

CELEBRATE NATIONAL

# DRIVE *electric* WEEK

September 14-22, 2019

Transportation is the number one source of greenhouse gas emissions in New Jersey.

Air pollution from vehicles impacts our air quality and contributes to climate change.

**BE THE SOLUTION**  
**MAKE THE SWITCH TO ELECTRIC VEHICLES**

- No harmful emissions
- Cheaper to drive (no gas!)
- 40+ vehicle models available
- No 6.6% NJ sales tax
- Up to \$7,500 federal tax break
- 875+ NJ publicly accessible charging stations
- Growing charging network

**Test drive plug-in vehicles during National Drive Electric Week**
