

**Table 2.5-2  
Land Requirements for Pipeline Facilities within the Delaware River Basin<sup>1</sup>**

Facility	No. of Sites (each)	Approx. Length (mi)	Temporary Workspace for Construction (acres)	Additional Temporary Workspace for Construction (acres)	Permanent Easement for Construction and Operation (acres)			Total Workspace for Construction (acres)	Operational ROW <sup>3</sup> (acres)
					Existing <sup>2</sup>	Partially Existing	New		
Pipeline <sup>4</sup>	4	103.9	522.7	293.1	22.1	41.7	557.1	1,436.7	372.6
Access Roads <sup>5,6,7</sup>	97	33.8	121.7	0.0	0.0	0.0	2.5	124.2	-
Pipeyards	9	N/A	294.8	0.0	0.0	0.0	0.0	294.8	-
Aboveground Facilities	14	N/A	4.4	0.0	0.0	1.3	47.1	52.8	-
Staging Areas	6	N/A	33.9	0.0	0.0	0.0	0.0	33.9	-
<b>Total Project</b>	<b>N/A</b>	<b>N/A</b>	<b>977.5</b>	<b>293.1</b>	<b>22.1</b>	<b>43.0</b>	<b>606.7</b>	<b>1,942.4</b>	<b>372.6</b>

**Notes:**

1. The totals shown on this table may not equal the sum of addends due to rounding.
2. Only includes existing third party easement overlapping proposed project permanent 50 foot ROW, within limits of construction.
3. Operational ROW is calculated with a 30 foot ROW within the permanent easement for the pipeline.
4. Values shown do not include mainline valves and launcher/receivers that will be constructed on the pipeline segments since the land requirements for these facilities are included in the totals shown for aboveground facilities.
5. Temporary Workspace for Construction includes access roads (new and existing).
6. Access Road AR-030 crosses from Upper Susquehanna into Upper Delaware river basin. AR-030 is included for the Upper Delaware river basin in the "No. of Sites (each)" column.
7. The permanent access road for the Kidder Compressor Station is located entirely within the compressor station site and is included in the Aboveground Facility acreage.
