Subject: EWEG System – New IP Address URL

ATTENTION:

New URL
for
EWEG system

Please be advised that within the next several weeks, the established IP address URL for access to the EWEG system will be changed in the New Jersey Department of Education (NJDOE) Homeroom system. The new IP address URL is <http://njdoe.ewegp.mtwgms.org/NJDOEGMSWeb/logon.aspx>.

In the event of a hardware failure or hardware change during this transition, the current IP address URL that is being utilized may no longer be accessible to the EWEG system. In order to eliminate an interruption of service, users will need to delete the current IP address URL that is bookmarked in their favorites and bookmark the new link. In addition, Pop-up Blocker Settings should be set to allow the IP address URL listed above, or users will not be able to open the online checklists for applications, amendments, or final reports.

Once the hard code IP changes are completed, the former IP address URL will display a splash page instructing the user to update their bookmark to the new URL. Further notification will be distributed prior to the completion date of these hard code IP changes.

If you have any questions, please contact the Office of Grants Management at (609) 633-6974.
