

Highlights of Regulation Changes

2013–2014 HUNTING AND TRAPPING

Changes to Regulations

Changes to hunting and trapping regulations for the 2013–2014 seasons are extensive and involve these plus other amendments: a reorganization of the deer hunting regulation sets which define season dates and bag limits; an expansion of weaponry and ammunition available for coyote hunting; the ability to take a coyote incidental to spring turkey hunting; the addition of air guns for the taking of squirrel, rabbit and hare. See below more information.

- ♦ **Air guns** are now legal for the taking of **rabbit, hare and squirrel**. See page 26 for caliber and muzzle velocity requirements. See *Small Game Hunting*, page 62.
- ♦ **Hungarian partridge** is now legal for harvest if encountered on properties adjacent to semi-wild and commercial shooting preserves where these birds are stocked. See *Small Game Hunting*, pages 64 and 65.
- ♦ Youth hunters may now hunt quail on **Youth Upland Bird Hunt Day** on the Peaslee and Greenwood Wildlife Management Areas. See *Take a Kid Hunting*, page 22.
- ♦ Opening day of **ruffed grouse season** in the northern zone is changed to coincide with the opening day of the north zone woodcock season. See *Small Game Hunting*, page 65.
- ♦ Hunting hours during the last two weeks of the **spring turkey season** are changed from half-day to full-day. This change includes *only* Hunting Period D and the last Saturday of Hunting Period E. See *Small Game Hunting*, page 65 and *Spring Turkey Season Changes*, page 67.
- ♦ **Fall turkey permit quotas** are adjusted for Turkey Hunting Areas 21 and 22. See *Fall 2013 Turkey Hunting Regulations*, page 67.
- ♦ The Conservation ID Number (known as the CID#) is added to the list of identification methods trappers may use to **label their trap sets**. See *Trapping Regulations*, page 70.
- ♦ The maximum diameter of the cable or wire on **snares of the body-gripping type** is expanded up to 3/16-inch. See *Trapping Regulations*, page 70.
- ♦ The 8 a.m. starting time is rescinded for **waterfowl hunting on opening day of pheasant season** except on wildlife management areas stocked with pheasant and quail as listed in the *Pheasant and Quail Stamp Areas* on page 64 where the 8 a.m. start time remains in effect.
- ♦ Hunters may harvest **coyotes incidental to spring turkey hunting**. See *Coyote and Fox*, page 62.
- ♦ The options of **firearms and ammunition** for legal **coyote and fox hunting** is expanded. See *Coyote/Fox Season* chart, page 62.

Deer Regulation Changes

- ♦ **Zone 40** (Earle Naval Weapons Station) is **incorporated into Zone 39**. See *Special Areas*, page 51.
- ♦ **Regulation Sets are reorganized** (See *Regulation Sets*, pages 44–46):
 - » Sets are renumbered to eliminate sets with no assigned zones.
 - » Set 0 reduces the permit bow season by one week, reduces the permit muzzleloader season by one week and reduces the bag limit from two deer to one deer of either sex.
 - » Set 1 adds two days to the permit shotgun season.
 - » Set 2 adds two days to the permit shotgun season and reduces the permit muzzleloader season by one week.
 - » Set 8 adds four antlerless-only days to the permit shotgun and permit muzzleloader seasons.
 - » Zones are reassigned to new regulation sets.
- ♦ The statewide **two-deer bag limit for fall and winter bow seasons is removed**. See *Deer Hunting Regulations/Bag Limits*, page 31.
- ♦ The **requirement to display a deer hunting permit is removed** with the exception of farmers hunting on their own property. See *Licenses, Permits and Stamps* pages 8 plus *Farmer Hunting and Permit Information*, page 28.
- ♦ **Zone 37** (Joint Base McGuire-Dix-Lakehurst) restructures its permit muzzleloader season. See *Special Areas*, page 52.
- ♦ **Zone 61** (Atlantic County Parks System) shortens its permit bow season, adds a winter bow season and includes its permit shotgun and permit muzzleloader season in two-deer-at-a-time harvest regulations. See *Special Areas*, page 50.
- ♦ The **boundary between zones 25 and 26 is changed** to move approximately 18 square miles of Zone 25 into Zone 26. See *Boundary Descriptions*, page 38.
- ♦ The **permit bow season is extended one day** in zones within Sets 1, 2, 3 and 4; this season will **now close on Sunday** instead of Saturday. See *Regulations Sets*, page 44.
- ♦ The **wildlife management areas prohibition of firearm hunting** on the day prior to opening day of the regular small game season for pheasants and quail **is removed**. See *Wildlife Management Area Regulations*, page 74.

LICENSE INFORMATION

Regulations in red are new this year.
Purple text indicates an important note.

DEER PERMITS ARE VALID for the 2013–2014 hunting season. New Jersey sporting licenses are valid for the calendar year and expire on Dec. 31. For permit and license fees, see page 1.

Licenses

All persons hunting or trapping must be properly licensed. It is unlawful for any person age 10 or older to hunt without a hunting license. (See *Farmer License Exemption*, this page.) It is unlawful for any person age 12 or older to trap without a trapping license. See page 1 for license and permit fees. See page 10 for youth license information. To acquire your first New Jersey hunting license (firearm, bow and arrow), present to a license agent (see list, page 20) either an appropriate hunter education course completion card or a resident (firearm or bow and arrow) license from this or any other state. The automated license system will allow subsequent hunting license purchases for that sporting arm to be purchased by phone or online or at any license agent. All hunters and trappers must openly display their license in the middle of the back on their outer clothing and must show their license to any law enforcement officer or any person requesting to see it. Farmers hunting their own land must also display any deer season permit.

Licenses, permits and stamps may be purchased using Fish and Wildlife's Internet sales site (www.NJ.WildlifeLicense.com), soon via your smartphone or other mobile device, from approved license agents listed on page 20, or by calling (888) 773-8450. Permits with a designated zone or hunting season must be purchased at a license agent. See also *Non-resident and Resident Licenses*, page 10.

Do NOT heat laminate the durable license or permit. High temperature will destroy these waterproof, heat-sensitive documents.

Child Support Certifications

The "Child Support Program Improvement Act" requires Fish and Wildlife to collect and maintain Social Security numbers and a child support obligation certification from license applicants and to make the collection of this information part of the license application. To comply, Fish and Wildlife, working with the Division of Law in the Office of the Attorney General, created the Supplemental License Application available on the Fish and Wildlife website at NJFishandWildlife.com/child_support_info.htm or at license agents.

The online child support application allows an individual to be certified from the privacy of their home. Once completed—either over the Internet or at a license agent—the certification remains valid for the calendar year in which the certification was completed.

Farmer License Exemption

A farmer and members of the immediate family (see definition under *Farmer Regulations*, page 28) who also reside on the farm may hunt, trap and fish on the farm without being licensed or possessing a valid rifle permit. For details, see *Farmer Hunting and Permit Information*, page 28.

All farmers **must** have a Conservation Identification number (CID#). Apply online now for a free CID# at www.NJ.WildlifeLicense.com. No purchase is required. All hunters must now have a CID# to utilize the mandatory Automated Harvest Report System for all deer seasons.

Hunter and Trapper Education Requirements

New Jersey requires that everyone, age 10 and above, applying to hunt with a shotgun, rifle or bow must show a previous resident license of the appropriate type from this or any state, or a course completion card from the appropriate hunter education course. See also *Youth Licenses*, page 10.

The New Jersey Hunter Education Program is offered as a home study, video-based course. Students may obtain course materials at most license agents and Fish and Wildlife field offices or download from our website. After completing an extensive homework assignment, the student will choose from a list of testing facilities and dates to complete their hunter education course. For more Hunter Education Program details, including

Disabled Veteran Licenses, Stamps and Permits

Free hunting and fishing licenses, stamps and permits are available for resident disabled veterans.

For the purposes of this program, legislation defines disabled veterans as "...any resident of New Jersey who has been honorably discharged or released under honorable circumstances from active service from any branch of the Armed Forces of the United States and who has been declared by the United States Department of Veteran Affairs, or its successor, to have a service-connected disability of any degree..."

New applicant disabled veterans may obtain their hunting and fishing licenses and stamps at the following Fish and Wildlife field offices:

- Pequest Trout Hatchery/Natural Resource Ed. Ctr, Oxford, Warren Co., (908) 637-4125;
- Central Region Office, Upper Freehold Twp., Monmouth Co., (609) 259-2132;
- Southern Region Office, Sicklerville, Camden Co., (856) 629-0090.

Call before going to one of these offices to ensure that staff will be available to assist you. Applications for disabled veteran certification and your first disabled veteran license may be made via the mail by sending the application and all required documentation to:
NJ Division of Fish and Wildlife, Attn: Disabled Veteran Licensing, MC 501-03, PO Box 420, Trenton, NJ 08625-0420

All licenses, stamps and permits for which the veteran is eligible will be free of charge. Disabled Vet status does not give preferential treatment in any lottery. For questions call (609) 984-6213.

Disabled Veteran Applicants:

1. Documentation of current benefits for a service-connected disability and proof of honorable discharge (such as a copy of your DD-214, VA card or monthly check stub) must be presented to obtain a free disabled veteran license.
2. Applicant must provide a hunter education (archery, shotgun or rifle) course certificate applicable to the license for which he or she is applying or a previously issued resident archery or firearm license or rifle permit. Resident licenses from other states issued to hunters prior to establishing residency in New Jersey will be accepted if the license indicates the sporting arm for which it was valid. Non-resident licenses from other states are not acceptable.
3. To obtain the free disabled veteran deer/turkey permits one must **first** have a **free** disabled veteran hunting license.

Lost Licenses

A license, permit or stamp can be replaced at any license agent, at Fish and Wildlife's Internet license sales site, www.NJ.WildlifeLicense.com and soon via your mobile device, or by calling (888) 773-8450. Licenses and permits which contain Harvest Report stubs can be duplicated at license agents or on the Internet sales site only twice. All subsequent duplicates of these license and permit types must be handled in person at Fish and Wildlife regional offices or the Pequest Natural Resource Education Center. The Trenton office is no longer open to the public for license and permit sales. A \$2 fee is charged for each duplicate license/permit.

National Guard Licenses

Eligible National Guard personnel are entitled to free sporting licenses, permits and stamps. These privileges are not available using Fish and Wildlife's website. However, the NJ Dept. of Military and Veterans Affairs can issue fishing licenses through their DMAVA website at www.nj.gov/military/fishing_application.html. For all other free sporting licenses, call (609) 530-6866, e-mail or write to: MSG (Ret.) Robert Greco, NJ DMAVA, 101 Eggert Crossing Rd., Lawrenceville, NJ 08648.

Non-resident Licenses

Non-residents must show either a resident license from their state or proof of successfully completing an appropriate hunter education course in order to obtain a license to hunt or trap in New Jersey. (See License Information and Fees, page 1.) Non-immigrant aliens who temporarily import firearms to the United States must first obtain an application for the permit from the Bureau of Alcohol, Tobacco and Firearms (ATF). For importation of firearms, use both forms ATF F 5330.3A and .3B. The approval may take up to 12 weeks. Contact ATF's Explosives Imports Branch at (202) 927-8320 or download a form from their website at <http://www.atf.gov/forms/download/atf-f-5330-3a.pdf>.

Military Licenses, Active Duty

Any person on active duty in the armed services, regardless of their current residency, may buy a New Jersey resident hunting license. Present a previous resident license (from this or any other state) of the

appropriate type or show proof to the license agent of successful completion of the appropriate hunter education course along with proof of your current active duty status in the armed services.

One-day License

A one-day license may be issued for hunting on a licensed commercial shooting preserve. This license may be obtained at the shooting preserve and is valid only on the day issued for the species covered by the preserve's license. Hunter education requirements still apply.

Resident Licenses

A resident license may be purchased if one currently resides in—and has resided in—the state for at least six months immediately prior to application.

Revocation of Licenses

Anyone convicted of a second fish and game violation within a period of five years will have their New Jersey hunting and fishing privileges revoked for two years. Certain violations carry greater periods of revocation, ranging from three years to lifetime revocation. Two convictions of any wildlife management area regulation will result in a five-year revocation of all sporting privileges. Two convictions of the following will result in lifetime revocation: safety zone violation, causing damage to real or personal property and negligent use of a firearm or bow. Fish and Wildlife may revoke any permit or other authorization issued for violation or due cause.

Youth Licenses, Resident and Non-Resident

A Youth Firearm or Youth Bow and Arrow License is valid from 10 years of age (or the time of issuance) until the end of the year when the youth turns 16. Note that properly licensed youth hunters age 10–13 may hunt only when under the direct supervision of a properly licensed adult hunter age 21 or older. See also *Youth Hunting*, page 27. Youth licenses are available free to youths ages 10–15 who have completed the hunter or trapper education course; see page 8 for course information. A Youth Firearm or Youth Bow and Arrow License is valid from the time of issuance until end of the year when the youth turns 16. See *Take a Kid Hunting* pages 22–24.

Permits for Hunters and Trappers

Lottery Permit Application Process

For permit and license fees, see page 1.

A lottery is conducted to allocate turkey, beaver, otter and black bear hunting or trapping permits. There is no lottery for deer permits. To receive certain permits you must first apply for the lottery. The application period is listed below with each permit type. Apply at license agents or via the Internet. Be sure to have your Conservation ID number (CID#) on hand. A non-refundable \$2 application fee is charged for each lottery application.

Hunters or trappers will have three choices in each lottery. If you will accept a permit only for one particular zone (and/or period), complete only a first choice selection. There is no obligation to select a second or third choice; these are optional. When an applicant's first choice cannot be filled, the computer will check for the second choice listed. If this selection is also sold out, the computer will check for your third choice. Each lottery is completely random and awards only ONE permit — not three. Your chance of winning a permit in the lottery depends on the number of applicants and the number of permits allocated (permit quota.)

Application via the Internet— Before You Start

- ♦ Know your Conservation ID number (CID#) or Social Security Number and date of birth (DOB).
- ♦ Know your desired permit zone and, if applicable, time period or season. **Note:** After a period of inactivity, the Internet transaction will time out, requiring you to start over from the beginning.
- ♦ Have your payment ready. Internet transactions may be paid either by electronic check (e-check) or major credit card. For e-check transactions, have your bank routing number and your check book ready before you begin.
- ♦ During every transaction, there are several opportunities to review your information for accuracy. A complete review at each step will allow you to make corrections, if necessary. Once a purchase transaction is complete there will be NO refunds or exchanges. Permit applicants will have the opportunity to edit their application at any time during the permit application period; see *Changing Your Lottery Application*, below. Applicants are responsible to make application carefully. When the process is complete, print the confirmation page or note the transaction number for your records.

Application at License Agent Locations— Know Before You Go

- ♦ Know your Conservation ID number (CID#) or Social Security Number and date of birth (DOB.)
- ♦ Know your desired permit zone and, if applicable time period or season. The store proprietor or clerk is not responsible to know the zone/area of your hunting/trapping property. Be sure to review the map and zone descriptions at home before you arrive at the license agent. Not sure of your area? Use a county map, then follow the zone or area description shown either on Fish and Wildlife's website, NJFishandWildlife.com/ahrs.htm, in this hunting *Digest* or in the turkey permit supplement to drive around the zone boundary.
- ♦ To speed your transaction, write down your information (CID#, DOB, lottery type, first, second and third choices) and hand it to the license agent.
- ♦ NOTE for applying at license agents: Agents using a VeriFone® machine (a special keypad) can print a transaction receipt, but might do so only at your request. Therefore, you should ask for a receipt

of the transaction. This receipt will list your choices and the transaction number. Agents using Web-based (computer) systems may or may not be able to print a receipt. **ASK FIRST!** When an agent cannot print a receipt, it's important to have the clerk orally verify your application choices and to provide your transaction number. Keep this transaction number; it can be helpful should a problem occur with your application.

- ♦ Each agent decides what types of payment to accept. Learn this in advance, then have the correct payment ready when you arrive.

Changing Your Lottery Application

Regardless of where or how you applied for a lottery, applicants may review their information at any time from any computer, smartphone or tablet with Internet access. Check your application status or edit your application if you discover a correction is necessary. With your CID# and DOB, visit www.NJ.WildlifeLicense.com to access your profile and follow the prompts. Applications may be edited only during the actual application period. Once the application period is closed, it is impossible to change your application. License agents and Fish and Wildlife offices **DO NOT** have the ability to change your application once submitted. Only you can make changes, so take care during the application process.

Application Status Check

Hunters and trappers may check their application status at any time from a computer, smartphone or tablet. Go to the licensing website (www.NJ.WildlifeLicense.com) to access your profile using your CID# and DOB, then follow the prompts. The license system indicates if the lottery has been run and if you won a permit. When the system shows 'pending,' the lottery has not been completed. During the application period the system displays your application as 'pending.'

Notification of Lottery Results (Did you win a permit?)

Once the lottery is complete, applicants will be notified of their results. When hunters or trappers first apply, the system may have asked your choice for either e-mail or postcard lottery results notification. For those who choose e-mail, be sure to review your junk or spam e-mail filters so the lottery results notification is accepted by your email. When applying at a license agent, applicants may or may not be asked to choose a notification mode. Some license issuing machines must use the default method of mailing a postcard notification. Applicants who don't receive notification by the date posted in this *Digest* can check their application status online.

Claiming Your Permit

Lottery permit winners may claim their permit(s) by going to any license agent or via the Internet. See the corresponding lottery permit "pick up" dates listed in this *Digest* for beaver/otter, black bear and fall turkey permits. Recall that at the time of application, you paid only the non-refundable \$2 application fee; the actual permit fee must still be paid. Be sure to bring your CID# to the license agent; tell the agent you're there to pick up your Fish and Wildlife-awarded lottery permit. Permits claimed via the Internet are subject to an additional convenience fee and will arrive via mail in 7-10 business days.

Purchasing Non-lottery and Unclaimed Lottery Permits

Leftover (unclaimed) lottery permits and non-lottery permits are available at license agents and online. Internet permit purchases **CANNOT** be printed at home. Plan ahead, as it may take 7-10 business days for your permit(s) to arrive. During every transaction there are several opportunities to review your information for accuracy. A complete review at each step will allow you to make corrections, if necessary. Note: Once a purchase transaction is complete there will be **NO** refunds or exchanges. When purchasing permits at a license agent, speed your transaction by presenting to the agent a written note with your CID# and DOB, plus the season and zone of your permit choices.

Permits for Hunters with Disabling Conditions

A permit to use alternative methods/equipment for taking game during the prescribed seasons for certain physically challenged persons may be issued. The application period is Jan. 1 to Aug. 31 of each year.

Permits to Shoot from a Standing Vehicle

A permit to hunt or shoot from a standing vehicle that is parked off the road may be issued to licensed hunters who:

1. have a permanent or irreversible physical disability that limits their ambulatory ability,
2. suffer from cardiovascular disease and are classified as Class 3 or 4 heart patients according to American Heart Association standards, or
3. suffer from chronic lung disease. This permit will be issued if the need is certified by a licensed physician or chiropractor.

Individuals hunting with a permit to hunt or shoot from a motor vehicle must mark the vehicle being used for the purpose of hunting either with handicapped license plates issued by the Motor Vehicle Commission or by displaying a sign provided

by Fish and Wildlife in the rear window of the vehicle being used.

Additional information about permits for hunters with disabling conditions is available by calling (609) 292-1473 or by writing: NJ Division of Fish and Wildlife, Handicapped Permits, MC501-03, P.O. Box 420, Trenton, NJ 08625-0420 or downloaded directly from our website: NJFishandWildlife.com/disinfo.htm.

Deer Road-kill Permits

Deer accidentally killed by motor vehicles may be possessed only for private consumption by obtaining a free permit from the local police department or from a Fish and Wildlife regional law enforcement office. The permit authorizes only possession of the meat for consumption and is valid only for 90 days. The possession of all other parts such as antlers,

under terms of this permit, are expressly prohibited. Wrapped venison packages must be labeled with the permit number.

Stamps

Stamps (such as federal migratory bird stamps) are not transferable to another person and are not valid unless signed across the face in ink. Stamps need not be affixed to the license. State waterfowl "stamps" now print either directly on your hunting license or as a separate stub, replacing the former paper stamp for these privileges. Pheasant and quail "stamps" also print directly on your license at the time of purchase, replacing the former paper stamp for these privileges. Waterfowl stamps may be purchased ONLY for a specific individual; hunters can no longer purchase multiple stamps on behalf of a fellow hunter.

Pheasant and Quail Stamp

Anyone aged 16 and over (except 16 year olds whose youth license remains valid through the end of the year in which they turn 16 and which includes a free youth pheasant and quail stamp) hunting or possessing pheasant (or quail only on Greenwood Forest or Peaslee WMAs) on the following designated wildlife management areas must have in possession a current Pheasant and Quail Stamp: ♦ Assunpink, Berkshire Valley, Black River, Clinton, Colliers Mills, Dix, Flatbrook, Glassboro,
