(IN THE MATTER OF CERTAIN AMENDMENTS)  
(TO THE ADOPTED AND APPROVED SOLID )  
(WASTE MANAGEMENT PLAN OF THE )  
(PASSAIC COUNTY SOLID WASTE )  
(MANAGEMENT DISTRICT )

CERTIFICATION  
OF THE JUNE 3, 1987  
AMENDMENT TO THE PASSAIC COUNTY DISTRICT  
SOLID WASTE MANAGEMENT PLAN

BY ORDER OF THE COMMISSIONER:

A. Introduction

The New Jersey Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) established a comprehensive system for the management of solid waste in New Jersey. The Act designated all twenty-one (21) of the state's counties, and the Hackensack Meadowlands District, as Solid Waste Management Districts, and mandated that the Board of Chosen Freeholders and the Hackensack Meadowlands Development Commission develop comprehensive plans for waste management in their respective districts. On August 13, 1980, the Department approved, with modifications, the Passaic County District Solid Waste Management Plan.

The Act requires that all district plans be based on and accompanied by a report detailing the existing waste disposal situation in the district, and a plan which includes the strategy to be followed by the district in meeting the solid waste management needs of the district for the ten-year planning period. The report must detail the current and projected waste generation for the district, inventory and appraise all facilities in the district, and analyze the waste collection and transportation systems which serve the district. The disposal strategy must include the maximum practicable use of resource recovery techniques. In addition to this strategy, the plan must designate sufficient available suitable sites for the disposal of the district's waste for the ten-year period; which sites may be in the district or, if none are available, in another district. (The Act provides procedures for reaching any necessary interdistrict agreements.)

The Act further provides that a district may review its plan at any time and, if found inadequate, a new plan must be adopted. The Passaic County Board of Chosen Freeholders completed such a review and on June 3, 1987, adopted an amendment to its approved district solid waste management plan. As adopted, the amendment proposes to authorize the disposal of vegetative material generated by the development of the Monksville Dam project, within the impoundment of the

reservoir. The vegetative material requiring disposal amounts to approximately 25,000 cubic yards of stumps and slash.

The amendment was received by the Department of Environmental Protection on June 18, 1987, and copies were distributed to various state level agencies for review and comment, as required by law. The Department has reviewed this amendment, and has determined that the amendment adopted by the Passaic County Board of Chosen Freeholders on June 3, 1987, is approved as provided in N.J.S.A. 13:1E-24.

B. Findings and Conclusions with Respect to the Passaic County District Solid Waste Management Plan Amendment

Pursuant to N.J.S.A. 13:1E-24a(1), I, Richard T. Dewling, Commissioner of the Department of Environmental Protection have studied and reviewed the June 3, 1987, amendment to the Passaic County District Solid Waste Management Plan according to the objectives, criteria, and standards developed in the Statewide Solid Waste Management Plan and I find and conclude that this plan amendment is consistent with the Statewide Solid Waste Management Plan.

In addition, the Division of Solid Waste Management circulated the plan amendment to sixteen review agencies and solicited their review and recommendations. Pursuant to N.J.S.A. 13:1E-24a(2) and (3), these agencies included various agencies, bureaus, and divisions within the Department of Environmental Protection, as well as the Board of Public Utilities. Also among these agencies were the Department of Community Affairs, the Department of the Public Advocate, the Department of Health, the Office of Recycling, the Department of Agriculture, the Department of Transportation, and the New Jersey Turnpike Authority. Of these agencies, the following did not object to the proposed plan amendment: the N.J.D.E.P. Divisions of Environmental Quality and Water Resources; the State Departments of Agriculture, Health and Transportation; the Board of Public Utilities and the New Jersey Advisory Council on Solid Waste Management. The following agencies failed to respond to our requests for comments: the N.J.D.E.P. Divisions of Parks and Forestry, and Coastal Resources; the State Departments of Community Affairs and the Public Advocate; the Green Acres Program, the New Jersey Turnpike Authority and the U.S. Environmental Protection Agency. The Division of Fish, Game and Wildlife and the Office of Recycling submitted substantive comments which are further identified below.

The Division of Fish, Game and Wildlife commented that although there was no major objection to this proposal, there was a concern that the vegetative material be sealed from the reservoir's water so decomposition does not create unnecessary oxygen losses in the water column. The Office of Recycling commented by suggesting the rental of a mobile tub grinder and/or wood chipper as an alternative to burial of the stumps. The Department will forward these suggestions and comments to representatives of Passaic County and the project developer for their consideration.

C. Certification of Passaic County District Solid Waste Management Plan Amendment

I, Richard T. Dewling, Commissioner of the Department of Environmental Protection, in accordance with N.J.S.A. 13:1E-1 et seq. and N.J.S.A. 13:1E-21, which established specific requirements regarding the contents of the district solid waste management plans, have reviewed the June 3, 1987 amendment to the approved Passaic County District Solid Waste Management Plan and certify to the Passaic County Board of Chosen Freeholders that the June 3, 1987 amendment is approved as further specified below.

The proposal to dispose of approximately 25,000 cubic yards of stumps and slash generated by the development of the Monksville Dam project, within the impoundment of the reservoir is approved. The disposal of the vegetative material will be located on Block 310, Lot 1, Block 300, Lot 2, and Block 500, Lot 1, within the Borough of Ringwood, Passaic County; and, Block 331 Lots 3 and 7, within the Borough of West Milford, Passaic County.

The construction of any facility at this site shall be preceded by the obtainment of all necessary permits and approvals under N.J.S.A. 13:1E-1 et seq. and all other applicable laws. Issuance of construction and/or operating permits pursuant to the Solid Waste Management Act is limited to those applicants found by the Department to be fit and competent to manage such facilities.

D. Other Provisions Affecting the Plan Amendment

1. Contracts

Any contract renewal or new contract for solid waste collection or disposal which is inconsistent with the within amendment to the Passaic County District Solid Waste Management Plan and which was executed prior to the approval of this amendment and subsequent to the effective date of the Solid Waste Management Act (July 29, 1977), and which shall further be for a term in excess of one year, shall immediately be renegotiated in order to bring same into conformance with the terms and provisions herein set forth. Any solid waste collection operation or disposal facility registered by the Department of Environmental Protection and operating pursuant to a contract as herein described, shall be deemed to be in violation of this amendment and of the Passaic County District Solid Waste Management Plan if such renegotiation is not completed within ninety (90) days of the effective date of this amendment; provided, however, that any such registrant may, upon application to the Department of Environmental Protection, and for good cause shown, obtain an extension of time to complete such renegotiation.

2. Compliance

All solid waste facility operators and collector/haulers registered with the Department of Environmental Protection and operating within Passaic County and affected by the amendment contained herein shall operate in compliance with this amendment and all other approved provisions of the Passaic County District Solid Waste Management Plan.

Any facility operator or collector/hauler who fails to comply with the provisions contained herein shall be deemed to be in violation of N.J.S.A. 13:1E-1 et seq., in violation of N.J.A.C. 7:26-1 et seq., and in violation of their registration to operate a solid waste facility or a collection system issued thereunder by the Department of Environmental Protection and shall be subject to the provisions and penalties of N.J.S.A. 13:1E-9, and 12 and all other applicable laws.

3. Types of Solid Wastes Covered by the District Solid Waste Management Plans

The provisions of the Passaic County District Solid Waste Management Plan shall apply to all solid wastes defined in N.J.S.A. 13:1E-3 and N.J.A.C. 7:26-2.13 and shall not apply to liquid wastes, sewage sludge, septage, and hazardous wastes. Also, all non-hazardous materials separated at the point of generation for sale or reuse are excluded from the waste flows designated in the Interdistrict and Intradistrict Solid Waste Flow Rules (N.J.A.C. 7:26-6).

4. Certification to Proceed with the Implementation of Plan Amendment

This document shall serve as the certification of the Commissioner of the Department of Environmental Protection to the Passaic County Board of Chosen Freeholders and pursuant to N.J.S.A. 13:1E-24c. and f., the county shall proceed with the implementation of the approved amendment contained herein.

5. Definitions

For the purpose of this amendment and unless the context clearly requires a different meaning, the definitions of terms shall be the same as those found at N.J.S.A. 13:1E-3 and N.J.A.C. 7:26-1.4 and N.J.A.C. 7:26-2.13.

6. Effective Date of Amendment

The Amendment to the Passaic County District Solid Waste Management Plan contained herein shall take effect immediately.

7. Reservation of Authority

Nothing contained herein shall be construed as a limitation on any other action taken by the Department of Environmental Protection pursuant to its authority under the law. The Passaic County District Solid Waste Management Plan, including any amendment made thereto, shall conform with the Statewide Solid Waste Management Plan. The Department has published a Statewide Solid Waste Management Plan with appendices which includes the Department's planning guidelines and rules, regulations, and orders of the Department, including the interdistrict and intradistrict waste flow rules, and also includes the compilation of individual district plans and amendments as they are approved.

E. Certification of Approval of the Amendment by the Commissioner of the Department of Environmental Protection

In accordance with the requirements of N.J.S.A. 13:1E-1 et seq., I hereby approve the amendment as outlined in Section C. of this certification, to the Passaic County District Solid Waste Management Plan which was adopted by the Passaic County Board of Chosen Freeholders on June 3, 1987.
