Honorable President and  
Members of the Board of Education  
New Hanover Township School District  
County of Burlington  
Wrightstown, New Jersey 08562

Dear Board Members/Citizens:

The Annual Comprehensive Financial Report of the New Hanover Township School District (District) for the fiscal year ended June 30, 2024 is hereby submitted in accordance with Governmental Accounting Standards Board Statement 34 and 44. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the New Hanover Township School Board of Education (Board.). To the best of our knowledge and belief, data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Annual Comprehensive Financial Report is presented in four sections as follows:

- The Introductory Section includes this transmittal letter, the District's organizational chart, a list of principal officials, and a list of consultants and advisors.
- The Financial Section includes the basic financial statements and schedules, as well as the auditor's report thereon.
- The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis.

- The Single Audit Section which states that the District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations", and the state Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this single audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, if any, is included in the single audit section of this report.

## **SCHOOL DISTRICT ORGANIZATION**

The New Hanover Township School District is an independent reporting entity within the criteria adopted by the GASB as established by Statement No. 14 and Statement 34. All funds and account groups of the District as included in this report. The New Hanover Township School Board of Education constitutes the District's reporting entity. It is located next door to Fort Dix and near McGuire Air Force Base.

The District provides a full range of educational services appropriate to grade levels Pre-K through 8. These include regular and vocational as well as special education for handicapped students. The District completed the 2023-2024 fiscal year with an average daily enrollment of 185.45 students. Enrollment is defined as students on-roll and students placed out of District. Established in 1939, the District's school facilities consist of one building, encompassing over 35,582 square feet over one floor, with one gym, and a full-service cafeteria, along with various classrooms.

The District, consisting of the Borough of Wrightstown and the Township of New Hanover, is classified as a consolidated school district. This is different than being classified as a regional school district. While the tax levy percentage to each municipality is set by the County Tax Assessor based on respective equalized value calculations, the District's Board of Education composition does not require a certain number of representatives from each municipality. Both municipalities vote for common board members.

The district receives students from the Borough of Wrightstown and the Township of New Hanover. Except for students who have special needs requiring outside services, students attend the school in-district through the 8<sup>th</sup> grade. High School students (grade 9 to 12) attend Bordentown Regional High School via a long-standing send-receive relationship, or they can choose to attend the County Vocational School District. More recently with enactment of the "School Choice" law, students can also choose to attend a choice school in nearby towns.

The Board of Education is comprised of seven members. In general, the Board of Education meets on the third Thursday of the month for regular board meetings, with two meetings per month in February, March, May, August and September, and one meeting per month for other months. When there are two meetings a month, the first meeting is for discussion of agenda items with normally minimal voting actions taken. The second meeting ("action

meeting”) of the month would be when the board votes on the goals and priorities and conducts the business of the Board of Education. All Board meetings are open to the public and begin at 7 p.m. in the school library, unless a time change is needed which is then properly advertised. Also, of note, the Board’s committee format changed in 2013, from individual committees to “a committee of the whole” structure.

The New Hanover Township PTO is very active in the District and provides community support for a variety of programs and activities for the students. Many fundraisers are held throughout the year, with advertising on the District’s website, which helps support many aspects of the school. It is a wonderful community organization who has the students first and foremost.

The current District website of [www.newhanover.k12.nj.us](http://www.newhanover.k12.nj.us) is an extensive website that both staff and parents can utilize to find out anything they need to know about the District. Parents can e-mail teachers at any time. Additionally, all staff members have telephone extensions to communicate with parents if that is an easier way to reach them. The district has also purchased subscription to an “instant alert” program which enables further communication to parents/guardians about events at the school.

#### **EDUCATIONAL PROGRAM/REPORTING ENTITY AND ITS SERVICES**

As stated earlier, the District completed the 2022-2023 fiscal year with an average daily enrollment of 178.55 students. Enrollment is defined as students on-roll and students placed out of District. The following details the changes in the student enrollment of the District over the past years.

<b>Average Daily Enrollment</b>		
<b>Fiscal Year</b>	<b>Student Enrollment</b>	<b>Percent Change</b>
2023-2024	185.45	3.86
2022-2023	178.55	-3.32
2021-2022	184.7	9.8
2020-2021	168.2	-4.0
2019-2020	175.31	-6.17
2018-2019	186.84	-.95
2017-2018	187.92	.009
2015-2016	186.76	.57
2014-2015	185.71	-1.47
2013-2014	188.49	.05
2012-2013	188.40	4.46
2011-2012	180	---
2010-2011	181	11
2009-2010	163	.25
2008-2009	161	10

As mentioned, the District provides a full range of educational services appropriate to grade levels Pre-K through 8. The school follows the District-wide goals and educational approaches to the teaching of children, while maintaining a unique personality that make up that school. All curricula in our District are continually reviewed and update to meet evolving changes to the New Jersey Student Learning Standards (formerly the New Jersey Core Curriculum Content Standards).

**Elementary School:** Currently the Administrative Team makeup of the district consists of a Superintendent; a Director of Curriculum & Instruction, established in July, 2014 to focus on student achievement. In July 2018, the district ended the contracted Child Study Team Services with North Hanover, with the Director of Curriculum and Instruction undertaking the Director of Child Study Team role. The district retains services of School Business Administrator/Board Secretary on a part time basis. There is also a full time nurse. New programs, such as an afterschool extra help program, and homework club focus on assisting students in their educational studies. Taken together, these new positions have helped the district raise their QSAC (Quality Single Accountability Continuum) scores.

The school is unique in that while it is small, it offers many after school activities and sports programs for all students to participate in. Every winter there is the traditional Holiday Music Concert, and in the spring there is a musical play. Clubs such as Safety Patrol, Yearbook, Student Council, and Junior Beta allow all students to participate in a school activity. The following sports are available for all students-cheerleading, soccer, basketball (both boys and girls). During the school year there are many activities for the students to become involved in.

In the 2023-2024 school year the district continued its full day Pre-K program. Increased Federal funds have also allowed for an afterschool and summer program for at risk students. The district provides a theatre camp enrichment program. This program is very successful and plans are in place for future programs during the summer. Together, all programs have allowed the district's test scores to increase. The county office has been very pleased with the hard work that has been invested in the educational program at New Hanover Township School District.

## **New Jersey Student Learning Standards (formerly the New Jersey Core Curriculum Contents Standards)**

New Hanover Township School offers a comprehensive educational program that was developed to meet the needs of all students, whether they are in the need of advanced placement courses, remedial instruction, or something in between. Our instruction and support materials are in line with the New Jersey Student Learning Standards (formerly the New Jersey Core Curriculum Contents Standards). District curricula are under review in order to meet the changes of Common Core Standards and recently imposed changes by the NJ Department of Education. New curriculum was written over the summers of 2014, 2015, 2016, 2017, and 2018 along with purchasing of new textbooks to be aligned to the newly written curriculum.

### **Staff Development**

The New Hanover Township School District provides its teaching staff with many opportunities for professional development.

New teachers have an additional day dedicated to new teacher training. A teacher's manual is given to all new teachers as well as an assigned mentor to provide support throughout the school year.

In the beginning of the year, one full day is dedicated to staff development. The teachers meet in the morning for sessions, have lunch, and then in the afternoon have breakout sessions regarding the training.

During the year there are different days dedicated to staff development. The topics can range from bullying, character education, technology diversification and assessment. The teachers spend the morning in workshops, have lunch and then in the afternoon have breakout sessions to work on their assessments. Faculty members are also afforded, upon board approval, professional development outside of the District.

In 2014-2015 the district implemented Achieve 3000- a self-guided reading assessment program for grades 5-8. This program was so successful in integrating reading and tying into PARCC testing that it has been expanded to start at grade 3.

In 2019-20 the district instituted Responsive Classroom, an evidence-based approach to education that focuses on the strong relationship between academic success and social-emotional learning (SEL). This has been very successful in the district. Additionally, the district is currently working on being named a National School of Character. This multi-year project completed the second step in 2018-2019 towards reaching their goal.

The district continues to stay in compliance with reporting of HIB instances. The Administration works diligently to make all students, board members, and staff aware of such compliance.

### **Technology:**

The District's technology plan was approved and the District is moving forward with Technology. They currently do not have a full time Technology Supervisor, but are very fortunate to have a staff member whose responsibilities include overseeing technology in the District. The district does employ an outside technology consulting company who assists the district with purchasing, support, and maintenance of the information technology within the district. Recently the time allotted was increased for the outside consultant due to increased purchases in technology.

The district budgets funds each year to enhance and upgrade their technology in the district. Additionally, the PTO has been very supportive in purchasing technology for the district.

### **Business Office**

The business office is comprised of a School Business Administrator working with two Administrative Assistants. This office is responsible for the daily running of the district's business and financial operations. Increased workload due to challenges faced from State and Federal mandates, while maintaining current staff levels, continues to be a challenge. The office is continually looking to improve costs efficiencies on behalf of the District.

## **MAJOR INITIATIVES**

Adding onto the summer 2011 multi-million dollar renovation project, in summer 2012 the district renovated all parking lots in the district. The front parking lot, formerly in a U shape with a grass field was renovated to include additional parking spaces, ADA compliance, and a better drainage system. The back parking lot was reconfigured to allow for safer student pick up and drop off. New drainage systems were installed to address some water issues due to the grading of the land. This project has been a success. In summer 2014 the district applied for and received funding for a ROD IV grant. These projects were completed during summer 2015. The main projects were a new front door security vestibule and air conditioning of the gymnasium. There are some minor projects planned, whose fulfillment will be determined based on future circumstances.

The district is currently working on continued projects to steer them into the future of the 79-year-old school district --

- Planning for an influx of students due to building within the Townships.
- Addressing Choice Schools which are now competing for New Hanover students (and the state aid that goes with each student)
- Balancing the school budget with restrictions in place from the state of NJ.
- Preparing all students for a successful high school education.
- Working on an efficient use of space in the district
- Seeking increased efficiencies in transportation
- Developing a vehicle to gather and analyze multiple student data points

- Enhancing the District's technology infrastructure
- 

## **ECONOMIC CONDITION AND OUTLOOK**

New housing projects in Wrightstown and New Hanover Township will impact district student population moving forward. In Wrightstown, a new development can stabilize the local economy by increasing taxable entities. Joint Base McGuire-Dix-Lakehurst brings consumers to local businesses and helps to drive up community economies. The military base has a direct financial connection to the district in the form of 7002/7003 Impact Aid. The district receives monies from the Federal Government for Impact Aid due to the acreage of the base purchased from the municipalities and the number of military-connected students..

In New Hanover Township, smaller building projects were recently completed. In 2013 the Board of Education approved a demographic study to see where the population is currently at and where it is estimated to be in the next few years. The outcome of the demographic study was a predicted increase of 45 students over the next 5 years. The district discussed the results of the study at a board meeting in spring 2014 and continued to discuss enrollment in September 2015. Enrollment has leveled off for now, but, based on anticipated development we expect to see approximately 130 additional students within 5-8 years.

The most significant variable influencing District finances will be the lasting effects of the COVID-19 pandemic including potential decreased tax collections, long-term economic difficulties, and increased population mobility. Such uncertainty creates an environment in which District officials will be challenged to appropriately make fiscal decisions.

## **INTERNAL CONTROLS**

Management of the District is responsible for establishing and maintaining an adequate system of internal controls designed to provide reasonable assurance that the assets of the District are protected from loss, theft, or misuse; and to that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of state and federal awards, the District is also responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws, regulations, contracts and grants related to those programs. This internal control system is also subject to periodic evaluation by the District management.

As part of the District's single audit, described earlier, tests are made to determine adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

## **BUDGETARY CONTROLS**

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipalities. Annual appropriated budgets are adopted for the general fund and special revenue funds. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance at fiscal year-end. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2024.

## **ACCOUNTING SYSTEM AND REPORTS**

The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements", Note 1.

## **DEBT ADMINISTRATION**

As of June 30, 2024, the District has no debt.

## **CASH MANAGEMENT**

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements", Note 3. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provision of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institute in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

## **RISK MANAGEMENT**

The Board carries various forms of insurance, including but not limited to general liability, hazard and theft insurance on property and contents, and fidelity bonds.

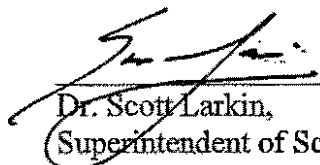

## **INDEPENDENT AUDIT**

State statutes require an annual audit by an independent certified public accountants or registered municipal accountants. The firm of Cannone and Company was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet requirements of the Single Audit Act of 1984, as amended and the related OMB Circular A-133 and state Treasury Circular Letter 04-04 OMB. The auditor's report on the basic financial statements, combining individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

## **ACKNOWLEDGEMENTS**

We would like to express our appreciation to the members of the New Hanover Township School Board for their fiscal stewardship on behalf of the citizens and taxpayers of the school district as well as to our financial and other staff for their support and dedicated services without whom we would not be able to serve the students entrusted to us by our communities.

Respectfully submitted,

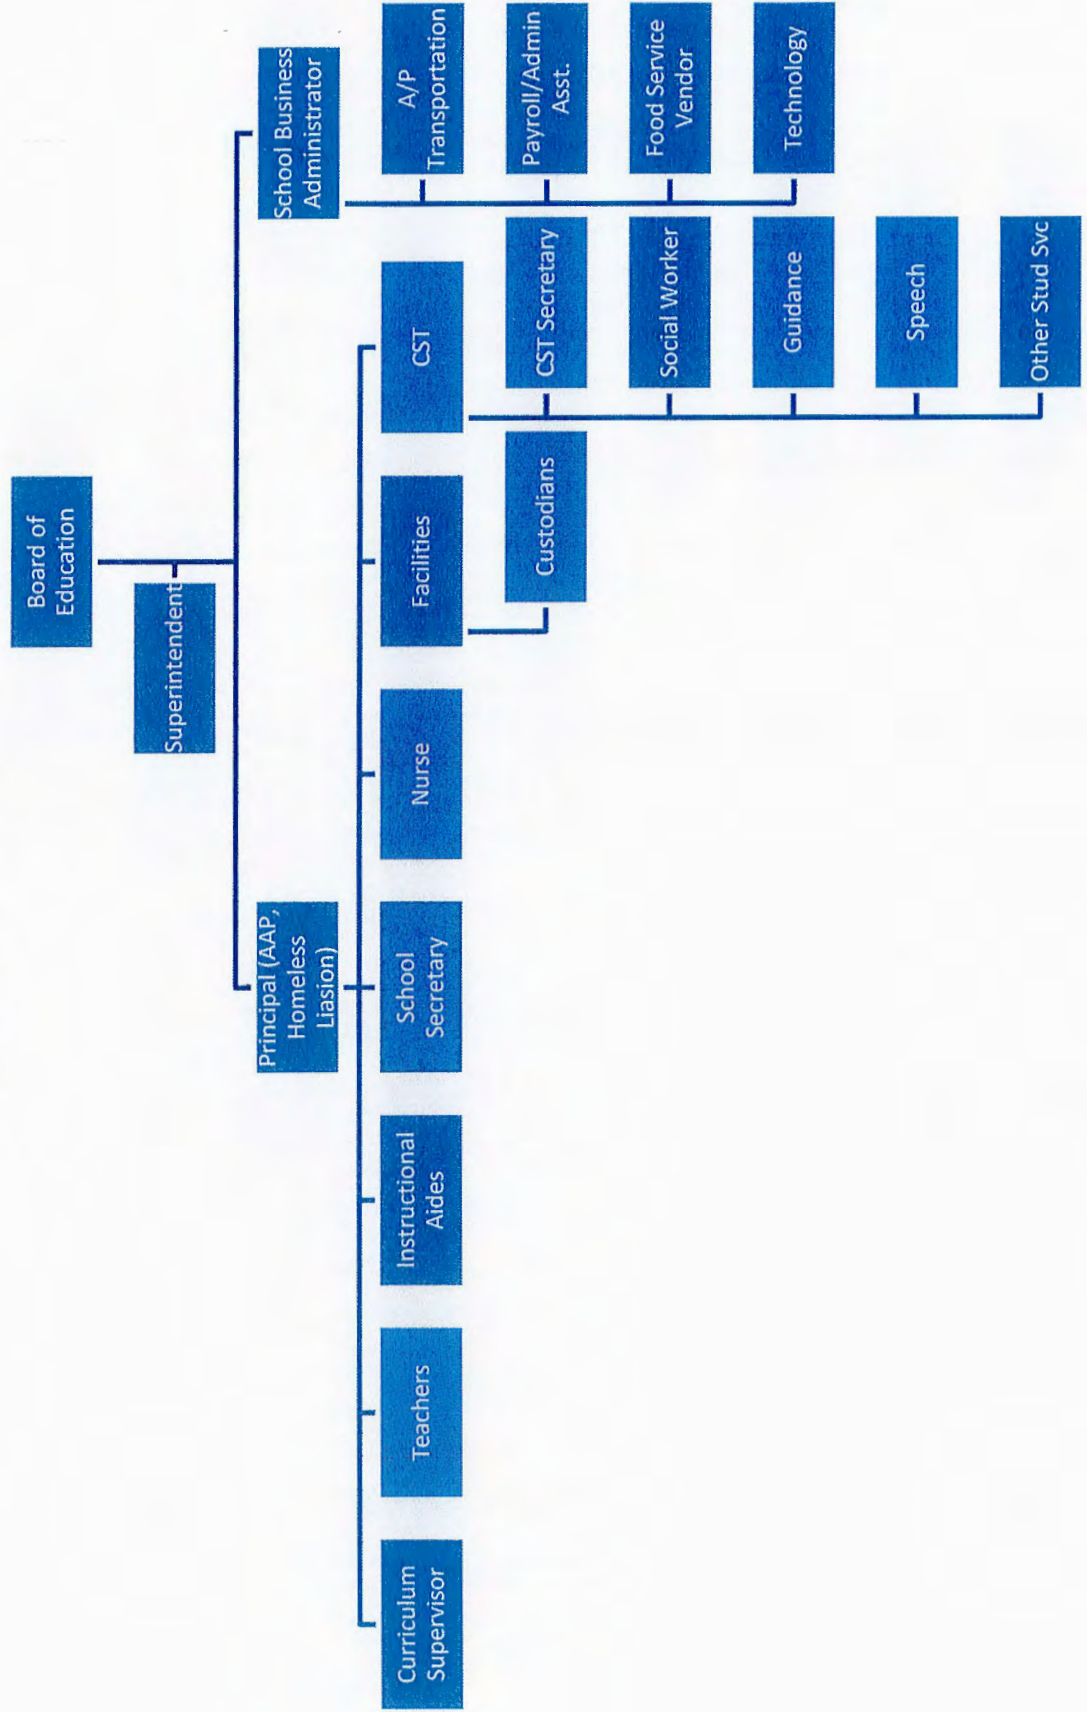

Dr. Scott Larkin,  
Superintendent of Schools

## **Independent Auditor's Report**

The Honorable President and  
Members of the Board of Education  
New Hanover Township School District  
County of Burlington  
Wrightstown, New Jersey

### **Report on the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the New Hanover Township School District Board of Education, in the County of Burlington, State of New Jersey, as of and for the fiscal year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the New Hanover Township School District Board of Education, in the County of Burlington, State of New Jersey, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey, the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the "Uniform Guidance"), the audit requirements of State of New Jersey OMB Circular 15-08 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid," and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards

and provisions are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles general accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibility for the Audit of Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, the Uniform Guidance, the State of New Jersey OMB Circular 15-08 and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements,

In performing an audit in accordance with generally accepted auditing standards, the Uniform Guidance, the State of New Jersey OMB Circular 15-08 and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed. 16
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis and Budgetary Comparison Information on pages 18 through 26 and 80 through 94 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the New Hanover Township School District Board of Education's basic financial statements. The accompanying introductory section, combining fund financial statements, financial schedules and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying introductory section, combining fund financial statements, financial schedules and statistical information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

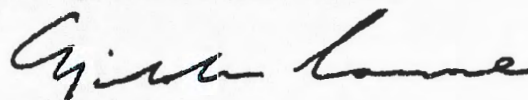

prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying introductory section, combining fund financial statements, financial schedules and statistical information, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2024, on our consideration of New Hanover Township School District Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the New Hanover Township School District Board of Education's internal control over financial reporting and compliance.

### NEW HANOVER TOWNSHIP SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2024 UNAUDITED

This Management's Discussion and Analysis (MD&A) section of New Hanover Township School District's (District) annual financial report for the year ended June 30, 2024 is an element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 (*Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*) issued in June 1999. Its intent is to (1) explain the various components annual financial statements and (2) provide highlights of the District's financial performance during the above stated fiscal year. Please read it in conjunction with the Transmittal Letter at the beginning of this report and with the District's financial statements and accompanying notes, which immediately follow this section.

#### FINANCIAL HIGHLIGHTS

- On a district-wide basis [Tables A-1; A-2]:
  - Per Table A-1, net assets of the District exceeded its liabilities by \$6,722,059 versus \$6,588,208 for 2023.
  - Governmental activities in Table A-1 show a decrease in unrestricted net position of \$834,463 versus \$1,084,026 for the prior year primarily is attributable to required accounting treatments in the governmental funds.
  - The decrease in Table A-2 of \$23,587 in net position primarily attributable to Governmental Activities.
  - Business-type activities, which represents the ongoing food service operations show an unrestricted net position of \$64,571 for 2024.
- On a fund accounting basis [Exhibit B-2]
  - The fund balance of the District's governmental funds in Exhibit B-2 increased by \$13,371, resulting in an ending balance of \$3,230,410 largely from results of operations in the General Fund.
- On a budgetary comparison basis [Exhibit C-1]
 

After adjusting for "on-behalf payments"<sup>1</sup> of \$896,786, the District's General Fund reported a net \$595,533 favorable variance of actual revenues and expenditures versus the respective amount anticipated and budgeted for the year. This was primarily driven by a net unfavorable expenditure variance (expenses more than budgeted) of (\$448,336) with net revenues contributing a favorable net variance of \$1,048,078.

<sup>1</sup> On-behalf payments represent reimbursements from New Jersey State for pension, FICA, and related benefit costs incurred by the District; the District records both the reimbursements and the offsetting costs in its financial statements.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The charts below illustrate the relationships of the District's various reports, consisting of a series of financial statements and notes to those statements organized for a reader to better understand New Hanover Township School District as an entire operating entity, followed by an increasingly detailed look at specific financial activity.

<i>Management's Discussion And Analysis</i>	<b>Basic Financial Statements</b>	<b>Required Supplementary Information</b>
<b>District-Wide Financial Statements</b>	<b>Fund Financial Statements</b>	<i>Notes to the Financial Statements</i>
<b>Summary</b>		<b>Detail</b>

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- **District-Wide Financial Statements (Statement of Net Assets and Statement of Activities)**

The first two statements are district-wide financial statements that provide both short-term and long-term information about the New Hanover Township's overall financial status.

- **Fund Financial Statements**

- The remaining statements are fund financial statements that focus on individual parts of New Hanover Township, reporting New Hanover Township's operations in more detail than the district-wide statements.
- The governmental funds statements tell how basic services like regular and special education were financed in the short term as well as what remains for future spending.
- Proprietary funds statements offer short and long-term financial information about the activities New Hanover Township operates like businesses, such as food services.
- Fiduciary funds statements provide information about the financial relationships in which New Hanover Township School acts solely as a trustee or agent for the benefit of others.

- The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of New Hanover Township School Board of Education's budget for the year.

Figure A-1 summarizes the major features of New Hanover Township School's financial statements, including the portion of New Hanover Township's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

The Statement of Net Assets and Statement of Activities provide information about the activities of the whole School District, New Hanover Township School, presenting both an aggregate view of New Hanover Township's finances and a

longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental fund, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of New Hanover Township School District, the General Fund is by far the most significant fund.

### **Reporting the School District as a Whole: Statement of Net Assets and the Statement of Activities**

While this document contains the large number of funds used by New Hanover Township to provide programs and activities, the view of New Hanover Township School, looks at all financial transactions and asks the question, “How did we do financially during 2023-24?” The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting like the accounting used by most private-

sector businesses. These bases of accounting consider all the current year’s revenues and expenses regardless of when cash is received or paid.

These two statements report the District’s net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the District as a whole, the financial position of New Hanover Township School has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the Percent of Share property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, New Hanover Township School is divided into two district kinds of activities:

- **Governmental Activities** – All of New Hanover Township School’s programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- **Business-Type Activity** – This service is provided on a charge for goods or services basis to recover expenses of the goods or services provided. The Food Service enterprise fund is reported here.

### **Reporting New Hanover Township School’s Most Significant Funds: Fund Financial Statements**

Fund financial reports provide detailed information about New Hanover Township School’s funds. The District uses many funds to account for a multitude of financial transactions. New Hanover Township School’s governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

- **Governmental Funds**

The District’s activities are reported in governmental funds, which focus on how money flows in and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. .

District’s general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

- **Enterprise Fund**

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

## Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements.

### FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

As previously mentioned, the Statement of Net Assets provides the perspective of New Hanover Township School as a whole. Net assets may serve over time as a useful indicator of a government's financial position. New Hanover Township's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of New Hanover Township School's net assets for 2024 with comparative amounts for 2023.

While revenues increased \$284,249 and expenses increased \$380,075 for the year, with the additional expenditures provided for the decline in net position, from \$7,738,977 to \$7,715,390.

**Governmental Activities:** For both years, revenues essentially consist of property taxes and other Federal, state; and local grants. The major revenue declines were in grants; while the major expense increase was in instructional related costs (activities directly dealing with the teaching of pupils and the interaction thereof).

**Business-Type Activities:** New Hanover Township's business-type activities consists of its food service program, comprised of charges for services, supplemented by federal and state reimbursements for meals, including payments for free and reduced lunches and breakfast, as well as donated commodities.

### Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

## GENERAL FUND BUDGETING HIGHLIGHTS

All governmental funds (i.e.: general fund, special revenue fund, capital projects fund and debt service fund presented in the fund-based statements) incorporate budgets that are prepared according to New Jersey and/or Federal statutory guidelines and record transactions using the modified accrual basis of accounting. The District's most significant fund is its General Fund which is used to account for all resource inflows and outflows used to conduct the core operations of the District and that are not otherwise designated for any other special purposes. Table A-4 below, abstracted from Exhibit C-1, provides a summary of the General Fund's budget versus actual for fiscal years 2024 and 2023.

**Table A-4**

Actual results were more favorable to budget; with favorable variances of \$595,533 for 2024 and \$692,638 for 2023. Each years' results were primarily driven by net favorable revenue variances (meaning actual revenues were more than budgeted).

As shown in Exhibit C-1, the ending fund balance of the General Fund was \$3,325,351 at June 30, 2023, versus \$3,403,308 at June 30, 2024.

### Capital Assets

Table A-5 shows comparative information on the District's capital assets, which primarily consist of its land, building, and machinery, for 2023 and 2024.

The decrease is primarily related to depreciation charges of \$82,707 representing an estimate of the assets' annual costs consumed for the fiscal year.

### Debt Administration

Table A-6 shows comparative information on the District's long-term obligations.

**Table A-6**

**Outstanding Long-Term Debt**

	<b>Total School District</b>		<b>Total % Change</b>
	<b><u>2024</u></b>	<b><u>2023</u></b>	<b><u>2023-2024</u></b>
General Obligation Bonds			
Capital Leases	4,148	5,662	-26.73%
Deferred PERS Pension Payment	1,217	0	100%
Compensated Absences	102,253	100,499	1.74%
Net Pension Liability			
<b>Total</b>	<b>\$ 107,618</b>	<b>\$ 106,161</b>	<b>1.37%</b>

The District has no outstanding long term bond obligations in either year. Its major debt, Compensated Absences, is the anticipated cost of unused sick and /or vacation benefits that would be paid in a scenario of all staff retiring and/or terminating at the end of the District's fiscal year.

#### **FACTORS BEARING ON THE DISTRICT'S FUTURE**

At the time these financial statements were prepared and audited, the District was aware of no existing outstanding litigation or other circumstances that could significantly affect the District's financial health in the future. However, existing and/or proposed State and/or Federal legislation(s) are always a concern for their potential impact on New Jersey school districts' budgets in the face of continued increasing cost challenges. Illustrations of such challenges include limitations on school districts' undesignated surplus levels and their general fund tax levy growth, both benchmarked to 2%, along with recent change in New Jersey State's approach for distributing aid to school districts going forward. With respect to the latter, the Districts anticipate seeing lower State aid for the foreseeable future. In addition to these concerns, no one can be certain of the long effects of the COVID-19 pandemic. Together, these factors create an environment in which District officials will be challenged to appropriately make educational and fiscal decisions.

#### **CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of New Hanover Township School District's finances and to show the district's accountability for the money it receives. **New Hanover Township Board of Education  
Reconciliation of the Statement of Revenues, Expenditures,  
and Changes in Fund Balances of Governmental Funds  
to the Statement of Activities  
For the Year Ended June 30, 2024**

**Total net change in fund balances - governmental funds (from B-2)**

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

\$ 13,371

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.

Depreciation expense	\$ (186,499)	
Fixed assets adjustment	88,844	
Capital outlays	<u>15,789</u>	
		\$ (81,866)

Right to use assets are reported in the governmental funds as expenditures. However, in the statement of activities, the cost of those assets are allocated over their term as amortization expense.

Recording of Right to Use Assets	4,210	
Amortization expense	<u>(6,288)</u>	
		(2,078)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets:

Repayment of Bond Principal		
Retirement of Bonds Outstanding	<u>-</u>	
		\$ -

Payment of long-term liabilities is an expenditure in the governmental funds and reduces long-term liabilities in the statement of net assets.

Capital Lease Payments	\$ 5,436	
Voluntary Separation of Service Program Payments	<u>1,217</u>	
		\$ 6,653

The net pension liability reported in the statement of activities does not require the use of current financial resources and is not reported as an expenditure in the governmental funds:

Decrease in Pension Liability	16,969	
Decrease in Deferred Outflows	(59,012)	
Increase in Deferred Inflows	<u>103,339</u>	
		\$ 61,296

Proceeds from debt issues are a financing source in the governmental funds. They are not revenue in the statement of activities; issuing debt increases long-term liabilities in the statement of net assets.

Proceeds from issuance of long-term debt		
Refunds - bond insurance		
Acceptance of Voluntary Separation Program		
Capital lease proceeds	<u>(4,209)</u>	
		\$ (4,209)

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).

Prior year accrued interest on long term debt which was paid in the current year

Increase in compensated absences payable	<u>(10,660)</u>

***NOTES TO THE FINANCIAL STATEMENTS***

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the New Hanover Township School District Board of Education have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The accompanying financial statements present the financial position of the District and the various funds and fund types, the result of operations of the District and the various fund and fund types, and the cash flows of the proprietary funds. The financial statements are presented as of June 30, 2024.

**A. Reporting Entity:**

New Hanover Township School District Board of Education is a Type II district located in the County of Burlington, State of New Jersey. As a Type II district, the District functions independently through a Board of Education (Board). The Board is comprised of nine members appointed to three-year terms.

The District provides a full range of educational services appropriate to grade levels Pre-K through 8. These include regular, vocational, as well as special education for handicapped youngsters.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District include educational services to grade levels Pre-K through 8. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

**B. Basis of Presentation, Basis of Accounting:**

The School District's basic financial statements consist of District-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation

*District-wide Statements:* The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net assets presents the financial condition of the governmental and business-type activity of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the School District.

*Fund Financial Statements:* During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (Continued):

Governmental Fund Types

General Fund: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund.

Special Revenue Fund: The District accounts for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes in the special revenue funds.

Capital Projects Fund: The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Debt Service Fund: The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Proprietary Fund Type

Enterprise (Food Service) Fund: The enterprise fund accounts for all revenues and expenses pertaining to cafeteria operations. The Food Service Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Fiduciary Fund Types

Trust and Agency Funds: The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (Continued):

Nonexpendable Trust Fund: A nonexpendable trust fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal.

Agency Funds (Payroll and Student Activities Fund): Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

Expendable Trust Funds: Expendable trust funds are used to account for the assets that the District holds whose principal and income may be expended in the course of their designated operations so that they are depleted by the end of their designated life.

C. Basis of Accounting:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

*District-wide, Proprietary, and Fiduciary Fund Financial Statements:* The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued):

*Governmental Fund Financial Statements:* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

It is the District's policy, that when an expenditure is incurred for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, to apply restricted resources first followed by unrestricted resources. Similarly, within unrestricted fund balance, it is the District's policy to apply committed resources first followed by assigned resources and then unassigned resources when an expenditure is incurred for which amounts in any of those unrestricted fund balance classifications could be used.

Under the terms of grant agreements, the District may fund certain programs by a combination of specific cost reimbursement grants, categorical block grants and general revenue. Therefore, when program expenses are incurred, both restricted and unrestricted net position may be available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs followed by general revenue.

D. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1.

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgets/Budgetary Control (Continued):

All budget amendments must be approved by School Board resolution. Budget amendments were made during the year ended June 30, 2024.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

Less: Current Year Encumbrances		
Total Expenditures (GAAP Basis)	\$ <u>5,854,032</u>	\$ <u>1,550,213</u>

**E. Encumbrances:**

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Short-term Interfund Receivables/Payables:

Short-term interfund receivables/payables represents amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District, and that are due within one year.

G. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditures during the year of purchase.

H. Fixed Assets:

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The School District does not possess any infrastructure. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
School Buildings	50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office & computer equipment	5-10
Instructional equipment	10
Grounds equipment	15

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Fixed Assets (continued):

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

I. Accrued Salaries and Wages:

Certain District employees, who provide services to the District over the ten month academic year, have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account.

J. Compensated Absences:

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 101 (GASB 101), "Compensated Absences".

The objective of the statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Compensated Absences (Continued):

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments. Salary-related payments for the employer's share of social security and Medicare taxes, as well as pension contributions, are included.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

K. Deferred Revenue:

Deferred revenue in the special revenue fund represents cash which has been received but not yet earned.

L. Accrued Liabilities and Long-Term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Net Position and Fund Balance/Restricted Assets:

GASB Statement Number 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position became effective for financial statements for periods beginning after December 15, 2011 and established standards for reporting deferred outflows of resources, deferred inflows of resources and net position. The adoption of this statement resulted in a change in the presentation of the statement of net position to what is now referred to as the statement of net position and the term "net assets" is changed to "net position" throughout the financial statements. Net Position represents the difference between assets, deferred outflows, deferred inflows, and liabilities in the government-wide financial statements. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the government-wide financial statements when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

N. Lease Assets:

Intangible right-to-use lease assets are assets which the District leases for a term of more than one year. The value of leases are determined by the net present value of the leases at the District's incremental borrowing rate at the time of the lease agreement, amortized over the term of the agreement.

O. Subscription Assets:

Intangible right-to-use subscription assets are subscription-based information technology arrangements (SBITAs) with subscription terms of more than one year. The value of subscription assets is determined by the sum of the subscription liability and payments made to the SBITA vendor, including capitalizable initial implementation costs, before the commencement date of the subscription term.

P. Management Estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Q: Recently Adopted Accounting Pronouncements:

The GASB issued Statement No. 99, Omnibus 2022 in April 2022. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements of this Statement are effective for periods beginning after June 15, 2022. Management has reviewed the requirements of GASB Statement No. 99 and deemed the impact immaterial to the financial statements.

R: Fund Balance Reserves:

The School District reserves those portions of fund balance which are legally segregated for a specific future use of which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

S. Tuition Receivable/Payable:

Tuition charges are established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined. These adjustments are recorded upon certification by the State Board of Education, which is normally three years following the contract year.

Accordingly, the tuition rate adjustments for the years 2020-2021 have been certified and finalized. Tuition charges for the years subsequent to the years 2020-2021 have been estimated and projected based on calculated tuition costs per pupil and number of students.

T. Memorandum Only – Total Columns:

Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

T. Memorandum Only – Total Columns (Continued):

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. *N.J.S.18A:20-37* provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey.

*N.J.S.A.17:9-41 et. Seq.* establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, and short term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Board classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the District in its cash, cash equivalents, and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

**NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)**

Interest Rate Risk - In accordance with its cash management plan, the District ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk - The District limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed below and on the following page.

**A. Deposits:**

New Jersey statutes require that school districts deposit public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC), the Savings Association Insurance Fund, or by any other agency of the United States that insure deposits. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds; or

If the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

A. Deposits (Continued):

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are to be redeemed within one year, except that up to 25% of the Fund may be invested in eligible securities which mature within two years; provided, however, that the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required. "Other Than State" participants contribute one tenth of one percent per year of the value of the aggregate units owned by them to establish a Reserve Fund, which is supplemented by the proportional interest of "Other Than State" participants in gains on investment transactions realized.

The Reserve Fund is available to cover losses of "Other Than State" participants occasioned by the bankruptcy of an issuer of an investment held by the Fund and losses on sales of securities

B. Investments:

New Jersey statutes permit the Board to purchase the following types of securities:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- Government money market mutual funds.
- Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- Bonds or other obligations of the school district or local unit of which the school district is a part.
- Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments, New Jersey State Department of Treasury.
- Local government investment pools.

- Repurchase agreements of fully collateralized securities, subject to special conditions.

As of June 30, 2024, cash and cash equivalents of the District consisted of the following:

	<u>Cash and Cash Equivalents</u>
Checking, Savings and Money Management	\$ 2,724,844
	<u>\$ 2,724,844</u> =====

All of the balances were covered by either the federal depository insurance or by a collateral pool maintained by the banks as required by New Jersey statutes.

Risk Category

All bank deposits, as of the balance sheet date, are entirely insured or collateralized by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Program Act. In general, bank deposits are classified as to credit risk by three categories described below:

Category 1 – Insured or collateralized with securities held by the Board or by its agent in the Board's name.

Category 2 – Collateralized with securities held by the pledging public depository's trust department or agent in the Board's name.

Category 3 – Uncollateralized including any deposits that are collateralized with securities held by the pledging public depository, or by its trust department or agent, but not in the Board's name.

NOTE 3. GOVERNMENTAL UNIT DEPOSIT PROTECTION ACT (GUDPA)

The District has deposited cash in 2024 with an approved public fund depository qualified under the provisions of the Government Unit Deposit Protection Act. In addition to savings and checking accounts the District invests monies in certificates of deposits.

The Governmental Unit Deposit Protection Act P.L. 1970, Chapter 236, was passed to afford protection against bankruptcy or default by a depository. C.17:9-42 provides that no governmental unit shall deposit funds in a public depository unless such funds are secured in accordance with this act. C.17:9-42 provides that every public depository having public funds on deposit shall, as security for such deposits, maintain eligible collateral having a market value at least equal to either (1) 5% of the average daily balance of collected public funds on deposit during the 6 month period ending on the next preceding valuation date (June 30 or December 31) or (2) at the election of the depository, at least equal to 5% of the average balance of collected public funds on deposit on the first, eighth, fifteenth, and twenty-second days of each month in the 6 month period ending on the next preceding valuation date (June 30 or December 31). No public depository shall be required to maintain any eligible collateral pursuant to this act as security for any deposit or deposits of any governmental unit to the extent such deposits are insured by F.D.L.C. or any other U.S. agency which insures public depository funds.

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

**NOTE 3. GOVERNMENTAL UNIT DEPOSIT PROTECTION ACT (GUDPA)**  
**(Continued)**

No public depository shall at any time receive and hold on deposit for any period in excess of 15 days public funds of a governmental unit(s) which, in the aggregate, exceed 75% of the capital funds of the depository, unless such depository shall, in addition to the security required to be maintained under the paragraph above, secure such excess by eligible collateral with a market value at least equal to 100% of such excess.

In the event of a default, the Commissioner of Banking within 20 days after the default occurrence shall ascertain the amount of public funds on deposit in the defaulting depository and the amounts covered by federal deposit insurance and certify the amounts to each affected governmental unit. Within 10 days after receipt of the certification, each unit shall furnish to the Commissioner verified statements of its public deposits. The Commissioner shall ascertain the amount derived or to be derived from the liquidation of the collateral maintained by the defaulting depository and shall distribute such proceeds pro rata among the governmental units to satisfy the net deposit liabilities to such units.

If the proceeds of the sale of the collateral are insufficient to pay in full the liability to all affected governmental units, the Commissioner shall assess the deficiency against all other public depositories having public funds on deposit determined by a formula determined by law. All sums collected by the Commissioner shall be paid to the governmental units having deposits in the defaulting depository in the proportion that the net deposit liability to each such governmental unit bears to the aggregate of the net deposit liabilities to all such governmental units.

All public depositories are required to furnish information and reports dealing with public funds on deposit every six months, June 30th and December 31st, with the Commissioner of Banking. Any public depository which refuses or neglects to give any information so requested may be excluded by the Commissioner from the right to receive public funds for deposit until such time as the Commissioner shall acknowledge that such depository has furnished the information requested.

Upon review and approval of the Certification Statement that the public depository complies with statutory requirements, the Commissioner issues forms approving the bank as a municipal depository. The District should request copies of these approval forms semiannually to assure that all depositories are complying with requirements.

**NOTE 4. CAPITAL ASSETS (Continued)**

On January 11, 2001, the NJ State Department of Education announced that effective July 1, 2001, the capitalization threshold used by school districts in the State of New Jersey is increased to \$2,000. The previous threshold was \$500. Applying the higher capitalization threshold retroactively (removal of old assets from the General Fixed Assets Account Group) will be permitted by the State regulations in situations where (1) the assets have been fully depreciated, or (2) the assets have exceeded their useful lives. The retirement of machinery and equipment is due to the retroactive application of the higher threshold of equipment capitalization. That is, the District has removed from their records assets with a historical cost greater than \$500 but not greater than \$2,000 that were fully depreciated or had exceeded their useful lives.

Depreciation expense was charged to functions as follows:

**A. Bonds Payable:**

As of June 30, 2024, the District did not have any outstanding bonds.

**B. Bonds Issued During the Year:**

No bonds were issued during the year.

**C. Bonds Authorized But Not Issued:**

As of June 30, 2024, the District authorized but not used bonds.

**D. Public Employees' Retirement System (PERS) Payment Deferral:**

On March 17, 2009, P.L. 2009, c.19 (S-21) was signed into legislation and provided regular and vocational school districts the option of deferring fifty percent (50%) of the school district's 2008-09 regular PERS pension liability. School districts that elected to defer the pension liability were required to begin repaying the deferred amount over fifteen (15) years, starting in April of 2012. The amount to be paid will fluctuate based on the pension system investment earnings on the unfunded liability. At any time, however, upon requesting a payoff amount from the Division of Pensions and Benefits, a school district may pay off the deferred amount. The deferral of the aforementioned PERS payment was only an option for the 2008-09 fiscal year. Commencing in the fiscal year June 30, 2010 and beyond, the full annual PERS pension liability will be required to be budgeted and paid.

D. Public Employees' Retirement System (PERS) Payment Deferral (Continued):

On April 30, 2009, the School District adopted a resolution electing to defer fifty percent (50%) of the April 2009 payment, equaling a total deferral of \$9,160.00. The following is a schedule for the payment of the PERS deferral, based on an interest rate of 8.25%. N.J.S.A. 43:15A-25b requires the use of "regular interest" when the actuary calculates the amortization of the unfunded accrued liability of the pension system, which is set by the State Treasurer (N.J.S.A. 43: 15A-6n) and currently is 8.25%.

***Plan Descriptions***

All required employees of the District are covered by either the Public Employees' Retirement System (PERS) or the Teachers' Pension and Annuity Fund (TPAF) which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

***Teachers' Pension and Annuity Fund (TPAF)***

The TPAF was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The TPAF is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related noncontributing employers.

Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the DOE who have titles that are unclassified, professional and certified.

***Public Employees' Retirement System (PERS)***

The PERS was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members accounts.

Significant Legislation

During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by  $\frac{1}{2}$  of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

Contribution Requirements

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

During the fiscal year ended June 30, 2024, the State of New Jersey contributed \$779,367 to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$117,419 during the year ended June 30, 2024 for the employer's share of Social Security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

*General Information about the OPEB Plan*

*State Health Benefit State Retired Employees Plan*

Pension and Other Postemployment Benefits (OPEB) Obligations in Fiscal Year 2022 the State funded the various defined benefit pension systems at 108 percent of the full actuarially determined contributions. Employer contributions to the pension plans are calculated per the requirements of the governing State statutes using generally accepted actuarial procedures and practices. The actuarial funding method used to determine the State's contribution is a matter of State law. Any change to the funding method requires the approval of the State Legislature and the Governor. The amount the State actually contributes to the pension plans may differ from the actuarially determined contributions of the pension plans because the State's contribution to the pension plans is subject to the appropriation of the State Legislature and actions by the Governor. GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers to recognize their proportionate share of the collective net pension liability. Under the new statement, the calculation of the pension liability was changed to a more conservative methodology and each employer was allocated a proportional share of the pension plans' net pension liability. The State's share of the net pension liability, based on a measurement date of June 30, 2021, which is required to be recorded on the financial statements, is \$75.1 billion. The Fiscal Year 2023 projected aggregate State contribution to the pension plans of \$6.8 billion represents 104 percent of the actuarially determined contribution. The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2022, the State paid PRM benefits for 161,238 State and local retirees. The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2022, the State contributed \$1.9 billion to pay for "pay-as-you-go" PRM benefit costs incurred by covered populations, a slight increase from \$1.8 billion in Fiscal Year 2021. The State has appropriated \$2.1 billion in Fiscal Year 2023 as the State's contribution to fund increases in prescription drugs and medical claims costs. In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018.

State Health Benefit State Retired Employees Plan (Continued)

The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2022 State OPEB liability to provide these benefits is \$88.9 billion, a decrease of \$12.7 billion, or 12.5 percent from the \$101.6 billion liability recorded in Fiscal Year 2021. Additional information on Pensions and OPEB can be accessed on the Division of Pensions & Benefits Financial Reports webpage:

<https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

Total OPEB Liability

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASB No. 75 is zero percent. Accordingly, the LEA did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the board of education/board of trustees. Note that actual numbers are published in the NJ State's ACFR on the Office of Management and Budget webpage: <https://www.nj.gov/treasury/omb/fr.shtml>.

**NOTE 8. INTERFUND RECEIVABLES AND PAYABLES**

The following interfund balances remained on the balance sheet at June 30, 2024.

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund		\$ 3,000
Capital Projects Fund		
Debt Service Fund		
Enterprise Fund	\$ 3,000	
Trust and Agency Fund		
	<u>\$3,000</u>	<u>\$3,000</u>

These amounts represent temporary advances between the various funds.

**NOTE 9. CONTINGENCIES**

The District receives financial assistance from the State of New Jersey and the U.S. Government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. The State and Federal grants received and expended in the 2020-2021 fiscal year were subject to the Single Audit Act of 1984 and New Jersey OMB Circular 04-04 which mandates that grant revenues and expenditures be audited in conjunction with the Board's annual audit. Substantially, all grants and cost reimbursements are subject to financial and compliance audits by the grantors. Further, the School Child Nutrition Program is a recipient of federal (USDA) reimbursements and is subject to certain related federal regulations. The federal reimbursements are subject to subsequent audit and interpretation by the New Jersey Department of Education. The Board and management do not believe such an audit would result in material amounts of disallowed costs.

**NOTE 10. LITIGATION**

There is no litigation, pending litigation, claims, contingent liabilities, unasserted claims or assessments or statutory violations which involve the Board of Education and which might materially affect the financial position of the District, as of the date of this report.

**NOTE 11. COMPENSATED ABSENCES**

The District accounts for compensated absences (e.g. unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 101 (GASB 101), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for vested compensated absences of the governmental fund types is recorded in the general long-term account group. The current portion of the compensated absences balance of the governmental funds is not considered material to the applicable funds total liabilities, and therefore, is not shown separately from the long-term liability balance of compensated absences.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees.

The net change in the liability for compensated absences is \$10,660.28 for the year.

Compensated absences will be paid from the fund from which the employees' salaries are paid.

**NOTE 12. DEFERRED COMPENSATION**

The Board offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plan, which is administered by a benefits management company, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency. The Board has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The Board offers several plan administrators for its employees to utilize.

**NOTE 13. RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**Property and Liability Insurance** – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Annual Comprehensive Financial Report.

**New Jersey Unemployment Compensation Insurance** – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Contributory Method”. Under this plan, the District and its employees contribute to the New Jersey Unemployment Trust Fund for benefits paid to its former employees. The District remits quarterly the amounts due to the State.

**Joint Insurance Pool** – The School District is a member of the Burlington and Camden County Educator’s Insurance Consortium, a sub-fund of the New Jersey School Boards Association Insurance Group. The Fund provides its members with the following coverages:

Property – Blanket Building & Grounds	Electronic Data Processing
Equipment Breakdown	Crime
Comprehensive General Liability	Automotive Liability
Worker’s Comprehensive & Employer’s Liability	School Leaders Errors & Omissions Liability

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

NOTE 13. RISK MANAGEMENT (Continued)

Annual contributions to the Fund are determined by the Fund's Board of Trustees. The School District is jointly and personally liable for claims insured by the Fund and its members during the period of its membership, including liability for supplemental assessments, if necessary. The Fund's Board of Trustees may authorize refunds to its members in any fund year for which contributions exceed the amount necessary to fund all obligations for that year.

The Fund publishes its own financial report for the year ended June 30, 2024, which can be obtained from the following address:

New Jersey School Boards Association Insurance Group  
450 Veterans Drive  
Burlington, NJ 08016

NOTE 14. CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund fund balance at the end of the fiscal year of June 30 if a required minimum amount is not appropriated as budgeted fund balance in their subsequent year's budget. The Excess Fund Balance at June 30, 2024 is \$0. The Excess Fund Balance at June 30, 2023 was \$307,968.

NOTE 15. SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ASSIGNMENTS (SBITAs)

Pursuant to paragraph 60-61 of GASB Statement No. 96 for disclosure requirements related to subscription-based information technology arrangements (SBITAs) School districts, charter schools and renaissance school projects should disclose in notes to financial statements the following information about its SBITAs (which may be grouped for purposes of disclosure) other than short-term SBITAs: A general description of its SBITAs, including the basis, terms, and conditions on which variable payments not included in the measurement of the subscription liability are determined; the total amount of subscription assets, and the related accumulated amortization, disclosed separately from other capital assets; the amount of outflows of resources recognized in the reporting period for variable payments not previously included in the measurement of the subscription liability; the amount of outflows of resources recognized in the reporting period for other payments, such as termination penalties, not previously included in the measurement of the subscription liability; principal and interest requirements to maturity, presented separately, for the subscription liability for each of the five subsequent fiscal years and in five-year increments thereafter and commitments

under SBITAs before the commencement of the subscription term; the components of any loss associated with an impairment.

For the year under audit, there were no SBITAs which are applicable.

**NOTE 16. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS**

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

**NOTE 17. OTHER**

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the district for the year ended June 30, 2024. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2024.

**NOTE 18. CAPITAL RESERVE ACCOUNT**

A capital reserve account was established by the New Hanover Township Board of Education by inclusion of \$1 on October 19, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund, and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by Board resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A.19:60-2. Pursuant to N.J.A.C.6:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

NOTE 18. CAPITAL RESERVE ACCOUNT (Continued)

The activity of the capital reserve for the July 1, 2023, to June 30, 2024, fiscal year is as follows:

Beginning Balance, July 1, 2023	\$ 591,545
Increased by:	
Interest Earnings	-
Transfers	
	<hr/>
Ending Balance, June 30, 2024	<u>\$ 591,545</u>

NOTE 19. ECONOMIC DEPENDENCY

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, could have an effect on the District's programs and activities.

NOTE 20. GASB #54 – FUND BALANCE DISCLOSURES

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the New Hanover Board of Education classifies governmental fund balances as follows:

- Non-spendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because legal or contractual constraints.
- Restricted - includes fund balance amounts that are constrained for specific purposes which are externally imposed by external parties, constitutional provision or enabling legislation.
- Committed - includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.
- Assigned - includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the Business Administrator.
- Unassigned - includes balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

NOTE 20. GASB #54 – FUND BALANCE DISCLOSURES (Continued)

General Fund – Of the \$3,403,308 General Fund fund balance at June 30, 2024, \$0 is restricted for excess surplus – current year; \$1,746,847 is restricted for other purposes. \$41,157 is committed for other purposes; \$757,510 is assigned as designated for subsequent year's expenditures, \$0 is assigned and designated for the Maintenance Reserve and \$857,794 is unassigned.

NOTE 21. FEDERAL IMPACT AID RESERVE

As permitted by P.L.2015, c.46 which amended N.J.S.A. 18A:7F-41 a federal impact reserve account was established by the New Hanover Township Board of Education by a transfer of \$650,000 on 6/9/17 by board resolution for the amount of federal impact aid funds - general fund - received during the current fiscal year for use as general fund expenditures in subsequent fiscal years. The Federal Impact Aid - General Reserve Account is maintained in the general fund and its activity is included in the general fund annual budget.

The activity of the Federal Impact Aid Reserve for the July 1, 2023 to June 30, 2024 fiscal year is as follows:

Beginning Balance, July 1, 2023	\$ 715,872
Increased by:	
Interest Earnings	
Transfers	
Decreased by:	
Assigned to Fund Balance	
Ending Balance, June 30, 2024	<u>\$ 715,872</u>

NOTE 22. ESTIMATES

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2024**

**NOTE 23. SUBSEQUENT EVENTS**

The New Hanover Township Board of Education has evaluated subsequent events occurring after June 30, 2024 through the date of December 31, 2024, which is the date the financial statements were available to be issued. The District has determined there are no material subsequent events needed to be disclosed.

**NOTE 24. TAX ABATEMENT**

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

December 31, 2024

The Honorable President and  
Members of the Board of Education  
New Hanover Township  
County of Burlington  
Wrightstown, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of New Hanover Township School District, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise New Hanover Township School District's basic financial statements, and have issued our report thereon dated December 31, 2024.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered New Hanover Township School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of New Hanover Township School District's internal control. Accordingly, we do not express an opinion on the effectiveness of New Hanover Township School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable

possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

128

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether New Hanover Township School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended for the information of the management of the New Hanover Township School District Board of Education, the New Jersey State Department of Education (the cognizant audit agency) and other state and federal awarding agencies. However, this report is a matter of public record and its distribution is not limited.

**Report on Compliance For Each Major Federal Program; Report on Internal Control  
Over Compliance; and Report on the Schedule of Expenditures of Federal Awards  
Required by the U.S. Uniform Guidance and Schedule of Expenditures of State Financial  
Assistance as required by New Jersey OMB Circular 15-08**

December 31, 2024

The Honorable President and  
Members of the Board of Education  
New Hanover Township Board of Education  
County of Burlington  
Wrightstown, New Jersey

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal and State Program***

We have audited the Board of Education of the New Hanover Township School District, in the County of Burlington, compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and the *New Jersey OMB Circular 15-08 State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the District's major federal and state programs for the fiscal year ended June 30, 2024. The New Hanover Township School District Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, New Hanover Township School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2024.

### ***Basis for Opinion of Each Major Federal and State Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and the *New Jersey OMB State Grant Compliance Supplement*. Our responsibilities under those standards, the Uniform Guidance and the New Jersey OMB State Grant Compliance Supplement are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

### ***Responsibility of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal and state programs.

### ***Auditor's Responsibility for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the New Jersey OMB State Grant Compliance Supplement will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal or state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance and the New Jersey OMB State Grant Compliance Supplement, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the New Jersey OMB State Grant Compliance Supplement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control Over Compliance***

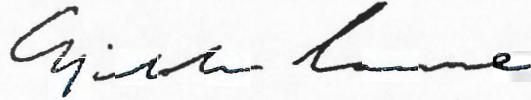

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibility for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and the New Jersey State Aid/Grant Compliance Supplement, and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and the New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Accordingly, this report is not suitable for any other purpose.

NEW HANOVER TOWNSHIP BOARD OF EDUCATION  
 NOTES TO THE SCHEDULES OF AWARDS AND FINANCIAL ASSISTANCE  
 JUNE 30, 2024

NOTE 1. GENERAL

The accompanying schedules of financial assistance present the activity of all federal and state financial assistance programs of the Board of Education, New Hanover Township School District. The Board of Education is defined in Note 1(A) to the Board's general purpose financial statements. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies is included on the schedule of federal financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of financial assistance are presented using the modified accrual basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in Notes 1 to the Board's general purpose financial statements.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

Amounts reported in the accompanying schedules agree with amounts reported in the Board's general purpose financial statements. The general purpose financial statements present the special revenue fund on both a GAAP basis and a budgetary basis. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The net adjustment to reconcile from the budgetary basis to the GAAP basis for the General Fund is (\$58,220) and for the Special Revenue Fund is \$129,681. Financial assistance revenues are reported in the Board's general purpose financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 757,632	\$ 3,069,207	\$ 3,826,839
Special Revenue Fund	1,159,894	52,685	\$ 1,212,579
Food Service	<u>96,833</u>	<u>1,538</u>	<u>\$ 98,371</u>
Total Financial Assistance	<u>\$ 2,014,359</u>	<u>\$ 3,123,430</u>	<u>\$ 5,137,789</u>
