## **Introductory Section**

February 26, 2025

Honorable President and  
Members of the Board of Education  
East Windsor Regional School District  
County of Mercer  
New Jersey

Dear Board Members and Constituents:

We are pleased to submit the Annual Comprehensive Financial Report of the East Windsor Regional School District (hereafter the "District") for the fiscal year ending June 30, 2024. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the District. To the best of our knowledge, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and the results of operations of the various funds and government-wide financial statements of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The annual comprehensive financial report is presented in four sections: Introductory, Financial, Statistical and Single Audit. The Introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials, The Financial section includes the Independent Auditor's Report, Management Discussion and Analysis ("MD&A") and the basic financial statements including the government-wide financial statements presented in conformity with Governmental Accounting Standards Board Statement No. 34. The basic financial statements also include individual fund financial statements, notes to the basic financial statements and required supplementary information (RSI) and other supplementary information. The Statistical section includes selected financial and demographic information presented on a multi-year basis and is unaudited. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996, Title 2 U.S. *Code of Federal Regulations (CFR) Part 200 Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance), and the New Jersey OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments*. Information related to this single audit, including the auditors' report on internal control and compliance with applicable laws and regulations and findings and questioned costs, are included in the Single Audit section of this report.

**1) REPORTING ENTITY AND ITS SERVICES:** East Windsor Regional School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board ("GASB"). All funds and the government-wide financial statements of the District are included in this report. The East Windsor Regional School District and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels K through 12. These include regular, vocational as well as special education for handicapped and preschool handicapped children. The District had 5,023 students enrolled on October 15, 2023. Enrollment is defined as students on roll (both full and shared time count as one) and students placed out of district including Mercer County Special Services School District. The following details the changes in the student enrollment of the District over the last ten years.

#### ENROLLMENT

<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2014-15	5,019	-1.70%
2015-16	5,139	+2.39%
2016-17	5,221	+0.15%
2017-18	5,129	-0.17%
2018-19	5,113	-0.04%
2019-20	5,178	+0.13%
2020-21	5,019	-3.00%
2021-22	4,954	-1.31%
2022-23	5,042	+1.78%
2023-24	5,023	-0.38%

**2) ECONOMIC CONDITION AND OUTLOOK:** New residential development has leveled off. Commercial development continues to increase and is helping to add to the tax base.

**3) MAJOR INITIATIVES:** Expenditures made during the 2023-2024 school year were designed to support the District's mission, goals and instructional action plans as well as the state's core curriculum standards. The 2023-24 major initiatives were:

- Written Out Loud, a program that turns young students into published authors, served 381 students and published 94 books..
- A K-8 STEM program with a focus on the "4 Cs"; Creativity, Collaboration, Communication and Critical Thinking, was introduced. This program focused on real world applications and infused cross curricular extensions.
- The Community was engaged by New Jersey School Boards Association in the creation of a five (5) year Strategic Plan. The Plan focuses on 5 core areas; Student Centered Learning, Staffing, Community Engagement, Facilities/Finance and Culture & Climate.
- Creation of a multi-sensory reading program for grades K – 8.
- Conducted an audit of Autistic programming for improved program performance.
- Inclusion of 2 Therapy Dogs for therapeutic services.
- Creation of a new sensory room at the Middle School.
- Completion of a partial HVAC / classroom renovation at Grace N. Rogers Elementary School.

**4. INTERNAL ACCOUNTING CONTROLS:** Management of the District is responsible for establishing and maintaining internal control designed to ensure that the assets of the District are protected from loss, theft or misuse

and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the District also is responsible for ensuring that adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control over compliance, including that portion related to federal award and state financial assistance programs, as well as to determine that the District has complied with applicable laws, regulations, contracts and grants.

**5. BUDGETARY CONTROLS:** In addition to internal controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. The legal level of budgetary controls is established at the line item accounts within each fund. Annual appropriated budgets are adopted for the general fund, the special revenue fund and debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end either are canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as assigned fund balance at June 30, 2024.

**6. ACCOUNTING SYSTEM AND REPORTS:** The District's accounting records reflect generally accepted accounting principles as promulgated by the GASB. The accounting system of the District is organized based on funds and government-wide financial statements. These funds and government-wide financial statements are explained in "Notes to the Basic Financial Statements," Note I.

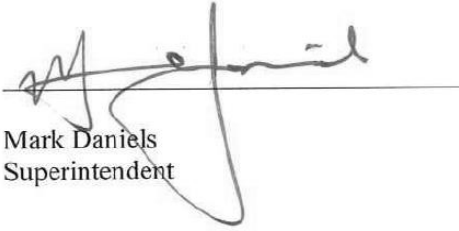

**7. CASH MANAGEMENT:** The investment policy of the District is regulated by state statute as detailed in "Notes to the Basic Financial Statements," Note 3. The District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

**8. RISK MANAGEMENT:** The Board carries various forms of insurance, including but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

**9. OTHER INFORMATION:** Independent Audit— State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm, PKF O'Connor Davies, LLP was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996, the Uniform Guidance and New Jersey Treasury Circular OMB 15-08. The auditors' report on the basic financial statements, required supplementary information and other supplementary information are included in the financial section of this report. The auditors' reports, related specifically to the single audit are included in the single audit section of this report.

**10. ACKNOWLEDGEMENTS:** We would like to express our appreciation to the members of the East Windsor Regional School District for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation.

Respectfully submitted,

Mark Daniels  
Superintendent

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the East Windsor Regional School District, County of Mercer, New Jersey (the "District"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS); audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**Honorable President and Members  
of the Board of Education  
East Windsor Regional School District**

Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and the schedules included under Required Supplementary Information in the accompanying table of contents to be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements, long-term debt schedules, the schedules of expenditures of federal awards and state financial assistance, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200 Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance) and New Jersey OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, are presented for additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and

**Honorable President and Members  
of the Board of Education  
East Windsor Regional School District**

*Page 4*

certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements, long-term debt schedules and the schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the Annual Comprehensive Financial Report for the year ended June 30, 2024. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' opinion thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 26, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis  
Year Ended June 30, 2024

As management of the East Windsor Regional School District ("District"), we offer readers of the District's financial statements this narrative discussion, overview, and analysis of the financial activities of the District for the year ended June 30, 2024. We encourage readers to consider the information presented, in conjunction with additional information that we have furnished in our letter of transmittal.

Management's Discussion and Analysis ("MD&A") is an element of Required Supplementary Information specified in the Governmental Accounting Standard Board's ("GASB") Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Certain comparative information between the current fiscal year and the prior fiscal year is presented in the MD&A as required by GASB Statement No. 34.

**Financial Highlights**

Key financial highlights for fiscal 2024 are as follows:

- Total net position of the governmental activities and business-type activities is \$116,113,359 at June 30, 2024. It is comprised of both current and capital assets and deferred outflows of resources less deferred inflows of resources and current and outstanding long-term liabilities (Schedule A-1).
- General revenues accounted for \$137,468,776 of total revenue or 93.7 percent of all revenues. Program specific revenues in the form of charges for services and operating and capital grants and contributions accounted for \$9,188,940 or 6.3 percent of total revenues of \$146,657,716 (Schedule A-2).
- The District had \$153,766,672 in governmental fund expenditures (Schedule B-2). Of that amount, the General Fund expenditures totaled \$142,687,102, including \$24,409,221 in State on-behalf TPAF pension, medical, and disability and social security contributions. Grant-related, scholarship and student activity expenditures in the special revenue fund totaled \$5,158,424. Business-type activities expenses were \$3,156,484 (Schedule B-5).
- The District maintains internal service funds to provide service and fuel for the District's vehicles as well as health insurance costs for the District's employees. The internal service fund – fueling facility fund had \$576,468 in revenues and \$586,187 in expenses for supplies, fuel costs, and depreciation. The internal service fund – self-insurance fund had \$17,979,264 in operating revenues and \$18,185,684 in expenses for insurance claims and other objects (Schedule B-5).
- The District transferred unrestricted funds during the year into restricted capital reserves in the amount of \$3,000,000 to fund future capital projects.

## Using this Annual Comprehensive Financial Report (ACFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the East Windsor Regional School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This document also contains required and supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the assets, deferred outflows of resources, deferred inflows of resources and liabilities of the District, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the net position of the District changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

The government-wide financial statements are Schedules A-1 and A-2.

**Fund financial statements.** A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, special revenue fund, capital projects fund and debt service fund, all of which are considered to be major funds.

The District adopts an annual appropriated budget for its general fund, special revenue fund and debt service fund. Budgetary comparison statements have been provided as required supplementary information for the general fund and the special revenue fund and as supplementary information for the debt service fund to demonstrate compliance with this budget.

The basic governmental fund financial statements are Schedules B-1, B-2, and B-3.

**Proprietary funds.** The District maintains proprietary fund types in the form of enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District uses enterprise funds to account for the operations of its food service and Kid Care, each of which are considered major funds of the District. Enterprise funds provide the same type of information as the government-wide financial statements, only in more detail. The internal service funds provide services and fuel to the District's vehicles and limited other districts and accounts for its self-insured health insurance costs for the District's employees.

The proprietary fund financial statements are Schedules B-4, B-5, and B-6.

**Notes to the basic financial statements.** The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** The required supplementary information and combining statements referred to earlier in connection with governmental funds and proprietary funds are presented immediately following the notes to the basic financial statements.

### **The School District as a Whole**

The Statement of Net Position provides the perspective of the District as a whole. Net position may serve as an indicator of a government's financial position. However, as noted earlier, net position is not the primary basis for decision making for each budget cycle.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

The following table provides a summary of net position relating to the District's governmental and business-type activities as of June 30, 2024 and 2023:

The largest portion of the District's net position is its net investment in capital assets, e.g. land, construction in progress, buildings and improvements, and furniture and equipment, less any related debt (general obligation bonds payable and financed purchases) used to acquire those assets that are still outstanding, which amounts to \$97,801,712. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's net investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The net pension liability recorded as of June 30, 2024 is the result of Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions* and Governmental Accounting Standards Board Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. The increase of \$657,161 from the prior year relates to changes in the actuarial assumptions from the prior year and the pension funding status of the State of New Jersey.

Capital assets increased due to current year expenses that were capitalized relating to various capital projects exceeding depreciation expense.

An additional portion of the District's net position (restricted) represents resources that are subject to external restrictions on how they may be used, which total \$27,417,497 at June 30, 2024. The restricted net position increase is a result of additional funds being deposited into the capital reserve and maintenance reserve with balances of \$10,428,406 and \$2,773,054, respectively, at June 30, 2024 and current year excess fund balance generated. Additionally, \$1,530,542 has been restricted for unemployment claims, \$343,908 was restricted for student activities, and \$46,808 was restricted for scholarships. Furthermore, \$2,549,505 was restricted for subsequent year's expenditures from prior year excess fund balance, and \$4,553,291 was reported as current year excess surplus to be utilized in the 2025-2026 budget. Lastly, \$5,191,983 is restricted for capital projects within the Capital Projects fund. The remaining balance of unrestricted net position may be used to meet the District's ongoing obligations to citizens and creditors.

Business-type assets increased from the prior year. Overall, the activity within the business-type activities increased approximately \$513,000, mainly due to the increase in charges for services. The increase in net position in the food service enterprise fund is attributed to the increased operating revenues over the prior year. The decrease in net position in the Kid Care Enterprise Fund was directly related to the District's operating expenditures exceeding operating revenues for the year ended June 30, 2024.

**District activities.** The key elements of the District's changes in net position for the years ended June 30, 2024 and 2023 are as follows:

The increase in governmental activities revenues is the result of additional grant revenues and an increase in the local tax levy in the current year.

The increase in instructional and support services expenses is mainly the result of the increase in expenses related to GASB 75 and the District spending more within those budget lines.

The activity in the business-type funds increased during the 2024 fiscal year mostly due to increase in sales of food.

### Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

**Governmental funds.** The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. The District's fund balance amounts are classified as restricted, assigned or unassigned.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedule presents a summary of the General Fund, Special Revenue Fund and Debt Service Fund revenues for the fiscal year ended June 30, 2024, and the increases and decreases in relation to the prior year:

<b>Revenues</b>				
<b>Year Ended June 30, 2024</b>				
<b>Revenue</b>	<b>Amount</b>	<b>Percent of Total</b>	<b>Increase (Decrease) from 2023</b>	<b>Percent of Increase (Decrease)</b>
Local sources	\$ 76,186,528	49.4%	\$ 2,058,051	2.8%
State sources	73,894,956	47.9%	9,315,820	14.4%
Federal sources	4,210,254	2.7%	(1,021,835)	-19.5%
Total	<u>\$ 154,291,738</u>	<u>100.0%</u>	<u>\$ 10,352,036</u>	<u>7.2%</u>

The increase in state sources is mainly due to the increase in TPAF pension contributions made by the State on behalf of the District and additional state formula aid received in 2024.

The decrease in federal sources is mainly due to the Education Stabilization Funds grants coming to an end in the current fiscal year.

The following schedule presents a summary of General Fund, Special Revenue Fund and Debt Service Fund expenditures for the fiscal year ended June 30, 2024 and the increases and decreases in relation to the prior year:

**Expenditures**

### **General Fund Budgetary Highlights**

The District budget is prepared according to New Jersey Statutes. The most significant budgeted fund is the general fund. During the fiscal year, there were several differences between the original budget and the final amended budget as a result of transfers being applied to certain line items. These transfers were made between line items as part of the normal process as permitted by State guidelines. Readers should refer to Section C of the financial report for comparisons between the actual and budgeted amounts.

State sources exceeded anticipated revenues by \$25,310,983 as a result of the District not anticipating revenues related to Extraordinary Aid, Non-public transportation aid, State on-behalf TPAF pension, medical and disability contributions, and State reimbursed TPAF social security contributions.

Significant budgetary transfers were made between budgetary line items approved by the Board for various reasons including:

- Regular Programs – Instruction – The transfer of approximately \$2.2 million out of the Regular Programs – Instruction was made due to an increase in budgetary needs for other programs.
- Undist. Expend. – Required Maint. for Sch. Facil. – The transfer of approximately \$1.1 million into the Required Maint. for Sch. Facil. is due to the District requiring additional funds to maintain facilities.
- Capital Outlay – The transfer of approximately \$6.6 million into Capital Outlay is due to the rollover of prior year encumbrances plus the planning of current and future District projects.

### **Capital Assets and Debt Administration**

Capital Assets: At June 30, 2024, the District's governmental activities and business-type activities had capital assets of \$113,687,264 (net of accumulated depreciation), including land, construction in progress, school buildings and improvements, site and site improvements, machinery, equipment and vehicles.

The District's governmental activities and business-type activities capital assets, net of accumulated depreciation consisted of the following at June 30, 2024 and 2023:

	<b>June 30</b>

Governmental Funds

Reconciliation of the Statement of Revenues, Expenditures  
and Changes in Fund Balances to the Statement of Activities

Year Ended June 30, 2024

**Total net change in fund balances - governmental funds (from B-2)** **\$ 484,859**

Amounts reported for governmental activities in the statement  
of activities (A-2) are different because:

Capital additions are reported in governmental funds as expenditures. However, in the statement of  
activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

This is the amount by which capital asset additions exceeded depreciation expense in the period.

Depreciation expense	\$	(5,655,878)	
Capital asset additions		<u>12,683,473</u>	
			7,027,595

In the statement of activities, interest on long-term debt is accrued, regardless of when due.

In the governmental funds, interest is reported when due. This represents the change from the prior year. 32,989

Governmental Funds report the effect of premiums, and similar items when debt is first  
issued, whereas these amounts are deferred and amortized in the statement of activities.

The net effect of these transactions is as follows:

Amortization of premium on bonds		811	
Amortization of deferred gain on defeasance		<u>27,799</u>	
			28,610

The Internal Service Funds are used by the District to service and charge the cost of fuel  
to other funds and for health benefits. The activity of this fund is included in the Statement of Activities.

Change in net position		224,520	
Depreciation, included above		<u>2,366</u>	
			226,886

Financed purchases payable and the repayment of the principal on long-term debt  
consumes the current financial resources of governmental funds. These transactions, however, have  
no effect on net position.

Repayment of long-term debt		2,640,000	
Payments on financed purchases		<u>2,270,468</u>	
			4,910,468

In the statement of activities, certain operating expenses, e.g., compensated absences (sick and vacations) are  
measured by the amounts earned during the year. In the governmental funds, however, expenditures  
for these items are reported in the amount of financial resources used (paid). (209,270)

Certain expenses reported in the Statement of Activities do not require the use of current financial  
resources and therefore are not reported as expenditures in governmental funds.

Pension expense		<u>1,615,790</u>

## East Windsor Regional School District

### Notes to the Basic Financial Statements

Year ended June 30, 2024

#### **1. Summary of Significant Accounting Policies**

The financial statements of the East Windsor Regional School District (District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the District's accounting policies are disclosed below.

##### **A. Reporting Entity**

The financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

The District, as the primary government for financial reporting entity purposes, has oversight responsibility and control over all activities related to the East Windsor Regional School District. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities.

The District has no component units that are required to be included within the reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards.

##### **B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

### Notes to the Basic Financial Statements (continued)

Year ended June 30, 2024

#### **1. Summary of Significant Accounting Policies (continued)**

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements. The New Jersey Department of Education (DOE) requires all funds, except for internal service funds, be reported as major to promote consistency among school districts in the State of New Jersey.

#### **C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers all revenue to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, the net pension liability and financed purchases payable, are recorded only when payment is due.

Property taxes, interest, and state aid associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when the District receives cash.

**1. Summary of Significant Accounting Policies (continued)**

The District has reported the following major governmental funds:

*General Fund:* The general fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment, which are classified in the capital outlay subfund.

*Special Revenue Fund:* The District maintains one special revenue fund, which includes the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes, other than debt service or capital projects.

*Capital Projects Fund:* The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to an expenditure for capital outlays, including the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds and state aid that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

*Debt Service Fund:* The debt service fund accounts for and reports financial resources that are restricted, committed, or assigned to an expenditure for the principal and interest on long-term general obligation debt of governmental funds.

The District reports the following proprietary funds:

*Food Service Enterprise Fund:* The food service enterprise fund accounts for all revenues and expenses pertaining to cafeteria operations. This fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e., expenses including depreciation and indirect costs) of providing goods or services to the students or other entities on a continuing basis are financed or recovered primarily through user charges.

*Kid Care Enterprise Fund:* This fund accounts for the revenues and expenses pertaining to the District's extended day care program.

*Fueling Facility Internal Service Fund:* The District's internal service fund provides services and fuel for the District's vehicles, and certain limited outside parties through shared service agreements.

*Self-Insurance Internal Service Fund:* The self-insurance fund is used to record the activity of the District's self insured health insurance program expenses.

#### **1. Summary of Significant Accounting Policies (continued)**

As a general rule the effect of internal activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) fees charged to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenues of the District enterprise funds are charges for sales of food and tuition. Operating expenses for enterprise funds include the cost of sales, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District reports unearned revenue on its statement of net position and balance sheet. Unearned revenue arises when resources are received by the District before it has legal claim to them, as when federal assistance is received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and statements of net position and revenue is recognized.

Ad Valorem (Property) taxes are susceptible to accrual as, under New Jersey State Statute, a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable."

The County Board of Taxation is responsible for the assessment of properties and the Township of East Windsor and Borough of Hightstown Tax Collectors are responsible for collection of taxes. Assessments are certified and taxes are levied on January 1; taxes are due February 1, May 1, August 1 and November 1. Unpaid taxes are considered delinquent the following January 1 and are then subject to lien.

#### **1. Summary of Significant Accounting Policies (continued)**

##### **D. Budgets/Budgetary Control**

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds and submitted to the county office. Budgets are prepared using the modified accrual basis of accounting and the special revenue fund uses a non-GAAP budget (budgetary basis). The legal level of budgetary control is established at line-item accounts within each fund. Line-item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referred in N.J.A.C. 6A:23.

All budget amendments must be approved by School Board resolution and certain others require approval by the County Superintendent of Schools. Budgetary transfers were made during the current year in accordance with statutory guidelines. The amendments made by the District were part of the normal course of operations.

The over-expenditures related to on-behalf payments in the general fund are due to the inclusion of the non-budgeted on-behalf payments made by the State of New Jersey as District expenditures. These amounts are offset by related revenues and as such do not represent budgetary over-expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America with the exception of the legally mandated revenue recognition in the general fund of the last state aid payments for budgetary purposes and the treatment of encumbrances in the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

Except for the student activity and scholarship funds, the accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

##### **E. Cash, Cash Equivalents and Investments**

Cash and cash equivalents include petty cash, amounts on deposit, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at fair value in accordance with the GASB. The District classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments and are stated at cost. All other investments are stated at fair value.

**1. Summary of Significant Accounting Policies (continued)**

**F. Interfund Receivables/Payables**

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

**G. Inventories**

Inventories that benefit future periods, other than those recorded in the proprietary fund, are recorded as an expenditure during the year of purchase.

Proprietary funds inventories are valued at cost, which approximates market, using the first-in, first-out (FIFO) method. At June 30, 2024, the unused Food Donation Program commodities of \$3,847 are reported as unearned revenue in the food service enterprise fund.

**H. Capital Assets**

Capital assets, which include land, construction in progress, site and site improvements, buildings and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or through estimation procedures performed by an independent appraisal company. Donated capital assets are valued at their acquisition value on the date of acquisition.

The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend the assets lives are not capitalized.

Capital assets, being depreciated, of the District are depreciated using the straight-line method. The following estimated useful lives are used to compute depreciation:

	<u>Years</u>
Machinery and equipment	2-20
Buildings	40
Building improvements	20
Vehicles	5-10

#### **1. Summary of Significant Accounting Policies (continued)**

##### **I. Compensated Absences**

A liability for compensated absences that is attributable to services already rendered and that are not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits. The District uses the "vesting method" for estimating its accrued sick and vacation leave liability.

District employees earn vacation and sick leave in varying amounts under the District's existing collective bargaining agreements. In the event of termination, an employee is reimbursed for accumulated vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after one year of service.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2024, a liability existed for compensated absences in the government-wide financial statements in the amount of \$1,579,134 and no liability existed for compensated absences in the proprietary fund types.

##### **J. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense / expenditure) until then. The District has two items that qualify for reporting in this category, including deferred loss from the refunding of debt and deferred amounts related to pensions.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category, which is deferred amounts related to pensions.

##### **K. Long-Term Obligations**

In the government-wide financial statements, and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

## East Windsor Regional School District

### Notes to the Basic Financial Statements (continued)

#### **1. Summary of Significant Accounting Policies (continued)**

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

##### **L. Deferred Gain/Loss on Defeasance of Debt**

Deferred gains and losses on defeasance of debt arising from the issuance of refunding bonds are recorded as a deferred outflows and inflows of resources. They are amortized in a systematic and rational manner over the duration of the related debt as a component of interest expense. As of June 30, 2024, the District has reported an unamortized gain on the refunding of debt of \$117,213 as a deferred inflow of resources. Amortization expense for the year ended June 30, 2024 was \$27,799.

##### **M. Unearned Revenue**

Unearned revenue in the general fund and special revenue fund represents cash which has been received but not yet earned. Unearned revenue in the food service enterprise fund represents unused food donation commodities and student deposits made for the use of purchasing food in a future period. Unearned revenue in the Kid Care Enterprise Fund represents cash which has been received but not yet earned.

##### **N. Net Position**

Net Position represents the difference between assets, deferred outflows of resources, deferred inflows of resources, and liabilities in the Government-wide financial statements. Net investment in capital assets is reported net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net positions are reported as restricted in the Government-wide and fund financial statements when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

##### **O. Fund Balances**

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* ("GASB 54") established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Under GASB 54, fund balances in the governmental funds financial statements are reported under the modified accrual basis of accounting and classified into the following five categories, as defined below:

East Windsor Regional School District

Notes to the Basic Financial Statements (continued)

**1. Summary of Significant Accounting Policies (continued)**

- 1) Nonspendable – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Assets included in this fund balance category include prepaid assets, inventories, long-term receivables, and corpus of any permanent funds.
- 2) Restricted - includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- 3) Committed - includes amounts that can be used only for the specific purposes imposed by a formal action of the government's highest level of decision-making authority. The District's highest level of decision-making authority is the Board of Education (the "Board") and formal action is taken by resolution of the Board at publicly held meetings. Once committed, amounts cannot be used for other purposes unless the Board revises or changes the specified use by taking the same action (resolution) taken to originally commit these funds.
- 4) Assigned – amounts intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. Interest is expressed by either the Board or Business Administrator, to whom the Board has delegated the authority to assign amounts to be used for specific purposes, including the encumbering of funds.
- 5) Unassigned - includes all spendable amounts not contained in the other classifications in the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In the other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. For the unrestricted fund balance, the District first spends committed funds, then assigned funds, and finally, unassigned funds.

Of the \$28,123,744 of fund balances in the General Fund, \$5,873,598 is assigned to other purposes, \$2,549,505 has been classified as restricted excess surplus – prior year – designated for subsequent year's expenditures, \$4,553,291 has been classified as restricted excess surplus – current year, \$13,201,460 has been classified as restricted for maintenance reserve and capital reserve in the amounts of \$2,773,054 and \$10,428,406, respectively, \$1,530,542 has been classified as restricted for unemployment claims and \$415,348 is assigned to designated for subsequent year's expenditures.

#### **1. Summary of Significant Accounting Policies (continued)**

Of the \$390,716 of fund balances in the Special Revenue Fund, \$343,908 is classified as restricted for student activities and \$46,808 is classified as restricted for scholarships.

All of the fund balance in the Capital Projects Fund of \$5,191,983 is restricted for capital projects.

#### **P. Management Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### **Q. On-Behalf Payments**

Revenues and expenditures of the general fund include payments made or reimbursed by the State of New Jersey for social security and post-retirement medical and pension contributions for certified teachers and other members of the New Jersey Teachers Pension and Annuity Fund. Additionally, revenues and expenses related to on-behalf pension contributions in the government-wide financial statements have been adjusted by \$11,698,359 to record for the full accrual basis expense incurred by the State of New Jersey during the most recent measurement period. The amounts are not required to be included in the District's annual budget.

#### **R. Calculation of Excess Surplus**

The designation for restricted fund balance - excess surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve fund balance of the General Fund at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The District has excess fund balance at June 30, 2024 in the amount of \$7,102,796. Of this amount, \$2,549,505 has been appropriated in the 2024/25 budget and the remaining \$4,553,291, which was generated during the 2024 fiscal year, will be appropriated in the 2025/26 budget.

#### **S. GASB Pronouncements**

##### **Recently Issued Accounting Pronouncements**

The GASB issued Statement No. 101, *Compensated Absences* in June 2022. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for periods beginning after December 15, 2023. Management has not determined the impact of the Statement on the financial statements.

The GASB issued Statement No. 102, *Certain Risk Disclosures* in January 2024. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for periods beginning after June 15, 2024, and all reporting periods thereafter. Management has not determined the impact of the Statement on the financial statements.

The GASB issued Statement No. 103, *Financial Reporting Model Improvements* in April 2024. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The requirements of this Statement are effective for periods beginning after June 15, 2025, and all reporting periods thereafter. Management has not determined the impact of the Statement on financial statements.

The GASB issued Statement No. 104, *Disclosure of Certain Capital Assets* in September 2024. The objective of this Statement is to provide users of governmental financial statements with essential information about certain types of capital assets, other intangible assets and assets held for sale. The requirements of this Statement are effective for periods beginning after June 15, 2025, and all reporting periods thereafter. Management has not determined the impact of the Statement on the financial statements.

#### **T. Subsequent Events**

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2024 and February 26, 2025, the date that the financial statements were available for issuance. The effect of those events and transactions that provide additional pertinent information about conditions that existed at the balance sheet and statement of net position date, have been recognized in the accompanying financial statements.

#### **2. Reconciliation of Government-Wide and Fund Financial Statements**

##### **Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position**

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that long-term liabilities, including bonds payable, unamortized premiums, financed purchases payable and compensated absences payable are not due and payable in the current period and therefore are not reported in the funds.

	\$	<u>17,385,063</u>

#### 3. Deposits and Investments

Cash and cash equivalents include petty cash, change funds, amounts on deposit and short-term investments with original maturities of three months or less.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts. Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

##### Deposits

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund and the New Jersey Asset and Rebate Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

## East Windsor Regional School District

### Notes to the Basic Financial Statements (continued)

Year ended June 30, 2024

#### 3. Deposits and Investments (continued)

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The District's cash and cash equivalents are classified below to inform financial statement users about the extent to which the District's deposits and investments are exposed to custodial credit risk.

At June 30, 2024 the carrying amount of the District's deposits was \$37,366,068 and the bank balance was \$41,092,900 (not including mutual funds). Of the bank balance, \$250,000 of the District's cash deposits on June 30, 2024 was secured by federal depository insurance. The New Jersey Governmental Unit Deposit Protection Act (GUDPA) covered the bank balance of \$43,614,858. \$2,271,958 held in the District's agency accounts are not covered by GUDPA. The District also has \$5,751,223 of funds held with fiscal agent at June 30, 2024 related to unspent lease funds held by the lessor and advance deposits held by the insurance carrier on behalf of the District.

Pursuant to GASB Statement No. 40, *Deposit and Investment Risk Disclosures* ("GASB 40"), the District's operating cash accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that in the event of failure of the counterparty the District would not be able to recover the value of its deposits and investments). Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized (securities not pledged to the depositor), collateralized with securities held by the pledging financial institution, or collateralized with securities held by the financial institution's trust department or agent but not in the government's name. The District does not have a policy for the management of custodial credit risk, other than depositing all of its funds in banks covered by GUDPA. At least five percent of the District's deposits were fully collateralized by funds held by financial institutions, but not in the name of the District. Due to the nature of GUDPA, further information is not available regarding the full amount that is collateralized.

**Investments**

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds and other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank, which have a maturity date not greater than twelve months from the date of purchase.
- c. New Jersey Cash Management Fund and New Jersey Asset and Rebate Management Fund.

*Custodial Credit Risk:* All of the District's investments are uncollateralized. Pursuant to GASB 40, the NJCMF, which is a pooled investment, is exempt from custodial credit risk exposure. The District does not have a policy for custodial credit risk for its investment.

*Credit Risk:* The District does not have an investment policy regarding the management of credit risk. GASB 40 requires that disclosure be made as to the credit rating of all debt security investments except for obligations of the U.S. government or investments guaranteed by the U.S. government.

*Concentration of Credit Risk:* The District places no limit on the amount the District may invest in any one issuer.

*Interest Rate Risk:* The District does not have a policy to limit interest rate risk, however, its practice is typically to invest in investments with short maturities.

The District had no investments at June 30, 2024.

The District expects to liquidate the balance in compensated absences and financed purchases payable with payments made from the District's general fund. Bonds payable will be liquidated with payments from the debt service fund. The net pension liability will be liquidated with payments from the general fund. The IBNR liability will be liquidated with payments from the self-insurance internal service fund.

### Bonds Payable

Bonds are authorized in accordance with State law or by the voters of the municipalities through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are direct general obligation bonds. The principal and interest of these bonds will be paid from the debt service fund as required by New Jersey statutes.

Bonds payable at June 30, 2024 are comprised of the following issues:

\$3,280,000, 2015 refunding bonds, with the final installment of \$375,000 paid on July 15, 2023.

\$15,320,000, 2021 refunding bonds, due in annual installments ranging from \$1,970,000 to \$2,235,000 through March 1, 2029 at interest rates ranging from 1.00% to 1.80%. These bonds were issued to provide resources to refund a portion of the District's outstanding debt. As of June 30, 2024, none of the defeased debt remains outstanding.

#### **6. Pension Plans**

##### **Description of Systems**

Substantially all of the Board's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Teachers' Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Teachers' Pension and Annuity Fund Retirement System is considered a cost-sharing multiple-employer plan, with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Board and the system's other related non-contributing employers. The Public Employees' Retirement System is considered a cost-sharing multiple-employer plan. District employees employed by the Enterprise Funds are not eligible for pension benefits. Employees employed by the Enterprise Funds are not eligible for pension benefits. Employees in the Food Service Enterprise Fund are employees of the Food Service Management Company and therefore are not eligible for pension benefits. Employees of the remaining Enterprise Funds are either part-time or stipend employees and are therefore not eligible for pension benefits.

##### **Teachers' Pension and Annuity Fund**

The Teachers' Pension and Annuity Fund was established in January 1955 under the provisions of N.J.S.A. 18A:66 to provide coverage, including post-retirement health care, to substantially all full-time public school employees in the State. Members are fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on contributions. In the case of death before retirement, members beneficiaries are entitled to full interest credited to the members account.

Service retirement benefits of  $1/55^{\text{th}}$  of final average salary for each year of service credit is available to Tier 1 and 2 members upon reaching the age of 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of  $1/60^{\text{th}}$  of final average salary for each year of service credit is available to Tier 4 members upon reaching the age of 62 and Tier 5 members upon reaching the age of 65. Early retirement benefits are available to Tier 1 and 2 members with 25 years or more of service credit before reaching age 60, Tier 3 and 4 members with 25 years or more of service credit before age 62 and Tier 5 with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

##### **Public Employees' Retirement System**

The Public Employees' Retirement System (PERS) was established in January 1955 and the contribution policy is set by the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full-time employees of the State or any county, municipality, school Board or public agency, provided the employee is not a member of another State-administered retirement system or other state pension fund or local jurisdiction's pension

fund. Pursuant to the provisions of P.L. 2022, C.78, the member contribution rate was 7.5% in State fiscal year 2023.

Members are classified into one of five tiers dependent upon the date of their enrollment. Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tier 1 and 2 members upon reaching the age of 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit available to Tier 4 members upon reaching the age of 62 and Tier 5 members upon reaching the age of 65. Early retirement benefits are available to Tier 1 and 2 members with 25 years or more of service credit before reaching age 60, Tier 3 and 4 members with 25 years or more of service credit before age 62 and Tier 5 with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Deferred retirement is available to members who have least 10 years of service credit and have not reached the service retirement age for the respective tier.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issued publicly available financial reports that include the financial statements and required supplementary information for TPAF and PERS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

#### **Funding Policy**

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing members. Plan member and employer contributions may be amended by State of New Jersey legislation. Employee contribution rates for TPAF and PERS are 7.5% of employees' annual compensation. Employers are required to contribute at an actuarially determined rate in both the TPAF and PERS. The actuarially determined contribution includes funding for noncontributory death benefits and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

During the year ended June 30, 2024, the State of New Jersey contributed \$20,838,034 to the TPAF for post-retirement medical benefits and other pension costs on behalf of the Board. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$3,571,187 during the year ended June 30, 2024 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts have been included in the government-wide and fund financial statements.

The Board's actuarially determined contributions to PERS for each of the years ended June 30, 2024, 2023, and 2022 were \$1,621,848, \$1,413,792, and \$1,437,212, respectively, equal to the required contributions for each year.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

*Public Employees' Retirement System (PERS)*

At June 30, 2024, the District reported a liability of \$17,576,475 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation July 1, 2022, which was rolled forward to June 30, 2023. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2023, the District's proportion was 0.1213478430 percent, which was an increase of 0.0092353798 from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the District recognized full accrual pension expense of \$6,058 in the government-wide financial statements. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Changes of assumptions	\$ 38,612	\$ 1,065,210
Difference between expected and actual experience	168,054	71,847

*Actuarial Assumptions*

The total pension liability for the June 30, 2023 measurement date was determined by an actuarial valuation as of July 1, 2022, which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate:	
Price	2.75%
Wage	3.25%
Salary increases:	
	2.75 -6.55%
	based on years of service
Investment rate of return	7.00%

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

*Mortality Rates*

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement of the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

*Long-Term Rate of Return*

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expecting future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2023 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real
US Equity	28.00%	8.98%

*Discount rate*

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected and future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

*Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate*

The following presents the District's proportionate share of the net pension liability as of June 30, 2023, calculated using the discount rate as disclosed on the previous page as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	At 1% decrease (6.00%)	At current discount rate (7.00%)	At 1% increase (8.00%)
State's proportionate share of the net pension liability associated with the District	\$ 22,880,831	\$ 17,576,475	\$ 13,061,767

*Pension Plan Fiduciary Net Position*

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report for the State of New Jersey Public Employees' Retirement System.

*Additional Information*

Collective balances of the local group at June 30, 2023 are as follows:

Deferred outflows of resources	\$ 1,080,204,730
Deferred inflows of resources	\$ 1,780,216,457
Net pension liability	\$ 14,606,489,066

#### **6. Pension Plans (continued)**

Collective pension benefit for the Local Group for the measurement period ended June 30, 2023 is \$79,181,803.

The average of the expected remaining service lives of all employees that are provided with pension through the pension plan (active and inactive employees) determined at July 1, 2023, 2022, 2021, 2020, 2019, 2018, 2017 and 2016 is 5.08, 5.04, 5.13, 5.16, 5.21, 5.63, 5.48, and 5.57 years, respectively.

#### *Special Funding Situation*

A special funding situation exists for certain Local employers of the PERS. The State of New Jersey, a non-employer, is required to pay the additional costs incurred by local employers under Chapter 366, P.L. 2001 and Chapter 133, P.L. 2001. The June 30, 2023 State special funding situation net pension liability amount of \$122.1 million is the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The special funding situation for Chapter 133, P.L. 2001 is due to the State paying the additional normal cost related to benefit improvements from Chapter 133. Previously, this additional normal cost was paid from the Benefit Enhancement Fund (BEF). As of June 30, 2023, there was no net pension liability associated with this special funding situation. There was no accumulated difference between the annual normal cost under the special funding situation and the actual State contribution through the valuation date. The State special funding situation pension expense of \$55.7 million, for the fiscal year ending June 30, 2023, is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2023. The pension expense is deemed to be a State administrative expense due to the special funding situation.

The District's expense related to the special funding situation is \$54,814.

#### *Teachers Pensions and Annuity Fund (TPAF) – Special Funding Situation*

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the non-employer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer. The State's proportionate share of the TPAF net pension liability associated with the District as of June 30, 2023 was \$190,271,495. The District's proportionate share was \$0.

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022,

which was rolled forward to June 30, 2023. The State's proportionate share of the net pension liability associated with the District was based on a projection of the State's long-term contributions to the pension plan associated with the District relative to the projected contributions by the State associated with all participating school districts, actuarially determined. At June 30, 2023, the State's proportionate share of the TPAF net pension liability associated with the District was 0.3728425268 percent, which was a decrease of 0.0056905026 from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the District recognized on-behalf pension expense and revenue in the government wide financial statements for contributions incurred by the State.

*Actuarial assumptions*

The total pension liability for the June 30, 2023 measurement date was determined by an actuarial valuation as of July 1, 2022, which was rolled forward to June 30, 2023. The actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate:	
Price	2.75%
Wage	3.25%
Salary increases	2.75 - 4.25%
	based on years of service
Investment rate of return	7.00%

*Mortality Rates*

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

#### *Discount Rate*

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

##### *General Information about the OPEB Plan*

##### **State Health Benefit State Retired Employees Plan:**

For Pension and Other Postemployment Benefits (OPEB) Obligations in Fiscal Year 2023, the State funded the various defined benefit pension systems at 108 percent of the full actuarially determined contributions. Employer contributions to the pension plans are calculated per the requirements of the governing State statutes using generally accepted actuarial procedures and practices. The actuarial funding method used to determine State's contribution is a matter of State law. Any change to the funding method requires the approval of the State Legislature and the Governor. The amount the State actually contributes to the pension plans may differ from the actuarially determined contributions of the pension plans because the State's contribution to the pension plans is subject to the appropriation of the State Legislature and actions by the Governor. GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers to recognize their proportionate share of the collective net pension liability. Under the new statement, the calculation of the pension liability was changed to a more conservative methodology and each employer was allocated a proportional share of the pension plans' net pension liability.

The State's share of the net pension liability, based on a measurement date of June 30, 2022 which is required to be recorded on the financial statements, is \$75.1 billion. The Fiscal Year 2023 projected aggregate State contribution to the pension plans of \$6.8 billion represents 104 percent of the actuarially determined contribution. The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2022, the State paid PRM benefits for 161,238 State and local retirees. The State funds the post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2022, the State contributed \$1.9 billion to pay for "pay-as you-go" PRM benefits costs incurred by covered populations, a slight increase from \$1.8 billion in Fiscal Year 2021. The State has appropriated \$2.1 billion in Fiscal Year 2023 as the State's contribution to fund increases in prescription drugs and medical claims costs.

**7. Post-Retirement Benefits (continued)**

In accordance with the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the State is required to quantify and disclose its obligation to pay Other Postemployment Benefits (OPEB) to retired plan members. The State is required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2022 State OPEB liability to provide these benefits is \$88.9 billion, a decrease of \$12.7 billion, or 12.5 percent from the \$101.6 billion liability recorded in Fiscal Year 2021. Additional information on Pensions and OPEB can be accessed on the Division of Pensions & Benefits Financial Reports webpage:

*Employees covered by benefit terms*

The following employees were covered by the benefit terms:

Local Education Group	June 30, 2023
Active Plan Members	217,212
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	152,383
Inactive Plan Members Entitled to but Not Yet Receiving Benefits	-
Total Plan Members	<u>369,595</u>

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the District did not recognize any portion of the collective total OPEB liability on the Statement of Net Position. The State's proportionate share of the total OPEB liability associated with the District as of June 30, 2023 was \$107,620,865. Additional information can be obtained from the State of New Jersey's annual comprehensive financial report.

*Actuarial assumptions and other inputs*

The total non-employer OPEB liability in the June 30, 2023 was determined by an actuarial valuation as of June 30, 2022, which was rolled forward to June 30, 2023. The actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	TPAF	PERS
Salary increases:		
Through 2026	2.75 - 4.25%	2.75 - 6.55%
	based on years of service	based on years of service

*Mortality Rates*

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP) and "General" (PERS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees was based on the Pub-2010 "General" (PERS) and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

### 7. Post-Retirement Benefits (continued)

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of the actual experience studies for the periods July 1, 2018 to June 30, 2021. 100% of active members are considered to participate in the Plan upon retirement.

#### *Discount Rate*

The discount rate used to measure the total OPEB liability for June 30, 2023 was 3.65%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

#### *Health Care Trend Assumptions*

For pre-Medicare medical benefits, the trend rate is initially 6.50% and decreases to a 4.50% long-term trend rate after eight years. For post-65 medical benefits PPO, the trend is initially (1.99%) in fiscal year 2023, increasing to 13.80% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For HMO the trend is initially (3.54%) in fiscal year 2023, increasing to 17.40% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 9.50% and decreases to a 4.50% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

*The following represents sensitivity of total non-employer OPEB liability to changes in the discount rate and health care cost rate*

The following presents the total non-employer OPEB liability associated with the District as of June 30, 2023 calculated using a discount rate as disclosed above as well as what the total non-employer OPEB liability would be if it was calculated using a discount rate that is 1-percentage-point lower (2.65%) or 1-percentage-point higher (4.65%) than the current discount rate:

#### *OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB*

For the year ended June 30, 2024, the District recognized on-behalf OPEB expense and revenue in the government-wide financial statements of \$868,444 for OPEB expenses incurred by the State.

Collective balances of the Local Education Group at June 30, 2023 are as follows:

Deferred outflows of resources	\$ 17,347,811,894
Deferred inflows of resources	\$ 30,503,688,706
Collective OPEB Expense	\$ 1,389,124,126
District's Proportion	0.35%

#### *Special Funding Situation*

The employer contributions for local participating employers are legally required to be funded by the State, therefore, the District records an expense and corresponding revenue for its respective share of total OPEB expense and revenue attributable to the State of New Jersey.

### 8. Interfund Receivables and Payables

The total interfund accounts receivable and payable for the District at June 30, 2024 are as follows:

	Interfund Receivable	Interfund Payable

#### **8. Interfund Receivables and Payables (continued)**

The interfund receivable in the General Fund of \$582,511 is comprised of an interfund payable from the special revenue fund in the amount of \$100,307, capital projects fund in the amount of \$312,942, and internal service fund – fueling facility in the amount of \$169,262, which represent short-term loans to provide the funds with sufficient cash flow until cash is received for accounts receivable.

All interfunds are expected to be repaid within one year.

#### **9. Economic Dependency**

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, could have an effect on the District's programs and activities.

#### **10. Contingent Liabilities**

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2024 may be impaired. As a result of the impact of COVID-19, the District has received funding under the Elementary and Secondary School Emergency Relief (ESSER) Fund, American Rescue Plan Act (ARP) and the Coronavirus Relief Fund (CRF). To the extent that the District has not complied with the rules and regulations governing the ESSER and CRF funds, money may be required to be returned. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations or final eligible cost requirements governing the respective grants or funding; therefore, no provisions have been recorded in the accompanying basic financial statements for such contingencies.

In addition, the District received funding from the New Jersey Schools Development Authority (NJSDA), in connection with certain approved projects. The costs associated with the funding received from the NJSDA are subject to a final review of eligible costs and compliance by the New Jersey Department of Education and the NJSDA. To the extent that the District has not complied with the rules and regulations governing the NJSDA funds or has not met the final eligible costs requirement, refunds of any money received may be required.

The District is also involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the Board.

#### **11. Risk Management**

The District is exposed to various risks of loss related to torts; theft, damage, and destruction of assets; errors and omissions; employee health and accident claims; and natural disasters.

**11. Risk Management (continued)**

**Property and Liability Insurance**

The District maintains commercial insurance coverage for property, liability, and student accident and surety bonds and does not retain risk of loss. There have been no significant reductions in insurance coverage from the prior year and no settlements have exceeded insurance coverages over the past three years. A complete schedule of insurance coverage can be found in the statistical section of this report.

The District participates in the NJSBA Insurance Group and public entity risk pool. The risk pool provides its members with the following coverages:

Property – Blanket Building & Grounds  
Boiler and Machinery  
School Board Legal Liability

General and Automobile Liability  
Workers' Compensation  
Crime Coverage

**Self-Insurance**

The District is self-insured for medical, prescription and dental benefits and established an internal service fund to account for its self-insurance activities. At June 30, 2024, the accrued liability for unpaid medical, prescription and dental claims of \$3,131,648 has been recorded in the internal service fund financial statements for Incurred But Not Reported Claims (IBNR), which is subject to modification and/or assessment of existing or additional claims. The medical, prescription, and dental benefits IBNR liability has been calculated by an actuary contracted by the District's claims administrator. The actuary utilized a 21% margin to estimate the liabilities.

Changes in the Incurred But Not Reported claims liability amount for the current and prior year was:

Fiscal Year	Beginning of Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance at End of Year
2023-2024	\$ 2,903,923	\$ 21,732,689	\$ 21,504,964	\$ 3,131,648
2022-2023	3,002,219	13,864,677	13,962,973	2,903,923
2021-2022		11,182,473	8,180,254	3,002,219

**New Jersey Unemployment Compensation Insurance**

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The District's withholdings are recorded in the Unemployment Compensation Reserve in the general fund.

**12. Deferred Compensation Plans**

The Board offers its employees deferred compensation plans created in accordance with Internal Revenue Code Section 403(b) and 457. The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts unearned under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Aetna/ING Direc	American Century	Ameriprise Financial	AIMInvestments
AXA Equitable	H.C. Copeland/Metlife #64	Fidelity	Valic
Janus Group	Lincoln Financial	Lincoln Investment	Prudential
NEA/Security Benefit	Oppenheimer	Metlife Annuity #78	Putnam
Travelers/Metlife #79	United Way	USAA Life	Vanguard
Great American/Galic			

Participant's rights under the plans are equal to those of general creditors in an amount equal to the fair market value of the deferred account of each participant. The District has no liability for losses under the plan.

**13. Maintenance Reserve Account**

A maintenance reserve account was established by the District by way of a Board approved resolution on June 8, 2009 for the accumulation of funds for use as maintenance expenditures in subsequent fiscal years. The maintenance reserve account is maintained in the general fund and its activity is included in the general fund annual budget. Funds placed in the maintenance reserve account are restricted to maintenance projects in the District's approved Comprehensive Maintenance Plan (CMP).

Upon submission of the CMP to the New Jersey Department of Education, the District may increase the balance in the maintenance reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end (June 1 to June 30) of any unanticipated revenue or unexpended line – item appropriation amounts, or both. The District may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.2(g), the balance in the account cannot at any time exceed four percent of the replacement cost of the school district's school facilities for the current year.

The activity of the maintenance reserve for July 1, 2023 to June 30, 2024 fiscal year is as follows:

Beginning balance July 1, 2023	\$ 2,627,910
Deposits:	
Interest earned	145,144
Ending balance, June 30, 2024	<u>\$ 2,773,054</u>

Notes to the Basic Financial Statements (continued)

Year ended June 30, 2024

**13. Maintenance Reserve Account (continued)**

The balance in the maintenance reserve does not exceed four percent of the replacement cost of the school district's school facilities for the current year at June 30, 2024. The District has not budgeted any of the June 30, 2024 maintenance reserve balance in its 2024-25 fiscal year budget.

**14. Capital Reserve Account**

A capital reserve account was established by the District in July 1, 2001, by way of a Board resolution, and issued for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the Department, a District may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end (June 1 to June 30) of any unanticipated revenue or unexpended line – item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for July 1, 2023 to June 30, 2024 fiscal year is as follows:

Beginning balance July 1, 2023	\$ 8,512,217
Withdrawals:	
Capital Outlay – Budgeted Withdrawal	(1,369,250)
Deposits:	
Interest earned on capital reserve funds	285,439
Deposit into Capital Reserve (June 2024 Board Resolution)	3,000,000
Ending balance, June 30, 2024	<u>\$ 10,428,406</u>

The June 30, 2024 long-range facility plan (LRFP) balance of local support costs of uncompleted projects exceeds the amount set aside in the capital reserve. The District has budgeted \$1,625,887 of the June 30, 2024 capital reserve balance in its 2024-25 fiscal year budget.

**15. Commitments**

The District has contracts with several vendors for goods and services that have not been received as of June 30, 2024. These encumbrances, in the amount of \$7,149,713, are recorded as part of the assigned to other purposes on the general fund balance sheet.

#### 16. Net Position - Net Investment in Capital Assets

Net investment in capital assets, Governmental Activities, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. The net investment in capital assets of \$96,228,196 indicated as part of the Governmental Activities net position is calculated as follows:

Capital assets, net of depreciation	\$ 112,001,782
Bonds payable (used to build or acquire capital assets)	(10,495,000)
Capital Projects fund balance	(5,191,983)
Financed purchases payable	(5,310,929)
Deferred gain on defeasance of debt	(117,213)
Unexpended lease proceeds	5,341,539
Total net investment in capital assets	<u>\$ 96,228,196</u>

#### 17. Tax Abatements

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreement will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

For a local school district board of education or board of school estimate that has elected to raise their minimum tax levy using the required local share provision at N.J.S.A. 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

East Windsor Township provides for long-term tax exemptions, as authorized by New Jersey State Statutes. N.J.S.A. 40A:20-1 et seq. sets forth the criteria and mechanism by which property taxes can and are abated. The exemptions provided by East Windsor Township are for affordable housing projects and other permitted purposes. Taxes abated include municipal, local school and county taxes.

East Windsor Township recognized revenue of \$1,227,813 in 2024 from the annual service charge in lieu of payment of taxes and taxes that otherwise would have been due on these long-term tax exemptions amount to \$2,171,750, based upon the assessed valuations of the long-term tax exemptions properties. A portion of the \$943,937 abatement would have been allocated to the District. Hightstown Borough does not currently have any such long-term tax exemptions in place.

## **Single Audit Section**

**Report on Internal Control Over Financial Reporting and on Compliance  
and Other Matters Based on an Audit of Financial Statements Performed  
in Accordance with *Government Auditing Standards***

**Independent Auditors' Report**

Honorable President and  
Members of the Board of Education  
East Windsor Regional School District  
Hightstown, New Jersey  
County of Mercer

We have audited, in accordance with the auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the East Windsor Regional School District, in the County of Mercer, New Jersey (the "District") as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated February 26, 2025.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**Honorable President and  
Members of the Board of Education  
East Windsor Regional School District**

*Page 2*

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance For Each Major Federal and State Program and Report  
on Internal Control Over Compliance Required by the  
Uniform Guidance and New Jersey OMB Circular 15-08**

**Independent Auditors' Report**

Honorable President and  
Members of the Board of Education  
East Windsor Regional School District  
Hightstown, New Jersey  
County of Mercer

**Report on Compliance for Each Major Federal and State Program**

**Opinion on Each Major Federal and State Program**

We have audited the East Windsor Regional School District's, in the County of Mercer, New Jersey (the "District") compliance with the types of compliance requirements described in the OMB *Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the District's major federal and state programs for the year ended June 30, 2024. The District's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2024.

**Basis for Opinion on Each Major Federal and State Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("Government Auditing Standards"), the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and New Jersey OMB Circular 15-08 *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Our responsibilities under those standards, the Uniform Guidance, and New Jersey OMB Circular 15-08 are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program.

*Page 2*

Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

**Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal and state programs.

**Auditors' Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and New Jersey OMB Circular 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and New Jersey OMB Circular 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Honorable President and  
Members of the Board of Education  
East Windsor Regional School District**

*Page 3*

**Other Matters**

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2024-001. Our opinion on each major federal program is not modified with respect to these matters.

*Government Auditing Standards* requires the auditor to perform limited procedures on the District's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

**Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2024-002 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the District's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Members of the Board of Education  
East Windsor Regional School District**

**Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Notes to Schedules of Expenditures of  
Federal Awards and State Financial Assistance

Year ended June 30, 2024

**1. Basis of Presentation**

The accompanying schedules of expenditures of federal awards and state financial assistance include the federal award and state financial assistance activity under programs of the federal and state government for the year ended June 30, 2024. The District is defined in Note 1 to the District's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules of expenditures of federal awards and state financial assistance.

The information in these schedules are presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Therefore, some amounts presented in these schedules may differ from amounts presented, or used in the preparation of, the basic financial statements. Because the schedules present only selected portions of the operations of the District, they are not intended to and do not present the financial position, changes in net position, or cash flows of the District.

**2. Summary of Significant Accounting Policies**

The expenditures reported on the accompanying schedules of expenditures of federal awards and state financial assistance (Schedules) are presented on the budgetary basis of accounting with the exception of programs recorded in the enterprise fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and New Jersey OMB Circular 15-08, wherein certain types of expenditures are allowable or are limited as to reimbursement. These bases of accounting are described in Note 1 to the District's basic financial statements.

**3. Relationship to Basic Financial Statements**

Amounts reported in the accompanying Schedules agree with amounts reported in the District's basic financial statements. The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the fiscal year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

Notes to Schedules of Expenditures of  
Federal Awards and State Financial Assistance

Year ended June 30, 2024

**3. Relationship to Basic Financial Statements (continued)**

The general fund is presented in the accompanying schedules on the modified accrual basis of accounting with the exception of the revenue recognition of the two last state aid payments in the current year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of the last state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$692,906 for the general fund and \$183,163 for the special revenue fund. See note to Required Supplementary Information (C-3) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. The adjustment to reconcile from budgetary basis accounts receivable to GAAP basis accounts receivable is \$648,837 for the special revenue fund. This is a result of recognizing encumbrances as expenditures on the budgetary basis but not the GAAP basis. Financial award revenues are reported in the District's basic financial statements on a GAAP basis as follows:

	<b>Federal</b>	<b>State</b>	<b>Total</b>
General Fund	\$ 111,164	\$ 73,401,352	\$ 73,512,516
Special Revenue Fund	4,099,090	405,084	4,504,174
Debt Service Fund		88,520	88,520
Food Service Enterprise Fund	1,754,058	71,879	1,825,937
Total award revenues	\$ 5,964,312	\$ 73,966,835	\$ 79,931,147

**4. Relationship to Federal and State Financial Reports**

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

**5. Adjustments**

The adjustments presented on schedule K-3 are the result of the cancellations of prior year encumbrances or reallocations of grant expenditures from prior years.

Federal Awards and State Financial Assistance

Year ended June 30, 2024

**6. Other**

Revenues and expenditures reported under the Food Donation Program represent current year value received and current year distributions, respectively. TPAF Social Security contributions represent the amount reimbursed by the State for the employer's share of Social Security contributions for TPAF members for the year ended June 30, 2024.

The post-retirement pension, disability insurance and medical benefits received on-behalf of the District for the year ended June 30, 2024 amounted to \$20,838,034. Since on-behalf post-retirement pension, disability insurance and medical benefits are paid by the State directly, these expenditures are not subject to a single audit in accordance with New Jersey OMB Circular 15-08, however, they are required to be reported on the Schedule of Expenditures of State Financial Assistance, as directed by the funding agency.

**7. Indirect Costs**

The District did not elect to use the 10% de minimis indirect cost rate as allowed by the Uniform Guidance.

**Finding 2024-001 (ACFR Finding 2024-001)**

Compliance Finding - Reporting

Education Stabilization Fund

ALN: 84.425U

FAIN: S425U210027

Grantor Agency: U.S. Department of Education

Pass-Through Agency: State Department of Education

*Criteria:* The Uniform Guidance requires financial reports to be accurate, complete, and supported by underlying accounting records. Additionally, the granting agency also requires that expenditures reported align with accounting records to ensure proper reporting of federal funds.

*Statement of Condition:* The Education Stabilization Fund (ESF) final reports submitted to the oversight agency did not reconcile to the underlying accounting data maintained by the District. Specifically, discrepancies were identified between reported expenditures and the general ledger, including a \$125,463 overstatement of expenditures. This amount was recorded by the District as a due to grantor in the Special Revenue Fund.

*Context:* During our testing of Federal Award Programs, we audited the ESF final reports to determine compliance with the reporting requirement. Our testing included reviewing and reconciling the individual grant final reports to the underlying accounting data. Auditors reviewed nine individual grant final reports noting that three of the reports did not reconcile to the underlying accounting data.

**Part III - Schedule of Federal and State Award Findings  
and Questioned Costs**

*Cause and Effect:* The discrepancy occurred because District staff did not perform a thorough reconciliation of expenditures prior to submission. Additionally, staff turnover contributed to the issue. Failure to reconcile the underlying accounting data increases the risk of inaccurate financial reports, which could result in noncompliance with grant requirements. This could lead to questioned costs, a loss of credibility with oversight agencies, or potential future funding restrictions.

*Questioned Costs:* None.

*Recommendation:* We recommend that the District develop and require a formal reconciliation process to ensure all financial reports align with underlying accounting records before submission, provide additional training to finance staff on reconciliation procedures and grant reporting requirements, enhance supervisory review process to identify and correct discrepancies prior to report submission, and periodically review grant reporting policies to ensure alignment with applicable regulations.

*Views of Responsible Officials:* District management concurs with the finding and has developed a corrective action plan in response to the recommendations above and has begun to take action to address the finding.

**Finding 2024-002 (ACFR Finding 2024-002) – Significant Deficiency**

Internal Control over Compliance Finding – Allowable Costs

Education Stabilization Fund

ALN: 84.425U

FAIN: S425U210027

Grantor Agency: U.S. Department of Education

Pass-Through Agency: State Department of Education

*Criteria:* According to 2 CFR 200.403(a) and (g), for costs to be allowable under a federal awards, they must be necessary, reasonable, and adequately documented. Additionally, 2 CFR 200.430(a) requires that payroll costs charged to federal grants be based on records that accurately reflect the work performed and be properly authorized.

Schedule of Findings and Questioned Costs (continued)

**Part III - Schedule of Federal and State Award Findings  
and Questioned Costs**

*Statement of Condition:* The District charged payroll expenditures to the Educational Stabilization Fund (ESF) grant for employees who were not approved to be paid from the grant. Additionally, certain employees were paid at rates that were not authorized by the Board. Furthermore, journal entries related to payroll expenses were not supported by adequate documentation. As a result, we identified \$51,682 in questioned costs.

*Context:* During our testing of ESF, we tested the payroll expenditures charged to the grant. Our testing included reviewing and reconciling the individual employees to board approvals to be charged to the grant, reviewing the approved pay rates for the grant for hourly or stipend employees, and reconciling the underlying data on payroll-related journal entries and time sheets.

*Cause and effect:* The District did not have adequate internal controls to ensure that only authorized employees and approved pay rates were used for payroll costs charged to the ESF grant. Additionally, there was a lack of review and oversight over payroll-related journal entries to ensure they were properly supported. Without proper controls over payroll charges and documentation, the District risks noncompliance with federal grant requirements, which could result in disallowed costs and potential repayment of federal funds. In this case, \$51,682 in payroll expenditures are considered questioned costs, subject to further review by the granting agency.

*Questioned Costs:* \$51,682

*Recommendation:* We recommend that the District strengthen internal controls over payroll processing related to grants to ensure that only authorized employees and approved pay rates are charged to the ESF grant, implement a review process to verify that all payroll-related journal entries are adequately supported before posting, conduct a review of payroll charges to federal grants to identify and correct any additional instances of unapproved costs, provide training to finance and grant management staff on federal grant requirements for payroll expenditures, and coordinate with grantor agency to determine appropriate corrective action regarding the identified questioned costs.
