Summary of Comments and Agency Responses:

The following is a summary of the comments received from members of the public and the Department of Education's (Department) responses. Each commenter is identified at the end of the comment by a number that corresponds to the following list:

1. Ann Marie VanSickle
2. Brooke Garrera, President-Elect, New Jersey Technology and Engineering Educators Association (NJTEEA)
3. Robert Goodman, Ed.D, Executive Director, New Jersey Center for Teaching and Learning (NCTL)
4. Marcella Simadris
5. Elizabeth Yucis, Associate Director of Professional Development, New Jersey Education Association

1. **Comment:** The commenter expressed support for the proposed amendments and new rules at N.J.A.C. 6A:9, 9A, and 9B. **(5)**
Response: The Department appreciates the support.
2. **Comment:** The commenter commended the Department for eliminating various barriers to becoming an educator in the proposed rulemaking. **(4)**
Response: The Department appreciates the support.
3. **Comment:** The commenter expressed support for the proposed amendment at N.J.A.C. 6A:9B-9.2(a)7 that will require, after July 1, 2027, a teacher of computer science in grades nine through 12 to hold the computer science endorsement, instead of the existing preschool through grade 12. The commenter stated that the State test of subject matter knowledge for computer science (that is, the Praxis Computer Science) requires a high level of computer science knowledge that many preschool to grade eight teachers do not have, which requires additional college courses that can be cost and time prohibitive without a guarantee of passing the Praxis. The commenter also stated that adding specific and targeted endorsements across content areas for grades six through 12 is a component of the State's

teacher shortages in middle and high schools. (1)

Response: The Department appreciates the support.

4. **Comment:** The commenter expressed concern regarding a proposed requirement for high school teachers to obtain a separate computer science endorsement to teach computer science courses. While supporting the goal of improving computer science education, the commenter stated that technology and engineering education teachers already have extensive training and experience in areas related to computer science, such as programming, robotics, and cybersecurity, and provide hands-on, interdisciplinary instruction that engages students and connects computer science to real-world applications. The commenter highlighted the commenter's involvement in the International Technology and Engineering Educators Association (ITEEA) Exploring Computation Integrated into Technology and Engineering (ExCITE) program, which integrates computer science into engineering education. The commenter stated that the new endorsement requirement could reduce access to computer science education because many school districts rely on technology and engineering teachers to offer computer science courses, especially in underserved communities. The commenter suggested that the Department provide alternative pathways like grandfathering current educators who can produce a portfolio of demonstrated proficiency or targeting professional development that recognizes the expertise of existing technology and engineering teachers expertise to strengthen computer science opportunities for students and educational equity. (2)

Response: The Department's proposed amendments N.J.A.C. 6A:9B-9.2(a)7 will not introduce a new requirement for teachers of computer science in grades nine through 12 to obtain a computer science endorsement as State statute at N.J.S.A. 18A:26-2.26 and regulations at N.J.A.C. 6A:9B-9.2(a)7 also contain the requirement. Instead, the proposed amendments at N.J.A.C. 6A:9B-9.2(a)7 will remove the requirement for teachers of computer science in preschool through grade eight to hold a computer science endorsement. The proposed amendments will align the rule with State law and improve flexibility at those levels.

5. **Comment:** The commenter requested that the Department and State Board of Education restore the prior rules at N.J.A.C. 6A:9A-5.6 that were deleted, effective May 1, 2023, but previously supported pathways for a certificate of eligibility (CE) in teacher shortage areas. The commenter contended that the adopted amendments could jeopardize educator preparation programs that are operated by the New Jersey Center for Teaching and Learning (NJCTL) and prepare teachers in critical science, technology, engineering, and mathematics (STEM) subjects like physics, chemistry, biology, and mathematics. The commenter stated that NJCTL is a licensed graduate school and was approved in 2022 by the Department as a CE educator preparation program through the end of 2027, pursuant to the prior N.J.A.C. 6A:9A-5.6. The commenter also stated that NJCTL has successfully trained more than 475 STEM teachers and currently enrolls 68 additional candidates, many of whom are working as paraprofessionals and substitute teachers.

The commenter further stated that the program has gained Federal and State recognition, including approval by the United States Department of Labor as apprenticeship programs, designation by the New Jersey Department of Labor and Workforce Development as an eligible training provider, and possible approval by the United States Department of Veterans Affairs for funding through the 1944 Serviceman's Readjustment Act (that is, the GI Bill).

The commenter also stated that the NJCTL's programs are vital for addressing New Jersey's teacher shortage and possibly recruit displaced Federal workers. The commenter further stated that reinstating the prior rules at N.J.A.C. 6A:9A-5.6 is essential to maintaining and expanding these programs. (3)

Response: N.J.A.C. 6A:9A-5.6 is not part of the current proposed amendments. Therefore, the comments are outside the scope of this rulemaking.

6. **Comment:** The commenter suggested to add rules that ensure mentor teachers have the appropriate amount of time to mentor new teachers without other duties. **(4)**
Response: The comment is outside the scope of the rulemaking. Mentoring of novice teachers is governed by N.J.A.C. 6A:9C.
7. **Comment:** The commenter stated that the Department should be aware of “cultural humility” as a term that refers to understanding that one must begin with a personal examination of one’s own beliefs and cultural identities to better understand the beliefs and cultural identities of others. The commenter also stated that a person needs “cultural humility” to fuel the process of being culturally responsive. **(4)**
Response: The Department acknowledges the commenter’s statements.

Summary

The Department of Education (Department) proposes to amend N.J.A.C. 6A:9, Professional Standards, N.J.A.C. 6A:9A, New Jersey Educator Preparation Programs, and N.J.A.C. 6A:9B, State Board of Examiners and Certification, to align the chapters with recently enacted State laws and other authorizing statutes. The following are a list of the amended or new laws and statutes:

- P.L. 2024, c. 26 eliminated the requirement to complete a Commissioner-approved test of basic reading, writing, and mathematics skills to obtain an instructional certificate;
- N.J.S.A. 18A:26-2.32 created a paraprofessional educator preparation pathway to expedite the process for paraprofessionals and instructional assistants to obtain certificates of eligibility with advanced standing (CEAS) in specific endorsement areas;
- N.J.S.A. 18A:26-2.26 established the computer science endorsement and requires the endorsement for educators teaching computer science in grades nine through 12;
- N.J.S.A. 18A:26-35 eliminated the requirement to complete a Commissioner-approved performance-based assessment to obtain a CEAS, a certificate of eligibility (CE), or a standard certificate, and requires educator preparation programs to establish their own performance-based assessment;
- N.J.S.A. 18A:26-2.23 requires all educator preparation programs for an instructional certificate to include six credits of classroom instruction, clinical experience (including student internships), or a combination of both, in special education;
- N.J.S.A. 18A:26-2.31 requires all teaching certification candidates who have completed a commissioner-approved educator preparation program to complete a course or training on culturally responsive teaching, which recognizes the

importance of including students' cultural references in all aspects of learning and uses researched-based teaching strategies to meaningfully connect school lessons with students' cultures, languages, and experiences;

- N.J.S.A. 18A:26-2.24 requires educator preparation programs that train educators specifically for the teacher of students with disabilities endorsement to the instructional certificate to include coursework on autism spectrum disorder and comprehensive, evidence-based instructional practices to address the educational strengths and needs of students with autism; and
- N.J.S.A. 18A: 26-36 permits educator preparation programs to accept any number of credit hours from accredited county colleges toward meeting requirements for teacher certification.

The following is a summary of the proposed amendments.

N.J.A.C. 6A:9, Professional Standards

Subchapter 2. Definitions

N.J.A.C. 6A:9-2.1 Definitions

This section provides definitions for terms that apply to this chapter and N.J.A.C. 6A:9A, 6A:9B, and 6A:9C.

The Department proposes a definition for “culturally responsive teaching” to mirror the definition at N.J.S.A. 18A:26-2.31.c.

The Department proposes a definition for “performance-based assessment” to mirror the definition at N.J.S.A. 18A:26-35.c.

The Department proposes a definition for “professional education coursework” to mirror the definition at N.J.S.A. 18A:26-37.b.

N.J.A.C. 6A:9A, New Jersey Educator Preparation Programs

Subchapter 4. CEAS Educator Preparation Programs

N.J.A.C. 6A:9A-4.2 CEAS educator preparation program course requirements

This section requires a CEAS educator preparation program designed to lead to instructional certificates to include a curriculum devoted to educator preparation that builds upon the content knowledge and skills of the individual candidate; a clinical component aligned with the Professional Standards for Teachers; and clinical experiences incorporated into courses leading up to, and including, clinical practice.

The Department proposes new N.J.A.C. 6A:9A-4.2(a)4 to require an educator preparation program that leads to a CEAS to include a minimum of the equivalent of six semester credit hours of classroom instruction and/or clinical experience, including student internships, in special education pursuant to N.J.S.A. 18A:26-2.23.

The Department proposes new N.J.A.C. 6A:9A-4.2(a)5 to require an educator preparation program that leads to a CEAS, beginning with the 2022-2023 school year, to include training on culturally responsive teaching, pursuant to N.J.S.A. 18A:26-2.31.

The Department proposes new N.J.A.C. 6A:9A-4.2(a)6 to require educator preparation programs that lead to an instructional certificate with the teacher of students with disabilities endorsement to include coursework on autism spectrum disorder and comprehensive, evidence-based instructional practices to address the educational strengths and needs of students with autism, pursuant to N.J.S.A. 18A:26-2.24.

N.J.A.C. 6A:9A-4.3 Admission to CEAS educator preparation programs

This section requires a candidate who starts a CEAS educator preparation program to meet the section's GPA and basic skills requirements. This section also requires a candidate to have a bachelor's or higher degree.

The Department proposes to delete N.J.A.C. 6A:9A-4.3(d) and the reference to that subsection at N.J.A.C. 6A:9A-4.3(a) because a Department-established minimum score on a Commissioner-approved test of basic reading, writing, and mathematics skills is no longer required pursuant to P.L. 2024, c. 26. The State law eliminated the Commissioner-approved test of basic reading, writing, and mathematics skills and all exceptions as a requirement for an instructional certificate, except for a limited certificate of eligibility (CE) or limited CEAS.

N.J.A.C. 6A:9A-4.4 Clinical component and candidate supervision for CEAS educator preparation programs

The section sets forth the requirements for the clinical component of CEAS educator preparation programs. The section describes the gradual release of responsibility and increased rigor of the clinical aspects of the program. Clinical experiences are the diverse, guided, hands-on, practical applications and demonstrations in educator preparation programs of professional knowledge, skills, and dispositions through integrated, collaborative, and facilitated learning and practice. These experiences take place in early field, practicum, and other opportunities that occur prior to clinical practice across a variety of settings and that are integrated throughout the educator preparation program. Clinical practice is the culminating field-based experience or internship. In this hands-on experience in a preschool through grade 12 setting, candidates demonstrate their knowledge, skills, and dispositions to be effective educators.

The Department is proposing new rules to align the section with N.J.S.A. 18A:26-2.32, which created a pathway to teacher certification for paraprofessionals and instructional assistants who are employed in school districts. The new law allows for individuals to count their direct classroom service while employed in school districts as paraprofessionals and instructional assistants toward full credit for the clinical practice component of a CEAS educator preparation program.

The Department proposes new N.J.A.C. 6A:9A-4.4(c)1 to allow a candidate who is a paraprofessional or instructional assistant, employed to work in a school district, and enrolled in a CEAS educator preparation program to count their direct classroom service toward full credit of the candidate's clinical practice requirements, pursuant to N.J.S.A. 18A:26-2.32.c(1).

The Department proposes new N.J.A.C. 6A:9A-4.4(d)1 to ensure that a school district with a paraprofessional or instructional assistant enrolled in a CEAS educator preparation program makes every reasonable effort to place the candidate in a classroom setting in the endorsement area sought and with a cooperating teacher.

N.J.A.C. 6A:9A-4.5 Recommendations for a certificate of eligibility with advanced standing (CEAS)

This section requires approved CEAS educator preparation programs to recommend to the Department for certification only candidates who have completed the CEAS educator preparation

program and all requirements pursuant to N.J.A.C. 6A:9B-8 through 13 or the specified exemptions. The candidates also must have demonstrated continued competence, aptitude, motivation, and potential for outstanding success in educating students. This section further requires CEAS educator preparation programs to recommend a candidate for certification within one year from the date the candidate completed the approved program.

The Department proposes new N.J.A.C. 6A:9A-4.5(a)4 to require a CEAS candidate who graduated in the spring of 2024 or thereafter, to complete a performance-based assessment approved by the educator preparation program pursuant to N.J.S.A. 18A:26-35.a. The same amendment is proposed at N.J.A.C. 6A:9A-5.5 for completion of a CE educator preparation program. The proposed amendments will align the section with changes to a State statute that prohibits the State Board from requiring a candidate for CEAS or a CE to complete a Commissioner-approved performance-based assessment. The revised statute also requires an educator preparation program to establish a program-approved performance-based assessment that is embedded within the educator preparation program, beginning with candidates who will complete the educator preparation program in the spring of 2024 or thereafter.

N.J.A.C. 6A:9A-5.4 Additional curriculum and course requirements for CE educator preparation programs

This section sets forth the curriculum and course requirements for CE educator preparation programs.

The Department proposes amendments at N.J.A.C. 6A:9A-5.4(a)1i to allow CE educator preparation programs to accept “any number of” formal instructional hours or semester-hour credits to eliminate the cap on hours or credits transferred between educator preparation programs. The Department also proposes to prohibit a CE educator preparation program from limiting the number of semester-hour credits or formal instructional hours of professional education coursework completed at any accredited county college to meeting certification requirements, unless prohibited by the receiving educator preparation program’s accreditation. The proposed amendments will align the section with N.J.S.A. 18A:26-36.

The Department proposes new N.J.A.C. 6A:9A-5.4(a)4 to require an educator preparation program that leads to a CE to include a minimum of the equivalent of six semester credit hours of classroom instruction and/or clinical experience, including student internships, in special education pursuant to N.J.S.A. 18A:26-2.23.

The Department proposes new N.J.A.C. 6A:9A-5.4(a)5 to require an educator preparation program that leads to a CE, beginning with the 2022-2023 school year, to include training on culturally responsive teaching, pursuant to N.J.S.A. 18A:26-2.31.

The Department proposes new N.J.A.C. 6A:9A-5.4(a)6 to require an educator preparation program that leads to the instructional certificate with the teacher of students with disabilities endorsement to include Coursework on autism spectrum disorder and comprehensive, evidence-based instructional practices to address the educational strengths and needs of students with autism, pursuant to N.J.S.A. 18A:26-2.24.

N.J.A.C. 6A:9B, State Board of Examiners and Certification

Subchapter 6. College Courses And Certification

N.J.A.C. 6A:9B-6.1 Validation of college degrees and college professional preparation

This section requires a candidate for certification to hold a bachelor’s degree or higher from an accredited college or university or a foreign higher education institution recognized by international accreditation agencies. This section also requires a candidate for a CEAS to complete a CEAS educator preparation program and coursework from a list of acceptable entities.

The Department proposes amendments at N.J.A.C. 6A:9B-6.1(b) to allow CEAS educator preparation programs to accept “any number of hours of formal instruction or professional education coursework” completed at the listed entities. The Department also proposes amendments at N.J.A.C. 6A:9B-6.1(b)3 to add a cross-reference to N.J.S.A. 18A:26-36. The proposed amendments will align the section with changes to State law. The Department also proposes to amend N.J.A.C. 6A:9B-6.1(b)3 to replace “a college or university” with “an educator preparation program” to reflect that the Department approves the latter.

Subchapter 7. Substitute Credential

N.J.A.C. 6A:9B-7.3 Time-period limitations for serving as a substitute teacher

This section sets forth the time-period limitations for a substitute teacher filling a full-time teacher vacancy.

The Department proposes new N.J.A.C. 6A:9B-7.3(a)1 to align the section with N.J.S.A. 18A:16-1.1a, which limits at 20 school days the amount of time that one or more holders of a substitute credential can fill a vacant teaching position or the position of a teacher who is absent for an extended time period. The law also allows the Commissioner to grant a school district’s request to extend, for an additional 20 school days, the use of a substitute credential holder upon demonstration that the school district has been unable to hire an appropriately certified teacher for the vacant position within the original 20-day time limit.

Subchapter 8. Requirements For Instructional Certification

N.J.A.C. 6A:9B-8.2 Requirements for certificates of eligibility with advanced standing (CEAS)

This section sets forth the requirements for a candidate to qualify for a CEAS.

The Department proposes amendments at N.J.A.C. 6A:9B-8.2(a)6 to replace the reference to a “Commissioner-approved performance-based assessment of teaching” with “performance-based assessment approved by the educator preparation program” and to delete the graduation timeframe because it has passed. The proposed amendments will align the paragraph with N.J.S.A. 18A:26-35.a.

N.J.A.C. 6A:9B-8.3 Requirements for certificates of eligibility (CE)

This section establishes the requirements for a candidate to qualify for a CE.

The Department proposes to delete N.J.A.C. 6A:9B-8.3(a)5 because a Department-established minimum score on a Commissioner-approved test of basic reading, writing, and mathematics skills is no longer required. P.L. 2024, c. 26 eliminated the requirement and any exceptions to the Commissioner-approved test of basic reading, writing, and mathematics skills for a candidate to attain a CE.

The Department proposes to delete N.J.A.C. 6A:9B-8.3(f) because the performance assessment no longer is required for issuance of an instructional certificate, pursuant to N.J.S.A. 18A:26-35. Therefore, a candidate who meets all of the CEAS requirements at N.J.A.C. 6A:9B-8.2(a)1 through 5 but did not take a state-approved performance assessment because it was not required for educator

preparation program completion or for completion of an out-of-State certification program will be eligible for a CEAS and no longer will be issued a CE pursuant to this rule.

N.J.A.C. 6A:9B-8.7 Requirements for the standard certificate

This section contains the requirements for a candidate to be eligible for a standard certificate.

The Department proposes to delete N.J.A.C. 6A:9B-8.7(a)4i because N.J.S.A. 18A:26-35.a eliminated the requirement to pass a Commissioner-approved performance-based assessment to attain a standard certificate.

The Department proposes to recodify existing N.J.A.C. 6A:9B-8.7(a)4 and 4ii and (b) as new N.J.A.C. 6A:8.7(b) and (c), respectively.

N.J.A.C. 6A:9B-8.8 Requirements for interstate reciprocity for a CEAS, CE, or standard certificate

This section governs interstate reciprocity for instructional certificates.

The Department proposes to delete existing N.J.A.C. 6A:9B-8.8(a)3, (b), and (j)2 because N.J.S.A. 18A:26-35 prohibits the State Board from requiring a candidate to pass a Commissioner-approved performance based assessment for a CE, CEAS, or standard certificate candidate.

Subchapter 8A. Limited Instructional Certificate of Eligibility and Certificate of Eligibility with Advanced Standing Pilot Program

N.J.A.C. 6A:9B-8A.3 Limited CE or CEAS in an instructional area requirements

This section contains the eligibility criteria for the limited CE and limited CEAS in an instructional area.

The Department proposes to amend N.J.A.C. 6A:9B-8A.3(a)1 to specify that the minimum GPA requirement is found at N.J.A.C. 6A:9B-8.2(a)3. The Department also proposes to specify that the allowable existing GPA exception is at N.J.A.C. 6A:9B-8.2(c)1 for candidates who graduated before September 1, 2016. Therefore, the existing exception at N.J.A.C. 6A:9B-8.2(c)2 for a candidate who has a GPA below 3.00 but at least 2.75 does not apply to a candidate seeking a limited CEAS. Allowing a candidate for the limited CEAS to utilize the GPA exception at N.J.A.C. 6A:9B-8.2(c)2 would enable a candidate who graduated on or after September 1, 2016, to qualify for a limited CEAS with two exceptions -- not achieving the minimum passing score on an appropriate State test(s) of subject matter knowledge and not having a GPA of at least 3.00. The Department maintains that providing candidates two exceptions was not the intent of the limited CE and limited CEAS pilot program. The same amendments are proposed at N.J.A.C. 6A:9B-8A.3(b)2 for the limited CE.

The Department proposes to amend N.J.A.C. 6A:9B-8A.3(a)2 to delete the reference to “and the alternative requirements or.” The Department also proposes to recodify “exceptions at N.J.A.C. 6A:9B-9.1(a)2” as new N.J.A.C. 6A:9B-8A.3(a)2i and to state that it does not apply to a candidate who seeks to exempt the minimum passing score on an appropriate State test(s) of subject matter knowledge to be eligible for the limited CEAS. A candidate can choose only one exception to attain the limited CEAS and allowing a candidate to choose alternatives to the requirement would result in allowing the candidate to choose multiple exception to attain the limited CEAS. The same amendments are proposed at recodified N.J.A.C. 6A:9B-8A.3(b)3 for the limited CE.

The Department proposes to amend existing N.J.A.C. 6A:9B-8A.3(b)1 to delete “or exceptions” because candidates for the limited CEAS or limited CE can select one exemption but cannot use any other exception.

The Department proposes to delete the existing exemption at N.J.A.C. 6A:9B-8A.3(b)3 because the test of basic reading, writing, and mathematical skills is a requirement for the limited CE pursuant to P.L. 2024, c. 26. Instead, the Department proposes new N.J.A.C. 6A:9B-8A.3(c) to require candidates for the limited CEAS or limited CE to achieve the minimum score on a Commissioner-approved test of basic reading, writing, and mathematical skills.

Subchapter 9. Instructional Endorsements

N.J.A.C. 6A:9B-9.2 Authorizations – general

This section provides the grades or subject(s) that each endorsement authorizes the holder to teach.

The Department proposes to amend N.J.A.C. 6A:9B-9.2(a)7 to state that, after July 1, 2027, a teacher of computer science in grades nine through 12 must hold the computer science endorsement, instead of the existing preschool through grade 12. The proposed amendment will align the paragraph with N.J.S.A. 18A:26-2.26, which requires teachers to hold the computer science education endorsement to teach computer science in grades nine through 12.

Subchapter 11. Additional Requirements or Exceptions to Requirements for Instructional Certification with Special Endorsements

N.J.A.C. 6A:9B-11.3 Career and technical education

This section establishes the requirements for the career and technical education endorsement.

The Department proposes to delete N.J.A.C. 6A:9B-11.3(a)1i and (a)3i(1) because P.L. 2024, c. 26 eliminated the requirement to pass a Commissioner-approved test of basic reading, writing, and mathematics skills; therefore, it no longer needs to be listed as an exception for a career and technical education endorsement or as a requirement for the renewal of a provisional or standard certificate with the endorsement.

N.J.A.C. 6A:9B-11.5 Bilingual/bicultural education

This section contains the requirements for the bilingual/bicultural endorsement.

The Department proposes to delete N.J.A.C. 6A:9B-11.5(a)2i(2) because P.L. 2024, c. 26 eliminated the requirement to pass the Commissioner-approved test of basic reading, writing, and mathematics skills; therefore, it is not necessary to list it as an option to demonstrate written proficiency in English for a CE candidate to attain a bilingual/bicultural education endorsement.

N.J.A.C. 6A:9B-11.6 English as a second language

This section sets forth the requirements for the English as a second language (ESL) endorsement.

The Department proposes to delete N.J.A.C. 6A:9B-11.6(a)2ii because P.L. 2024, c. 26 eliminated the requirement to pass the Commissioner-approved test of basic reading, writing, and mathematics skills; therefore, it is not necessary to list it as an option to demonstrate written proficiency in English for a CE candidate to attain a English as a second language endorsement.

N.J.A.C. 6A:9B-11.12 Requirements for the charter school certificate of eligibility (CSCE)

This section sets forth the requirements for the charter school certificate of eligibility (CSCE).

The Department proposes at N.J.A.C. 6A:9B-11.12(b)2 to delete the reference to passing the basic skills assessment because P.L. 2024, c. 26 eliminated the requirement to pass the Commissioner-approved test of basic reading, writing, and mathematics skills.

Subchapter 11A. Requirements for Teacher Leader Endorsement

N.J.A.C. 6A:9B-11A.3 Requirements

This section establishes the requirements for a candidate to be eligible for the teacher leader endorsement.

The Department proposes to amend N.J.A.C. 6A:9B-11A.3(a)5 to align the section with changes to State statute at N.J.S.A. 18A:26-35.a, which prohibits the State Board from requiring a candidate for CEAS or a CE to complete a Commissioner-approved performance-based assessment. The revised statute also requires an educator preparation program to establish a program-approved performance-based assessment that is embedded within the educator preparation program.

As the Department has provided a 60-day comment period on this notice of proposal, the notice is excepted from the rulemaking calendar requirement, pursuant to N.J.A.C. 1:30-3.3(a)5.

Social Impact

The proposed amendments will have a positive social impact on students, teacher candidates, school districts, and CEAS and CE educator preparation programs because the proposed amendments will address teacher shortages by doing the following: eliminating the Department-established minimum score on a Commissioner-approved test of basic reading, writing, and mathematics skills; creating a CEAS paraprofessional educator preparation pathway; eliminating the requirement to use a Commissioner-approved, performance-based assessment and allowing educator preparation programs to establish their own; adding coursework in educator preparation programs for teacher of students with disabilities endorsements so candidates learn about autism, and coursework regarding culturally responsive teaching and special education topics for all educator preparation programs that lead to instructional certificates; and allowing educator preparation programs to accept any number of credit hours from accredited county colleges. Permitting a school district to seek approval to extend a substitute credential holder's time in the same classroom by 20 school days when a certified teacher is unavailable will promote consistency for students and teacher shortages.

Economic Impact

The proposed amendments will have no financial impact on educator preparation programs or school districts because the proposed amendments will address teacher shortage areas. The acceptance of credits from accredited county colleges may have a slight negative economic impact on educator preparation programs because they will not collect tuition for repeated coursework. Accepting such credits may have a positive economic impact on candidates enrolled in educator preparation programs because they will receive credit for coursework already taken and not have to pay tuition to retake the coursework at the transfer institution.

Jobs Impact

It is not anticipated that jobs will be either generated or lost as a result of the proposed amendments.

Agriculture Industry Impact

The proposed amendments will have no impact on the agriculture industry.

Federal Standards Analysis

The proposed amendments will not be inconsistent with, or exceed, Federal requirements or standards, as there are no Federal requirements or standards related to the Commissioner-approved performance-based assessment of basic reading, writing, and mathematics skills; certification of candidates who have experience as paraprofessionals or instructional assistants; coursework content for educator preparation programs; and the transfer of credit hours between institutions.

Regulatory Flexibility Statement

The proposed amendments will not change the existing reporting, recordkeeping, or other compliance requirements or place new requirements on small businesses as defined by the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq. The proposed amendments impact district boards of education, charter and renaissance school project boards of trustees, approved private schools for students with disabilities (APSSDs), clinics and agencies, and educator preparation programs. APSSDs, clinics, and agencies could be considered small businesses, as that term is defined by the Regulatory Flexibility Act at N.J.S.A. 52:14B-17.

Housing Affordability Impact Analysis

There is an extreme unlikelihood that the proposed amendments will have any impact on the affordability of housing in New Jersey. There is an extreme unlikelihood that the proposed amendments would evoke a change in the average costs associated with housing because the proposed amendments concern professional standards, school districts, and educator preparation programs in New Jersey.

Smart Growth Development Impact Analysis

The proposed amendments will have an insignificant impact on smart growth. There is an extreme unlikelihood that the proposed amendments would evoke a change in housing production in Planning Areas 1 or 2, or within designated centers, under the State Development and Redevelopment Plan in New Jersey because the proposed amendments concern professional standards, school districts, and educator preparation programs in New Jersey.

Racial and Ethnic Community Criminal Justice and Public Safety Impact

There is an extreme unlikelihood that the proposed amendments would have an impact on pretrial detention, sentencing, probation, or parole policies concerning juveniles and adults in the State because the proposed amendments concern professional standards, school districts, and educator preparation programs in New Jersey.

Full text of the proposed amendments follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]):
