Daniel P. Sullivan, Executive Director

Union County Utilities Authority

1499 Route 1 & 9 North

Rahway, NJ 07065

Dear Mr. Sullivan:

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a request of an administrative action to the Union County District Solid Waste Management Plan ("County Plan") dated August 4, 2021. This request for administrative action to the County Plan proposes County Plan inclusion of the modification of the daily capacity at the Linden Renewable Energy, LLC Class C Recycling Center located at 4900 Tremley Point Road (Block 587, Lot 8.02) in the City of Linden. In summary, the facility will receive an average of 1,400 tons per day of food waste based upon a seven-day week, which shall be reconciled on a monthly basis, where the maximum daily tonnage received shall not exceed 2,200 tons, with a maximum limit of 1,400 tons per day delivered by truck and the balance of daily capacity not delivered by truck may be delivered by barge.

Pursuant to N.J.A.C. 7:26-6.11(b)14, the inclusion of a modification in daily capacity can be accomplished via an administrative action. Therefore, the County Plan inclusion of the modification of the daily capacity at the Linden Renewable Energy, LLC Class C Recycling Center is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this matter, please contact Dawn Slawsky of my staff by e-mail at dawn.slawsky@dep.nj.gov.

Sincerely,

Seth Hackman, Chief
Bureau of Planning and Licensing
