Deliver proposal to: 50 East State Street, 3rd Floor
Trenton, NJ

1. Is this proposal only for shelters that are already established?

Yes. To apply you must be operating as a domestic violence shelter and have a license from the Department of Community Affairs.

2. Is it required for the agency to have a house/building prior to applying to proposal in order to qualify?

Yes. The Applicant may own, lease or rent a facility. To be eligible, the facility for which an applicant is seeking funds must be licensed, as a domestic violence shelter, by the NJ Department of Community Affairs.

3. In reference to-One Quote/Bid-If our project consists of multiple purchases and projects being completed: Do we need to get a quote for each item/project for the RFP application? Or will one quote for one item suffice?

Thank you. This requirement does need some clarification. Agencies can bid for only one (1) project and must include at least one (1) bid/quote for each item/ project with their application. We understand your question and if for example you are requesting a new stove/ refrigerator and a front walkway, you should include a quote for each of these items. If you are considering a new roof and patio out back – separate bids/quotes for this work would be required. Should the agency receive the grant there is an additional requirement for two like bids/quotes for each item/ project.
