## SCHOOL DISTRICT

January 13, 2025

Honorable President and  
Members of the Board of Education  
Clementon School District  
County of Camden, New Jersey

Dear Board Members:

The annual comprehensive financial report of the Clementon School District ("District") for the fiscal year ending June 30, 2024, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education ("Board"). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of the operation of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The annual comprehensive financial report is presented in four sections: introductory, financial, statistical, and Single Audit. The introductory section includes this transmittal letter, the District's organizational chart, and a list of principal officials. The financial section includes the basic financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo a Single Audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and the State of New Jersey Circular 15-08 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Information related to this Single Audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the Single Audit section of this report.

**1. REPORTING ENTITY AND ITS SERVICES:** Clementon School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds of the District are included in this report. The Clementon Board of Education and its school constitute the District's reporting entity.

The District provided educational services for grades Pre-Kindergarten through grade 8 in our building. Through a send/receive relationship with the Pine Hill School District, we provide programs for our students in grades 9-12, including Special Education. The District completed the 2023-2024 fiscal year with an average enrollment of 615 students. The following details the changes in the student enrollment of the District over the last eleven (11) years.

**2. ECONOMIC CONDITION AND OUTLOOK:** The Borough of Clementon is considered to be small in size with an area of only two square miles. The Borough is comprised of approximately 1280 acres and is estimated to be 90% developed with 85% of the developed area being residential, 10% commercial and 5% industrial.

The history of the Borough of Clementon centers on its six lakes. In the early 1900's it was a favorite spot for summer vacationers with a bustling downtown area and its famed amusement park, Clementon Lake Park. The Clementon Lake Park has recently closed operations and the status of the ownership is unknown as of this report. Many stores and businesses have left the Borough in favor of shopping malls and large commercial office buildings, as well as online purchasing. This has resulted in the majority of the land becoming residential. Population estimates of the Borough and the 2020 census reveal an increase in the number of residents in recent years. Estimates of July 1, 2012 place the population at 4,959, while the 2020 census shows 5,338, an increase of 7.6%. An indication of this can be seen in the increase of students enrolled at Clementon School District.

Clementon educates students in preschool through high school, entering into a send/receive relationship with the Pine Hill School District for the programs for 9<sup>th</sup> through 12<sup>th</sup> graders. Our enrollment of Pre-K - 8<sup>th</sup> grade students has increased for the 2023-24 school year. Clementon students enrolled at Overbrook High School in Pine Hill are 184. Clementon students enrolled at Camden County Vocational School number is 59.

**2. ECONOMIC CONDITION AND OUTLOOK (CONT'D):** A projection study was completed each year for determining preschool enrollment in an effort to reach the universe. The Hispanic population is continuing to grow and the Bangladesh population is rising within the community. In the past 5 years, Clementon school district enrollment has increased by over 145 students with the Hispanic population increasing by 62%. Additionally, in the past 5 years, the low-income families have increased by 9%.

**3. MAJOR INITIATIVES:** Clementon School District completed extensive renovations this past summer and completed expanding our preschool expansion programs. Clementon added a fourth in building classrooms providing another 15 preschool student spots. Clementon School is in the process of opening an early learning center and is on the way to submitting to the state for approval now that a property has been found.

#### Facilities and safety improvements

- Walking track
- Finish flooring in remaining rooms
- Painting
- PA system replacement
- Camera Replacement
- Intercom replacements
- Fencing Projects
- Tree Removal
- Landscaping

#### Projects to be completed within the upcoming year include:

- Board office
- Early Learning center
- Bathroom Renovations
- HVAC
- LED Lighting

As the community grows and technology increases, we will continue to upgrade the building and grounds for the safety and security of the students and staff of Clementon.

**4. INTERNAL ACCOUNTING CONTROLS:** Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognized that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to these programs. This internal control structure is also subject to periodic evaluation by the District management. As part of the District's Single Audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs; as well as to determine that the District has complied with applicable laws and regulations.

**5. BUDGETARY CONTROLS:** In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for capital improvements and accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance account system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as an assignment of fund balance on June 30, 2024.

**6. ACCOUNTING SYSTEM AND REPORTS:** The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements", Note 1.

**7. CASH MANAGEMENT:** The investment policy of the District is guided in large part by State statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Government Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

**8. RISK MANAGEMENT:** The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

# CLEMENTON

## SCHOOL DISTRICT

**9. OTHER INFORMATION:** State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Bowman & Company LLP was selected by the Board. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the Uniform Guidance and State Treasury Circular Letter 15-08 OMB. The auditor's report on the basic financial statements and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the Single Audit are included in the Single Audit section of the report.

**10. ACKNOWLEDGEMENTS:** We would like to express our appreciation to the members of the Clementon Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing full support to the development and maintenance of our financial operation.

Respectfully submitted,

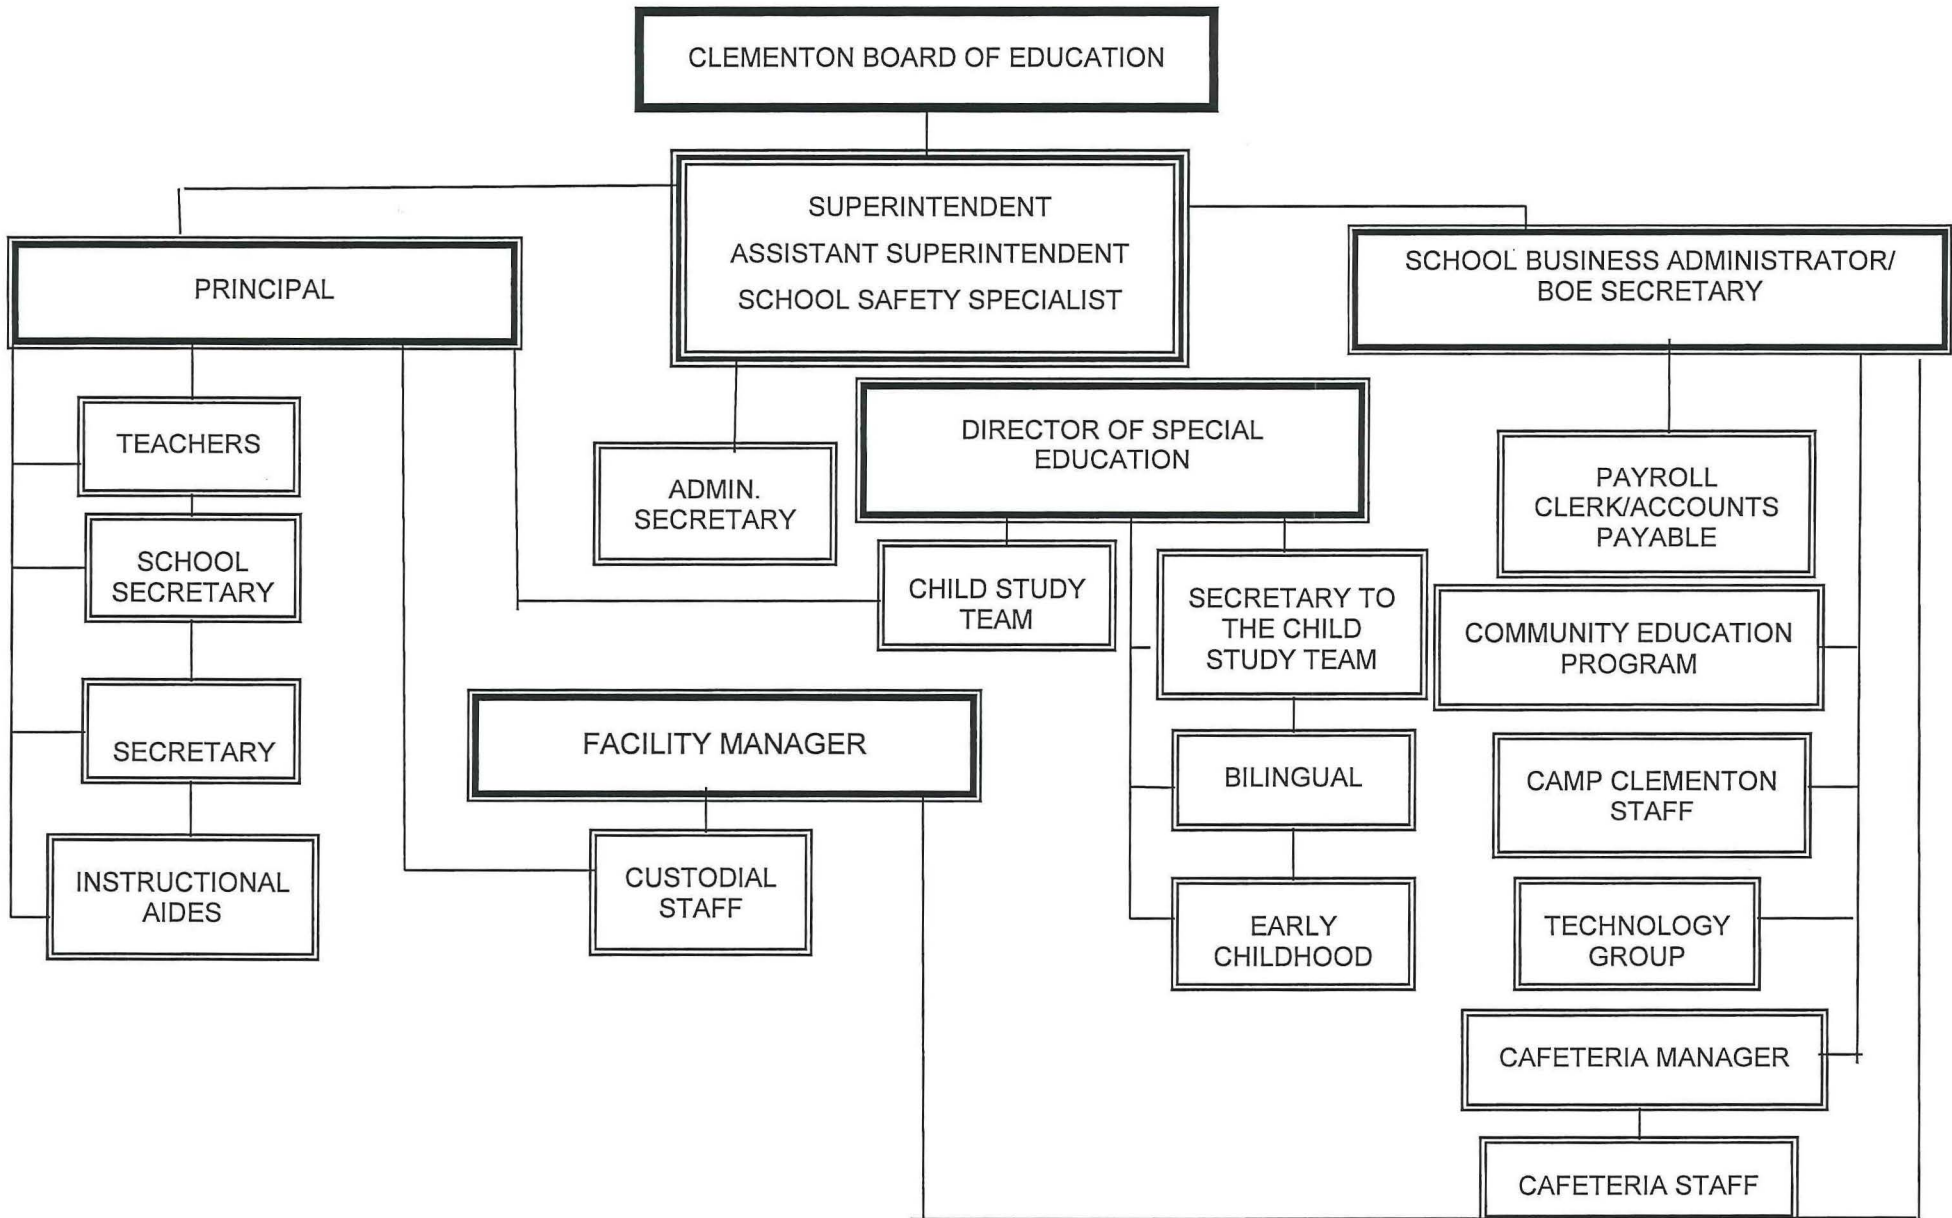

Kathleen Haines

## **INDEPENDENT AUDITOR'S REPORT**

The Honorable President and  
Members of the Board of Education  
Clementon School District  
Clementon, New Jersey 08021

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, and each major fund of the Clementon School District, in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Clementon School District, in the County of Camden, State of New Jersey, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the School District's proportionate share of the net pension liability, schedule of the School District's pension contributions, and schedule of changes in the School District's total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clementon School District's basic financial statements. The combining statements and related major fund supporting statements and schedules, are presented for purposes of additional analysis, as required by the Office of School Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, are also presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and related major fund supporting statements and schedules, and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Information**

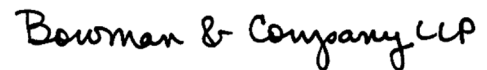

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

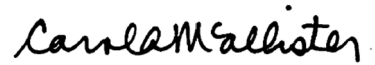

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 13, 2025 on our consideration of the Clementon School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clementon School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clementon School District's internal control over financial reporting and compliance.

**PART I**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**

**CLEMENTON SCHOOL DISTRICT**  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2024  
(Unaudited)

---

As management of the Clementon School District (hereafter referred to as the "School District"), we offer readers of the School District's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2024. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the information furnished in our letter of transmittal, notes to the basic financial statements, and financial statements to enhance their understanding of the School District's financial performance.

**FINANCIAL HIGHLIGHTS**

- The net position of the School District, which represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources, totaled \$11,757,639.85 at the close of the current fiscal year. Of this amount, \$11,205,859.92 represents net position of governmental activities and \$551,779.93 for business-type activities.
- As of the close of the current fiscal year, the School District's governmental funds reported combined ending fund balances of \$5,470,701.89, an increase of \$983,157.33, or twenty-nine percent (22%), in comparison with the prior fiscal year.
- At the end of the current fiscal year, unassigned fund balance for the general fund was a deficit of \$1,066,153.50, which represents a one-hundred sixty-four percent (164%) decrease from that of the prior fiscal year. Maintaining fund balance is vital for the School District's cash flow. Additional information as to the cause of this unassigned deficit fund balance can be found in note 17 to the financial statements.

**USING THIS ANNUAL COMPREHENSIVE FINANCIAL REPORT**

This annual comprehensive financial report consists of a series of financial statements. The statement of net position and the statement of activities provide information about the activities of the School District as a whole and present a longer-term view of the School District's finances. Fund financial statements for the governmental activities tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the School District's operations in more detail than the government-wide statements by providing information about the School District's most significant funds.

**Reporting the School District as a Whole**

One of the most important questions asked about the School District's finances is, "Is the School District as a whole better off or worse off as a result of the fiscal year's activities?". The statement of net position and the statement of activities report information about the School District as a whole and about its activities in a way that helps answer this question. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current fiscal year's revenues and expenses are taken into account regardless of when cash is received or paid.

**USING ANNUAL COMPREHENSIVE FINANCIAL REPORT (CONT'D)**

Reporting the School District as a Whole (Cont'd)

These two statements report the School District's net position and changes in it. You can think of the School District's net position - which represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources - as one way to measure the School District's financial health, or financial position. Over time, increases or decreases in the School District's net position is one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the School District's property tax base and the condition of the School District's capital assets, to assess the overall health of the School District.

In the statement of net position and the statement of activities, we divide the School District into two kinds of activities, those being governmental activities and business-type activities. In the governmental activities, this is where all of the School District's basic services are reported and are supported from property taxes and intergovernmental revenues. The business-type activities of the School District include a food service program and a Camp Clementon Community Education program and are supported from user fees and charges.

Reporting the School District's Most Significant Funds

The fund financial statements provide detailed information about the most significant funds, not the School District as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the School District can be divided into two categories: governmental funds and proprietary funds.

*Governmental funds* - governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and special revenue fund, which are considered to be major funds.

The School District adopts an annual budget for its general fund and special revenue fund. Budgetary comparison schedules have been provided to demonstrate compliance with these budgets.

**USING ANNUAL COMPREHENSIVE FINANCIAL REPORT (CONT'D)**

Reporting the School District's Most Significant Funds (Cont'd)

*Proprietary Funds* - The School District maintains one type of proprietary fund; that being an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The School District uses an enterprise fund to account for its food service and Camp Clementon Community Education programs.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the food service and Camp Clementon Community Education school programs, which are all considered to be major funds.

*Notes to the Financial Statements* - the notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**THE SCHOOL DISTRICT AS A WHOLE**

During fiscal year 2024, the School District's net position increased by \$2,847,882.02, increasing from \$8,909,757.83 in fiscal year 2023 to \$11,757,639.85 in fiscal year 2024. Our analysis that follows focuses on the net position (Table 1) and changes in net position (Table 2) of the School District's governmental-type activities and business-type activities.

In total, assets increased by \$2,769,192.13, deferred outflows of resources increased by \$56,123.00, liabilities increased by \$69,786.11, and deferred inflows of resources decreased by \$92,353.00. The decrease in deferred outflows of resources, was primarily attributable to the changes in the School District's pension liabilities (pensions - see note 8).

**THE SCHOOL DISTRICT AS A WHOLE (CONT'D)**

\$6,863,645.00 of the School District's total net position at the end of the current fiscal year reflects its net investment in capital assets (i.e., land, buildings, and equipment). This component represents capital assets, net of accumulated depreciation, and net of outstanding balances of borrowings used for the acquisition, construction, or improvements of those assets. The School District uses these assets to provide educational services to students; consequently, these assets are not available for future spending. Although the School District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from sources since the capital assets themselves cannot be used to liquidate these liabilities.

An additional component of the School District's net position in the amount of \$6,146,142.80 represents resources that are restricted. These amounts consist of amounts restricted for emergencies, maintenance, excess surplus, legal reserves, unemployment, and capital projects. Additional information on the School District's restricted net position can be found in note 18 in the notes to the financial statements.

The third and final component of net position is unrestricted. This component represents resources and uses that do not meet the criteria of the aforementioned two components of net position. At the end of the current fiscal year, the School District's unrestricted net position was in a deficit in the amount of \$1,252,147.95. The deficit is primarily due to the delay of the June state aid payments and the recording of long-term liabilities for compensated absences and net pension liability.

Such long-term liabilities are funded by the School District on a pay-as-you-go basis, meaning these liabilities are funded only to the extent that the current fiscal year's contractual obligations can be satisfied. See note 7 in the notes to the financial statements for further detail regarding long-term liabilities.

Table 2 illustrates the changes in net position of the School District's governmental-type activities and business-type activities.

During fiscal year 2024, the School District's total revenues increased by \$4,228,669.26, increasing from \$17,584,560.49 in fiscal year 2023 to \$21,813,229.75 in fiscal year 2024. The net change in total revenues is largely attributable to the following:

- Operating grants and contributions increased from fiscal year 2023 by \$1,887,191.77, 54.9%
- Capital grants and contributions increased from fiscal year 2023 by \$1,338,401.31, 889.4%

Property taxes constituted approximately twenty-one percent (21%) of total revenues for the School District for the fiscal year 2024. In addition, unrestricted federal and state aid constituted approximately forty-five percent (45%) of total revenues for the School District.

Lastly, charges for services, operating and capital grants and contributions, interest and investment earnings, and miscellaneous income constituted approximately thirty-five percent (35%) of total revenues for the School District.

During fiscal year 2024, the School District's total expenses increased by \$2,403,612.34, increasing from \$16,561,735.39 in fiscal year 2023 to \$18,965,347.73 in fiscal year 2024. The net increase is largely attributable to the following:

- an increase of costs for support services in the amount of \$1,628,638.43, or 15.1%, attributable to increases in tuition costs, student and instruction related services, employee benefits, and capital outlay.

**THE SCHOOL DISTRICT'S FUNDS**

**Governmental Funds**

As the School District completed the fiscal year, its governmental funds reported a combined fund balance of \$5,470,701.89, which is an increase over last fiscal year's total of \$983,157.33. Of the combined ending fund balances of \$5,470,701.89, the deficit unassigned fund balance was \$1,066,153.50 (see note 17 for cause of deficit). The remainder of fund balance is restricted / assigned to indicate that it is not available for new spending because it has already been assigned as follows: (1) restricted for capital reserve (\$3,685,382.05), (2) restricted for legal reserves (\$575,984.75), (3) restricted for emergency reserve (\$175,306.52), (4) restricted for maintenance reserve (\$523,690.60), (5) restricted for unemployment compensation (\$173,853.22), (6) restricted for excess surplus (\$1,000,000.00), (6) assigned to liquidate contracts and purchase orders of the prior period (\$258,059.59) and (7) assigned for subsequent year's expenditures (\$132,653.00).

**THE SCHOOL DISTRICT'S FUNDS (CONT'D)**

Governmental Funds (Cont'd)

*General fund* - The general fund is the general operating fund of the School District and is used to account for the inflows and outflows its of financial resources. The acquisition of certain capital assets, such as equipment, is accounted for in the general fund when it is responsible for the financing of such expenditures. At the end of the current fiscal year, unassigned fund balance of the general fund was in a deficit in the amount of \$1,066,153.50. As previously stated, the deficit is primarily due to the delay of the June state aid payments (see note 17 to the financial statements).

During the current fiscal year, the fund balance of the School District's general fund increased by \$985,399.94, or twenty-two percent (22%).

*Special revenue fund* - The special revenue fund is used to account for and report the proceeds of specific revenue sources, such as state or federal government grants, that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Total expenditures, resulting from these programs totaled \$3,946,787.45, which was an increase of \$1,879,037.06 compared to the expenditures of the previous fiscal year, which totaled \$2,067,750.39, which is mainly due to additional preschool education aid and education stabilization funds received.

Proprietary Funds (Enterprise Funds)

*Food service fund* - as the School District completed the fiscal year, the School District's total net position of the food service fund was \$274,980.33, which was comprised of \$109,794.04 of net investment in capital assets and \$165,186.29 of unrestricted net position.

During the current fiscal year, the net position of the School District's food service fund decreased by \$25,248.39, or eight percent (8.0%). The decrease in net position primarily resulted from the increase in operating expenses due to an increase in costs.

*Camp Clementon Community Education Fund* - as the School District completed the fiscal year, the School District's total net position of the Camp Clementon Community Education Fund was unrestricted in the amount of \$276,799.60, a decrease of \$4,225.68. The camp discontinued operations and the school district outsourced its before and after care beginning in fiscal year 2023, however, the community education program continues to operate.

**General Fund Budgetary Highlights**

The final budgetary basis revenue estimate was \$15,759,535.00, which was the same as the original budgeted estimate. Total budgeted revenues realized equaled \$18,998,700.65, which was \$3,239,165.65 in excess of the budget estimate. This excess was directly attributable to the School District's on-behalf T.P.A.F. pension contributions (normal cost, post-retirement medical, and long-term disability) and reimbursed T.P.A.F. social security contributions, which totaled \$2,046,544.00 and \$384,474.21, respectively.

The final budgetary basis expenditure appropriation estimate was \$17,306,727.80, which was the same as the original budgeted estimate. Actual expenditures and other financing uses incurred of \$17,812,656.21 were over the final budget estimate by \$505,928.41. This overall negative variance resulted mainly from monies budgeted for health benefits that were not expended netted with the School District's on-behalf T.P.A.F. pension contributions and reimbursed T.P.A.F. social security contributions discussed in the paragraph above.

**Special Revenue Fund Budgetary Highlights**

The final budgetary basis revenue estimate was \$4,315,508.19, which was an increase of \$146,435.99 from the original budgeted estimate mainly attributable to a transfer from the general fund for preschool education aid. Likewise, this was the same for the final budgetary basis appropriation estimate.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

The School District's net investment in capital assets for its governmental and business-type activities as of June 30, 2024 amounts to a historical cost of \$15,545,962.00 or \$6,863,645.00, net of accumulated depreciation (see Table 3). This net investment in capital assets includes land, construction in progress, land improvements, buildings and building improvements, and machinery and equipment. Net capital assets increased by \$1,912,745.20 in fiscal year 2024 from fiscal year 2023. The primary factors affecting the net change in net capital assets are as follows:

- current year depreciation expense was \$388,432.00 and \$5,304.00 for the governmental and business-type activities, respectively.

**Debt**

*General Serial Bonds.* At the end of the current fiscal year, the School District had no total bonded debt outstanding.

*Compensated Absences.* At the end of the current fiscal year, the liability for compensated absences was \$129,544.93. Compensated absences are those absences for which employees will be paid, such as sick leave. Additional information on compensated absences can be found in note 13 to the financial statements.

*Net Pension Liability.* At the end of the current fiscal year, the liability for pension was \$1,014,352.00. The School District's annual required contribution to the Public Employees' Retirement System are budgeted and paid on an annual basis. For additional details on the net pension liability, see note 8 to the financial statements.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

For the fiscal year 2024, the School District was able to sustain its budget through property taxes, federal and state sources, and other various revenue sources. Approximately twenty-one percent (21%) of total revenue is from property taxes, while forty-five percent (45%) of the School District's revenue is from federal, state, and local sources.

**CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT**

Reconciliation of the Statement of Revenues, Expenditures,  
and Changes in Fund Balances of Governmental Funds  
to the Statement of Activities  
For the Fiscal Year Ended June 30, 2024

---

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances - Governmental Funds	\$	983,157.33
--	----	------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.

Depreciation Expense	\$	(388,432.00)	
Capital Outlays		2,221,601.16	
			1,833,169.16

In the statement of activities, certain operating expenses, (e.g., compensated absences), are measured by the amounts incurred during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). This amount is the net effect of these differences in the treatment of these items.

2,583.60

Governmental funds report School District pension contributions as expenditures. However in the statement of activities, the cost of pension benefits earned is reported as pension expense. This is the amount by which pension benefits earned exceeded the School District's pension contributions in the current period.

Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Clementon School District (the "School District") have been prepared to conform with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant of these policies.

**Description of the Financial Reporting Entity**

The School District is a Type II district located in the County of Camden, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education (the "Board"). The Board is comprised of nine members elected to three-year terms. These terms are staggered so that three member's terms expire each year. The Superintendent is appointed by the Board to act as executive officer of the School District. The purpose of the School District is to educate students in grades Pre-K through 8 at its one school. The School District has an approximate enrollment at June 30, 2024 of 615.

The primary criterion for including activities within the School District's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board *Codification of Governmental Accounting and Financial Reporting Standards*, is the degree of oversight responsibility maintained by the School District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The financial statements include all funds of the School District over which the Board exercises operating control.

**Government-wide and Fund Financial Statements**

The School District's basic financial statements consist of government-wide statements, and fund financial statements which provide a more detailed level of financial information.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. It is the policy of the School District to not allocate indirect expenses to functions in the statement of activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes and other items not properly included among program revenues are reported instead as general revenues.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Government-wide and Fund Financial Statements (Cont'd)**

In regards to the fund financial statements, the School District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements report detailed information about the School District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a single column.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Property taxes are recognized as revenues in the year for which they are levied. The Camden County Board of Taxation is responsible for the assessment of properties, and the respective municipal tax collector is responsible for the collection of property taxes. Assessments are certified and property taxes are levied on January 1. Property tax payments are due February 1, May 1, August 1 and November 1. Unpaid property taxes are considered delinquent the following January 1 and are then subject to municipal lien. In accordance with New Jersey State Statute, the School District is entitled to receive moneys under an established payment schedule, and any unpaid amount is considered as an accounts receivable. The governing body of each municipality is required to pay over to the School District, within forty (40) days after the beginning of the school year, twenty percent (20%) of the moneys from school tax due. Thereafter, but prior to the last day of the school year, the municipality must pay the balance of moneys from school tax due for school purposes in such amounts as requested, with certain limitations, from time to time by the School District, within thirty days after each request.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are deemed both available and measurable. Available means when revenues are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal year. Measurable means that the amount of revenue can be determined. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, tuition, reimbursable-type grants, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the School District.

The School District reports the following major governmental funds:

**General Fund** - The general fund is the primary operating fund of the School District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the School District includes budgeted capital outlay in this fund. Accounting principles generally accepted in the United States of America, as they pertain to governmental entities, state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)**

The School District reports the following major governmental funds (cont'd):

**General Fund (Cont'd)** - Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid, ad valorem tax revenues, and appropriated fund balance. Expenditures are those which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to, or remodeling of buildings, and the purchase of built-in equipment.

**Special Revenue Fund** - The special revenue fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

**Capital Projects Fund** - The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets, other than those financed by proprietary funds. The financial resources are derived from New Jersey Economic Development Authority grants, temporary notes, serial bonds which are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election, or from the general fund by way of transfers from capital outlay or the capital reserve account.

Proprietary funds are used to account for the School District's ongoing organizations and activities, which are operated and financed in a manner similar to those found in the private sector. The measurement focus is upon the determination of net income. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All items not meeting this definition are reported as nonoperating revenues and expenses.

The School District reports the following major proprietary funds:

**Enterprise Funds**

**Food Service Fund** - This fund accounts for the financial transactions related to the food service operations of the School District.

**Camp Clementon Community Education Fund** - This fund accounts for the financial activity related to the providing of services for community education, activities and events.

As a rule, the effect of internal/interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Budgets / Budgetary Control**

Annual appropriated budgets are prepared in the spring of each fiscal year for the general and special revenue funds, and are submitted to the county office of education. In accordance with P.L. 2011, c. 202, the School District passed a resolution to move the school board election to the first Tuesday after the first Monday in November, starting in November of 2012, to be held simultaneously with the general election. As a result, a vote is not required on the School District's general fund tax levy for the budget year, other than the general fund tax levy required to support a proposal for additional funds, if any. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line-item accounts within each fund. Line-item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f)1. Transfers of appropriations may be made by school board resolution at any time during the fiscal year in accordance with N.J.A.C. 6A:23A-13.3.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only, and the special revenue fund. N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, school districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the budgetary basis. The budgetary basis differs from GAAP in that the budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on exhibit C-1 and exhibit C-2, includes all amendments to the adopted budget, if any.

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting, as presented in the general fund budgetary comparison schedule and the special revenue fund budgetary comparison schedule, to the GAAP basis of accounting as presented in the statement of revenues, expenditures and changes in fund balances - governmental funds. Note that the School District does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows the modified accrual basis of accounting, with the exception of the aforementioned revenue recognition policy for the one or more June state aid payments.

**Encumbrances**

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded to assign a portion of the applicable appropriation, is utilized for budgetary control purposes. Encumbrances are a component of fund balance at fiscal year-end as they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services. Open encumbrances in the governmental funds, other than the special revenue fund, which have not been previously restricted, committed, or assigned, should be included within committed or assigned fund balance, as appropriate.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Encumbrances (Cont'd)**

Open encumbrances in the special revenue fund, however, for which the School District has received advances of grant awards, are reflected on the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

**Cash, Cash Equivalents and Investments**

Cash and cash equivalents, for all funds, include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows for the proprietary funds. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions in which they may invest. N.J.S.A. 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

**Inventories**

Inventories are valued at cost, which approximates market. The costs are determined on a first-in, first-out method.

The cost of inventories in the governmental fund financial statements is recorded as expenditures when purchased rather than when consumed.

Inventories recorded on the government-wide financial statements and in the proprietary fund types are recorded as expenses when consumed rather than when purchased.

**Tuition Receivable**

Tuition charges were established by the School District based on estimated costs. The charges are subject to adjustment when the final costs are determined.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Lease Receivable**

Lease receivables recorded on the government-wide financial statement, in the governmental funds, and in the proprietary fund types represents a contract that conveys control of the right to use the School District's (lessor) nonfinancial asset. At the commencement of the lease term, the lessor recognizes a lease receivable and a deferred inflow of resources. The lease receivable is measured at the present value of lease payments expected to be received during the lease term. The School District was not a lessor during the fiscal year ended June 30, 2024.

**Prepaid Expenses**

Prepaid expenses recorded on the government-wide financial statements and in the proprietary fund types represent payments made to vendors for services that will benefit periods beyond June 30, 2024. The School District had no prepaid expenses for the fiscal year ended June 30, 2024.

In the governmental fund financial statements, however, payments for prepaid items are fully recognized as expenditures in the fiscal year of payment. No asset for the prepayment is created, and no expenditure allocation to future accounting periods is required (*non-allocation method*). This is consistent with the basic governmental concept that only expendable financial resources are reported by a specific fund.

**Short-Term Interfund Receivables / Payables**

Short-term interfund receivables / payables (internal balances) represent amounts that are owed, other than charges for goods or services rendered to / from a particular fund within the School District, and that are due within one year. Such balances are eliminated in the statement of net position to minimize the grossing up of internal balances, thus leaving a net amount due between the governmental and business-type activities that are eliminated in the total government column.

**Capital Assets**

Capital assets represent the cumulative amount of capital assets used by the School District. Purchased capital assets are recorded as expenditures in the governmental fund financial statements and are capitalized at cost on the government-wide statement of net position and proprietary fund statement of net position. Intangible right to use assets (lease and subscription assets) are recorded as expenditures in the governmental fund financial statements. Lease assets are measured on the government-wide statement of net position and proprietary fund statement of net position at the amount of the initial measurement of the related lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. Subscription assets are recorded as expenditures in the governmental fund financial statements. Subscription assets are measured on the government-wide statement of net position and proprietary fund statement of net position at the amount of the initial measurement of the related subscription liability, plus any payments associated with the arrangement made to the vendor at the commencement of the subscription term and capitalizable initial implementation costs. In the case of gifts or contributions, such capital assets are recorded at acquisition value at the time received.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Capital Assets (Cont'd)**

The School District's capitalization threshold is \$2,000.00. Other costs incurred for repairs and maintenance are expensed as incurred. All reported capital assets, except land and construction in progress, are depreciated using the straight-line method over the useful life of the assets. Lease and subscription assets are amortized in a systematic and rational manner over the shorter of the lease and subscription term or the useful life of the underlying assets. The useful lives of the School District's capital assets are as follows:

<b><u>Description</u></b>	<b><u>Estimated Lives</u></b>
Land Improvements	15 - 30 Years
Buildings and Improvements	5 - 50 Years
Machinery and Equipment	5 - 25 Years

The School District does not possess any infrastructure assets.

**Deferred Outflows of Resources and Deferred Inflows of Resources**

The statement of net position and the balance sheet for governmental funds reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The School District is required to report the following as deferred outflows of resources and deferred inflows of resources: defined benefit pension plans.

**Tuition Payable**

Tuition charges for the fiscal years ended June 30, 2024 and 2023 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

**Unearned Revenue**

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measurable and the School District is eligible to realize the revenue.

**Accrued Salaries and Wages**

Certain School District employees who provide services to the School District over the ten-month academic year have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Compensated Absences**

Compensated absences are payments to employees for accumulated time such as paid vacation, paid holidays, sick pay, and sabbatical leave. A liability for compensated absences that is attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the School District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the School District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The School District uses the vesting method to calculate the compensated absences amount. The entire compensated absence liability, including the employer's share of applicable taxes, is reported on the government-wide financial statements. The portion related to employees in the proprietary funds is recorded at the fund level. The current portion is the amount estimated to be used in the following fiscal year. Expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of employee resignations and retirements. Compensated absences not recorded at the fund level represent a reconciling item between the fund level and government-wide presentations.

**Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner, and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources. Bonds are recognized as a liability on the governmental fund financial statements when due.

**Net Position**

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

***Net Investment in Capital Assets*** - This component represents capital assets, net of accumulated depreciation or amortization of intangible capital assets, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

***Restricted*** - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

***Unrestricted*** - Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Fund Balance**

The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

***Nonspendable*** - The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

***Restricted*** - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

***Committed*** - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

***Assigned*** - The assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Education or by the business administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Education.

***Unassigned*** - The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the School District to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the School District to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

**Interfund Activity**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures / expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources / uses in governmental funds and after non-operating revenues / expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures / expenses to the funds that initially paid for them are not presented on the financial statements.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Impact of Recently Issued Accounting Principles****Recently Issued Accounting Pronouncements**

The GASB has issued the following Statement that will become effective for the School District for fiscal year ending June 30, 2025:

Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the School District.

**Note 2: CASH AND CASH EQUIVALENTS**

**Custodial Credit Risk Related to Deposits** - Custodial credit risk is the risk that, in the event of a bank failure, the School District's deposits might not be recovered. Although the School District does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the School District in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, and student activity funds, or funds that may pass to the School District relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of June 30, 2024, the School District's bank balances of \$6,025,108.65 were exposed to custodial credit risk as follows:

Insured by FDIC and GUDPA	<u>\$ 6,025,108.65</u>
---------------------------	------------------------

**Note 3: CAPITAL RESERVE ACCOUNT**

A capital reserve account was established by the School District for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the School District's approved Long Range Facilities Plan ("LRFP"). Upon submission of the LRFP to the Department, a school district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at fiscal year-end (June 1 to June 30) of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A school district may also appropriate additional amounts when the express approval of the voters has been obtained by either a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

**Note 3: CAPITAL RESERVE ACCOUNT (CONT'D)**

The activity of the capital reserve for the fiscal year is as follows:

Beginning Balance, July 1, 2023	\$ 907,726.15
Increased by:	
Interest Earnings	\$ 2,655.69
Deposits:	
Board Resolution, June 20, 2024	<u>2,775,000.21</u>
	<u>2,777,655.90</u>
Ending Balance, June 30, 2024	<u>\$ 3,685,382.05</u>

The June 30, 2024 LRFP balance of local support costs of uncompleted projects at June 30, 2024 is \$33,136,697.00.

**Note 4: ACCOUNTS RECEIVABLE**

Accounts receivable at June 30, 2024 consisted of accounts (fees for services), taxes and intergovernmental awards / grants. All receivables are considered collectible in full due to the stable condition of federal and state programs, the current fiscal year guarantee of federal funds, and the regulated budgetary control of governmental entities in New Jersey.

Accounts receivable as of fiscal year end for the School District's individual major funds, in the aggregate, are as follows:

<u>Description</u>	<u>Governmental Funds</u>		<u>Proprietary Funds</u>			<u>Total</u>
	<u>General Fund</u>	<u>Special Revenue Fund</u>	<u>Total Governmental Activities</u>	<u>Food Service Fund</u>	<u>Total Business-Type Activities</u>

**Note 5: INVENTORY**

Inventory recorded at June 30, 2024 in business-type activities on the government-wide statement of net position, and on the food service enterprise fund statement of net position, consisted of the following:

Food	\$ 839.15
Supplies	1,831.91
Commodities	<u>4,189.40</u>
	<u>\$ 6,860.46</u>

**Note 6: CAPITAL ASSETS**

Capital asset activity for the fiscal year ended June 30, 2024 is as follows:

The compensated absences and net pension liability are liquidated by the general fund.

**Bonds Authorized but not Issued** - As of June 30, 2024, the School District had no authorizations to issue additional bonded debt.

**Compensated Absences** - As previously stated, compensated absences will be paid from the fund from which the employees' salaries are paid, which is the general fund. Refer to note 13 for a description of the School District's policy.

**Net Pension Liability** - For details on the net pension liability, refer to note 8. The School District's annual required contribution to the Public Employees' Retirement System is budgeted and paid from the general fund on an annual basis.

**Note 8: PENSION PLANS**

A substantial number of the School District's employees participate in one of the following defined benefit pension plans: the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), which are administered by the New Jersey Division of Pensions and Benefits (the "Division"). In addition, several School District employees participate in the Defined Contribution Retirement Program, which is a defined contribution pension plan. The DCRP is administered by Empower (formerly Prudential Financial).

Each of the aforementioned plans have a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements, required supplementary information, and detailed information about the PERS and TPAF plans' fiduciary net position that can be obtained by writing to or at the following website:

**General Information about the Pension Plans****Plan Descriptions**

**Teachers' Pension and Annuity Fund** - The Teachers' Pension and Annuity Fund is a cost-sharing multiple-employer defined benefit pension plan, with a special funding situation, which was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66. The State of New Jersey ("State") is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. The TPAF's designated purpose is to provide retirement, death, and disability benefits to certain qualified members. Membership in the TPAF is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, who have titles that are unclassified, professional and certified. The TPAF Board of Trustees is primarily responsible for the administration of the Plan.

**Public Employees' Retirement System** - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan that was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, and disability benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the School District, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

**Note 8: PENSION PLANS (CONT'D)****General Information about the Pension Plans (Cont'd)****Plan Descriptions (Cont'd)**

**Defined Contribution Retirement Program** - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of P.L. 2007, c. 92 and P.L. 2007, c. 103, and expanded under the provisions of P.L. 2008, c. 89 and P.L. 2010, c. 1. The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are state or local officials who are elected or appointed on or after July 1, 2007; employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

**Vesting and Benefit Provisions**

**Teachers' Pension and Annuity Fund** - The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

**Tier Definition**

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
- 4 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 before age 65 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Note 8: PENSION PLANS (CONT'D)****General Information About the Pension Plans (Cont'd)****Vesting and Benefit Provisions (Cont'd)**

**Public Employees' Retirement System** - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service.

The membership tiers for PERS are the same as previously noted for TPAF.

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Defined Contribution Retirement Program** - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

**Contributions**

**Teachers' Pension and Annuity Fund** - The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2023. The State's contribution is based on an actuarially determined amount, which includes the normal cost and an amortization of the unfunded accrued liability. For fiscal year 2023, the State's pension contribution was more than the actuarial determined amount.

Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the School District and all other related non-contributing employers. No normal or accrued liability contribution by the School District has been required over several preceding fiscal years. These on-behalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, *Accounting and Financial Reporting for Pensions*.

The School District's contractually required contribution rate for the fiscal year ended June 30, 2024 was 28.68% of the School District's covered payroll, of which 0.00% of payroll was required from the School District and 100.00% of payroll was required from the State of New Jersey. The School District was not required to contribute to the pension plan during the fiscal year ended June 30, 2024 because of the 100.00% special funding situation with the State of New Jersey.

**Note 8: PENSION PLANS (CONT'D)****General Information About the Pension Plans (Cont'd)****Contributions (Cont'd)**

**Teachers' Pension and Annuity Fund (Cont'd)** - Based on the most recent TPAF measurement date of June 30, 2023, the State's contractually required contribution, on-behalf of the School District, to the pension plan for the fiscal year ended June 30, 2024 was \$1,479,060.00, and was paid by April 1, 2024. School District employee contributions to the Plan during the fiscal year ended June 30, 2024 were \$396,512.77.

**Public Employees' Retirement System** - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2023. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and an amortization of the unfunded accrued liability.

*Special Funding Situation Component* - Under N.J.S.A. 43:15A, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. One of such legislations, which legally obligate the State, is Chapter 133, P.L. 2001. This legislation increased the accrual rate from 1/60 to 1/55. In addition, it lowered the age required for a veteran benefit equal to 1/55 of highest 12-month compensation for each year of service from 60 to 55. Chapter 133, P.L. 2001 also established the Benefit Enhancement Fund (BEF) to fund the additional annual employer normal contribution due to the State's increased benefits. If the assets in the BEF are insufficient to cover the normal contribution for the increased benefits for a valuation period, the State will pay such amount for both the State and local employers. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a *special funding situation* as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

The School District's contractually required contribution rate for the fiscal year ended June 30, 2024 was 15.28% of the School District's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2023, the School District's contractually required contribution to the pension plan for the fiscal year ended June 30, 2024 was \$93,598.00, and was paid by April 1, 2024. School District employee contributions to the Plan during the fiscal year ended June 30, 2024 were \$55,763.38.

The amount of contractually required contribution for the State of New Jersey's proportionate share, associated with the School District, under Chapter 133, P.L. 2001, for the fiscal year ended June 30, 2024 was .44% of the School District's covered payroll.

Based on the most recent PERS measurement date of June 30, 2023, the State's contractually required contribution, under Chapter 133, P.L. 2001, on-behalf of the School District, to the pension plan for the fiscal year ended June 30, 2024 was \$3,163.00. For the prior year measurement date of June 30, 2022, the State's contractually required contribution, under Chapter 133, P.L. 2001, on-behalf of the School District, to the pension plan for the year ended June 30, 2023 was \$1,977.00.

**Note 8: PENSION PLANS (CONT'D)****General Information About the Pension Plans (Cont'd)****Contributions (Cont'd)**

**Defined Contribution Retirement Program** - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with P.L. 2007, C. 92, and P.L. 2007, C. 103, Plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the School District contributes 3% of the employees' base salary, for each pay period.

For the fiscal year ended June 30, 2024, employee contributions totaled \$8,486.51, and the School District recognized pension expense, which equaled the required contributions, of \$4,629.01. There were no forfeitures during the fiscal year.

**Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions****Teachers' Pension and Annuity Fund**

**Pension Liability** - At June 30, 2024, the School District was not required to report a liability for its proportionate share of the net pension liability for TPAF because of the 100% special funding situation by the State of New Jersey.

The State's proportionate share of net pension liability, however, attributable to the School District is as follows:

Proportionate Share of Net Pension Liability	\$ -
State of New Jersey's Proportionate Share of Net Pension Liability associated with the Employer	18,115,456.00
	<u>\$ 18,115,456.00</u>

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The total pension liability was calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2023. For the June 30, 2023 measurement date, the School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. At the June 30, 2023 measurement date, the School District proportion was 0.00% due to the 100% special funding situation with the State of New Jersey; however, the State's proportionate share of the TPAF net pension liability associated with the School District was .0354977637%, which was an increase of .0038938207% from its proportion measured as of June 30, 2022.

**Pension (Benefit) Expense** - For the fiscal year ended June 30, 2024, the State's proportionate share of the pension (benefit) expense, associated with the School District, calculated by the Plan as of June 30, 2023 measurement date, was \$445,044.00. This on-behalf expense has been recognized by the School District in the government-wide financial statements.

**Note 8: PENSION PLANS (CONT'D)****Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)****Public Employees' Retirement System**

**Pension Liability** - At June 30, 2024, there is no net pension liability associated with the special funding situation under Chapter 133, P.L. 2001, as there was no accumulated difference between the annual additional normal cost and the actual State contribution through the valuation date. The School District reported a liability of \$1,014,352.00 for its proportionate share of the net pension liability for PERS. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The total pension liability was calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2023. The School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2023 measurement date, the School District's proportion was .0070030745%, which was an increase of .0007756352% from its proportion measured as of June 30, 2022.

**Pension (Benefit) Expense** - For the fiscal year ended June 30, 2024, the School District recognized pension (benefit) expense of \$35,152.00, in the government-wide financial statements. This pension expense was based on the pension plan's June 30, 2023 measurement date.

For the fiscal year ended June 30, 2024, the State's proportionate share of the pension (benefit) expense, associated with the School District, under Chapter 133, P.L. 2001, calculated by the Plan as of June 30, 2023 measurement date, was \$3,163.00. This on-behalf expense has been recognized by the School District in the government-wide financial statements.

**Deferred Outflows and Inflows of Resources** - At June 30, 2024, the School District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<b><u>Deferred Outflows of Resources</u></b>	<b><u>Deferred Inflows Resources</u></b>
Differences between Expected and Actual Experience	\$ 9,699.00	\$ 4,146.00

**Note 8: PENSION PLANS (CONT'D)****Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)****Public Employees' Retirement System (Cont'd)**

**Deferred Outflows and Inflows of Resources (Cont'd)** - Deferred outflows of resources in the amount of \$109,082.00 will be included as a reduction of the net pension liability in the subsequent fiscal year, June 30, 2025. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Fiscal Year Ending June 30,</b>

The net pension liabilities were measured as of June 30, 2023 and the total pension liabilities used to calculate the net pension liability were determined by an actuarial valuation as of July 1, 2022. The total pension liabilities were calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2023. The actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<u>TPAF</u>	<u>PERS</u>
Inflation Rate:		
Price	2.75%	2.75%
Wage	3.25%	3.25%
Salary Increases:	2.75% - 4.25%	2.75% - 6.55%

Assumptions were Based	July 1, 2018 - June 30, 2021	July 1, 2018 - June 30, 2021

For TPAF, pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

For PERS, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

**Note 8: PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)**

For TPAF and PERS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at the June 30, 2023 measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic rates of return for each major asset class included in TPAF's and PERS' target asset allocation as of the June 30, 2023 measurement date are summarized in the following table:

<b><u>Asset Class</u></b>	<b><u>Target Allocation</u></b>	<b><u>Long-Term Expected Real Rate of Return</u></b>
U.S. Equity	28.00%	8.98%
Non-US Developed Markets Equity	12.75%	9.22%

**Discount Rate -**

**Teachers' Pension and Annuity Fund** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers would be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to projected benefit payments in determining the total pension liability.

**Note 8: PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)****Discount Rate (Cont'd) -**

**Public Employees' Retirement System** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity would be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments in determining the total pension liability.

**Sensitivity of Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

**Teachers' Pension and Annuity Fund (TPAF)** - As previously mentioned TPAF has a special funding situation where the State pays 100% of the School District's annual required contribution. As such, the proportionate share of the net pension liability as of June 30, 2023, the Plan's measurement date, attributable to the School District is \$0.00. The following, however, presents the net pension liability of the State as of June 30, 2023 (Plan's measurement date), attributable to the School District, calculated using the discount rate of 7.00% as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

	<b>1% Decrease (6.00%)</b>	<b>Current Discount Rate (7.00%)</b>	<b>1% Increase (8.00%)</b>
Proportionate Share of the Net Pension Liability	\$ -	\$ -	\$ -
State of New Jersey's Proportionate Share of Net Pension Liability associated with the Employer	<u>21,361,410.00</u>	<u>18,115,456.00</u>	<u>15,381,591.00</u>
	<u>\$ 21,361,410.00</u>	<u>\$ 18,115,456.00</u>	<u>\$ 15,381,591.00</u>

**Public Employees' Retirement System (PERS)** - The following presents the School District's proportionate share of the net pension liability at June 30, 2023, the Plan's measurement date, calculated using a discount rate of 7.00%, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	<b>1% Decrease (6.00%)</b>	<b>Current Discount Rate (7.00%)</b>	<b>1% Increase (8.00%)</b>
Proportionate Share of the Net Pension Liability	<u>\$ 1,320,470.00</u>	<u>\$ 1,014,352.00</u>	<u>\$ 753,804.00</u>

**Note 8: PENSION PLANS (CONT'D)****Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the TPAF and PERS and additions to/deductions from TPAF and PERS' respective fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)****STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN****General Information about the OPEB Plan**

**Plan Description and Benefits Provided** - The State Health Benefit Local Education Retired Employees Plan (the "OPEB Plan") is a multiple-employer defined benefit OPEB plan, with a special funding situation, that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75 - *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions*. The OPEB Plan is administered by the State of New Jersey Division of Pensions and Benefits (the "Division") and is part of the New Jersey State Health Benefits Program (SHBP). The Division issues a publicly available financial report that includes financial statements and required supplementary information which can be obtained by writing to or at the following website:

State of New Jersey  
Division of Pensions and Benefits  
P.O. Box 295  
Trenton, New Jersey 08625-0295  
<https://www.nj.gov/treasury/pensions/financial-reports.shtml>

The OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

**Contributions** - The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey (the "State") in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)****STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****General Information about the OPEB Plan (Cont'd)**

**Employees Covered by Benefit Terms** - At June 30, 2023, the OPEB Plan's measurement date, the entire State Health Benefit Local Education Retired Employees OPEB Plan consisted of the following members.

Active Plan Members	217,212
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	152,383
Inactive Plan Members Entitled to but Not Yet Receiving Benefit Payments	-
	<u>369,595</u>

**Total Non-Employer OPEB Liability**

The State of New Jersey, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to the OPEB Plan for qualified retired TPAF, PERS, PFRS and ABP pension participants. The School District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the School District did not recognize any portion of the collective net OPEB liability on the statement of net position.

The State's proportionate share of the net OPEB liability associated with the School District as of June 30, 2024 was \$20,831,023.00. Since the OPEB liability associated with the School District is 100% attributable to the State, the OPEB liability will be referred to as the total non-employer OPEB liability.

The total non-employer OPEB liability was measured as of June 30, 2023, and was determined by an actuarial valuation as of June 30, 2022, which was rolled forward to June 30, 2023. For the June 30, 2023 measurement date, the State's proportionate share of the non-employer OPEB liability associated with the School District was .0397829628%, which was a decrease of .0003789376% from its proportion measured as of June 30, 2022.

**Actuarial Assumptions and Other Inputs** - The actuarial assumptions and other inputs vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2022, which was rolled forward to June 30, 2023, used the following actuarial assumptions, applied to all periods in the measurement:

**Salary Increases -**

	<u>TPAF/ABP</u> *	<u>PERS</u> *	<u>PFRS</u> *
Salary Increases	2.75% to 4.25%	2.75% to 6.55%	3.25% to 16.25%

\* based on service years

**Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)****STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability (Cont'd)****Actuarial Assumptions and Other Inputs (Cont'd) -**

**Mortality Rates** - Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees was based on the Pub-2010 "Safety" (PFRS), "General" (PERS), and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

**Experience Studies** - The actuarial assumptions used in the June 30, 2022 valuation, which was rolled forward to June 30, 2023, were based on the results of actuarial experience studies for the periods July 1, 2018 to June 30, 2021 for TPAF, PERS, and PFRS.

**Health Care Trend Assumptions** - For pre-Medicare medical benefits, the trend rate is initially 6.50% and decreases to a 4.50% long-term trend rate after nine years. For post-65 medical benefits PPO, the trend is increasing to 14.80% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For HMO the trend is increasing to 17.40% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 9.50% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

**Discount Rate** - The discount rate for June 30, 2023 measurement date was 3.65%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

**Changes in the Total Non-Employer OPEB Liability**

The below table summarizes the State's proportionate share of the change in the total non-employer OPEB liability associated with the School District:

Balance at June 30, 2023		\$ 20,340,582.00
Changes for the Year:		
Service Cost	\$ 797,270.00	
Interest Cost	733,643.00

Difference between Expected and Actual Experience	(529,373.00)	
Changes in Assumptions	41,987.00	
Member Contributions	18,801.00	
Gross Benefit Payments	(571,887.00)	
Net Changes		<u>490,441.00</u>
Balance at June 30, 2024		<u>\$ 20,831,023.00</u>

**Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)****STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Changes in the Total Non-Employer OPEB Liability (Cont'd)**

Differences between expected and actual experience reflect a decrease in liability for the measurement period from June 30, 2022 to June 30, 2023 due to changes in the census and premium and claims experience.

Changes in assumptions reflect an increase in the liability for the measurement period from June 30, 2022 to June 30, 2023 due to the combined effect of the discount rate change; and changes in the trend update.

**Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Discount Rate** - The State's proportionate share of the total non-employer OPEB liability as of June 30, 2023, associated with the School District, using a discount rate of 3.65%, as well as using a discount rate that is 1% lower or 1% higher than the current rate used is as follows:

	<b>1% Decrease (2.65%)</b>	<b>Current Discount Rate (3.65%)</b>	<b>1% Increase (4.65%)</b>
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the Employer	<u>\$ 24,420,798.00</u>	<u>\$ 20,831,023.00</u>	<u>\$ 17,948,850.00</u>

**Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Healthcare Cost Trend Rates** - The State's proportionate share of the total non-employer OPEB liability as of June 30, 2023, associated with the School District, using a healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rate used is as follows:

	<b>1% Decrease</b>	<b>Healthcare Cost Trend Rates</b>	<b>1% Increase</b>
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the Employer	<u>\$ 17,292,961.00</u>	<u>\$ 20,831,023.00</u>	<u>\$ 25,460,587.00</u>

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Total Non-Employer OPEB Liability**

**OPEB Expense** - For the fiscal year ended June 30, 2024, the School District recognized \$235,222.00 in OPEB expense and revenue, in the government-wide financial statements, for the State's proportionate share of the OPEB Plan's OPEB expense, associated with the School District. This expense and revenue was based on the OPEB Plan's June 30, 2023 measurement date.

**Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)****STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Total Non-Employer OPEB Liability (Cont'd)**

**Deferred Outflows and Inflows of Resources** - In accordance with GASBS No. 75, the School District's proportionate share of the OPEB liability is zero. As such, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources by the School District; however, at June 30, 2024, the State's proportionate share of the total non-employer OPEB liability's deferred outflows of resources and deferred inflows of resources, associated with School District, from the following sources are as follows:

	<b><u>Deferred Outflows of Resources</u></b>	<b><u>Deferred Inflows of Resources</u></b>
Difference between Expected and Actual Experience	\$ 3,039,306.00	\$ 5,486,684.00

	<u><u>\$ 6,446,077.00</u></u>	<u><u>\$ 12,820,343.00</u></u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the State's proportionate share of the total non-employer OPEB liability, associated with the School District, will be recognized in OPEB expense as follows:

**Fiscal  
Year Ending  
June 30,**

2025	\$ (1,253,404.00)
2026	(1,253,404.00)

2029	(230,552.00)
Thereafter	<u>(1,729,205.00)</u>
	<u><u>\$ (6,374,266.00)</u></u>

**Note 10: ON-BEHALF PAYMENTS**

For the fiscal year ended June 30, 2024, the School District has recognized as revenues and expenditures on-behalf payments made by the State for normal costs and post-retirement medical costs related to TPAF, in the fund financial statements. The amounts recognized as revenues and expenditures in the fund financial statements for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance were \$1,589,888.00, \$18,132.00, \$437,644.00, and \$880.00, respectively.

**Note 11: RISK MANAGEMENT**

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**New Jersey Unemployment Compensation Insurance** - The School District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the School District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The School District is billed quarterly for amounts due to the State.

The following is a summary of the activity of the School District's unemployment claims for the current and previous two fiscal years:

<u>Fiscal Year Ended June 30.</u>	<u>School District Contributions</u>	<u>Employee Contributions</u>	<u>Interest Income</u>	<u>Claims Incurred</u>	<u>Ending Balance</u>	
					<u>Claims Payable</u>	<u>Restricted Fund Balance</u>
2024	\$ -	\$ 11,956.71	\$ 5,331.54	\$ 14,673.65	\$ 4,832.00	\$173,853.22

2022	-	9,216.85	199.25	145.50	16,626.11	144,455.99

**Joint Insurance Fund** - The School District is a member of the Burlington County Municipal Joint Insurance Fund. The Fund provides its members with the following coverage:

Building and Contents  
General and Automobile Liability  
Workers' Compensation  
Boiler and Machinery  
Blanket Crime including Public Employee Dishonesty  
Educators Legal Liability  
Pollution Liability  
Cyber Liability  
Crisis Protection & Disaster Management Services

The following coverages are provided to the Fund's member local units by their membership in the School Pool for Excess Liability Limits Joint Insurance Fund (SPELL JIF):

Excess Property and Crime  
Excess General Liability and Automobile Liability  
Excess Workers' Compensation  
Excess Educators Legal Liability

Contributions to the Fund, including a reserve for contingencies, are payable in two installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Banking and Insurance may order additional assessments to supplement the Fund's claim, loss retention, or administrative accounts to assure the payment of the Fund's obligations.

**Note 11: RISK MANAGEMENT (CONT'D)**

The School District's agreement with the Fund provides that the Fund will be self-sustaining through member premiums and will reinsure through the School Pool for Excess Liability Limits Joint Insurance Fund, which is an insurance pool formed by all the other joint insurance funds.

For more information regarding claims, coverages and deductibles, the Fund publishes its own financial report that can be obtained from:

Burlington County Municipal Joint Insurance Fund  
6000 Sagemore Drive, Suite 6203  
Marlton, New Jersey 08053

**Note 12: DEFERRED COMPENSATION**

The School District offers its employees a choice of four deferred compensation plans created in accordance with Internal Revenue Code Sections 403(b) and 457. The plans permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. The plan administrator is The Omni Financial Group.

**Note 13: COMPENSATED ABSENCES**

The School District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16, *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

School District employees are granted varying amounts of vacation and sick leave in accordance with the School District's personnel policy. The School District's policy permits employees to accumulated unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the School District for the unused sick leave in accordance with the School District's agreements with the various employee unions.

The liability for vested compensated absences is recorded within those funds as the benefits accrue to employees. At June 30, 2024, the liability for compensated absences reported on the government-wide statement of net position was \$129,544.93. At June 30, 2024, no liability existed for compensated absences in the proprietary fund.

**Note 14: INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

**Interfunds** - The composition of interfund balances as of June 30, 2024 is as follows:

<b><u>Fund</u></b>	<b><u>Interfunds Receivable</u></b>	<b><u>Interfunds Payable</u></b>
General	\$ 39,014.15	\$ 172,092.95
Special Revenue		39,014.15
Enterprise	<u>194,710.59</u>	<u>22,617.64</u>
Totals	<u>\$ 233,724.74</u>	<u>\$ 233,724.74</u>

**Note 14: INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (CONT'D)**

The interfund receivables and payables above predominately resulted from payments made by certain funds on behalf of other funds. During the fiscal year 2025, the School District expects to liquidate such interfunds, depending upon the availability of cash flow.

**Transfers -**

	<b><u>Transfer In:</u></b>
	<b>Special Revenue Fund</b>
<b><u>Transfer Out:</u></b>	
General Fund	<u>\$ 71,975.00</u>

During the fiscal year ended June 30, 2024, the General Fund transferred \$71,975.00 to the Special Revenue Fund for the local share of Preschool Education Aid.

**Note 15: CONTINGENCIES**

**Grantor Agencies** - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the School District expects such amount, if any, to be immaterial.

**Litigation** - The School District is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the School District, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

**Note 16: CONCENTRATIONS**

The School District depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the School District is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

**Note 17: DEFICIT FUND BALANCES**

The School District has a deficit fund balance of (\$1,066,153.50) in the general fund as of June 30, 2024 as reported in the fund statements (modified accrual basis). N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, school districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The statute provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the June state aid payments in the subsequent fiscal year, the School District cannot recognize the June state aid payment on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the June state aid payments, the general fund balance deficit does not alone indicate that the School District is facing financial difficulties.

**Note 17: DEFICIT FUND BALANCES (CONT'D)**

Pursuant to N.J.S.A. 18A:22-44.2 any negative unassigned general fund balance that is reported as a direct result from a delay in the June payments of state aid until the following fiscal year, is not considered in violation of New Jersey statute and regulation nor in need of corrective action. The School District deficit in the GAAP funds statements of (\$1,066,153.50) is less than the June state aid payments.

**Note 18: FUND BALANCES****RESTRICTED**

As stated in note 1, the restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources by either of the following: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation. Specific restrictions of the School District's fund balance are summarized as follows:

**General Fund**

**For Capital Reserve Account** - As of June 30, 2024, the balance in the capital reserve account is \$3,685,382.05. These funds are restricted for future capital outlay expenditures for capital projects in the School District's approved Long Range Facilities Plan (LRFP).

**For Emergency Reserve** - As of June 30, 2024, the balance in the emergency reserve is \$175,306.52. These funds are restricted for the purpose of financing unanticipated general fund expenditures required for a thorough and efficient education in accordance with N.J.S.A. 18A:7F-41c(1). The balance of the restricted fund balance is not permitted to exceed \$250,000.00, or one percent (1%) of the School District's general fund budget up to a maximum of \$1,000,000.00, whichever is greater. Deposits may be made to the emergency reserve account at budget time, or by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation, or both. Withdrawals from the emergency reserve require approval by the Commissioner.

**For Maintenance Reserve Account** - As of June 30, 2024, the balance in the maintenance reserve account is \$523,690.60. These funds are restricted for the required maintenance of school facilities in accordance with the Educational Facilities Construction and Financing Act (EFCFA) (N.J.S.A. 18A:7G-9) as amended by P.L. 2004, c. 73 (S1701).

**For Excess Surplus** - In accordance with N.J.S.A. 18A:7F-7, as amended, the designation of restricted fund balance - excess surplus is the result of a required calculation. New Jersey school districts are required to restrict general fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2024 is \$0.00. Additionally, \$1,000,000.00 of excess fund balance generated during 2022-2023 has been restricted and designated for utilization in the 2024-2025 budget.

**For Unemployment Compensation** - Pursuant to N.J.S.A. 43:21-7.3(g), the School District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method" (see note 11). As a result, there exists at June 30, 2024 a restricted fund balance from employer contributions in the amount of \$173,853.22 for future unemployment claims.

**Note 18: FUND BALANCES (CONT'D)****RESTRICTED (CONT'D)**

**For Legally Restricted Appropriations** - In accordance with N.J.A.C. 6A:23A-8.5(j), the School District adopted a resolution to legally restrict fund balance in the amount of \$575,984.75 which represents funds received from the Estate of John Zawinski. These funds are restricted to be used for the benefit of the students of Clementon School District. These funds have been restricted by the Board to be used for the purchase of solar panels, an electronic sign for the school, playground equipment and science lab equipment. As of June 30, 2024, \$575,984.75 has been restricted for this purpose.

**Special Revenue Fund**

**For Scholarships** - The School District reports fund balance resulting from the receipt of an endowment to be used for scholarships for future teachers. These funds are required to be used as restricted by the donor. The balance of these funds as of June 30, 2024 is \$1,217.39.

**For Student Activities** - In accordance with N.J.A.C. 6A:23A-16.12(c), each school district shall ensure through adoption of a formal board policy that all financial and bookkeeping controls are adequate to ensure appropriate fiscal accountability and sound business practices for funds collected for student activities. As such, borrowing from student activity funds is prohibited. The balance of these funds as of June 30, 2024 is \$10,708.27.

**ASSIGNED**

As stated in note 1, the assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. Specific assignments of the School District's fund balance are summarized as follows:

**General Fund**

**Other Purposes** - As of June 30, 2024, the School District had \$258,059.59 of encumbrances outstanding for purchase orders and contracts signed by the School District, but not completed, as of the close of the fiscal year.

**For Subsequent Year's Expenditures** - The School District has appropriated and included as an anticipated revenue for the fiscal year ending June 30, 2025 \$132,653.00 of general fund balance at June 30, 2024.

**UNASSIGNED**

As stated in note 1, the unassigned fund balance classification represents fund balance that has not been restricted, committed, or assigned to specific purposes. The School District's unassigned fund balance is summarized as follows:

**General Fund** - As of June 30, 2024, the unassigned fund balance of the general fund was a deficit of (\$1,066,153.50). The deficit is a result from a delay in the payment of state aid until the following fiscal year. As stated in note 17, since the State is recording the June state aid payments in the subsequent fiscal year, the School District cannot recognize the June state aid payment on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the June state aid payments, the general fund balance deficit does not alone indicate that the School District is facing financial difficulties. The unassigned deficit on the GAAP financial statements of (\$1,066,153.50) is less than the last state aid payment.

***Changes in Benefit Terms:***

The Division of Pensions and Benefits adopted a new policy regarding the crediting of interest on member contributions for the purpose of refund of accumulated deductions. Previously, after termination of employment, but prior to retirement or death, interest was credited on member accumulated deductions at the valuation interest rate for the entire period. Effective July 1, 2018, interest is only credited at the valuation interest rate for the first two years of inactivity prior to retirement or death.

***Changes in Assumptions:***

## **SINGLE AUDIT SECTION**

**Exhibit K-1****REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS****INDEPENDENT AUDITOR'S REPORT**

The Honorable President and  
Members of the Board of Education  
Clementon School District  
Clementon, New Jersey 08021

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial statement audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, and each major fund of the Clementon School District, in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated January 13, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Clementon School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clementon School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying *Schedule of Findings and Questioned Costs* and *Independent Auditor's Management Report on Administrative Findings - Financial, Compliance and Performance*, as item *Finding No. 2024-001* that we consider to be a material weakness.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Clementon School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and which is described in the accompanying *Schedule of Findings and Questioned Costs* and *Independent Auditor's Management Report on Administrative Findings - Financial, Compliance and Performance* as item *Finding No. 2024-002*.

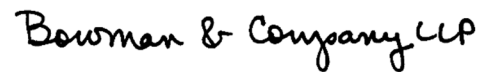

**The Clementon School District's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the School District's response to the findings identified in our audit and described in the accompanying *Schedule of Findings and Questioned Costs*. The School District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and federal and state awarding agencies and pass-through entities, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Exhibit K-2****REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND  
STATE OF NEW JERSEY CIRCULAR 15-08-OMB****INDEPENDENT AUDITOR'S REPORT**

The Honorable President and  
Members of the Board of Education  
Clementon School District  
Clementon, New Jersey 08021

**Report on Compliance for Each Major Federal and State Program*****Opinion on Each Major Federal and State Program***

We have audited the Clementon School District's, in the County of Camden, State of New Jersey, compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on each of the School District's major federal and state programs for the fiscal year ended June 30, 2024. The School District's major federal and state programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

In our opinion, the Clementon School District, in the County of Camden, State of New Jersey, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2024.

***Basis for Opinion on Each Major Federal and State Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Our responsibilities under those standards, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the School District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the School District's federal and state programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America; *Government Auditing Standards*; the Office of School Finance, Department of Education, State of New Jersey; Uniform Guidance; and State of New Jersey Circular 15-08-OMB, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the School District's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

**CLEMENTON SCHOOL DISTRICT**Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance  
For the Fiscal Year Ended June 30, 2024**Note 1: BASIS OF PRESENTATION**

The accompanying schedules of expenditures of federal awards and state financial assistance ("the schedules") include federal and state award activity of the Clementon School District (hereafter referred to as the "School District"). The School District is defined in note 1 to the School District's basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules. Because these schedules present only a selected portion of the operations of the School District, it is not intended to and does not present the financial position and changes in operations of the School District.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying schedules are presented using the budgetary basis of accounting, with the following exception: programs recorded in the enterprise fund are presented using the accrual basis of accounting. These bases of accounting are described in note 1 to the School District's basic financial statements. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, wherein certain types of expenditures are not allowed or are limited as to reimbursement. The expenditures reflected in the schedules are presented at the federal and state participation level; thus, any matching portion is not included.

**Note 3: INDIRECT COST RATE**

The School District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Note 4: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

The basic financial statements present the general fund, special revenue fund, and proprietary fund (enterprise fund - food service) on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, payments are not recognized until the subsequent budget year due to the State deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more June state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

**Notes to the Schedules of Expenditures of Federal Awards  
and State Financial Assistance (Cont'd)**

**Note 4: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONT'D)**

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$200,644.50 for the general fund and \$81,216.72 for the special revenue fund. See exhibit C-3, notes to required supplementary information, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.

The revenues reported on a GAAP basis from the basic financial statements with a reconciliation to the reported amounts on the schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are presented as follows:

<u>Fund</u>	<u>Federal</u>	<u>State</u>	<u>Total</u>
General	\$ 20,645.53	\$ 13,609,445.71	\$ 13,630,091.24
Special Revenue	2,531,412.57	1,331,883.04	3,863,295.61
Food Service	383,974.94	10,491.38	394,466.32
GAAP Basis Revenues	2,936,033.04	14,951,820.13	17,887,853.17
GAAP Adjustments:			
State Aid Payments		200,644.50	200,644.50
Encumbrances	81,216.72		81,216.72
Total Awards and Financial Assistance Expended	<u>\$ 3,017,249.76</u>	<u>\$ 15,152,464.63</u>	<u>\$ 18,169,714.39</u>

**Note 5: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS**

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

**Note 6: ADJUSTMENTS**

Amounts reported in the column entitled "adjustments" represent minor rounding adjustments.

**Note 7: REIMBURSED AND ON-BEHALF PAYMENTS**

During the fiscal year ended June 30, 2024, the School District was the recipient of federal and state assistance that represented either a reimbursement to the School District or payments made on-behalf of the School District. Revenues and expenditures reported under the federal food distribution program represent the current year value received and the current year distribution, respectively, of American-grown United States Department of Agriculture foods utilized in the School District's food service program. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year. Lastly, the School District has recognized as revenues and expenditures on-behalf payments made by the State for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance related to TPAF members.

***Section 2- Schedule of Financial Statement Findings***

This section identifies the significant deficiencies, material weaknesses, fraud, noncompliance with provisions of laws, regulations, contracts, and grant agreements related to financial statements for which *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, requires.

**Finding No. 2024-001**

**Criteria or Specific Requirement**

A sound framework of internal control is necessary to afford a reasonable basis for the Business Administrator to assert that the information they provide can be relied upon. This requires that a complete and accurate general ledger be maintained for each fund to ensure adequate control over the preparation of financial statements, including related disclosures.

**Condition**

The financial records/general ledger of the School District were not complete, reconciled to supporting documentation, or maintained in order to produce financial statements in accordance with generally accepted accounting principles. Numerous adjusting journal entries were necessary in order to achieve proper presentation of the financial statements.

**Context**

The general ledger beginning balances for several accounts did not agree to the prior year audit. Certain account activity was not recorded in the finance system during the year, bank reconciliations were not accurately prepared for some bank accounts and reconciled cash balances did not agree to the general ledger balances. Capital asset additions recorded in the subsidiary ledger did not include all purchases made during the year resulting in adjustments to the capital asset subsidiary ledger. Revenue was not posted in accordance with GAAP and an analysis of accounts receivable was not prepared during the year. Certain expenses were charged to grant budget accounts resulting in journal entries required so that the grant awards were not overexpended. Transfers between grant budget accounts were made during the year without approval on EWEG. Fund balance in the amount of \$200,000.00, which is a budgeted revenue in fiscal year 2025, was prematurely transferred from the enterprise fund to the general fund during the year.

**Effect or Potential Effect**

Without a properly maintained general ledger system, the immediate and current identification of assets, liabilities, revenues, expenditures and fund balance cannot be achieved. The overall condition of the general ledger combined with the amount of adjusting entries that were required to balance the general ledger result in a strong indication of ineffective controls over the preparation of financial statements. Therefore, this is a significant likelihood that the School District's controls are not effective in detecting material misstatements in the preparation of the financial statements and related disclosures.

**Cause**

Procedures have not been designed to reconcile various subsidiary records with control accounts maintained in the general ledger system on a periodic basis.

**Recommendation**

That the Business Administrator accurately record the School District's financial activity and maintain the general and subsidiary ledgers and bank reconciliations in order to achieve proper presentation in the financial statements.

**View of Responsible Officials and Planned Corrective Action**

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

***Section 2- Schedule of Financial Statement Findings (Cont'd)***

**Finding No. 2024-002**

**Criteria or Specific Requirement**

CFR Section 210.14 Resource Management (b) Net cash resources. The school food authority shall limit its net cash resources to an amount that does not exceed 3 months average expenditures for its nonprofit school food service or such other amount may be approved by the State agency in accordance with CFR Section 210.19(a).

**Condition**

The School District's Food Service Fund Net Cash Resources exceeded its three months average expenditures by \$4,565.34.

**Context**

While performing the calculation to determine if the Food Service program is running at a nonprofit status, it was determined that the net cash resources totaled \$158,325.83 at June 30, 2024, which exceeded the three months average expenditures of \$153,760.49 calculated using the sample Net Cash Resources Schedule in the format provided by the U.S.D.A.

**Effect or Potential Effect**

The School District is not in compliance with CFR section 210.14 and requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey Audit Program.

**Cause**

The School District did not monitor the finances of its Food Service Fund to ensure its Net Cash Resources at the end of the fiscal year did not exceed the Fund's three months average expenditures.

**Recommendation**

That the School District develop a plan to reduce the Food Service Fund's Net Cash Resources below its three month average expenditures.

**View of Responsible Officials and Planned Corrective Action**

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.
