

## NOTICE

February 20, 2019

Please be advised that Exhibit 1, Physicians' and Ambulatory Surgical Center (ASC) Facility Fee Schedule, has been replaced with a revised version because inadvertent omissions in the Department's posted Excel and .pdf files were discovered. The omissions occurred in the Payment Indicator column, specifically there were missing "X, N1" payment indicators for 17 CPT codes where "X" denotes a CPT code not subject to multiple procedure reductions and "N1" denotes an ASC Packaged Procedure no separate payment. These indicators were implemented by the Department's rule amendment adopted at 46 N.J.R. 86(a) at 90. The CPT codes with the corrected payment indicators are highlighted in the new attachments. Please be advised that official hardcopy publications of the New Jersey Administrative Code do not contain this omission; however, certain online third-party providers of legal research tools do contain the omission and should not be relied upon with regard to this payment indicator column at this time.
