Pursuant to the New Jersey Open Public Meetings Act, a resolution must be passed by the New Jersey Housing and Mortgage Finance Agency in order to hold a session from which the public is excluded.

I will remind our Board members and any members of the public that may have joined the meeting to please keep your line on mute to eliminate unnecessary background noise. I will ask the Board members to identify themselves before they speak so that the minutes accurately reflect who is speaking.

Are there any members of the public that wish to comment on any agenda items?

Jeffrey Feld addressed the Board and advised that he was supplementing the information provided in his correspondence of August 5. Dear City of Newark Municipal Clerk:

I respectfully request that this letter be distributed to all members of the local governing
body and included in the August 5, 2020 official public legislative record. I reserve my rights to
participate virtually and to supplement this letter. I also incorporate herein by reference all my
earlier long term tax exemption opposition letters to the local governing body and its counsel.

"[I] heard the voice of Dr. Martin Luther King Jr. on an old radio. He was talking about
the philosophy and discipline of nonviolence. He said we are all complicit when we tolerate
injustice. He said it is not enough to say it will get better by and by. He said each of us has
a moral obligation to stand up, speak up and speak out. When you see something that is
not right, you must say something. You must do something. Democracy is not a state. It is
an act, and each generation must do its part to help build what we called the Beloved
Community, a nation and world society at peace with itself.

Ordinary people with extraordinary vision can redeem the soul of America by getting in
what I call good trouble, necessary trouble. Voting and participating in the democratic
process are key. The vote is the most powerful nonviolent change agent you have in a
democratic society. You must use it because it is not guaranteed. You can lose it."

Recommendations

1. Postpone consideration of the 777 McCarter Urban Renewal LLC second reading public hearing pending republication of a full and complete virtual meeting public notice.
2. Obtain a written legal opinion as to the validity of this non-virtual public hearing under Governor Executive Order No. 103 dated March 9, 2020, P.L. 2020, Ch. 11 (March 20, 2020) and P.L. 2020, Ch. 34 (April 15, 2020).
3. Obtain a written legal opinion as to whether a municipality can authorize the issuance of $18,000,000 Redevelopment Area Bonds without the prior consent of the Local Finance Board.
4. Obtain a written legal opinion as to whether same law firm can act as special outside redevelopment counsel and bond counsel in the same long term tax exemption and redevelopment area bond transaction.
5. Obtain a written legal opinion as to whether the approvals of a 30 year long term tax exemption and a $18,000,000 redevelopment area bond issuance should be bifurcated into separate approval ordinances.
6. Obtain a written legal opinion as to whether stakeholders were provided reasonable access to the underlying financial agreement, long term tax exemption application, net benefits fiscal impact study and supplemental debt statement prior to the non-virtual second reading public hearing.
7. Obtain a written legal opinion as to whether the local governing body must respond on the record to all pertinent second reading public non-virtual hearing questions on ordinances not subject to referendum challenge.
8. Investigate when the City of Newark began to list certain underlying supporting documents on its public website legislative details history link.
9. Investigate why there is no consistent list of long term tax exemption underlying supporting documents on the legislative details history links.

10. Investigate why the City of Newark does not provide virtual access to these material documents via its public website during this pandemic.

11. Investigate the sudden rush to approve long term tax exemption financial agreements.

12. Investigate whether and when a supplemental debt statement relating to the $18,000,000 redevelopment area bonds was delivered to the city clerk and the State.

13. Investigate why this supplemental debt statement is not posted on the legislative details history public website.

14. Disclose the amount of revenues to be generated by this mixed income and mixed-use redevelopment project prior to its adoption.

15. Investigate whether a certain Montclair city planner was implicated in the Willis Edwards III federal indictment announced on July 8, 2020.

16. Investigate the bizarre July 29, 2020 Willis Edwards III federal arraignment hearing, including Judge McNulty’s characterization of certain counts, the number of prison years confronting Mr. Edwards, and Mr. Edwards’ objections to surrendering his passport and firearm to US Marshalls.

17. Investigate the sudden retirement of Prudential’s General Counsel.

The Legal Playing Field Has Shifted

This is a very fluid situation. My comments and questions should not be dismissed out-of-hand. This local governing body cannot ignore its statutory and common law fiduciary duties and obligations. This local governing body must consider all intervening changes in significant facts or statutory regulations or judicial law that favor my factual and legal contentions.

Wednesday July 8, 2020 was a game-changing day. While I was appearing before the Local Finance Board, the NJ US Attorney announced the indictment of Willis Edwards III. In the indictment, a certain Montclair city planner was implicated. USA v. Willis Edwards III, 20-cv-572 (KM). Consequently, all transactions approved or recommended under the watch by this Montclair city planner are subject to strict scrutiny.

Indeed, on July 8, 2020, the Local Finance Board admonished Orange as to the importance of transparency and public participation during emergent virtual public hearings.¹

On July 20, 2020, the NJHMFA issued its Norman Towers NJHMFA Long Term Tax Exemption Denial of Reconsideration Per Curiam Opinion, thereby commencing a forty-five days direct appeal limitations of actions. The opinion did not cite the “Blighted Area” clause of our State Constitution. The opinion did not cite three recent binding and precedential tax exempt property opinions. The opinion did not cite conflicting DCA urban renewal entity rules and regulations. The opinion did not cite the internal shift of urban renewal entity oversight jurisdiction. The opinion did not cite the federal subpoena received by the NJHMFA in February.

¹ On or about Friday July 31, 2020, the Local Finance Board posted its July 8, 2020 hearing transcript on its public website. The local governing body may wish to review this transcript with counsel.
2020. To perfect my appeal, I have requested abbreviated transcripts of the May 25, 2020 and July 1, 2020 hearings.  

On July 28, 2020, the attached notice of pending ordinance and summary was published in the Star Ledger. Neither the body of the proposed ordinance nor a summary was included. Despite the City of Newark being one of our State’s original COVID-19 “hot spots,” the notice did not provide stakeholders a reasonable opportunity to participate virtually.

Indeed, the instant second reading public hearing notice diverged from other City of Newark related public notices published in the Star Ledger acknowledging the current COVID-19 pandemic and Governor Executive Order No. 103 dated March 9, 2020. See, City of Newark Central Planning Board August 3, 2020 Virtual Meeting Notices dated July 24, 2020 published by Attorneys Elnardo J. Webster II and Marsha M. Moore; City of Newark Zoning Board of Adjustment August 6, 2020 Virtual Meeting Notice dated July 25, 2020 published by Attorney Elnardo J. Webster II (“Due to the public health emergency occasioned by the COVID-19 virus, the meeting will be conducted electronically and/or by telephonic means. There will be no person public attendance at this meeting.”); City of Newark Department of Water & Sewer Utilities August 13, 2020 Bid Opening dated July 28, 2020 (“UNTIL FURTHER NOTICE IN-PERSON ATTENDANCE AT BID OPENINGS IS PROHIBITED due to restrictions on public gatherings under the State of Emergency.”); Benedictine Abbey of Newark IRC 147(f) public hearing notice dated July 29, 2020 and referring to McManimon Scotland & Baumann Attorney John V. Cavaliere (“Anyone having an interest in this matter may call in to the following toll-free number to give their comments.”); City of Newark Rent Control Board Virtual Meeting Notice dated August 1, 2020) (“Starting August 1, 2020, the Public Hearings will be conducted virtually using the Zoom platform in accordance with recent guidelines issued by the New Jersey Department of community Affairs Division of Local Government Services. . All virtual meetings will begin at :00 pm. Information related to the virtual hearings-hearing schedule. Zoom link, call-in phone numbers, will be available and updated for each public hearing at least even (7) days prior to the hearing date. . .”)

Moreover, since my last July 6, 2020 letter, our State Supreme Court and Appellate Division issued a series of binding and persuasive tax exemption statutory interpretation, qualified immunity, stealth taxpayer subsidies, conflict of interests administrative hearing records and tort claims act opinions concurring with my legal analysis. You may wish to consider with counsel the following post July 6, 2020 cases. You may also wish to consider with counsel certain post July 6, 2020 Third Circuit statutory interpretation, freedom of speech, retaliatory actions, public nuisance standing, gross income and repetitive issues of public importance mootness opinions.

Facts Must Be Checked

In sum, I urge prudence and caution here. I urge healthy skepticism. Facts must be checked. Transparency, accountability, and adherence to the rule of law can no longer be ignored.

Based upon developing case law, the City of Newark local governing body must provide interested parties a reasonable opportunity to be heard virtually prior to voting on any discretionary legislative agenda item during this pandemic. The City of Newark local governing body must also state on the public record the facts and the law supporting the post April 17, 1992 granting of a long term tax exemption to an urban renewal entity under State law.

My gut tells me not to discount the federal subpoena received by the NJMHFA in February 2019 and the State Senate Investigative Committee Final Report issued in July 2020. My gut also tells me not to discount post July 6, 2020 NJMHFA and Orange OPRA responses. In addition, my gut tells me not to discount post July 6, 2020 efforts to suppress my public participation at Orange public hearings.

Should you require any additional information or documentation, please feel free to contact me.

Respectfully submitted,

Dear Ms. Shea:

I respectfully request that this letter be distributed to all NJHMFA board members and included in the August 6, 2020 virtual meeting agenda items public comment official public record. This letter incorporates by reference all my earlier letters to the NJHMFA regarding enhanced transparency, accountability and adherence to the rule of law.

The letter incorporates by reference certain post July 1, 2020 documents of public record, such as (i) the NJHMFA’s July 20, 2020 Norman Towers NJHMFA Long Term Tax Exemption Per Curiam Reconsideration Denial Opinion, (ii) the NJHMFA June 25, 2020 and July 1, 2020 meeting minutes approved July 30, 2020 and posted on the NJHMFA public website, (iii) the NJHMFA OPRA Responses W160728 (July 10, 2020), W160863 (July 20,2020), & W161515 (July 27, 2020), (iv) Third Circuit, State Supreme Court and State Appellate Division binding and persuasive opinions, (v) the EDA Task Force Final Report issued July 9, 2020, (vi) our Governor’s July 31, 2020 conditional veto

I reserve my right to supplement my August 5, 2020 meeting comments and questions prior to the NJHMFA board considering certain listed agenda items. Based upon certain post May 25, 2020 NJHMFA behavior, I believe that this procedural due process civic participation, Open Public Meetings Act, P.L.2020, C. 11 and P.L. 2020, C. 34 issue has been resolved in my and other interested stakeholders favor.

Recommendations

1. Obtain a post July 1, 2020 updated written legal opinion as to the validity of a post April 17, 1992 NJHMFA long term tax exemption granted to a duly approved urban renewal entity in violation of its state approved formation documents under State law. (Item 2b)

2. Obtain a post July 1, 2020 updated legal opinion as to the validity of all non-virtual municipal meeting action taken in violation of pandemic State Executive Orders and State legislation. (Item 2b)

3. Obtain a post July 1, 2020 updated legal opinion as to whether the name of the “Borrower/Applicant,” the underlying long term tax exemption statutory authorization and a description of the project (new construction, rehabilitation of an existing project by the same owner or acquisition and rehabilitation by a new owner) should be disclosed in the agenda item tax credit related captions. (Items 2,3,4 & 5)

4. Obtain a post July 1, 2020 updated legal opinion as to whether the Board Action Memorandum needs to disclose (i) all pending long term tax exemption related pending or threatened litigation involving a Developer and its related entities and (ii) all delinquent NJHMFA funded projects involving the Developer and its related entities. (Items 5 b, g, h, l and q)

5. Obtain a post July 1, 2020 updated legal opinion as to whether (consistent with items 2, 3, 4 & 5 caption notices) the name of the “delinquent” Developer and the location of the delinquent project needs to be disclosed in the Item 6 Delinquent Assets captions (Item 6).

The Legal Landscape Has Shifted

I am no stranger to you. This is a very fluid situation. My comments and questions should not be dismissed out-of-hand. This administrative body cannot ignore its statutory and common law fiduciary duties and obligations. This administrative body must consider all intervening changes in significant facts or statutory regulations or judicial law that favor my factual and legal contentions.

Since my last July 1, 2020 virtual special Norman Towers Long Term Tax Exemption Reconsideration Hearing appearance at which I was not provided a reasonable opportunity to rebut the conclusory statements of a NJMHFA officer (and not a State Deputy Director) made after a closed executive session, we lost civil rights giants who repeatedly risked their lives speaking truth to power and ensuring the fundamental right to vote and for free and fair elections.

For years, I have been questioning the validity of post April 17, 2020 discretionary long term tax exemptions issued to non-urban renewal entities without any supporting net benefits fiscal impact studies.

Today we lack independent investigative reporting. Patent errors and omissions undermine the integrity of our constitutional democratic system and our robust marketplace of
competing ideas. We cannot rely upon the federal criminal law system curing these anti-democratic errors and omissions.

**Wednesday July 8, 2020 was a game-changing day.** While I was appearing before the Local Finance Board, the NJ US Attorney announced the “low hanging fruit” indictment of Willis Edwards III-Orange’s former purported deputy business administrator. In the indictment, a certain Montclair city planner and others were implicated. USA v. Willis Edwards III, 20-cv-572 (KM). Consequently, all long term tax exemption transactions approved or recommended under the watch of Willis Edwards III and this Montclair city planner are subject to retroactive strict scrutiny. These projects include RPM and Alpert Group projects highlighted and showcased in prior posted NJHMFA annual reports.

Indeed, on July 8, 2020, Orange’s BA and special outside budget consultant made a series of admissions against interests supporting my claims against Orange regarding the failure to adopt Cap Bank Ordinances and deferred capital infrastructure maintenance and improvements.

On July 8, 2020, the Local Finance Board admonished Orange as to the importance of transparency and public participation during emergent virtual public hearings. (On or about Friday July 31, 2020, the Local Finance Board posted its July 8, 2020 public hearing transcript on its public website.)

On July 9, 2020, the EDA Task Force appointed by our governor issued its final report.

On July 20, 2020, the NJHMFA issued its Norman Towers NJHMFA Long Term Tax Exemption Denial of Reconsideration Per Curiam Opinion, thereby commencing a forty-five days direct appeal limitations of actions. Although this administrative opinion is subject to extreme judicial deference, this opinion and its presumption of validity is rebuttable. See. Gramiccioni v. Dept. of Law & Public Safety, __N.J. _. (July 28, 2020); Crispino v. Township of Sparta, __ (July 22, 2020).

The opinion did not cite the “Blighted Area” clause of our State Constitution. The opinion did not cite two recent binding and precedential State Supreme Court tax exempt property opinions. See, Christian Mission John 316 v. Passaic City, __N.J. __ (July 15, 2020); Gourmet Dining LLC v. Union Township, __N.J. __ (June 30, 2020).

Using the authority vested in the 1947 Constitution, the legislature enacted four property-tax exemption statutes providing municipalities authority to grant tax exemptions for housing, senior citizen housing, and “urban renewal” projects. Among those was the Urban Renewal Corporation and Association Law of 1961, commonly known as the Fox-Lance Act after its primary legislative sponsors. These laws were consolidated into the current Long Term Tax Exemption Law, P.L. 1991, c. 41 (N.J.S.A. 40A:20-1 et seq). The current statute retains the three constitutionally mandated features of any long term -term tax exemption laws: the project must have a specific public purpose linked to a municipality’s local redevelopment plan or housing objectives; it must be limited to a specific time period, and the profits of the corporation receiving the exemption must be limited. (at p. 159) (emphasis supplied).

The opinion did not cite conflicting DCA urban renewal entity rules and regulations supporting my legal contentions. See, N.J.A.C. 5:13-1.1. The opinion did not cite the internal shift of urban renewal entity formation oversight jurisdiction to the DCA Office of Local Planning Services, effective November 1, 2018.

Moreover, the opinion did not address and refute the NJHMFA Executive Directors’ May 25, 2020 defamatory remarks about my professional competence and integrity. Cf: Hartnett v. Pa. State Educ. Assoc., __F.3d __ (3d Cir June 25, 2020); Alpha Painting & Constr. Co. v. Delaware River Port Authority, No. 19-2675 (3d. Cir. July 30, 2020). Also see, Commissioner of Internal Revenue v. Brokertec Holdings, __ F. 3d__ (3d Cir July 28, 2020) (regarding the inclusion in gross income of certain governmental subsidies, such as below-market transfers of municipal real property)

The opinion did not cite the federal subpoena received by the NJHMFA in February 2019 but not disclosed to me until March 2020.

To perfect my direct appeal, I have requested abbreviated transcripts of the May 25, 2020 and July 1, 2020 hearings. (On or about August 3, 2020 the NJHMFA posted its June 25, 2020 and July 1, 2020 meeting minutes on its public website. The NJHMFA failed to post its July 1, 2020 closed executive session minutes.)

On July 29, 2020, Judge Kevin McNulty held a bizarre virtual federal Willis Edwards III arraignment hearing. Numerous stakeholders, including myself, requested and obtained virtual access to this public arraignment hearing. On July 29, 2020, Judge McNulty and the US Attorney sent very loud messages to Mr. Willis, his coconspirators and his court appointed counsel. First, Judge McNulty broadly outlined the “low hanging fruit” counts as including a Saturday morning
literacy program conspiracy and a plagiarism scheme. Judge McNulty then requested the US Attorney to outline the maximum number of jail time and fines allocated to each count.

Mr. Willis arrogantly objected to turning over to US Marshalls his passport and his firearm. Mr. Willis’s court appointed counsel tried to downplay the seriousness of the indictment. Court appointed counsel tried to describe the indictment as a plain white-collar political corruption matter and not a violent criminal crime matter. Judge McNulty overruled both objections. Judge McNulty implied that all indicted individuals are a flight risk. The US Attorney also pointed out the great stress imposed by this indictment upon Mr. Willis.

Under Mr. Willis’ and Mayor Warren’s former chief of staff’s watch, Orange granted numerous long term tax exemptions over my objections. Indeed, Orange and the NJHMFA discounted my questions regarding the same law firm simultaneously representing Orange and the redeveloper in the same Walter G. Alexander Phase III long term tax exemption transaction funded by the NJHMFA. See, The Four Felds, Inc. v. City of Orange Township, A-5875-13T3 (App. Div. May 23, 2018).

On July 30, 2020, the Local Finance Board and the NJHMFA each held special virtual meetings on shortened and limited notice. The Local Finance Board approved the City of Paterson’s conversion from the SFY to CY. The Local Finance Board also acknowledged the need of transitional aid to restore Paterson’s financial stability.

On July 30, 2020, the NJHMFA acknowledged its need to provide stakeholders a reasonable opportunity to be heard prior to approving an agenda item. On July 30, 2020, the NJHMFA approved a rescue plan for landlords of small projects (3-10 units) whose rents comply with the low income housing tax credit guidelines.

On July 31, 2020, our Governor conditionally vetoed a “coronavirus relief bond” bill A3971/S2475. Our Governor acknowledged the need for enhanced fiscal oversight over certain historically financially distressed municipalities.

*This administrative body cannot feign ignorance of these issues and facts.* This administrative body had actual and constructive knowledge of these festering issues. In addition, this administrative had actual and constructive notice of intervening post July 1, 2020 Third Circuit, State Supreme Court and Appellate Division binding and persuasive tax exemption statutory interpretation, qualified immunity, stealth taxpayer subsidies, conflict of interests administrative hearing records and tort claims act opinions concurring with my legal analysis.

This administrative body may wish to consider with counsel this post July 1, 2020 case law. This administrative body may also wish to consider with counsel the Local Finance Board’s posted July 1, 2020 hearing transcript. This administrative body may wish to consider with counsel all post July 1, 2020 OPRA responses received by me from the NJHFMA, including the redacted July 1, 2020 closed executive session meeting minutes and the NJHMFA long term tax exemption financial agreement last amended in CY 2014.
In sum, I urge prudence and caution here. I urge healthy skepticism. Facts must be checked. Transparency, accountability, and adherence to the rule of law can no longer be ignored. “Deny, delay and deflect” no longer work. “Judgment Day” has arrived in New Jersey. Talk is cheap. Real action is required. We must follow John Lewis’s lead. We must speak truth to power. We must defend the rights and liberties of all citizens, regardless of the consequences to one’s long term political and economic self-interests.

Respectfully yours,

/s/ Jeffrey s. Feld
