Honorable Justin Zimmerman Acting Commissioner of Banking and Insurance State of New Jersey 20 West State Street Trenton, New Jersey 08625

#### Commissioner:

In compliance with your instructions and pursuant to Insurance Laws and Rules of the State of New Jersey, a comprehensive risk focused examination has been made of the books, records and financial condition of

Selective Insurance Company of America 40 Wantage Avenue Branchville, New Jersey 07890 NAIC Group Code 0242 NAIC Company Code 12572

hereinafter referred to as the "Company" or "SICA". The following examination report as to the condition of the Company is respectfully submitted.

#### **SCOPE OF THE EXAMINATION**

The New Jersey Department of Banking and Insurance, hereinafter referred to as the "NJDOBI" or "We", led a full scope coordinated multi-state risk-focused examination with the New York and Indiana Departments of Insurance participating. This examination covers the period of January 1, 2018, through December 31, 2022, including any material transactions and/or events occurring subsequent to the examination date and noted during the course of the examination.

The Company was last examined as of December 31, 2017. The current examination was conducted concurrent with the examinations of its affiliates, Selective Way Insurance Company ("SWIC"), Selective Auto Insurance Company of New Jersey ("SAICNJ"), Selective Insurance Company of New England ("SICNE"), Mesa Underwriters Specialty Insurance Company ("MUSIC"), Selective Casualty Insurance Company ("SCIC"), Selective Fire and Casualty Insurance Company ("SFCIC"), Selective Insurance Company of the Southeast ("SICSE"), Selective Insurance Company of South Carolina ("SICSC") and Selective Insurance Company of New York ("SICNY"), (collectively, "The Group").

The NJDOBI conducted the examination in accordance with the 2022 edition of the National Association of Insurance Commissioners ("NAIC") Financial Condition Examiners Handbook (the "NAIC Handbook"). The NAIC Handbook requires NJDOBI to plan and perform the examination in order to evaluate the financial condition and identify prospective risks of the Company. To meet these objectives, NJDOBI obtained information regarding the Company's corporate governance environment, identified and assessed inherent risks to which it is exposed and evaluated the Company's system of internal controls and procedures used to mitigate identified risks. The examination also included assessing the principles used and significant estimates made by management, as well as, evaluating the overall Financial Statement presentation, management's compliance with Statutory Accounting Principles and Annual Statement instructions when applicable to domestic state regulations.

According to the NAIC Handbook, "One of the increased benefits of the enhanced risk-focused approach is to include ... consideration of other than financial risks that could impact the insurer's future solvency. By utilizing the enhanced approach, the examiner reviewed the "financial" and "enterprise" risks that existed at the examination "as of" date and will be positioned to assess "financial" and "enterprise" risks that extend or commence during the time the examination was conducted and "prospective" risks which are anticipated to arise or extend past the point of examination completion. Using this approach, examiners will be better positioned to make recommendations for appropriate future supervisory plans (i.e., earlier statutory exams, limited-scope exams, key areas for financial analysts to monitor, etc.) for each insurer."

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. The examination report only addresses regulatory information revealed by the examination process in accordance with the NAIC Handbook. All other financial matters were reviewed and determined not to be material for discussion in this report.

During the course of this examination, consideration was given to work performed by the Company's Internal Audit Department and the Company's external accounting firm. Work reviewed included Sarbanes-Oxley compliance, risk analysis, documentation, test work and remediation efforts over weaknesses identified. Certain auditor work papers have been

incorporated into the work papers of the examiners and have been utilized in determining the scope and areas of emphasis in conducting the examination.

#### COMPLIANCE WITH PRIOR EXAMINATION RECOMMENDATIONS

SICA is licensed to write business in 46 states and the District of Columbia. The Company provides a broad range of insurance and alternative risk management products and services to businesses, public entities and individuals. As of December 31, 2022, the Group also distributed these same products and services through approximately 1,500 independent agencies through approximately 2,600 office locations. In addition, MUSIC writes excess and surplus business in all fifty states and the District of Columbia through approximately 80 wholesale general agents, with an aggregated 340 office locations. Furthermore, the Group has approximately 6,300 agents selling flood insurance products written under the NFIP's WYO program.

The Group employs a field-based operating model that is supported by their home office in Branchville, New Jersey, and seven (including E&S Lines) full-service regions utilizing branch offices. In addition, the Group has (i) an underwriting and claims service center in Richmond, Virginia, (ii) a principal office for investment operations in Farmington, Connecticut, and (iii) an office used by several corporate areas, but primarily our information technology in Glastonbury, Connecticut.

The Group's Standard Commercial Lines business strategy (which is approximately 80% of the Group's business) targets small and midsized "main street" commercial accounts. This strategy is supported by the Group's formation of strategic business units ("SBU") and regional field offices along with significant advancements in its information technology platforms, integrated systems and internet-based applications. Under this structure, each SBU specializes in a particular market or customer class to provide better service to its customers, become more attuned to areas of opportunity and enhance productivity.

The Group's Standard Commercial Lines corporate underwriting department oversees the underwriting guidelines and philosophy for each industry segment and line of business. Through formal letters of authority, the Chief Underwriting Officer ("CUO") delegates underwriting authority after assessing an underwriter's job grade, industry, and line of business expertise. The corporate underwriting department coordinates with the actuarial department to determine adequate pricing levels for all Standard Commercial Lines products. Under the CUO's delegated authorities, the regional underwriting operations make most individual policyholder underwriting and pricing decisions. New business is underwritten by Agency Management Specialists, with contributions from Production Underwriters, Small Business Teams, and Large Account Underwriters. Renewal business is primarily handled in each region, with support from the underwriting and claims services center, which assigns underwriters to specific distribution partners.

The Group's Standard Personal Lines underwriting operations are centralized and highly automated. Most new and renewal business is underwritten and priced through an automated system reflecting the filed rates and rules. Exceptions to the Group's internal underwriting guidelines are approved under the direction the Standard Personal Lines CUO.

The Group's E&S Relationship and Underwriting Managers focus on marketing their product capabilities to wholesale general agents, training them on underwriting guidelines and automation, and collecting market intelligence from them. In return, the wholesale general agents provide front-line new and renewal underwriting and policy administration services per guidelines the Group prescribes.

#### **Excess and Surplus Lines**

As part of MUSIC's acquisition by SIGI on December 31, 2011, MUSIC entered into several reinsurance agreements that together provide protection for losses on policies written prior to the acquisition and any development on reserves established by MUSIC as of the date of acquisition. The reinsurance recoverables under these treaties are 100% collateralized.

#### Other Treaties

The Group also has other reinsurance treaties, such as (i) Equipment Breakdown Coverage Reinsurance Treaty, (ii) Multi-line Quota Share, which covers additional personal lines coverages, (iii) Cyber Liability Quota Share, and (iv) Excess Liability Quota Share, which covers MUSIC's excess liability business.

#### ACCOUNTS AND RECORDS

The Company's accounting books and records are maintained at its main administrative office located at 40 Wantage Avenue, Branchville, New Jersey 07890.

PeopleSoft is the accounting and general ledger system utilized by the Group to record, analyze and report financial results. Standard Insurance Operations premiums and losses are recorded through the use of its in-house computerized systems, CLAS® - commercial lines underwriting system, SelectPLUS® - personal lines underwriting system, eSurety<sup>TM</sup> - surety/fidelity bond underwriting system and MCS - claims system. Excess & Surplus premium and losses are recorded within purchased system, Dragon One Shield. Reinsurance premium and loss transactions are primarily recorded in a purchased system – ProCede. Premiums are billed and tracked through the STG system. The premium receipts are primarily processed through the following sources:

- 1. Lock Box with Bank of NY Mellon N.A.
- 2. ORCC electronic payments, includes ACH and credit cards
- 3. Agent Payment System ACH method for agents

The insurance affiliates are parties to a reinsurance pooling agreement and various intercompany service and other agreements under which SICA is the lead insurance company. Premium and losses are received and paid by SICA and are settled with its affiliated insurance companies through intercompany accounts. Transactions to be settled as a result of the intercompany pooling agreement are recorded in the respective assumed and ceded reinsurance accounts.

Investments are recorded in Clearwater, a third-party investment accounting system managed by the service organization, Clearwater, which interfaces with the Company's general ledger system. Each insurance affiliate owns and controls its funds via their respective custodial accounts at JPMorgan Chase Bank.
