D. BUSINESS ACTIVITY

Please complete the following two charts. Do not attach financial statements or reports. Report only Managed Care Worker's Compensation activity in New Jersey. Do not report the entire financial results of the entire company.

If a WCMCO has subcontracted any claim function to another entity, please include the figures from them. The claims of any carrier who identified your WCMCO for the purposes of the premium reduction should be included. Any time an employee presents for injury, the claims should be included no matter which of your contracted networks is involved. If an employer is identifying your WCMCO as their managed care network, then their claims should be included whether case management was involved or not.

Definitions:

CLAIM: A claim is defined as each bill for a separate encounter for medical services. Please use date bill was paid for reporting purposes.

CASE: Number of new cases opened during the calendar year. A case is defined as a work-related injury or illness resulting in a need for medical care. This may involve numerous claims over an extended period of time.

CHARGES BY PROVIDERS: Charges are defined as total provider billed charges, both in and out-of-network, for which payment is legitimately due. This excludes charges related to duplicate bills and charges related to medical care that is denied.

PAID TO PROVIDERS: Payments made to in and out-of-network medical providers for eligible medical expenses.
