

Changes from February 26, 2016 to September 30, 2016

| Parameter Code | Parameter  | Method   | Changes                             |
|----------------|--|--|-------------------------------------|
| AE04.04696     | Trifluorochloroethene (HCFC-1113)                    | EPA TO-15  | Added to Part III                   |
| AE04.04698     | Trifluoro (1,1,2-) dichloroethane (1,2-) (HCFC-123a) | EPA TO-15  | Added to Part III                   |
| DW03 .01382    | Orthophosphate                                       | OTHER Thermo Fisher Scientific Discrete Analyzer | Added to Part III                   |
| DW03 .01732    | Total organic carbon (TOC)                           | OTHER Hach 10267                                 | Added to Part III                   |
| DW03 .01772    | Total organic carbon (TOC)                           | OTHER Hach 10261                                 | Added to Part III                   |
| DW03 .01852    | Turbidity  | OTHER Hach 10258                                 | Added to Part III                   |
| DW04 .00074    | Chlorine - residual, free                            | OTHER Hach 10241                                 | Added to Part III                   |
| DW06 .00192    | Calcium  | ASTM D511 A                                      | Added to Part III                   |
| DW06.00242     | Chromium   | EPA 218.7  | Added to Part III                   |
| DW06 .00304    | Copper   | OTHER Hach 8026                                  | Added to Part III                   |
| DW06 .00306    | Copper   | OTHER Hach 10272                                 | Added to Part III                   |
| DW06 .00538    | Potassium  | SM 3111 B  | Added to Part III                   |
| DW09 .02260    | Dioxane (1,4-)                                       | EPA 522  | Added to Part III                   |
| DW13 .00040    | Dioxane (1,4-)                                       | USER DEFINED                                     | Added to Part III                   |
| NPW04.00410    | pH (corrosivity)*                                    | SW-846 9040B                                     | Updated to combine Corrosivity      |
| NPW04.00420    | pH (corrosivity)*                                    | SW-846 9040C                                     | Updated to combine Corrosivity      |
| NPW07.00950    | Chromium (VI)  | SM 3500-Cr B-11                                  | Correction to technique description |
| NPW10.17001    | Benzene [40CFR136, Table 1F]                         | EPA 502.2  | Added to Part III                   |
| NPW10.17010    | Chlorobenzene [40CFR136, Table 1F]                   | EPA 502.2  | Added to Part III                   |
| NPW10.17020    | Chloroform [40CFR136, Table 1F]                      | EPA 502.2  | Added to Part III                   |
| NPW10.17030    | Chloroform [40CFR136, Table 1F]                      | EPA 551  | Added to Part III                   |
| NPW10.17040    | Dichlorobenzene (1,2-) [40CFR136, Table 1F]          | EPA 502.2  | Added to Part III                   |
| NPW10.17050    | Dichloroethane (1,2-) [40CFR136, Table 1F]           | EPA 502.2  | Added to Part III                   |
| NPW10.17060    | Methylene chloride [40CFR136, Table 1F]              | EPA 502.2  | Added to Part III                   |
| NPW10.17070    | Toluene [40CFR136, Table 1F]                         | EPA 502.2  | Added to Part III                   |
| NPW11.19784    | Dibenzofuran   | SW-846 8270D                                     | Added to Part III                   |
