Requirements for Self-Generator Solid & Medical Waste Transporters

The New Jersey Department of Environmental Protection (NJDEP) requires ALL solid and medical waste transporters to register with the Department prior to picking up or disposing of waste in New Jersey. (see N.J.S.A. 13:1E-1 et. seq., N.J.A.C. 7:26G-7). A courtesy copy of New Jersey's waste regulations may be found at <https://www.nj.gov/dep/rules/>

- Transporters hauling **self-generated waste** must complete the "AFFIDAVIT OF AN EXEMPT GENERATOR UNDER N.J.S.A. 13:1E-127g(1) through (7)" which must then be notarized and attached to the application. Alternatively you can be interviewed by an authorized county agency listed on the web site <https://www.nj.gov/dep/dshw/hwr/swcountyinterviewlist.pdf>
- Transporters hauling **waste generated by another person or business** are required to obtain an "A-901 License" and a Certificate of Public Convenience and Necessity ("CPCN"). Forms and information on these requirements may be found at <https://www.nj.gov/dep/dshw/a901/a901frms.htm>. For A-901 questions please contact the Office of the Attorney General at (609) 376-2834. For CPCN questions please contact NJDEP's Economic Regulation Unit at 609- 984-4250. Note: An A901 licensed transporter cannot apply to become self-generator unless they first surrender their A901 license and CPCN.
- The Division of Consumer Affairs requires Home Improvement Contractors and landscapers who offer services to the general public generating are required to register with their agency. You must include a copy of your DCA registration card with your application. Furthermore, plumbing and electrical contractors must attach a copy of their respective certifications/licenses. **Failure to include required registration, certification and/or license will result in your application being returned.**
- Vehicles must be registered as "Commercial" with the motor vehicle agency. **Passenger ("Pass") or Passenger-Commercial ("Pass-Com") vehicle registrations are not acceptable and your application will be returned.**

If your application package is approved and deemed administratively complete, it will be processed and entered into the NJDEP computer system. Subsequently a bill will be sent to you from the Department of Treasury which can be paid online or you can mail them a check. The decals will not be mailed until this bill has been paid in full. Be advised this process may take up to 8-10 weeks and you cannot legally transport waste until you have received your decal(s) and affixed them to your equipment.

If your application package is not approved or is submitted incompletely, NJDEP will place it "on hold" and you will be notified by e-mail of the missing items or requesting that you schedule a face-to-face interview at NJDEP.

If you have any questions please e-mail LRU@dep.nj.gov or call 609-292-7081. You can also obtain additional information at the web site <https://wastedecals.nj.gov/>.

Question: Is the financial responsibility requirement met when an owner-operator (lessor) provides the motor carrier (lessee) a copy of the policy and Form MCS-90 where the carrier is named as an additional insured to the policy (Form MCS-90)?

Answer: *Guidance:* **No.** The motor carrier has the responsibility to obtain the proper financial responsibility levels.

Question: What is the difference between interstate commerce and intrastate commerce?

Answer: Interstate commerce is trade, traffic, or transportation involving the crossing of a State boundary. **Either the vehicle, its passengers, or cargo must cross a State boundary, or there must be the intent to cross a State boundary** to be considered an interstate carrier.
