exception for Group Health Insurance for CY 2020.

The 2010 levy cap Group Health Insurance exclusion is for increases over 2%. Thus, for the 2010 levy cap calculation, the Group Health Insurance exclusion is based on the same 0% increase, therefore there will be no increase for the CY 2020 levy cap calculation.

Pension appropriation increases are no longer a 1977 cap law exception. Therefore, the entire pension obligation will be appropriated on sheet 19 under Statutory Expenditures.
