Citizens, Honorable President and
Members of the Board of Education
Egg Harbor City School District
Atlantic County, New Jersey

Dear Board Members:

The annual comprehensive financial report of the Egg Harbor City School District (District) for the fiscal year ended June 30, 2024, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and accounting groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The annual comprehensive financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the Management's Discussion and Analysis, basic financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the *Single Audit Act of 1996*, and *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, and *New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments*. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES: The Egg Harbor City School District is an independent reporting entity as set forth in Section 2100 of the *GASB Codification of Governmental Accounting and Financial Reporting Standards*. All funds and account groups of the District are included in this report. The Egg Harbor City Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K–8. These include regular, as well as special education for handicapped students. The District completed the 2023-2024 fiscal year with an average enrollment of 568 students, which is 2 students less than the previous year's enrollment.

The following details the changes in the student enrollment of the District over the last five years.

**Average Daily
Enrollment**

Fiscal	Student	Percent
<u>Year</u>	<u>Enrollment</u>	<u>Change</u>
2023-2024	568	(0.35%)
2022-2023	570	6.15%
2021-2022	537	3.86%
2020-2021	517	3.19%
2019-2020	501	(0.62%)

2) ECONOMIC CONDITION AND OUTLOOK: The Egg Harbor City School District consists of two schools. The Egg Harbor City Community School, which houses students in Grades 4 through 8, was opened to students in January 2011. The Charles L. Spragg School, which houses students in Grades PreK through 3, was originally built in 1955 with additions and renovations in 1994 and 2010. The district had a partial roof/HVAC replacement at the Charles L. Spragg School that began in June of 2023 and was completed in September 2024. At the Egg Harbor City Community School, there are a few capital projects in the works. One is a Chiller replacement in which the district has been selected to receive a ROD grant funded through the NJ Schools Development Authority. This project is scheduled to begin in October of 2024. The Egg Harbor City Community School received upgrades to the fire alarm system in December of 2023. Additionally, the district is looking to replace the Community School's lighting fixtures and transition to all LED lighting for energy savings. Egg Harbor City is part of the Greater Egg Harbor Regional High School District which encompasses several municipalities in the surrounding area. The Greater Egg Harbor Regional High School District consists of three high schools, the most recently constructed being the Cedar Creek High School which is located in Egg Harbor City and opened to students in the fall of 2010.

The Egg Harbor City government has authorized the Master Plan to be updated in 2021 and is working hard to bring new opportunities to the City. The City received a \$723,000 grant to install a bike lane along Philadelphia Avenue from Diesterweg Street to the Egg Harbor City Lake. The ratable base has seen some increases the last few years.

After several years of flat funding, the district received an increase of \$617,582 in State Aid for the 2021-2022 school year, \$794,979 in the 2022-2023 school year, and \$1,396,669 in the 2023-2024 school year. Recent legislation has redistributed hundreds of millions of dollars in public school aid in New Jersey each year from districts receiving more than the funding formula calls for to districts that have been shorted. The Egg Harbor City School District expects to see continued increases in State aid until it is gradually brought up to full funding. The District also receives Federal funding for a 21st Century Community Learning Center Competitive Grant in the amount of \$350,000. Effective FY2024-2025, the 21st CCLC grant was increased to \$400,000.

The district continues to maintain strong relationships with social service agencies, and a variety of organizations and parent groups, which are crucial to fulfilling another board goal: to engage the community in the public schools. Among groups that have become involved with our programs are the district's Parent Teacher Organization. Support also comes from Egg Harbor City Council, the Municipal Alliance, Atlantic County Family Services, the NJ Division of Child Protection and Permanency, the Coalition for a Safe Community, and City and County Law enforcement agencies. In addition, student programs receive support from AtlantiCare Health System, the Crusaders athletic organization, and the Community Food Bank of South Jersey which provides dinner to our 21st CCLC Program.

Continued growth and opportunity are the future of Egg Harbor City.

3) INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by the District management.

As a recipient of federal awards and state financial assistance, the District also is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by the District management. Each month a printout is given of all funds available, expenditures against those funds and the balance available to spend.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal awards and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

4) BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2024.

5) ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements", Note 1.

6) DEBT ADMINISTRATION: At June 30, 2024, the District's outstanding debt issues included \$4,820,000 of general obligation bonds.

7) CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act

8) RISK MANAGEMENT: Egg Harbor City Board of Education is a member of the Atlantic Cape May Counties School Business Officials Joint Insurance Fund (ACCASBOJIF). This fund was formed under the provisions of N.J.S.A. 18A:18B 1-10. The Fund commenced operations on July 1, 1991 with sixteen member districts from Atlantic and Cape May counties. The Fund provided average savings of 13% for members as compared to their previous insurance. In 1993 ACCASBOJIF entered into a joint purchase agreement with Burlington County Insurance Pool to negotiate additional discounts for their members. This effort resulted in additional savings of over \$300,000 to ACCASBOJIF members.

The ACCASBOJIF provides members with a long-term alternative to the conventional insurance marketplace and is a means of stabilizing the otherwise cyclical nature of insurance expenditures. The Fund provides the following coverage:

1. Property, including buildings, contents, inland marine, crime, boiler and machinery and audit physical damages.
2. General Liability, including school board legal liability.
3. Automobile Liability.
4. Workers' Compensation

The Fund provides coverage to its members either directly or through the commercial insurance market, through one or more of the following vehicles: excess insurance, reinsurance or an excess property and casualty joint insurance fund.

The Fund's mission statement is as follows: "The ACCASBOJIF is committed to unite local school districts in a joint effort to better manage their risks and assure fiscal stability by providing cost-effective, comprehensive insurance coverage and minimizing losses through pro-active membership involvement in claims management and loss prevention activities."

9) OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Ford, Scott & Associates, L.L.C., CPAs, was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996, and related Uniform Guidance and New Jersey OMB Circular 15-08. The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules are included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

10) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Egg Harbor City Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Independent Auditor's Report

Honorable President and
Members of the Board of Education
Egg Harbor City School District
County of Atlantic, New Jersey

Report on the Audit of Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Egg Harbor City School District, in the County of Atlantic, New Jersey, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Egg Harbor City School District, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Egg Harbor City School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Egg Harbor City School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from an error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, we:

- exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether in our judgement there are conditions or events considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charge with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control – related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Required Supplementary Information identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Egg Harbor City School District's basic financial statements. The combining and individual non-major fund financial statements and schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the schedule of state financial assistance as required by NJ OMB 15-08 and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by the Uniform Guidance, and the schedule of state financial assistance as required by NJ OMB 15-08 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises of the introductory and statistical sections and have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 27, 2024 on our consideration of the Egg Harbor City School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Egg Harbor City School District's internal control over financial reporting and compliance.

MANAGEMENT’S DISCUSSION AND ANALYSIS

This section of the Egg Harbor City School District (“District”) annual financial report presents our discussion and analysis of the District’s financial performance during the fiscal year that ended on June 30, 2024. Please read it in conjunction with the transmittal letter at the front of this report and the District’s financial statement.

FINANCIAL HIGHLIGHTS

- The net position of the District increased compared to the prior year as a result of an excess in various categories of revenues.
- The State of New Jersey reimbursed the District \$379,111.44 during the fiscal year ended June 30, 2024 for the employer’s share of social security contributions for TPAF members as calculated on their base salaries. Also, the State paid \$2,235,318.00 on behalf of the District for TPAF Pension Contributions and OPEB, including post-retirement medical and long-term disability insurance. These amounts, which are not budgeted, are included as both a revenue and appropriation in the financial statements.
- As indicated by New Jersey State Statutes, the unreserved fund balance of the general fund is limited to the greater of \$250,000.00 or 2% of the total general fund expenditures. Any excess is required to be designated as Restricted Fund Balance – Excess Surplus and included in the next year’s budget as budgeted fund balance. As of June 30, 2024, the District had excess surplus in the amount of \$2,665,894.30 of which \$1,012,052.84 has been appropriated and included as anticipated revenue in the 2025 fiscal year budget. This is compared to the prior year excess surplus of \$2,267,717.52 of which \$1,255,664.68 was budgeted in the 2024 fiscal year budget.
- During the fiscal year ended June 30, 2024, the District’s governmental fund revenue realized was \$136,542.54 more than total expenditures. Although the district’s fund balance in the general fund increased by \$1,500,255.77, this was offset by expenditures incurred on the roof and HVAC capital project.
- In the District’s business-type activities, net position increased \$37,673.76 during the 2024 fiscal year compared to a \$16,971.55 decrease in fiscal year 2023. The increase can be attributed to an overall increase in participation offset by a decrease in costs for food and supply products. In addition, meals were reimbursed based on the student’s status of paid, reduced, or free.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – *management’s discussion and analysis* (this section), the basic *financial statements*, *required supplementary information*, and an optional section that presents *combining statements for special revenue, proprietary, and fiduciary funds*. The basic financial statements include two kinds of statements that present different views of the District.

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District’s *overall* financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the District’s government, reporting on the District’s operations in *more detail* than the government-wide statements.
 - The *governmental funds* statements tell how *general government* services like instruction were financed in the *short term* as well as what remains for future spending.
 - *Proprietary fund* statements offer *short- and long-term* financial information about the activities the District operates like businesses, such as the food service program.
 - *Fiduciary fund* statements provide information about the financial relationships – like the unemployment trust fund – in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another.

Figure A-1 summarizes the major features of the District's financial statements, including the portion of the District's government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's *net position* and how they have changed. Net position – the difference between the District's assets and liabilities – is one way to measure the District's financial health, or *position*.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the City's property tax base and the condition of the District's facilities.

The government-wide financial statements of the District are divided into two categories:

- *Governmental activities* – most of the District's basic services are included here, such as instruction, transportation, administration, and plant operations. Property taxes and state and federal grants finance most of these activities.
- *Business-type activities* – the District charges fees to customers to help it cover the costs of certain services it provides. The District's food service program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds* – not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

The District has three kinds of funds:

- *Governmental funds* – Most of the District's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement that explains the relationship (or differences) between them.
- *Proprietary funds* – Services for which the District charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. In fact, the District's *enterprise funds* (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.
- *Fiduciary funds* – The District is the trustee, or *fiduciary*, for other assets that - because of a trust arrangement – can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net position. The District's governmental activities net position increased slightly between fiscal years 2023 and 2024 as a result of increases in various revenue categories. Net position for business-type activities increased \$37,673.76 during the current fiscal year.

Changes in net position. The total governmental fund revenue of the District increased \$976,577.44 compared to amounts recognized in the prior year. This can be attributed to an overall increase in the amounts provided by the State of New Jersey on-behalf of the District for TPAF Pension Contributions and OPEB, as well as funding realized for the Chiller/HVAC capital project.

Approximately 51% of the District's governmental fund revenue came from the State of New Jersey and Federal Government in the form of unrestricted aid. The state aid is based on the District's enrollment as well as other factors such as legislative funding of the SFRA formula. Egg Harbor City levies property taxes on properties located in the City. This tax is collected by the municipality and remitted to the District. The District expenses are primarily related to instruction, administration, and plant operations.

The change in net position from 2023 to 2024 is due to an increase in overall state aid and interest earned.

Business-type Activities

Operating and non-operating revenues of the District's business-type activities decreased \$23,378.45 from the previous year while expenses decreased \$78,023.76. Factors contributing to these results included:

- The school district experienced an overall decrease in the cost of food and other supplies during the 2024 fiscal year which resulted in lower operating costs. Also, eligible meals were reimbursed by the State of New Jersey based on free, reduced, and paid status.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As of the year end, the governmental funds reported a combined fund balance of \$4,256,021.18 which is \$136,542.54 higher than in the beginning of the year. Although the district's fund balance in the general fund increased by \$1,500,255.77, this was offset by expenditures incurred on the roof and HVAC capital project.

General Fund Budgetary Highlights

As further explained in the Notes to the Financial Statements, annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the County office, and as a Type II School District that has elected to have November elections, requires approval by the voters only when statutory limits are exceeded. Transfers of appropriations may be made by Board resolution at any time during the fiscal year. The District is permitted to encumber funds throughout the year for purchases ordered but not yet received. Any open encumbrances as of June 30th carry over to the next fiscal year and are added to the appropriation reflected in the certified budget.

After adjusting total revenue reported on Exhibit C-1 for the Reimbursed TPAF Social Security Contribution and on-behalf TPAF Pension Contributions, which are not budgeted, the District's actual revenue was \$310,819.49 more than the budgeted amount. Again, after adjusting for the Reimbursed TPAF Social Security Contribution and on-behalf TPAF Pension Contributions, actual expenditures were below the budgeted appropriations by \$2,573,200.95.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2024, the District had invested \$27,800,445.51, net of depreciation, in a broad range of capital assets, including land, buildings, vehicles and machinery.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Egg Harbor City School District is presently in satisfactory financial condition. Future challenges include stabilizing or increasing student enrollment, flat state aid revenues, and reduced surplus from prior years to offset increases in tax rates.

The school district has been fortunate to receive both State and Federal grants, offering additional resources for teachers assisting students to make increased strides in all instructional areas. For instance, the After School Learning Centers (21st Century) grant provides services to students throughout the year to supplement school-day instruction.

The City did see a decrease of \$357,700 in its ratable base for the 2024 tax year. In recent years it has become the responsibility of homeowners to foot the majority of the tax burden, and there has been a continued influx of families of many nationalities with lower socio-economic backgrounds. A continuation of appropriate teacher/student classroom ratios remains a priority of the administration.

In conclusion, the Egg Harbor City School District has committed itself to financial excellence. In addition, the school district's system for financial planning, budgeting, and internal financial controls are well guarded. The school district plans to continue its sound fiscal management to meet challenges of the future.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Year Ended June 30, 2024

Total net change in fund balances - governmental funds (from B-2)	\$	136,542.54
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.		
	Depreciation expense	(802,041.32)
	Added in prior year through payables	(42,094.98)
	Capital outlays	1,727,640.48
		<u>2,571,776.78</u>
In the statement of activities, only the loss on disposal of capital assets is reported, whereas in the governmental funds, the proceeds from the sale (if any) increases financial resources. Thus, the change in net assets differs from the change in fund balance by the book value of the assets disposed.		
Repayment of long term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.		622,608.99
In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is an addition in the reconciliation. (+)		2,609.04
Governmental funds report district pension contributions as expenditures. However in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.		
District pension contributions - PERS	168,440.00	
Cost of benefits earned net of employee contributions	<u>13,080.00</u>	181,520.00
In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).

Notes to the Financial Statements

{THIS PAGE IS INTENTIONALLY LEFT BLANK}

**EGG HARBOR CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2024**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Egg Harbor City School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education (Board) of the Egg Harbor City School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB). The more significant accounting policies established in GAAP and used by the District are discussed below.

A. Reporting Entity:

The Egg Harbor City School District is a Type II district located in the County of Atlantic, State of New Jersey. As a type II district, the School District functions independently through a Board of Education. The board is comprised of seven members elected to a three-year term. The purpose of the District is to educate students in grades K-8. The Egg Harbor City School District had an approximate enrollment OF 568 at June 30, 2024, and 570 at June 30, 2023.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the *GASB Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

B. BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS:

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The District's general and special revenue activities are classified as governmental activities. The District's food service program is classified as a business-type activity.

In the governmental-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net positions are reported in three parts-invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and business-type activities (food service). The functions are also supported by general government revenues (property taxes, tuition, certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and

**EGG HARBOR CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS

(CONTINUED)**

capital grants. Program revenues must be directly associated with the function (regular instruction, vocational programs, student & instruction related services, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, tuition, interest income, etc.).

- a. The District does allocate indirect costs such as depreciation expense, compensated absences, On-behalf TPAF Pension Contributions, and Reimbursed TPAF Social Security Contributions.

The government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities. Fiduciary funds are not included in the government-wide statements.

C. BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Non-major funds by category are summarized into a single column. GASBS standards sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements. The State of New Jersey Department of Education has mandated that all New Jersey School Districts must report all governmental funds as major, regardless of the fund meeting the GASB definition of a major fund. However, the criteria are applied to proprietary funds.

The following fund types are used by the District:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District.

- a. **General fund** is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The District's Unemployment Compensation Trust Fund, Payroll Agency, and Net Payroll accounts are also accounted for in the General Fund.
- b. **Special revenue** funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for a specific purpose. The special revenue fund is specifically used to account for state and federal grant monies that have been allocated to the District. The District's Scholarship fund is also accounted for in the Special Revenue Fund.
- c. **Debt service** funds are used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

**EGG HARBOR CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2024
(CONTINUED)**

- d. **Capital projects** funds are used to account for all financial resources to be used for the acquisition or construction of major capital facilities. The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election. In addition, grant funds specifically related to these projects are reported as earned.

Fund Balances – Governmental Funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

- **Nonspendable** – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.
- **Restricted** – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- **Committed** – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision-making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.
- **Assigned** – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's policy, amounts may be assigned by the Business Administrator.
- **Unassigned** – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. The District reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned:

The details of the fund balances are included in the Governmental Funds Balance Sheet. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

2. Proprietary Funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District:

- a. **Enterprise funds** are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designated to recover similar costs. The District operates a food service fund to provide a child nutrition program for the students of the district.

3. Fiduciary Funds:

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net position and changes in net position and are reported using accounting principles similar to proprietary funds.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (pension, private purpose and agency). Since these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

All funds internal activity is eliminated when carried to the Government-wide statements.

D. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. Accrual:

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual:

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

E. FINANCIAL STATEMENT AMOUNTS

1. Cash and Cash Equivalents:

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

For the purpose of determining cash equivalents the District considers all investments with an original maturity of three months or less as cash equivalents.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

**EGG HARBOR CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS

NJSA 17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental units.

2. Investments:

Investments, including deferred compensation and pension funds, are stated at fair value, (quoted market price or the best available estimate). Interest earned on investments in the Capital Projects Fund is recognized in the District's General Fund.

3. Inventories:

Inventories in the general fund consist of expendable supplies held for the District's use and are carried at cost using the first-in, first-out method. Effective July 1, 2018, the District entered into a fixed price contract with a Food Service Management Company (FSMC). As a result, any inventory on hand as of year-end is accounted for by the FSMC. The District did not have inventory in the general fund.

4. Capital Assets:

Capital assets purchased or acquired with an original cost of \$2,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 years
Machinery and equipment	5-20 years
Improvements	10-20 years

Infrastructure assets include roads, parking lots, underground pipe, etc. All infrastructure assets are reported in the financial statements and are being depreciated over their useful lives.

5. Revenues:

Substantially all governmental fund revenues are accrued. Property taxes are susceptible to accrual and under New Jersey State Statutes a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as non operating revenue. In respect to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and unearned revenue by the recipient. Program revenues, including tuition revenue are reported as reductions to expenses in the statement of activities.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2024
(CONTINUED)**

6. Expenditures:

Expenses are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

7. Compensated absences:

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund that will pay for the compensated absences. The remainder of the compensated absences liability is reported in the District-wide Financial Statements as a Governmental Activity.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

8. Interfund Activity:

Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related costs as reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

9. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office for approval and, as long as the District budget is within State mandated CAPs, there is no public vote on the budget. If the budget exceeds State mandated CAPs, the voters have an opportunity to approve or reject the budget at the regular election held in November. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:23-2(g). Transfers of appropriations may be made by School Board resolution at any time during the fiscal year and are subject to two-thirds majority vote by the School Board and under certain circumstances require approval by the County Superintendent of Schools. The following material transfers were made to/(from) budgetary line items:

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on a grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

10. Tuition Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

11. Tuition Payable

Tuition charges for the fiscal years 2023/24 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

12. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those results.

13. Allocation of Costs

In the government-wide statement of activities, the District has allocated unallocated benefits to various programs based on the original budgetary expenditures by program.

14. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and Public Employee Retirement System (PERS) and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the TPAF and PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

F. RECENT ACCOUNTING PRONOUNCEMENTS

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 100, "Accounting Changes and Error Corrections (an amendment of GASB Statement No. 62)". This statement, which is effective for fiscal years beginning after June 15, 2023, may have an effect on the District's financial reporting.

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 101, "Compensated Absences". This statement, which is effective for fiscal years beginning after December 15, 2023, may have an effect on the District's financial reporting.

In December 2023, the Governmental Accounting Standards Board (GASB) issued Statement No. 102, "Certain Risk Disclosures". This statement, which is effective for fiscal years beginning after June 15, 2024, and reporting periods thereafter, may have an effect on the District's financial reporting.

In April 2024, the Governmental Accounting Standards Board (GASB) issued Statement No. 103, "Financial Reporting Model Improvements". This statement, which is effective for fiscal years beginning after June 15, 2025, and reporting periods thereafter, may have an effect on the District's financial reporting.

NOTE 2. INVESTMENTS

As of June 30, 2024, the District had no investments.

Interest Rate Risk. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investments to 397 days.

Credit Risk. New Jersey Statutes 18A:20-37 limits District investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America or of the District or the local units in which the District is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk. The District places no limit on the amount the District may invest in any one issuer.

NOTE 3. CASH

Custodial Credit Risk – Deposits. Custodial credit risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. As of June 30, 2024, \$146,819.16 of the District's bank balance of \$4,509,713.49 was exposed to credit risk.

NOTE 4. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Egg Harbor City School District in a prior year, which was certified for taxes, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

**EGG HARBOR CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2024
(CONTINUED)**

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to NJSA 19:60-2. Pursuant to NJAC 6:23A-5.1(d)7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP. The total amount included in the plan for uncompleted projects at June 30, 2024 was \$12,736,251.

The activity in the capital reserve for the July 1, 2023 to June 30, 2024 fiscal year is as follows:

Beginning balance, July 1, 2023	\$ 750,676.58
Increased By:

Ending balance, June 30, 2024	\$ <u>1,751,246.24</u>

NOTE 5. MAINTENANCE RESERVE FUND

New Jersey Administrative Code 6A:23A-14.2 permits school districts to establish a maintenance reserve account for the required maintenance of the District's facilities, in accordance with the Commissioner approved plan. The District can increase the balance in this reserve account by appropriating funds in the annual general fund budget certified for taxes or by deposit of any unanticipated revenue or unexpended line-item appropriation by board resolution at year end.

The activity in the maintenance reserve for the July 1, 2023 to June 30, 2024 fiscal year is as follows:

Beginning balance, July 1, 2023	\$ 350,000.00
Increased by:	
Board Resolution, June 5, 2024	200,000.00
Ending balance, June 30, 2024	\$ <u>550,000.00</u>

A. Bonds Payable:

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are general obligation bonds.

Long-term debt as of June 30, 2024 consisted of the following:

\$7,500,000 Refunding School Bonds, Series 2016 dated July 14, 2016 payable in annual installments through 3/15/33. Interest is paid semiannually at varying rates from 2.00% to 4.00% per annum. The bonds maturing on or after March 15, 2027 are redeemable at the option of the Board in whole or in part, upon notice as required, on any date on or after March 15, 2026 at a price of 100% of the principal amount being redeemed, plus interest accrued to the date of redemption. These bonds were issued to advance refund the callable portion of the School Bonds, Series 2008. The bonds that were called had maturities from 3/15/19 to 3/15/33 in the total amount of \$7,130,000. The total net present value savings on the issue is \$497,678.04, or 6.635707%. The balance remaining on the issue as of June 30, 2024 was \$4,820,000.00.

The school district entered into agreements to lease certain equipment. The lease agreements qualify as other than short-term leases under GASB 87 and, therefore, have been recorded at present value of the future minimum lease payments as of the date of their inception. The district has determined the accumulated amortization to be immaterial to the governmental-wide financial statements and has elected to record the remaining payments in full.

The agreements were executed at various times between April 2020 and December 2022 to lease copy machines at various locations within the district. The lease terms are 48 or 60 months and the final lease will mature in November 2027. Monthly lease payments range from \$365.74 to \$1,251.16.

NOTE 8. PENSION PLANS

Description of Plans

All required employees of the District are covered by either the Public Employees' Retirement System or the Teacher's Pension and Annuity Fund cost-sharing multiple-employer defined benefit pension plans which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO

Teachers' Pension and Annuity Fund

The Teachers' Pension and Annuity Fund was established in January, 1955 under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2008 under the provisions of N.J.S.A. 43:15C-1 et seq. The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A 43:15C-1 et seq.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 7.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The current TPAF rate is 35.24% and the PERS rate is 7.50% of covered payroll. The School District's contributions to TPAF for the years ending June 30, 2024, 2023, and 2022 were \$1,756,336.00, \$1,576,273.00, and \$1,577,929.00, respectively, and paid by the State of New Jersey on behalf of the board, equal to the required contributions for each year. The School District's contributions to PERS for the years ending June 30, 2024, 2023, and 2022 were \$166,440.00, \$169,022.00, and \$152,383.00, respectively, equal to the required contributions for each year.

The Board's total payroll for the year ended June 30, 2024, 2023, and 2022 was \$7,201,411.22, \$6,884,014.92, and \$6,567,385.86; covered payroll was \$5,129,917.00, \$4,953,448.00, and \$4,729,793.00 for TPAF; and \$1,067,498.00, \$963,777.00, and \$971,915.00 for PERS.

Significant Legislation

Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Teacher's Pension and Annuity Fund (TPAF) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS and TPAF hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of $\frac{1}{4}$ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the systems is increased from age 63 to 65 for Tier 5 members.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years. For fiscal year 2013, the member contribution rates increased in October 2012. The phase-in of the additional incremental member contribution rates for PERS members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, and employer contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS and TPAF to $\frac{1}{60}$ th from $\frac{1}{55}$ th, and it provided that new members of PERS and TPAF have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS and TPAF will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. The law also requires the State to make its full pension contribution, defined as $\frac{1}{7}$ th of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS and TPAF with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

the District's pension liabilities. The following information describes the District's proportionate share of the statewide pension system's liabilities and expenses.

The following represents the District's pension liabilities as June 30, 2023:

Public Employees' Retirement System

The District has a liability of \$1,825,438 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022 that was rolled forward to June 30, 2023. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2023, the District's proportion is 0.01260281070%, which is a decrease of 5.97% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the District recognized negative pension expense of \$13,080. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected & actual experience	\$ 17,454	(7,462)
Changes of assumptions	4,010	(110,629)

Actuarial Assumptions

The total pension liability for the June 30, 2023 measurement date was determined by an actuarial valuation as of July 1, 2022, which was rolled forward to June 30, 2023. This actuarial valuation used the following assumptions, applied to all periods in the measurement:

Inflation rate	
Price	2.75%
Wage	3.25%
Salary increases:	2.75% – 6.55% (based on years of service)
Investment rate of return:	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disable retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2023 are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the District's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

NOTE 10 – PENSION LIABILITIES - TEACHERS' PENSION AND ANNUITY FUND (TPAF)

At June 30, 2023, the District liability for its proportionate share of the net pension liability which is considered a Special Funding Situation with the State of New Jersey is reported below.

**EGG HARBOR CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2024
(CONTINUED)**

The employer contributions for local participating employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 18:66-33. Therefore, local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Since the local participating employers do not contribute directly to the plan, there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the non-employer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer. In addition, each local participating employer must recognize pension expense associated with the employer as well as revenue in an amount equal to the non-employer contributing entities' total proportionate share of the collective pension expense associated with the local participating employer.

The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ -
State's proportionate share of the net position liability associated with the District	<u>19,407,898.00</u>
Total	<u><u>\$ 19,407,898.00</u></u>

The net pension liability was measured as of June 30, 2023 and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2023, the District's proportion was 0.00%, which was no change from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the District recognized pension expense of \$476,796 and revenue of \$476,796 for support provided by the State.

Actuarial assumptions. The total pension liability in the June 30, 2023 actuarial valuation was determined by an actuarial valuation as of July 1, 2022, which was rolled forward to June 30, 2023. This actuarial valuation used the following assumptions, applied to all period included in the measurement:

Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Medan Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2022 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return.

NOTE 11 – OTHER POST-RETIREMENT BENEFITS

General Information about the OPEB Plan

State Health Benefit State Retired Employees Plan:

Pension and Other Postemployment Benefits (OPEB) Obligations in Fiscal Year 2022 the State funded the various defined benefit pension systems at 108 percent of the full actuarially determined contributions. Employer contributions to the pension plans are calculated per the requirements of the governing State statutes using generally accepted actuarial procedures and practices. The actuarial funding method used to determine the State's contribution is a matter of State law. Any change to the funding method requires the approval of the State Legislature and the Governor. The amount the State actually contributes to the pension plans may differ from the actuarially determined contributions of the pension plans because the State's contribution to the pension plans is subject to the appropriation of the State Legislature and actions by the Governor. GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers to recognize their proportionate share of the collective net pension liability. Under the new statement, the calculation of the pension liability was changed to a more conservative methodology and each employer was allocated a proportional share of the pension plans' net pension liability. The State's share of the net pension liability, based on a measurement date of June 30, 2021, which is required to be reported on the financial statements, is \$75.1 billion. The Fiscal Year 2023 projected aggregate State contribution to the pension plans of \$6.8 billion represents 104 percent of the actuarially determined contributions. The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2022, the State paid PRM benefits for 161,238 State and local retirees. The State funds post-

retirement medical benefits on a “pay-as-you-go” basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2022, the State contributed \$1.9 billion to pay for “pay-as-you-go” PRM benefit costs incurred by covered populations, a slight increase from \$1.8 billion in Fiscal Year 2021. The State has appropriated \$2.1 billion in Fiscal Year 2023 as the State’s contribution to fund increases in prescription drugs and medical claims costs. In accordance with the provisions of GASBE Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2022 State OPEB liability to provide these benefits is \$88.9 billion, a decrease of \$12.7 billion, or 12.5 percent, from the \$101.6 billion liability recorded in Fiscal Year 2021. Additional information on Pensions and OPEB can be accessed on the Division of Pensions & Benefits Financial Reports webpage: <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

Total OPEB Liability

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA’s proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the LEA did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State’s level and is not specific to the board of education/board of trustees. Note that actual numbers will be published in June 30, 2023 III-3.8 the NJ State ACFR on the Office of Management and Budget’s Financial Publications webpage: [NJ OMB - Financial Publications](#)

Actuarial assumptions and other imputes. The total OPEB liability in the June 30, 2023, actuarial valuation reported by the State in the State’s most recently issued ACFR was determined by an actuarial valuation as of June 30, 2022, which was rolled forward to June 30, 2023. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Salary Increases

TPAF/ABP	PERS	PFRS
2.75% to 4.25% based on service years	2.75% to 6.55% based on service years	3.25% to 16.25% based on service years

Mortality Rates

Preretirement mortality rates were based on the Pub-2010 Healthy “Teachers” (TPAF/ABP), “General” (PERS), and “Safety” (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 “General” classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 “General” classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees was based on the Pub-2020 “Safety” (PFRS), “General” (PERS), and “Teachers” (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

100% of active members are considered to participate in the Plan upon retirement.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 6.5% and decreases to a 4.5% long-term trend rate after nine years. For post-65 medical benefits PPO, the trend is increasing to 14.8% in fiscal year 2026, and decreases to 4.5% in fiscal year 2033. For HMO the trend is increasing to 17.4% in fiscal year 2026, and decreases to 4.5% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 9.5% and decreases to a 4.5% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

Discount Rate

The discount rate used to measure the total OPEB liability was 3.65%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the total OPEB liability as of June 30, 2023, calculated using the healthcare trend rate as disclosed above as well as what the total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Healthcare Cost Trend Rates</u>	<u>1% Increase</u>
Total OPEB Liability (School Retirees)	\$ 43,468,257,358.00	\$ 52,361,668,239.00	\$ 63,998,719,320.00

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the board of education recognized OPEB expense of \$174,106 determined by the State as the total OPEB liability for benefits provided through a defined OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASB 75 and in which there is a special funding situation.

In accordance with GASB 75, the board of education's proportionate share of school retirees OPEB is zero, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources. At June 30, 2023, the State reported deferred outflows of resources and deferred inflows of resources related to retired school employees' OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 7,639,717,639.00	\$ (13,791,541,217.00)
Changes in assumptions	7,445,895,322.00	(14,449,948,556.00)
	<u>\$ 15,085,612,961.00</u>	<u>\$ (28,241,489,773.00)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employees' OPEB will be recognized in OPEB expense as follows:

<u>Year Ended June 30,</u>	
2024	\$ (2,611,225,301.00)
2025	(2,611,225,301.00)
2026	(2,269,523,460.00)

Thereafter	<u>(4,052,000,302.00)</u>
	<u>\$ (13,155,876,812.00)</u>

(Contributions made after June 30 are reported as deferred outflow of resources but are not amortized in the expense.)

Detailed information about the plan's fiduciary net position is available in the separately issued OPEB financial report.

NOTE 12. LABOR CONTRACTS

As of June 30, 2023 the District's employees were organized in the following collective bargaining unit.

<u>Bargaining Unit</u>	<u>Employees Covered</u>	<u>Expiration</u>
Egg Harbor City Education Association (EHCEA)	All full-time and part-time employees working twenty-five or more hours per week, whether under contract or on leave, including all non-supervisory certificated staff members and non-certified employees including secretaries, clerks, custodians, maintenance personnel and aides.	June 30, 2025

In addition to the above contract, the Board of Education has entered into individual employment agreements with Administrative staff, including the Superintendent and Business Administrator, and confidential employees. The expiration of these contracts will vary depending on the position.

NOTE 13. COMPENSATED ABSENCES

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Eligible administrators may bank unused vacation up to a maximum of five (5) days per year. Any unused vacation days which result in an employee exceeding the allowable number of banked days on June 30 of any given year will be forfeited.

Teachers are entitled to ten sick days per school year and are permitted to accumulate these days from year to year with no maximum limit. In order to be reimbursed for unused sick time, the teacher must have a minimum of fifty days accumulated at the end of the academic year in which their retirement is executed. Teachers will only be reimbursed up to a maximum of \$10,000 for the unused sick time.

In the District-wide Statement of Net Position, the liabilities whose average maturities are greater than one year are reported in two components – the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2024, no liability existed for compensated absences in the proprietary fund types.

NOTE 14. DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency.

The plan administrators are as follows:

Metropolitan Life
Lincoln Investment Planning
Siracusa Benefits Program
The Equitable

The District also allows employees to participate in an IRS §529 plan with Siracusa.

NOTE 15. RISK MANAGEMENT

The district is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability and surety bonds. During the fiscal year ended June 30, 2024 the District did not incur claims in excess of their coverage.

This District is a member of the Atlantic and Cape May Counties School Business Officials Joint Insurance Fund (ACCASBO JIF). This Fund was formed under the provisions of NJSA 18A:18B 1-10.

The purpose of this Fund is to permit member Boards of Education to make use of their powers and resources by cooperating on a basis that will be of mutual advantage and to provide a procedure for development, administration, and provision of Risk Management Programs, a Joint Self Insurance Fund, Joint Insurance Purchases and related services for members and their employees for the following:

- Workers Compensation and Employers Liability
- Automobile and Equipment Liability, General Liability and Property Damage
- School Board Legal Liability
- Boiler and Machinery

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method.” Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of the District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District’s unemployment compensation fund for the current and prior two years:

NOTE 16. INTERFUND RECEIVABLES AND PAYABLES

As of June 30, 2024, interfunds remained on the various balance sheets of the Egg Harbor City Board of Education.

Fund	Interfund Receivable	Interfund Payable
General Fund	\$ 508,165.93	
Special Revenue Fund		148,876.72
Capital Projects Fund		359,289.21
	<u>\$ 508,165.93</u>	<u>508,165.93</u>

All interfunds are created as a result of timing differences between cash requirements in various funds and the receipt of cash from funding agencies. It is anticipated that all interfunds will be liquidated during the fiscal year.

NOTE 17. LITIGATION

From time to time, the District is a defendant in legal proceedings relating to its operations as a school district. In the best judgment of the District's management, the outcome of any legal proceedings will not have any adverse effect on the accompanying financial statements.

NOTE 18. FUND BALANCE APPROPRIATED

General Fund (Exhibit B-1) - Of the \$4,417,127.14 General Fund fund balance at June 30, 2024, \$11,100.00 is reserved for encumbrances, but not reflected as assigned on the balance sheet since the unassigned balance is negative; \$1,751,246.24 has been committed to the capital reserve fund; \$550,000.00 has been committed to the maintenance reserve fund; \$2,665,894.30 is reserved as excess surplus in accordance with NJSA 18A:7F-7 (\$1,012,052.84 of the total reserve for excess surplus has been appropriated and included as anticipated revenue for the year ending June 30, 2025); \$0.00 has been appropriated and also included as anticipated revenue for the year ending June 30, 2025; and \$(550,013.40) is unreserved and undesignated, after adjusting for the above items.

Debt Service Fund – of the Debt Service Fund fund balance at June 30, 2023, \$0.00 is reserved in accordance with NJSA 7F-41c(2) and \$96.52 is unreserved and undesignated.

NOTE 19 CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2024 is \$2,665,894.30, of which \$1,012,052.84 has been included in the 2024-25 budget. The excess fund balance at June 30, 2023 was \$2,267,717.52.

NOTE 20. DEFICIT FUND BALANCES

The District has a deficit fund balance of \$550,013.40 in the General Fund, as of June 30, 2024, as reported in the fund statements (modified accrual basis). NJSA 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the last state aid payment as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For

intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the last two state aid payments in the subsequent fiscal year, the school district cannot recognize the last two state aid payment on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the last two state aid payments, the General Fund balance deficits do not alone indicate that the district is facing financial difficulties.

NOTE 21: CAPITAL GRANT

During the 2023 fiscal year, the District was awarded a grant in the amount of \$929,547.62 through New Jersey Board of Public Utilities Clean Energy School and Small Business Ventilation and Energy Efficiency Verification and Repair Program. The funds are being used towards the cost of replacing the roof and HVAC system at the Charles L. Spragg Elementary School. The grant amount will be disbursed to the District in three installments as the work progresses. As of June 30, 2024, the district has received \$478,159.69.

NOTE 22: RIGHT TO USE ASSETS

The school district has recorded right to use lease assets as a result of implementing GASB 87. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability, plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The District has determined the other charges and amortization to be immaterial to the government-wide financial statements and has elected to record the Right of Use Assets at their remaining liability payments.

Right to use assets, net	\$ 87,721.00	-	26,604.84	61,116.16

NOTE 23 – SUBSCRIPTION BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The District has entered into Subscription-Based Information Technology Arrangements (SBITAs) involving:

- Education Software
- Various desktop and server software subscriptions

The total of the District's subscription assets are recorded at a cost of \$72,844.26, less accumulated amortization of \$36,911.61.

Note: NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculation.

a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable.

b Rates for debt service are based on each year's requirements.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Egg Harbor City. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

The Board of Education is a member of the Atlantic and Cape May Counties School Business Officials Joint Insurance Fund (ACCASBOJIF), which is formed under the provisions of NJSA 18A:18B 1-10. The ACCASBOJIF was formed by its member districts to provide a long-term alternative to the conventional insurance market as a means of stabilizing the otherwise cyclical nature of insurance expenditures. It achieves this goal by pooling together members' resources, deciding on what insurance coverage's it will offer and/or purchase and at what retention, and by hiring professionals to help run the Fund.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

The Honorable President and
Members of the Board of Education
Egg Harbor City School District
County of Atlantic, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Egg Harbor City School District, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Egg Harbor City School District's basic financial statements, and have issued our report thereon dated November 27, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Egg Harbor City School District's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Egg Harbor City School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Egg Harbor City School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM;
REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE
OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
REQUIRED BY UNIFORM ADMINISTRATIVE AWARDS (UNIFORM GUIDANCE),
AND NEW JERSEY OMB'S CIRCULAR 15-08**

Honorable President and
Members of the Board of Education
Egg Harbor City School District
County of Atlantic, New Jersey

Report on Compliance for Each Major Federal & State Program

Opinion on Each Major Federal & State Program

We have audited the Egg Harbor City School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Egg Harbor City School District's major federal and state programs for the year ended June 30, 2024. The Egg Harbor City School District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Egg Harbor City School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal & State Program

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and NJ OMB 15-08. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Egg Harbor City School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Egg Harbor City School District's compliance with the requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to its Federal and State programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Egg Harbor City School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and NJ OMB 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Egg Harbor City School District's compliance with the requirements of each major federal or state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Egg Harbor City School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Egg Harbor City School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and NJ OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of Egg Harbor City School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance which are required to be reported in accordance with the Uniform Guidance or NJ OMB 15-08.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over

compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJ OMB 15-08. Accordingly, this report is not suitable for any other purpose.

Egg Harbor City School District
Notes to the Schedules of Financial Assistance
June 30, 2024

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal awards and state financial assistance activity of the Board of Education, Egg Harbor City School District. The Board of Education is defined in Note 1(A) to the Board's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Uniform Guidance and NJ OMB 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

The District has elected not to use the 10% de minimis indirect cost rate.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to NJSA 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with NJSA 18A:22-44.2.

The net adjustment to reconcile from budgetary basis to GAAP basis is (\$91,689.40) for the general fund and \$457,224.70 for the special revenue fund. See the following schedule and Note 1(D) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general, special revenue and food service funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented on the following page:
