## LOSAP CY 2022 Annual CPI Adjustment (For Use in CY 2023)

This Local Finance Notice provides local units administering a Length of Service Awards Program (LOSAP) with general information regarding LOSAP award increases and the annual cost of living adjustment to the maximum award amounts.

- 1. Newly established LOSAPs:** New programs must provide a benefit between the minimum contribution of \$100 and maximum contribution of \$1,150 per year.
- 2. Increasing base contribution amounts:** The LOSAP law did not contemplate increases to the initially approved base contribution amounts. As the LOSAP law intends that voters approve the base amount of contributions, base amounts cannot be increased solely by governing body action. The public referendum process must be used to increase award contribution amounts where the total appropriation would exceed the originally approved amount (plus allowed CPI adjustments and subject to minor adjustments based on number of participants). This use of the referendum is in addition to the provisions in N.J.A.C. 5:30-14.8 authorizing a referendum to create or abolish a LOSAP.
- 3. Periodic or annual contribution increases (cost of living):**
  - a. Automatic CPI adjustments: Automatic annual cost of living adjustments are permissible if authorizing language was included in the enabling resolution or ordinance. Application of the automatic annual Consumer Price Index (CPI) adjustment is strictly optional.
  - b. Time-to-time CPI adjustments: If the enabling ordinance or resolution did not provide for an automatic annual CPI adjustment, the sponsoring agency may choose to provide a CPI adjustment from time to time. In this case, the LOSAP contribution may be increased up to a maximum equal to the cumulative percentage increase since the time the award was last set. The change is made by resolution without a public hearing.

- c. Authorizing automatic increases: If the sponsoring agency wants to provide for an automatic annual CPI adjustment to the LOSAP award, the agency must amend the enabling ordinance or resolution to authorize an automatic adjustment. This type of program amendment is subject to a public hearing whether adopted by ordinance or resolution. This action does not require a referendum.

### 2022 CPI Adjustments for Use in CY 2023

LOSAP rules require that the Director of the Division of Local Government Services annually calculate an adjustment to the maximum LOSAP contribution due to changes in the CPI. Please note that the amount of the increase cannot exceed the amount calculated by multiplying the current contribution by the inflation percentage.

There may be differences in the maximums between fire districts and municipalities where calculations represent different CPI quarters.

The increase in CY 2022 (for use in CY 2023) is **7.8% for municipal** (November) and **7.3% for fire district** (February) LOSAPs. Calculation history and details follow. The table also shows the maximum LOSAP award allowable for Programs that have been in effect since 1999.
