

# SGOs: Business as Usual for Effective Educators

- ✓ Use best instructional practices to teach a curriculum that is aligned to standards.
- ✓ Determine students' preparedness to learn using a variety of information.
- ✓ Set goals for students appropriate for their grade, subject and readiness level.
- ✓ Differentiate instruction based on the needs of students.
- ✓ Adjust instruction and targets using real-time feedback from students.
- ✓ Use high quality assessments to measure student performance.
- ✓ Work in collaborative groups to improve student achievement.
- ✓ **Formalize and document the process, and be recognized for helping students achieve ambitious goals.**
