**- Substance Use Involvement -**

Youth can present to the New Jersey System of Care as having a Substance Use (SU) Indicator in various ways. For the purposes of this report we are considering as indicators:

1. A call with an SU Reason or Resolution Code entered in the report period.
2. An open SU Tracking Element active at anytime in the report period.
3. An Active SU Authorization or SU related Wrap Flex Authorization active at anytime in the report period.
4. An indication via a Strength & Needs Assessment created in the report period. (score of 1, 2 or 3 in Risk Behaviors)
5. An indication as the result of a Clinical Triage completed in the report period.
6. An OOH Referral indication or Transitional Joint Care Review (TJCR) indication completed in the report period.

The 'All Unique Youth' count below represents the unique youth with at least one of the 6 types of indicators. All Demographic distributions are based on this unique population. Counties represented here are based on the parents home county or designated 'Mailing Address'; if there is no parent address or mailing address the CYBER Facesheet address is used. 'Unknown' county will include both youth with missing county data or Out of State youth.

*Population details - Youth in this table are included based on the most recent Substance Use (SU) Module completed within 120 days prior to the report start date.
