Balance Sheet Instructions

Use the following pages to collect the financial information that will be entered into the online application as part of your balance sheet. *When entering data into the online application, please remember these important points:*

- Financial statements can be consolidated for the entire company; they do not have to be New Jersey specific.
- Round all amounts to the nearest whole US dollar, and do not enter any commas or periods.
- The assets section of the balance sheet contains an “Other Assets” line. If you do not see an appropriate entry for an account on the assets screen, clicking the “Other Assets” link will display a new screen that allows you to enter the description and amount for any account not described on the assets page. The total calculated on the “Other Assets” page will be automatically included on the assets page at the “Other Assets” line. These worksheets are organized in a similar fashion.
- The liabilities section of the balance sheet contains an “Other Liabilities” line. If you do not see an appropriate entry for an account on the liabilities screen, clicking the “Other Liabilities” link will display a new screen that allows you to enter the description and amount for any account not described on the liabilities page. The total calculated on the “Other Liabilities” page will be automatically included on the liabilities page at the “Other Liabilities” line. These worksheets are organized in a similar fashion.
- When entering “Other Assets” or “Other Liabilities”, you may organize and combine similar accounts to correspond with your personal accounting needs.
- The stockholders’ equity section of the balance sheet contains an “Other Stockholders’ Equity” line. If you do not see an appropriate entry for certain accounts on the stockholders’ equity screen, add those accounts and enter the total amount on the “Other Stockholders’ Equity” line. There is no need to provide detailed descriptions for those entries.
- The online application does not currently provide a facility for entering contra-accounts into the balance sheet. Instead, you must net any accounts that have a corresponding contra-account, and enter only the net amount into the balance sheet.

Example: If Total Fixed Assets is \$100,000, and Total Accumulated Depreciation is (\$10,000), enter \$90,000 as the Total Net Fixed Assets.

- For Check Cashers, two lists are included as required addenda to the balance sheet: the List of Cash In Banks, and the List of Returned Checks On Hand. Clicking on either the “Cash In Banks” or “Returned Checks On Hand” links in the online application will display a new screen allowing you to enter detailed information for these items. The totals from each of these lists will be displayed on the assets page next to their respective descriptions. Please note that the List of Returned Checks On Hand requires that individual check amounts be entered in dollars and cents. The online application will automatically round these totals to the nearest whole dollar amount when returned to the assets page. These worksheets contain schedules for each list.
- Your Total Assets must equal your Total Liabilities plus your Total Stockholders’ Equity. ***The online application will not allow you to submit your annual report if your balance sheet does not balance!***

NET WORTH REQUIREMENT CALCULATION
for Check Cashers
as of 12/31/2024 or Close of Business

The net worth requirement for your business is based on the number of locations (principal and branch) that were actively doing business as of December 31, 2024. There will always be one principal office. The online application will attempt to calculate the number of certified branch locations that were still active as of December 31, 2024. If this calculated number is not correct, you will be able to correct it.

1	Number of Branch Locations still active as of 12/31/2024 <i>(Do not include the Principal Location.)</i>	
---	---	--

2	Total Reported Stockholders' Equity <i>(From line 5 of the Stockholders' Equity page of the Balance Sheet.)</i>

4	Net Worth Requirement for all Active Branch Locations <i>(Multiply line 1 by \$50,000)</i>	
5	Total Net Worth Requirement <i>(Add line 3 and line 4)</i>	

The amount of your Total Stockholders' Equity (line 2) must be sufficient to meet your Total Net Worth Requirement (line 5). The online application will automatically calculate whether or not your Total Net Worth Requirement has been satisfied.
