DELAWARE RIVER BASIN COMMISSION

18 CFR Parts 401 and 420

Regulatory Program Fees and Water Charges Rates

AGENCY: Delaware River Basin Commission.

ACTION: Final rule.

SUMMARY: Notice is provided of the Commission’s regulatory program fees and schedule of water charges for the fiscal year beginning July 1, 2017. The Commission is also correcting two footnotes in the regulations which cite incorrectly to the applicable CPI data series.

DATES: This final rule is effective July 1, 2017.

FOR FURTHER INFORMATION CONTACT: Elba L. Dock, CPA, Director of Administration and Finance, 609–883–9500, ext. 201.

SUPPLEMENTARY INFORMATION: The Delaware River Basin Commission (“DRBC” or “Commission”) is a Federal-interstate compact agency charged with managing the water resources of the Delaware River Basin on a regional basis without regard to political boundaries. Its members are the governors of the four basin states—Delaware, New Jersey, New York and Pennsylvania—and on behalf of the federal government, the North Atlantic Division Commander of the U.S. Army Corps of Engineers.

In accordance with 18 CFR 401.43(c), on July 1 of every year beginning July 1, 2017, the Commission’s regulatory program fees as set forth in Tables 1, 2, and 3 of that section are subject to an annual adjustment, commensurate with any increase in the annual April 12-month Consumer Price Index (CPI) for Philadelphia published by the U.S. Bureau of Labor Statistics during that year. Pursuant to 18 CFR 420.43(c), the same indexed adjustment applies to the Commission’s schedule of water charges for consumptive and non-consumptive withdrawals of surface water within the basin. The referenced April 12-month CPI for 2017 showed an increase of 1.27%. Commensurate adjustments are thus required.

This notice is made in accordance with 18 CFR 401.42(c) and 18 CFR 420.42(c), which provide that a revised fee schedule will be published in the Federal Register by July 1. The revised fees also may be obtained by contacting the Commission during business hours or by checking the Commission’s Web site.

The Commission is also correcting two footnotes in the regulations which cite incorrectly to the applicable CPI data series as CWURA102SA0. The correct data series number is CUUA102SA0. The regulations are thus incorrect and in need of amendment, as set forth below.

Executive Summary

Purpose of the Rule

This rule is needed to incorporate changes to the Freedom of Information Act made by the FOIA Improvement Act of 2016. Authority for this rule is provided by section 4002(b)(3) of the Employee Retirement Income Security Act of 1974 and the FOIA Improvement Act of 2016.

Major Provisions of the Rule

This rule provides for an electronic reading room for records, expands the categories of records in the reading room, updates the standard for disclosure, requires additional notice to requesters about FOIA resources, extends the appeal deadline, and places restrictions on fees.

Background

The Pension Benefit Guaranty Corporation (PBGC) is amending its regulation on Examination and Copying of PBGC Records (29 CFR part 4901)(FOIA regulation) to incorporate statutory changes to the Freedom of Information Act (5 U.S.C. 551 et seq.) (FOIA). The majority of the regulatory changes are specifically required by the FOIA Improvement Act of 2016 (2016 Act). Section 3 of the 2016 Act requires federal agencies to review their FOIA regulations and to make conforming amendments, as necessary, to incorporate the 2016 Act’s changes to the FOIA. In addition to the changes required under the 2016 Act, PBGC is making one other amendment to its FOIA regulation that incorporates a previous statutory change under the Open Government Act of 2007 (2007 Act).

Regulatory Changes

Electronic Reading Room

PBGC is amending §§ 4901.3, 4901.4, and 4901.5 of its FOIA regulation by replacing the references to PBGC’s “public reference room” with references to its “electronic reading room.” Before the 2016 Act, the FOIA required agencies to affirmatively make certain categories of records “available for public inspection and copying” without prompting by formal request. Like most agencies, PBGC complied with this requirement by maintaining a physical “reference room” to house these records (and indices thereto), which members of the public could inspect and copy in person. The e-FOIA Amendments of 1996 (1996 Act) provided that agencies could supplement or entirely replace their physical reading rooms with electronic reading rooms, where members of the public could access the affirmatively...
