

# Electric Vehicle Supply Equipment

## Pre-Qualified Network Service Providers

In the future, grantees receiving New Jersey Department of Environmental Protection or New Jersey Board of Public Utilities grant funds for electric vehicle supply equipment subject to data reporting requirements will be required to procure appropriate network services from one of the Companies on the list of Pre-Qualified Network Service Providers.

Pre-qualified Network Service Providers have demonstrated that they are willing and able to report detailed, anonymized charging session data to the Program. Inclusion on the Pre-Qualified Network Service Provider list is not a guarantee of quality of service, and the Program does not endorse any Network Service Provider.

New Pre-Qualified Network Service Providers will be added to this list on a rolling basis.

### Pre-Qualified Network Service Providers

Company	Website	Contact	Email	Phone
EvGateway	<a href="http://www.evgateway.com">www.evgateway.com</a>	Laura Pichardo	<a href="mailto:laura@evgateway.com">laura@evgateway.com</a>	(949) 945-2000
