Dear Ms. Miannecki:

The New Jersey Department of Environmental Protection's Division of Sustainable Waste Management, Bureau of Solid Waste Planning and Licensing is in receipt of a proposed amendment to the NJSEA District Solid Waste Management Plan (Plan) dated November 7, 2024. This amendment to the Plan proposes a formal name change from the NJMC Vegetative Waste and Brush Transfer and Processing Facility to the New Jersey Sports & Exposition Authority (NJSEA) Multi-Class B & C Recycling Facility. The facility may receive, store, process, and transfer source separated Class B recyclable materials including brush, tree parts, and leaves (provided they are not composted) separately or in a comingled manner. The facility may receive, store, process, and transfer Class C recyclable materials including grass, yard trimmings, and leaves separately or in a comingled manner. The combined daily amounts of Class B and Class C recyclable materials may not exceed 500 tons per day.

Pursuant to N.J.A.C. 7:26-6.11(b)14, the inclusion of a name change and daily tonnage of an existing facility in the NJSEA District Solid Waste Management Plan can be accomplished via administration action. Therefore, the County Plan amendment is hereby approved as an Administrative Action pursuant to N.J.A.C. 7:26-6.11.

If you have any questions relative to this action, please contact me at (609) 940-5805.

Sincerely,

Jill Aspinwall, Section Chief

Bureau of Solid Waste Planning and Licensing
