

## Transportation Electrification Proposal Form

### Eligibility

- Local government vehicles including but not limited to shuttle, school bus and transit buses.
- Privately owned school buses under contract with a public school district are eligible. Bus must remain in service with a public school for at least 3 years and in New Jersey for 5 years.
- 100% of the incremental cost of the electric vehicle, plus the associated charging infrastructure will be provided.
- Priority will be given to projects with the best GHG cost effectiveness that are in overburdened communities.
- Vehicle being replaced must be decommissioned.
- In addition, the funded vehicles will be required to install a datalogger and record telematics data for a period of up to three (3) years. Telematic devices will be provided as part of the grant.

Project proposals are due on March 4, 2022. Submit your proposal and/or questions to [stopthesoot@dep.nj.gov](mailto:stopthesoot@dep.nj.gov).

### PROJECT BUDGET

Cost of a new diesel vehicle	
Cost of a new electric vehicle	
Cost of infrastructure	
Cost of electric charging station	
Cost of data logger	
Total requested amount	

<b>PROJECT DESCRIPTION</b> (Briefly describe the project by completing the following questions)
Geographic area where emissions reductions will occur?
Estimated size of population benefitting from the emission reductions?
Estimated useful life of the project?
Number of engines/vehicles/equipment included in the project?
Please provide the necessary information on the vehicle being <b>replaced</b> : Vehicle Type Model Year Horsepower Annual hours of use/Annual miles traveled Annual amount of fuel used
Will the project benefit one or more communities that are disproportionately impacted by air pollution? If so, please describe?
Only shovel ready projects will be considered. Please list project partners.
Estimated timeframe for implementation? Include a project timeline that identifies start and end dates, as well as the timeline for key milestones.
Demonstrated success in implementing similar projects?

If your proposed project involves alternative fuels, provide a demonstration of current or future plans to provide adequate refueling infrastructure.

Has your organization been approved to receive and expend any other grant funds related to this project? If so, please provide details.

Please provide any additional information that supports this project.

Two additional pages have been provided as supplemental space to answer any of the questions above.
