

CELEBRATE NATIONAL

DRIVE *electric* WEEK

September 8-16, 2018

Transportation is the number one source of greenhouse-gas emissions in New Jersey.

Air pollution from vehicles impacts our air quality and contributes to climate change.

BE THE SOLUTION
MAKE THE SWITCH TO ELECTRIC VEHICLES

- No harmful emissions
- Cheaper to drive (no gas!)
- 40+ vehicle models available
- No 6.6% NJ sales tax
- Up to \$7,500 federal tax break
- 580+ NJ publicly accessible charging stations
- Growing charging network

Test drive plug-in vehicles during National Drive Electric Week
