PPO/POS Options:

The PPO (and POS) products provide coverage of all of the same services covered by the HMO and Indemnity plans. An individual may choose to obtain healthcare services through the carrier's network of health care providers, or may go "out-of-network." Individuals typically pay more to go out-of-network because of increased cost-sharing requirements, plus health care providers may charge in excess of what the carrier considers reasonable and customary. In-network providers charge a negotiated rate. For more information about cost-sharing, see the explanation about the Indemnity Products.

AmeriHealth Insurance Co. offers Plan A/50 and Plan C with in-network (IN) and out-of-network (OON) benefits. A/50 70/50: IN=\$2,500 deductible and 70% coinsurance but for \$30 office visits; OON=\$7,500 deductible and 50% coinsurance. Plan C 90/70: IN=\$2,500 deductible and 90% coinsurance but for \$30 office visits; OON=\$5,000 deductible and 70% coinsurance. **AmeriHealth** also offers an alternate copayment rider for Plan A/50. Contact the company for more details.

Horizon also offers "Direct Access" plans with in-network (IN) and out-of-network (OON) benefits. Plan A/50 70/50: IN=\$2500 deductible, 70% coinsurance; OON=\$7500 deductible, 50% coinsurance. Plan C 80/70: IN=\$2500 deductible, 80% coinsurance; OON=\$5000 deductible, 70% coinsurance. Plan C 100/70: IN=\$0 deductible, 100% coinsurance; OON=\$7500 deductible, 70% coinsurance. Contact Horizon for more details.

Oxford Health Insurance Co. offers Plans C and D with in-network (IN) and out-of-network (OON) benefits. Plan C \$15, \$1000: IN=\$1,000 deductible and 30% coinsurance but for \$15 office visits; OON=\$2000 deductible and 30% coinsurance. Plan C \$30, \$2500: IN=\$2500 deductible and 30% coinsurance but for \$30 office visits; OON=\$5000 deductible and 30% coinsurance. Plan D \$30, \$1000: IN=\$1000 deductible and 20% coinsurance but for \$30 office visits; OON=\$2000 deductible and 20% coinsurance. Contact Oxford for more details.

PPO/POS Options:

The PPO (and POS) products provide coverage of all of the same services covered by the HMO and Indemnity plans. An individual may choose to obtain healthcare services through the carrier's network of health care providers, or may go "out-of-network." Individuals typically pay more to go out-of-network because of increased cost-sharing requirements, plus health care providers may charge in excess of what the carrier considers reasonable and customary. In-network providers charge a negotiated rate. For more information about cost-sharing, see the explanation about the Indemnity Products.

AmeriHealth Insurance Co. offers Plan A/50 and Plan C with in-network (IN) and out-of-network (OON) benefits. Plan A/50 70/50: IN=\$2,500 deductible and 70% coinsurance but for \$30 office visits; OON=\$7,500 deductible and 50% coinsurance. Plan C 90/70%: IN=\$2,500 deductible and 90% coinsurance but for \$30 office visits; OON=\$5,000 deductible and 70% coinsurance. **AmeriHealth** also offers an alternate copayment rider for Plan A/50. Contact the company for more details.

Horizon also offers "Direct Access" plans with in-network (IN) and out-of-network (OON) benefits. Plan A/50 70/50%: IN=\$2500 deductible, 70% coinsurance; OON=\$7500 deductible, 50% coinsurance. Plan C 80/70: IN=\$2500 deductible, 80% coinsurance; OON=\$5000 deductible, 70% coinsurance. Plan C 100/70: IN=\$0 deductible, 100% coinsurance; OON=\$7500 deductible, 70% coinsurance. Contact Horizon for more details.

Oxford Health Insurance Co. offers Plans C and D with in-network (IN) and out-of-network (OON) benefits. Plan C \$15, \$1000: IN=\$1,000 deductible and 30% coinsurance but for \$15 office visits; OON=\$2000 deductible and 30% coinsurance. Plan C \$30, \$2500: IN=\$2500 deductible and 30% coinsurance but for \$30 office visits; OON=\$5000 deductible and 30% coinsurance. Plan D \$30, \$1000: IN=\$1000 deductible and 20% coinsurance but for \$30 office visits; OON=\$2000 deductible and 20% coinsurance. Contact Oxford for more details.

Basic and Essential (B&E) Plans are not comprehensive health benefits plans. For each covered person, B&E Plans provide the following benefits yearly: 90 days of hospitalization (including physician services, lab, prescriptions, newborn nursery, etc.), \$600 for wellness services, \$700 for physician visits for illness and injury, \$500 for out-of-hospital diagnostic testing, outpatient surgery, dialysis, immunizations, 90 days of inpatient and 30 days of outpatient mental health treatment, 30 days inpatient and outpatient treatment for alcohol and other substance abuse, and 30 visits for physical therapy services. A \$500 copay applies per inpatient stay, a \$100 copay applies for Emergency Room use, a \$250 copay applies per outpatient surgery, a \$20 copay applies per physical therapy visit, and covered persons pay 30% of the allowed charges for outpatient mental health and substance abuse treatments. Carriers may offer B&E Plans with or without provider network requirements. Some carriers offer riders that enhance the B&E Plan benefits.

Companies may rate Basic & Essential policies based on age, gender and location of the primary insured/subscriber. Companies may choose to use all, none or some of these factors.

*Most carriers do not price policies with two adults based on whether the primary insured/subscriber is male or female; Celtic is an exception.

Contact carriers for more information about the riders they offer.

**AmeriHealth offers two riders: a Basic rider (1), and a Preferred rider (2).

†AmeriHealth's Two Adults and Family rates shown assume a male/female composition. AmeriHealth has separate rate schedules for these rate tiers for male/male and female/female families.

^Most carriers price the Basic & Essential Plan based on the age of the oldest adult covered, but Aetna prices based on the age of each (nonchild) adult. The Aetna rates shown assume each adult is in the same age range; the rates for a specific couple or family may vary based on each person's age.

Basic and Essential (B&E) Plans are not comprehensive health benefits plans. For each covered person, B&E Plans provide the following benefits yearly: 90 days of hospitalization (including physician services, lab, prescriptions, newborn nursery, etc.), \$600 for wellness services, \$700 for physician visits for illness and injury, \$500 for out-of-hospital diagnostic testing, outpatient surgery, dialysis, immunizations, 90 days of inpatient and 30 days of outpatient mental health treatment, 30 days inpatient and outpatient treatment for alcohol and other substance abuse, and 30 visits for physical therapy services. A \$500 copay applies per inpatient stay, a \$100 copay applies for Emergency Room use, a \$250 copay applies per outpatient surgery, a \$20 copay applies per physical therapy visit, and covered persons pay 30% of the allowed charges for outpatient mental health and substance abuse treatments. Carriers may offer B&E Plans with or without provider network requirements. Some carriers offer riders that enhance the B&E Plan benefits.

Companies may rate Basic & Essential policies based on age, gender and location of the primary insured/subscriber. Companies may choose to use all, none or some of these factors.

*Most carriers do not price policies with two adults based on whether the primary insured/subscriber is male or female; Celtic is an exception.

Contact carriers for more information about the riders they offer.

**AmeriHealth offers two riders: a Basic rider (1), and a Preferred rider (2).

†AmeriHealth's Two Adults and Family rates shown assume a male/female composition. AmeriHealth has separate rate schedules for these rate tiers for male/male and female/female families.

^Most carriers price the Basic & Essential Plan based on the age of the oldest adult covered, but Aetna prices based on the age of each (nonchild) adult. The Aetna rates shown assume each adult is in the same age range; the rates for a specific couple or family may vary based on each person's age.

Basic and Essential (B&E) Plans are not comprehensive health benefits plans. For each covered person, B&E Plans provide the following benefits yearly: 90 days of hospitalization (including physician services, lab, prescriptions, newborn nursery, etc.), \$600 for wellness services, \$700 for physician visits for illness and injury, \$500 for out-of-hospital diagnostic testing, outpatient surgery, dialysis, immunizations, 90 days of inpatient and 30 days of outpatient mental health treatment, 30 days inpatient and outpatient treatment for alcohol and other substance abuse, and 30 visits for physical therapy services. A \$500 copay applies per inpatient stay, a \$100 copay applies for Emergency Room use, a \$250 copay applies per outpatient surgery, a \$20 copay applies per physical therapy visit, and covered persons pay 30% of the allowed charges for outpatient mental health and substance abuse treatments. Carriers may offer B&E Plans with or without provider network requirements. Some carriers offer riders that enhance the B&E Plan benefits.

Companies may rate Basic & Essential policies based on age, gender and location of the primary insured/subscriber. Companies may choose to use all, none or some of these factors.

*Most carriers do not price policies with two adults based on whether the primary insured/subscriber is male or female; Celtic is an exception.

Contact carriers for more information about the riders they offer.

**AmeriHealth offers two riders: a Basic rider (1), and a Preferred rider (2).

†AmeriHealth's Two Adults and Family rates shown assume a male/female composition. AmeriHealth has separate rate schedules for these rate tiers for male/male and female/female families.

^Most carriers price the Basic & Essential Plan based on the age of the oldest adult covered, but Aetna prices based on the age of each (nonchild) adult. The Aetna rates shown assume each adult is in the same age range; the rates for a specific couple or family may vary based on each person's age.

Basic and Essential (B&E) Plans are not comprehensive health benefits plans. For each covered person, B&E Plans provide the following benefits yearly: 90 days of hospitalization (including physician services, lab, prescriptions, newborn nursery, etc.), \$600 for wellness services, \$700 for physician visits for illness and injury, \$500 for out-of-hospital diagnostic testing, outpatient surgery, dialysis, immunizations, 90 days of inpatient and 30 days of outpatient mental health treatment, 30 days inpatient and outpatient treatment for alcohol and other substance abuse, and 30 visits for physical therapy services. A \$500 copay applies per inpatient stay, a \$100 copay applies for Emergency Room use, a \$250 copay applies per outpatient surgery, a \$20 copay applies per physical therapy visit, and covered persons pay 30% of the allowed charges for outpatient mental health and substance abuse treatments. Carriers may offer B&E Plans with or without provider network requirements. Some carriers offer riders that enhance the B&E Plan benefits.

Companies may rate Basic & Essential policies based on age, gender and location of the primary insured/subscriber. Companies may choose to use all, none or some of these factors.

*Most carriers do not price policies with two adults based on whether the primary insured/subscriber is male or female; Celtic is an exception.

Contact carriers for more information about the riders they offer.

**AmeriHealth offers two riders: a Basic rider (1), and a Preferred rider (2).

†AmeriHealth's Two Adults and Family rates shown assume a male/female composition. AmeriHealth has separate rate schedules for these rate tiers for male/male and female/female families.

^Most carriers price the Basic & Essential Plan based on the age of the oldest adult covered, but Aetna prices based on the age of each (nonchild) adult. The Aetna rates shown assume each adult is in the same age range; the rates for a specific couple or family may vary based on each person's age.

Basic and Essential (B&E) Plans are not comprehensive health benefits plans. For each covered person, B&E Plans provide the following benefits yearly: 90 days of hospitalization (including physician services, lab, prescriptions, newborn nursery, etc.), \$600 for wellness services, \$700 for physician visits for illness and injury, \$500 for out-of-hospital diagnostic testing, outpatient surgery, dialysis, immunizations, 90 days of inpatient and 30 days of outpatient mental health treatment, 30 days inpatient and outpatient treatment for alcohol and other substance abuse, and 30 visits for physical therapy services. A \$500 copay applies per inpatient stay, a \$100 copay applies for Emergency Room use, a \$250 copay applies per outpatient surgery, a \$20 copay applies per physical therapy visit, and covered persons pay 30% of the allowed charges for outpatient mental health and substance abuse treatments. Carriers may offer B&E Plans with or without provider network requirements. Some carriers offer riders that enhance the B&E Plan benefits.

Companies may rate Basic & Essential policies based on age, gender and location of the primary insured/subscriber. Companies may choose to use all, none or some of these factors.

*Most carriers do not price policies with two adults based on whether the primary insured/subscriber is male or female; Celtic is an exception.

Contact carriers for more information about the riders they offer.

**AmeriHealth offers two riders: a Basic rider (1), and a Preferred rider (2).

†AmeriHealth's Two Adults and Family rates shown assume a male/female composition. AmeriHealth has separate rate schedules for these rate tiers for male/male and female/female families.

^Most carriers price the Basic & Essential Plan based on the age of the oldest adult covered, but Aetna prices based on the age of each (nonchild) adult. The Aetna rates shown assume each adult is in the same age range; the rates for a specific couple or family may vary based on each person's age.

Basic and Essential (B&E) Plans are not comprehensive health benefits plans. For each covered person, B&E Plans provide the following benefits yearly: 90 days of hospitalization (including physician services, lab, prescriptions, newborn nursery, etc.), \$600 for wellness services, \$700 for physician visits for illness and injury, \$500 for out-of-hospital diagnostic testing, outpatient surgery, dialysis, immunizations, 90 days of inpatient and 30 days of outpatient mental health treatment, 30 days inpatient and outpatient treatment for alcohol and other substance abuse, and 30 visits for physical therapy services. A \$500 copay applies per inpatient stay, a \$100 copay applies for Emergency Room use, a \$250 copay applies per outpatient surgery, a \$20 copay applies per physical therapy visit, and covered persons pay 30% of the allowed charges for outpatient mental health and substance abuse treatments. Carriers may offer B&E Plans with or without provider network requirements. Some carriers offer riders that enhance the B&E Plan benefits.

Companies may rate Basic & Essential policies based on age, gender and location of the primary insured/subscriber. Companies may choose to use all, none or some of these factors.

*Most carriers do not price policies with two adults based on whether the primary insured/subscriber is male or female; Celtic is an exception.

Contact carriers for more information about the riders they offer.

**AmeriHealth offers two riders: a Basic rider (1), and a Preferred rider (2).

†AmeriHealth's Two Adults and Family rates shown assume a male/female composition. AmeriHealth has separate rate schedules for these rate tiers for male/male and female/female families.

^Most carriers price the Basic & Essential Plan based on the age of the oldest adult covered, but Aetna prices based on the age of each (nonchild) adult. The Aetna rates shown assume each adult is in the same age range; the rates for a specific couple or family may vary based on each person's age.
