#### **Please Note: Correction on Page 7- D. Funding Information**

The following language indicated in a strike through is deleted.

~~The funds will be distributed by the end of FY21 if the treatment service is in process and moving toward completion with written contracts in place. That would not mean the work and fiscal commitments would need to be completed by that point in time, but legally binding agreements are required to be in place. It would be reasonable given the amount of funding for each project that this might take an extended period to complete.~~

Funding is one time and shall be completed, or funding obligated by June 30, 2021 for services rendered prior to June 30, 2021.
