Board President Mr. Manuel Martinez
and Honorable Members of the Paterson
Public School District Board of Education
90 Delaware Avenue
Paterson, New Jersey 07503

Dear Commissioner Martinez and Members of the Board:

The Annual Comprehensive Financial Report (ACFR) of the Paterson Public School District (the "District") for the fiscal year ended June 30, 2024, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the district. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the district. All disclosures necessary to enable the reader to gain an understanding of the district's financial activities are included.

Government Accounting Standards Board (GASB) requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Paterson Public School District's MD&A can be found immediately following the Independent Auditor's Report.

SECTION 1 – REPORT FORMAT

The Annual Comprehensive Financial Report is presented in four sections: Introductory, Financial, Statistical and Single Audit. The purpose of each section of the ACFR is as follows:

- **Introductory Section**—This section includes this transmittal letter, the district's organization chart and a list of principal officials. This section is intended to familiarize the reader with the organization structure of the school district, the nature and scope of the services it provides, and the specifics of its legal operating environment. It is primarily designed for the taxpayer.
- **Financial Section**—This includes the independent auditor's report, the Management Discussion and Analysis (MD&A), basic financial statements, supplemental information, and the combining and individual fund schedules. It is primarily designed for oversight and legislative bodies.

- **Statistical Section**—Contains substantial financial information but presents tables that differ from financial statements in that they present non-accounting data, cover several years, and are designed to reflect social and economic data and financial and fiscal trends, as well as the fiscal capacity of the district. Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant years.
 - **Financial Trends J-1 to J-5**
These schedules contain trend information to help the reader understand how the Paterson Public Schools' financial performance and well-being have changed over time.
 - **Revenue Capacity J-6 to J-9**
These schedules contain information to help the reader assess the Paterson Public Schools' most significant local revenue source, the property tax.
 - **Debt Capacity J-10 to J-13**
These schedules present information to help the reader assess the Paterson Public Schools' current levels of outstanding debt and the government's ability to issue additional debt in the future.
 - **Demographic and Economic Information J-14 and J-15**
These schedules offer demographic and economic indicators to help the reader understand the environment within which the Paterson Public Schools' financial activities take place.
 - **Operating Information J-16 to J-20**
These schedules contain service and infrastructure data to help the reader understand how the information in the Paterson Public Schools' financial report relates to the services the government provides and the activities it performs.
 - **Single Audit Section**—The District is required to undergo an annual single audit in conformity with the provisions of the Federal Single Audit Act and applicable US Office of Management and Budget Circulars, and the applicable State of New Jersey OMB Circulars.

Information related to this single audit, including the auditors' report on the internal control structure and compliance with applicable laws, regulations, findings, and recommendations, is included in the Single Audit Section of this report.

This section includes independent auditors' reports on compliance and internal control, schedules of the expenditures for federal and state grants, notes to the schedules of expenditures on federal and state grants, schedule of findings and questioned costs, and a summary schedule of prior audit findings.

SECTION 2 - PROFILE OF THE GOVERNMENT

Paterson Public School District

The Paterson Public School District is an independent reporting entity within the criterion adopted by the Governmental Accounting Standards Board as established by GASB 14. All funds and account groups of the district are included in this report. The Paterson Public School District and all its schools constitute the district's reporting entity. The district is one of three state-operated districts in the state of New Jersey.

The school system has 30,000 students who speak twenty-five different languages. The school system currently has forty-four schools with almost 5,000 full and part-time employees and a 2023-24 budgeted per pupil expenditure of \$20,239.

The district also administers direct special education services for handicapped pupils ranging from pre-school handicapped classes to numerous categories of special services for young adults. The regular educational program includes academic, vocational, remedial, and bilingual services. The district also conducts alternative education programs including an approved adult high school, various programs of evening adult courses, supplemental educational services under the auspices of Every Student Succeeds Act and several summer school offerings.

On August 7, 1991, the Paterson Public Schools became a State Operated School District in accordance with NJSA 18A:7A-34, with full State intervention. The Paterson Public Schools was the second New Jersey school district to be removed from local autonomy. The district remained under state operation for twenty-nine years until January 6, 2021, when the District regained local control.

Resident Enrollment

Resident enrollment is defined as, "the number of pupils, other than preschool pupils, post-graduate pupils, and post-secondary vocational pupils who, on the last school day prior to October 16 of the current school year, are residents of the district and are enrolled in:

1. The public schools of the district, excluding evening schools,
2. Another school district, other than a county vocational school district in the same county on a full-time basis, or a state college demonstration school or private school to which the district of residence pays tuition, or
3. A State facility in which they are placed by the district.
4. Disabled children between three and five years of age and receiving programs and services pursuant to N.J.S.A. 18A:46-6 shall be included in the resident enrollment of the district.
5. Non-resident children who are permitted to enroll in the educational program without payment of tuition as part of a voluntary program of inter-district public school choice approved by the commissioner.
6. Enrolled children of teaching staff members of the school district or county vocational school district who are permitted enrollment without tuition.

The Paterson Public School District sends students to state approved charter schools, the Passaic County Technical Institute and special education, public & private placements. Sending students represents a cost item in the annual budget but is reflective of the lack of capacity to house these students in the school buildings owned and/or operated by the Paterson Public Schools. Charter School appropriations for 2023-24 are \$124,402,858 for 6,674 pupils enrolled.

District Factor Groupings (DFGs)

District Factor Grouping (DFG) is a system of ranking schools by socio-economic status. The group designations are based on information from census data and include the following community data: income, poverty, unemployment, and percent of population with no high school diploma, percent of population with some college, occupations, and population density.

There are eight District Factor Groupings (DFGs): “A” designates the lowest socio-economic level, followed by B, CD, DE, FG, GH, I, and J, the highest socio-economic level. The DFGs are valuable for comparison of districts with similar profiles for purposes of state aid and assessment information.

The low tax base and the high local tax rate in the City of Paterson classify the school district as an “A” district in the New Jersey Department of Education’s DFG.

MAJOR INITIATIVES

PATERSON: A PROMISING TOMORROW: FIVE YEAR STRATEGIC PLAN 2019-2024

When the district and community set out to create the strategic plan for the next five years, 2019 to 2024, it was with the knowledge of how far the district had come. In many ways, the district’s momentum was building. The strategic planners wanted to make sure the district continued increasing its momentum. Three public strategic planning forums were held to elicit the help, opinions, and ideas of the people of the Paterson community. The district did everything possible to make it easier for people, particularly district families, to participate. Each forum was heavily promoted through use of social media and direct communication with households through robocalls and flyers sent home in student’s backpacks. This process sought to ensure that all internal and external stakeholders had an opportunity to provide significant input and feedback. The steps taken in this process were:

- 1) Information gathering and strategic analysis.
- 2) Priority, goal, and strategies development.
- 3) Validation.
- 4) Implementation; and.
- 5) Evaluation.

Components of A Promising Tomorrow include a vision, mission, as well as four priorities with goals and strategies for their attainment. The Vision and Mission Statements, and four goals are listed below:

Vision Statement: To district will be a leader of 21st century innovation where students develop habits of lifelong learning and excel academically to become future-ready leaders.

Mission Statement: Recognizing our proud traditions, diverse community, and partnerships, the mission of the Paterson Public School District provides an academically rigorous, safe, and nurturing educational environment by meeting the social, emotional, and academic needs of our students as we prepare them for post-secondary education and career.

Strategic Plan—District Priorities:

- Goal Area #1: Teaching & Learning
- Goal Area #2: Facilities
- Goal Area #3: Communications & connections
- Goal Area #4: Efficient and Responsive Operations

INTERNAL ACCOUNTING CONTROLS

Management of the District is responsible for establishing and maintaining a system of internal control designed to ensure that the assets of the district are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accepted accounting principles (GAAP). The system of internal control is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefit likely to be derived and that the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the district is responsible for ensuring that an adequate system of internal control is in place to ensure compliance with applicable laws and regulations related to those programs. This system of internal control is also subject to periodic evaluation by District management.

As part of the district's single audit described earlier, tests are made to determine the adequacy of the system of internal control, including that portion related to federal awards and state financial assistance programs, as well as to determine that the district has complied with applicable laws and regulations.

BUDGETARY CONTROLS

Paterson Public Schools' 2023-24 budget was prepared consistent with District Fiscal Policy # 6220 addressing budget preparation, with primary consideration given to educational priorities identified through the District's *PATERSON: A PROMISING TOMORROW: FIVE YEAR STRATEGIC PLAN 2019-2024*. The budget development was also consistent with the New Jersey Department of Education *Budget Guidelines 2023-24 Budget Statement*.

The district continues to strive for improved budgetary controls in addition to standard internal accounting controls. Financial management software alerts the Purchasing Department of anticipated expenditures in accounts, to better monitor school and departmental budgets. In addition, the district conducts periodic reviews of expenditures and revenues to better predict financial position at the end of each year. All budget managers can access financial reports on those accounts for which they are responsible from their individual locations. The district also maintains a Position Control Roster System, which provides budgetary control on all contractual personnel positions within the district.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reserved fund balance on June 30, 2024.

ACCOUNTING SYSTEM AND REPORTS

Effective July 1, 1993, the Division of Finance, Department of Education of the State of New Jersey, required all school Districts to change its accounting method from a comprehensive basis of accounting other than generally accepted accounting principles to an accounting and reporting system in accordance with accounting principles generally accepted in the United States of America (GAAP). The district's accounting records reflect New Jersey State Statute (N.J.S.A.18:4-14) that requires a uniform system of double-entry bookkeeping consistent with the GAAP established by GASB for use in all school districts.

The accounting system is organized based on funds in accordance with the Uniform Minimum Chart of Accounts (Handbook 2R2) for New Jersey Public Schools. These funds are explained in Note 1 of the notes to the financial statements.

CASH MANAGEMENT

The investment policy of the district is guided in large part by State Statute as detailed in the notes to the financial statements. The district has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds, which are secured in accordance with the Act. The district participates in the New Jersey Cash Management Fund.

RISK MANAGEMENT

The district carries various forms of insurance, including but not limited to, general liability and comprehensive collision, hazard and theft insurance on property and contents and fidelity bonds.

INDEPENDENT AUDIT

State Statutes require an annual audit by Independent Certified Public Accountants or Registered Municipal Accountants. The accounting firm of Weilkotz & Co. was appointed to complete the 2023-24 fiscal audit. In addition to meeting the requirements set forth in State Statutes, the audit was also designed to meet the requirements of the Single Audit Act Amendments of 1996 and the U.S. Uniform Guidance and New Jersey OMB Circular 15-08 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." The auditor's report on the basic financial statements is included in the financial section of this report.

The auditor's report related specifically to the single audit is included in the single audit section of this report.

SECTION 4: ACKNOWLEDGEMENTS

A note of appreciation is extended to Superintendent of Schools, Executive Cabinet, District and School administrators for their cooperation as the District strives to improve audits through enhanced processes and procedures, to the Fiscal Committee of the District's Advisory Board of Education, for their ongoing support and commitment to fiscal integrity. Lastly, to the Paterson Board of Education, for its selfless dedication to improving student achievement in Paterson Public Schools.

A special note of appreciation is extended to the Office of Business Services and to all the business operations staff members for their untiring efforts to improve processes, procedures, and audit outcomes. Their contributions in support of the students and staff of the Paterson School District are truly noteworthy.

Respectfully submitted,

Mrs. June Gray

INDEPENDENT AUDITOR'S REPORT

Honorable President and
Members of the Board of Education
Paterson Public Schools
County of Passaic, New Jersey

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Board of Education of the Paterson Public Schools, in the County of Passaic, State of New Jersey, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities and each major fund of the Paterson Public Schools Board of Education, in the County of Passaic, State of New Jersey, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Paterson Public Schools Board of Education and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Paterson Public Schools Board of Education's ability to continue as a going concern for the next twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey and Government Auditing Standards, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Honorable President and
Members of the Board of Education
Page 3.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Paterson Public Schools Board of Education's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Paterson Public Schools Board of Education's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Information, Schedules Related to Accounting and Reporting for Pensions, and Other Post Employment Benefits identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. The discussion and analysis of the City of Paterson Board of Education's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2024. The intent of this discussion and analysis is to look at the District's financial performance as a whole and should not be interpreted as a replacement for the audit which consists of the financial statements and other supplemental information that presents all the District's revenues and expenditures by program for the General Fund, Special Revenue Fund, Debt Service and Enterprise Fund.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements.
- The district governmental funds statements tell how basic services were financed in the short term as well as what remains for future spending.
- Proprietary funds statements offer short-term and long-term financial information about the activities the district operated like businesses.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The table below shows how the various parts of this annual report are arranged and related to one another.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the District as a whole (district-wide statements), and then proceed to provide an increasingly detailed look at specified financial activities.

District-Wide Financial Statements

The *statement of net position and statement of activities* reports information about the District as a whole and about its' activities in a manner that helps answer the question, "Is the District better or worse off as a result of the year's activities?" These statements include all assets and liabilities of the District using the accrual basis of accounting, similar to the accounting used by private sector corporations. All of the current year's revenues and expenses are taken into consideration regardless of when cash is received or paid.

Both of the district-wide financial statements distinguish functions of the Paterson Board of Education that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*).

In the *Statement of Net Position and the Statement of Activities*, the District is divided into two distinct kinds of activities:

- Governmental Activities – All of the school district's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- Business-type Activity – This service is provided on a charge for goods and services basis to recover all the expenses of the goods or services provided. The Food Service Enterprise fund is reported as business activities.

The two statements report the District's net position and changes in them. The change in net position can be utilized by a reader to assist in determining whether the District's financial health is improving or deteriorating. However, the reader should also consider non-financial factors such as property tax base, current New Jersey laws restricting revenue growth, student enrollment growth, facility conditions, required educational programs and other factors in determining the District's overall financial health.

USING THIS ANNUAL REPORT, (continued)

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of these funds of the School District can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the district-wide financial statements. However, unlike the district-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on balances of *spendable resources* available at the end of the fiscal year. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash.

Because the focus of governmental funds is narrower than that of the district-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the district-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The School District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, special revenue fund, capital projects fund, and debt service fund which are all considered to be major funds.

The School District adopts annual appropriated budgets for its governmental funds except for the capital projects fund. A budgetary comparison statement has been provided for the general fund, special revenue fund and debt service fund to demonstrate compliance with their budgets.

Proprietary Funds

Proprietary funds use the accrual basis of accounting, the same as on the district-wide statements, therefore the statements will essentially match the business-type activities portion of the district-wide statements. The Paterson Board of Education uses proprietary funds to account for its food service program.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning budgetary information for the District's major funds.

Our auditor has provided assurance in his independent auditor's report, located immediately preceding this Management's Discussion and Analysis, that the Basic Financial Statements are fairly stated. Varying degrees of assurance are being provided by the auditor regarding the Required Supplemental Information and the Supplemental Information identified above. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts in the Financial Section.

DISTRICT-WIDE FINANCIAL ANALYSIS

The Statement of Net Position provides the perspective of the District as a whole. Net position may, over time, serve as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

Changes in Net Position:

The District's total net position increased \$13,346,208 over the course of the 2023-2024 fiscal year (See Table 2). Net position invested in capital assets increased \$4,583,639 due to current fiscal year depreciation, offset by capital asset additions and paydown of right to use leased assets, offset by amortization. Restricted net position increased \$2,256,005 as a result of net increases in the unemployment reserve and encumbrances, offset by a net decrease in student activities and amounts designated for subsequent years budget and excess surplus. Unrestricted net position increased \$6,506,564 primarily due to changes in compensated absences payable, net pension liability, deferred inflows and outflows of resources related to pensions, unexpended budget appropriations and an excess in state revenues.

Table 2 below shows the changes in net position for fiscal year 2024 compared to 2023.

Governmental Activities

Net position from the District's governmental activities increased by \$12,528,722 during the fiscal year. However, maintaining existing programs, the provision of multitude of special programs/services for student with special needs and the cost of employee benefits has placed great demands on the District's resources. As a result, careful management of expenses remains essential for the District to sustain its financial health. Increasing parental and student demands for new activities and programs must be evaluated thoroughly.

Business-Type Activities

The net position of the District's business-type activities increased by \$817,486 due to an increase in the number of meals claimed and the cancellation of prior year accounts payable.

Governmental and Business-Type Activities

As reported in the Statement of Activities the cost of all of our governmental and business-type activities this year was \$836,462,647. However, the amount that our taxpayers ultimately financed for these activities through School District taxes was only \$73,168,370 because some of the cost was paid by those who benefitted from the programs \$1,422,322, by other governments and organizations who subsidized certain programs with grants and contributions \$133,812,965, unrestricted federal and state aid \$606,571,929, restricted federal and state aid \$15,085,711, other restricted miscellaneous revenue \$173,503, federal and state aid capital outlay \$7,637,242, and miscellaneous sources \$11,936,814.

MAJOR GOVERNMENTAL FUNDS BUDGETING AND OPERATING HIGHLIGHTS

The School District's budgets are prepared according to New Jersey law, and are based on accounting for certain transactions on the basis of cash receipts, disbursements and encumbrances. The most significant budgeted funds are the general fund, the special revenue fund and the debt service fund. The capital projects fund is funded by the bond proceeds and state aid; therefore, no budget is presented.

During the fiscal year ended June 30, 2024, the School District amended the budgets of these major governmental funds several times. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line item accounts. Several of these revisions bear notation:

- TPAF, which is the state's contribution to the pension fund, is neither a revenue item nor an expenditure item to the district but is required to be reflected in the financial statements.
- During the fiscal year ended June 30, 2024, the School District amended the special revenue fund by \$39,143,513 for increases in local, state and federal grants.

General Fund

The General Fund actual revenue was \$1,001,893,262, including transfers. That amount is \$109,830,183 above the final amended budget of \$892,063,079. The variance between the actual revenues and final budget was the result of non-budgeted on-behalf payments of \$102,812,924 for TPAF pension and social security reimbursements, \$5,896,426 additional in local anticipated revenues, \$1,877,233 less in transfers, \$1,362,080 additional in extraordinary aid, and \$1,635,986 additional in other state and federal aid.

The actual expenditures of the General Fund were \$1,006,698,436, including transfers, which is \$87,185,856 above the final amended budget of \$919,512,580. The variance between the actual expenditures and final budget was due to non-budget on-behalf payments of \$102,812,924 for TPAF pension and social security reimbursements, \$1,761,796 less transfers, and \$13,865,272 of unexpended budgeted funds.

General Fund budgetary expenditures and other financing uses exceeded budgetary revenues and other financing sources decreasing budgetary fund balance \$4,805,174 over the previous year. After deducting reserved and assigned fund balances, the unassigned budgetary fund balance increased \$1,141,117 from \$13,547,310 at June 30, 2023 to \$14,688,427 at June 30, 2024.

Special Revenue Fund

The special revenue fund actual revenue was \$152,064,688 including transfers. That amount is \$26,159,970 below the final amended budget of \$178,224,658. The variance between the actual revenues and the final budget was state and federal grant revenue that was anticipated to be spent by fiscal year end. The state and federal grant revenue will be received/realized in the next fiscal year.

Special Revenue Fund, (continued)

The actual expenditures of the special revenue fund were \$152,099,839 including transfers, which is \$26,124,819 below the final amended budget of \$178,224,658. The variance between the actual expenditures and the final budget was due to the anticipation of fully expending state and federal grant programs. Expenditures will be incurred in the next fiscal year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

The district continues to rely predominately upon local property taxes as its main source of funding. Therefore, in consideration of current economic conditions and the anticipation of continued flat state aid support, the Board of Education has sought to control budget expenses to minimize the impact on the local tax levy.

The following factors were considered in preparing the 2024-2025 fiscal year budget:

- Estimated Student Enrollment
- Sources of revenue
- Cost of negotiated salaries and benefits
- Cost of fixed charges
- Mandated Programs
- Requirements for health and safety issues

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS, (continued)

Prior to the end of fiscal 2004, S1701 was enacted. The law is meant to control public school district budgets by revising the calculation of budget caps and reducing surplus. Starting in 2005-06 the CAP will be set at 2.5% or the cost of living, whichever is greater. A number of other changes will affect the calculation of SGLA's and per pupil administrative costs. Any undesignated general fund balance in excess of 2% or \$250,000, whichever is greater must be appropriated for tax relief.

to the Statement of Activities
Fiscal Year Ended June 30, 2024

Total net change in fund balances - governmental funds (from B-2) 121,950

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

This is the amount by which capital outlays exceeded depreciation in the period.

	Depreciation expense	(4,575,771)	
	Non-depreciable capital outlay - Construction in Progress	14,292,628	
	Depreciable Capital outlays	4,586,905	
	Assets retired prior to full depreciation	<u>(831,078)</u>	
			13,472,684

Right to use leased assets used in governmental activities are not financial resources and therefore are not reported in the funds

Accumulated amortization	<u>(2,288,817)</u>		(2,288,817)
--------------------------	--------------------	--	-------------

Repayment of long-term debt is reported as an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.

In the current year, these amounts consist of:

Right to Use Lease Liability	2,318,248		
Financed Purchases - Principal	3,150,927		
Bonds Payable	<u>1,190,000</u>		
			6,659,175

Proceeds from debt issues are a financing source in the governmental funds. They are not revenue in the statement of activities; issuing debt increases long-term liabilities in the statement of net assets.

Obligations under Financed Purchases	<u>(11,090,098)</u>		(11,090,098)
--------------------------------------	---------------------	--	--------------

In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is an addition in the reconciliation. (+)

Right to Use Leases - Prior Year	4,861		
Right to Use Leases	(2,815)		
Energy Savings Refunding Bonds - Prior Year	185,915		
Energy Savings Refunding Bonds	(173,448)		
PCIA Revenue Bonds - Prior Year	115,625		
PCIA Revenue Bonds	(111,250)		
Financed Purchases Obligations - Prior Year	364,311		
Financed Purchases Obligations	<u>(327,019)</u>		
			56,180

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).

Increase in compensated absences payable			(4,572,133)

District pension contributions are reported as expenditures in the governmental funds when made. However, per GASB No. 68 they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the District's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities.

District Pension Contributions	9,836,931

Decrease in Pension Expense		10,132,208

Per GASB No. 68, Non-employer contributing entities are required to record any increases in revenue and expense for On-behalf TPAF pension payments paid by the State of New Jersey on the Statement of Activities that are in excess of those amounts reported in the fund financial statements.

Decrease in On-behalf State Aid TPAF Pension	(48,800,712)

NOTES TO THE FINANCIAL STATEMENTS

Paterson Public Schools
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the Paterson Public Schools have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Description of the School District and Reporting Entity:

The Paterson Public Schools (the "Board" or the District") is an instrumentality of the State of New Jersey, established to function as an educational institution. The City of Paterson School District is a Type II district located in the County of Passaic, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of nine members elected to three-year terms. The purpose of the District is to educate students in grades Pre-K through grade 12. A superintendent is appointed by the Board and is responsible for the administrative control of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls. The Superintendent of Schools is the Chief Administrative Officer of the District who is responsible for general supervision of all schools, planning and operational functions of the District. The School Business Administrator/Board Secretary is the Chief Financial Officer and is responsible for budgeting, financial accounting and reporting and reports through the Superintendent to the Board.

Governmental Accounting Standards Board publication, Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency and a resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e. benefit of economic resources, access/entitlement to economic resources, and significance) should be included in the financial reporting entity. The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District include elementary schools and a junior/senior high school, located in the City of Paterson. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

B. Basis of Presentation:

The financial statements include both district-wide financial statements (based on the District as a whole) and fund financial statements (based on specific District activities or objectives). Both the district-wide and fund financial statements categorize activities as either governmental activities or business-type activities. While separate district-wide and fund financial statements are presented, they are interrelated. In the district-wide financial statements, the governmental activities column incorporates data from governmental funds while business-type activities incorporate data from the District's enterprise funds. Currently the District does not have any fiduciary funds.

District-wide Financial Statements:

The district-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Board of Education. All fiduciary activities are reported only in the fund financial statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. In the statement of net position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) reflect on a full accrual economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or other governmental entities, including other school districts, who purchase, use, or directly benefit from goods or services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes, unrestricted state aid and other items not properly included among program revenues are reported instead as general revenues.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements. Exceptions to this general rule are charges between the Board's proprietary funds since elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Fund Financial Statements:

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - *government*, *proprietary*, and *fiduciary* - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models. The various funds of the Board are grouped into the categories governmental, proprietary and fiduciary.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions of the Board are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Board's governmental funds:

General Fund - The General Fund is the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay subfund.

As required by the New Jersey State Department of Education, the Board includes budgeted Capital Outlay in this fund. Accounting principles generally accepted in the United States of America as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, District taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Governments, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Paterson Public Schools
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

GOVERNMENTAL FUNDS, (continued)

Capital Projects Fund - The Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets, other than those financed by proprietary funds. The financial resources are derived from grants, temporary notes, serial bonds which are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election, or from the general fund by way of transfers from capital outlay or the capital reserve account.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

PROPRIETARY FUNDS

The focus of Proprietary Fund measurement is upon determination of net income, changes in net position, financial position and cash flows. The accounting principles generally accepted in the United States of America applicable are those similar to businesses in the private sector. Proprietary funds are classified as enterprise or internal service; the Board has no internal service funds. The following is a description of the Proprietary Funds of the Board:

Enterprise Funds - The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises -- where the intent of the Board is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the Board has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The Board's Enterprise Fund is comprised of the Food Service Fund.

FIDUCIARY FUNDS

Fiduciary Fund - Fiduciary Fund reporting focuses on net position and changes in net position. The Fiduciary Funds are used to account for assets held by the Board on behalf of individuals, private organizations, other governments and/or other funds. The District does not have any activities that are required to be included in the Fiduciary Fund.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

C. Measurement Focus:

District-wide Financial Statements

The District-wide statements (i.e., the statement of net position and the statement of activities) are prepared using the economic resources measurements focus and the accrual basis of accounting. All assets and liabilities associated with the operation of the Board are included on the statement of net position, except for fiduciary funds.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the District-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the District-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Board finances and meets the cash flow needs of its proprietary activities.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The District-wide financial statements and the financial statements of the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year.

Paterson Public Schools
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Revenues - Exchange and Non-exchange Transactions, (continued)

Nonexchange transactions, in which the Board receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Board must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Board on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized. Under GAAP, in accordance with GASB No. 33, Accounting and Financial Reporting for Nonexchange Transactions, the last state aid payment is not considered revenue to the school district if the state has not recorded the corresponding expenditure, even though state law dictates recording the revenue.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: ad valorem property taxes, tuition, unrestricted grants and interest.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as donated commodities revenue.

The measurement of focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Budgets/Budgetary Control

Annual appropriated budgets are adopted in the spring of the preceding year for the general, and special revenue funds. The budgets are submitted to the county superintendents office for approval. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2(g)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Budgets/Budgetary Control (continued)

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America with the exception of the legally mandated revenue recognition of the last state aid payments for budgetary purposes only and special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the Board has received advances, are reflected in the balance sheet as unearned revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Cash, Cash Equivalents and Investments, (continued)

Additionally, the Board has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

Tuition Revenues/Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

Inventories

On District-wide financial statements, inventories are presented at cost, which approximates market on a first-in, first-out basis and are expensed when used.

On fund financial statements inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Inventories of proprietary funds consist of food and goods held for resale, as well as supplies, and are expensed when used.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2024, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Short-Term Interfund Receivables/Payables

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as “interfund receivables/payables.” These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Capital Assets

General capital assets are those assets not specifically related to activities reported in the enterprise fund. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the district -wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the enterprise fund are reported both in the business-type activity column of the District-wide statement of net position and in the fund.

All capital assets acquired or constructed during the year are recorded at actual cost. Donated capital assets are valued at their acquisition value on the date received. The capital assets acquired or constructed prior to June 30, 1993 are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. The Board maintains a capitalization threshold of \$2,000. The Board does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are not.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-Type Activity Estimated Lives</u>
Sites and Improvements	20 years	N/A
Buildings and Improvements	7-50 years	N/A
Furniture, Equipment and Vehicles	5-20 years	5-20 years

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Board and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Board and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Unearned revenue in the special revenue fund represents cash that has been received but not yet earned. See Note 1(F) regarding the special revenue fund.

Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the District-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgements, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current year. Bonds, long-term obligations, and capital leases that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Accounting and Financial Reporting for Pensions

In fiscal year 2015, the District implemented GASB 68. This Statement amends GASB Statement No. 27. It improves accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local government employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement replaces the requirement of Statement No. 27, *Accounting for Pension by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this Statement.

The District has also implemented GASB Statement 71, Pension Transition for Contributions made Subsequent to the Measurement Date-an amendment to GASB No. 68. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

Statement 68 requires a state or local government employer (or nonemployer contributing entity in a special funding situation) to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. If a state or local government employer or nonemployer contributing entity makes a contribution to a defined benefit pension plan between the measurement date of the reported net pension liability and the end of the government's reporting period, Statement 68 requires that the government recognize its contribution as a deferred outflow of resources.

In addition, Statement 68 requires recognition of deferred outflows of resources and deferred inflows of resources for changes in the net pension liability of a state or local government employer or nonemployer contributing entity that arise from other types of events. At transition to Statement 68, if it is not practical for an employer or nonemployer contributing entity to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, paragraph 137 of Statement 68 required that beginning balances for deferred outflows of resources and deferred inflows of resources not be reported. Consequently, if it is not practical to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, contributions made after the measurement date of the beginning net pension liability could not have been reported as deferred outflows of resources at transition. This could have resulted in a significant understatement of an employer or nonemployer contributing entity's beginning net position and expense in the initial period of implementation.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Accounting and Financial Reporting for Pensions, (continued)

This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts.

Bond Discounts/Premiums

Bond discounts/premiums arising from the issuance of long-term debt (bonds) are amortized over the life of the bonds, in systematic and rational method, as a component of interest expense. Bond discounts/premiums are presented as an adjustment of the face amount of the bonds on the government-wide statement of net position and on the proprietary fund statement of net position.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the District has only two items that qualify for reporting in this category, deferred amounts related to pension and deferred amounts related to the issuance of refunding bonds.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify in this category, deferred amounts related to pension and deferred amounts related to the issuance of refunding bonds.

Financing Agreements

Capital financing agreements and other financing agreements are financed purchase contracts that transfer ownership of the underlining assets or items (i.e. expendable supplies) to the District by the end of the agreement and do not contain termination options. Capital financing agreements and other financing agreements are recognized as long-term liabilities along with the related capital asset or expenses being financed, respectively, in the district-wide and proprietary fund type financial statements.

In the fund financial statements, capital financing agreements and other financing agreements are recognized as other financing sources at the face amount of the financed purchase contract. Assets and supplies financed under these agreements are reported as capital outlay or current expenditures, respectively.

Right to Use Assets

The District has recorded right to use lease assets as a result of implementing GASB 87. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives plus ancillary charges necessary to place the lease into service. The right to use assets are amortized on a straight-line basis over the life of the related issue.

Fund Balances

Fund balance is divided into five classifications based primarily on the extent to which the Board is bound to observe constraints imposed upon the resources in the governmental funds. The classifications are as follows:

- **Nonspendable** fund balance includes amounts that are not in a spendable form (inventory, for example) or are required to be maintained intact (the principal of an endowment fund, for example).
- **Restricted** fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers (for example, grant providers), constitutionally, or through enabling legislation (that is, legislation that creates a new revenue source and restricts its use). Effectively, restrictions may be changed or lifted only with the consent of resource providers.
- **Committed** fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the Board's highest level of decision-making authority. Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally.
- **Assigned** fund balance comprises amounts *intended* to be used by the Board for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.
- **Unassigned** fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

In the general operating fund and other governmental funds (special revenue, capital projects and debt service fund types), it is the District's policy to consider restricted resources to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted (i.e., committed, assigned or unassigned) fund balances are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

Net Position

Net position represent the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Board or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The Board applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the Board, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund.

Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year.

Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. TPAF on-behalf contributions and changes in compensated absences have not been allocated and have been reported as unallocated benefits on the Statement of Activities. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities as unallocated depreciation. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reports, amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recently Issued Accounting Pronouncements

The GASB has issued the following statements that will become effective for the School District for fiscal years ending June 30, 2025 and 2026:

GASB Statement No. 101, Compensated Absences, will be effective beginning with the fiscal year ending June 30, 2025. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the School District.

In December 2023, the Government Accounting Standards Board issued GASB Statement No. 102, *Certain Risk Disclosures*. This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the District.

In April 2024, the Government Accounting Standards Board issued GASB Statement No. 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting model to enhance its' effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter, though, earlier application is encouraged. Management is currently reviewing the provisions of this Statement and plans to implement, as needed, before the effective date.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS:

Cash

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. As of June 30, 2024, \$369,808 of the District's bank balance of \$113,623,348 was exposed to custodial credit risk.

Investments

Investment Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investments to 397 days.

Credit Risk

New Jersey Statutes 18A:20-37 limits school district investments to those specified in the Statutes. The type of allowance investments are Bonds of the United States of America, bonds or other obligations of the school districts or bonds or other obligations of the local unit or units within which the school district is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk

The District places no limit on the amount the District may invest in any one issuer.

The net pension liability was measured as of June 30, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2023, the District's proportion was 0.7360061633 percent, which was a increase of 0.0441882588 percent from its proportion measured as of June 30, 2022.

Actuarial Assumptions

The collective total pension liability for the June 30, 2023 measurement date was determined by an actuarial valuation as of July 1, 2022, which rolled forward to June 30, 2023. This actuarial valuation used the following assumptions, applied to all periods in the measurement.

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	2.75-6.55% (based on years of service)
Investment Rate of Return	7.00 Percent

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021. It is likely that future experience will not exactly conform to these assumptions.

Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non- Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement based on Scale MP-2021.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of

Paterson Public Schools

for the fiscal year ended June 30, 2024

NOTE 7. PENSION PLANS: (continued)

expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2023 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	28.00%	8.98%
Non-U.S. Developed Market Equity	12.75%	9.22%

Cash Equivalents	2.00%	3.31%
U.S. Treasuries	4.00%	3.31%
Risk Mitigation Strategies	3.00%	6.21%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Teachers Pensions and Annuity Fund (TPAF)

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer.

The portion of the TPAF Net Pension Liability that was associated with the District recognized at June 30, 2024 was as follows:

Net Pension Liability:

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023. The net pension liability associated with the District was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2023, the proportion of the TPAF net pension liability associated with the District was 0.016579711174%.

For the year ended June 30, 2024, the District recognized on-behalf pension expense and revenue of \$88,592,522 for contributions provided by the State in the District-Wide Financial Statements.

Actuarial Assumptions

The total pension liability for the June 30, 2023 measurement date was determined by an actuarial valuation as of July 1, 2022, which was rolled forward to June 30, 2023. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	2.75%-4.25% (based on years of service)
Investment Rate of Return	7.00%

Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Health Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with a future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

NOTE 7. PENSION PLANS: (continued)

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2023 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	28.00%	8.98%
Non-U.S. Developed Market Equity	12.75%	9.22%
International Small Cap Equity	1.25%	9.22%
Emerging Market Equity	5.50%	11.13%
Private Equity	13.00%	12.50%
Real Estate	8.00%	8.58%
Real Assets	3.00%	8.40%
High Yield	4.50%	6.97%
Private Credit	8.00%	9.20%
Investment Grade Credit	7.00%	5.19%
Cash Equivalents	2.00%	3.31%
U.S. Treasuries	4.00%	3.31%
Risk Mitigation Strategies	3.00%	6.21%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

Because the District's proportionate share of the net pension liability is zero, consideration of potential changes in the discount rate is not applicable to the District.

NOTE 8. POST-RETIREMENT BENEFITS:

General Information about the OPEB Plan

State Health Benefit State Retired Employees Plan

Pension and Other Postemployment Benefits (OPEB) Obligations in Fiscal Year 2022 the State funded the various defined benefit pension systems at 108 percent of the full actuarially determined contributions. Employer contributions to the pension plans are calculated per the requirements of the governing State statutes using generally accepted actuarial procedures and practices. The actuarial funding method used to determine the State's contribution is a matter of State law. Any change to the funding method requires the approval of the State Legislature and the Governor. The amount the State actually contributes to the pension plans may differ from the actuarially determined contributions of the pension plans because the State's contribution to the pension plans is subject to the appropriation of the State Legislature and actions by the Governor. GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers to recognize their proportionate share of the collective net pension liability. Under the new statement, the calculation of the pension liability was changed to a more conservative methodology and each employer was allocated a proportional share of the pension plans' net pension liability. The State's share of the net pension liability, based on a measurement date of June 30, 2021, which is required to be recorded on the financial statements, is \$75.1 billion. The Fiscal Year 2023 projected aggregate State contribution to the pension plans of \$6.8 billion represents 104 percent of the actuarially determined contribution. The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2022, the State paid PRM benefits for 161,238 State and local retirees. The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2022, the State contributed \$1.9 billion to pay for "pay-as-you-go" PRM benefit costs incurred by covered populations, a slight increase from \$1.8 billion in Fiscal Year 2021. The State has appropriated \$2.1 billion in Fiscal Year 2023 as the State's contribution to fund increases in prescription drugs and medical claims costs. In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2022 State OPEB liability to provide these benefits is \$88.9 billion, a decrease of \$12.7 billion, or 12.5 percent from the \$101.6 billion liability recorded in Fiscal Year 2021. Additional information on Pensions and OPEB can be accessed on the Division of Pensions & Benefits Financial Reports webpage: <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

State Health Benefit State Retired Employees Plan, (continued)

Total OPEB Liability

The State, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the LEA did not recognize any portion of the collective net OPEB liability of the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the board of education. Note that actual numbers will be published in the NJ State ACFR on the Office of Management and Budget's Financial Publications webpage: nj.gov/treasury/omb/fr.shtml.

The portion of the OPEB Liability that was associated with the District recognized at June 30, 2024 was as follows:

OPEB Liability:	
District's proportionate share	\$ -0-
State's proportionate share	
associated with the District	<u>897,203,514</u>
	<u><u>\$897,203,514</u></u>

Actual Assumptions and Other Imputes

The total OPEB liability in the June 30, 2023 actuarial valuation reported by the State in the State’s Report of Total Nonemployer OPEB Liability for the State Health Benefit Local Education Retired Employee’s Plan was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Total Nonemployer OPEB Liability

The total nonemployer OPEB liability as of June 30, 2023 was determined by an actuarial valuation as of June 30, 2022, which was rolled forward to June 30, 2023. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	<u>TPAF/ABP</u>	<u>PERS</u>
Salary increases:	2.75 - 4.25%	2.75 - 6.55%
	based on service years	based on service years

NOTE 8. POST-RETIREMENT BENEFITS: (continued)

Preretirement mortality rates were based on the Pub-2010 Healthy “Teachers” (TPAF/ABP). “General” (PERS), and “Safety” (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 “General” classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 “General” classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of the TPAF, PERS and PFRS actuarial experience studies prepared for July 1, 2018 to June 30, 2021.

(a) Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 6.50% and decreases to a 4.50% long-term trend rate after nine years. For post-65 medical benefits PPO, the trend is increasing to 14.8% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For HMO, the trend is increasing to 17.4% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 9.5% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

(b) Discount Rate

The discount rate used to measure the total OPEB Liability was 3.54%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of Total Nonemployer OPEB Liability to Changes in the Discount Rate

Because the District's proportionate share of the OPEB liability is zero, consideration of potential changes in the discount rate is not applicable to the District.

Sensitivity of the Total Nonemployer OPEB Liability to Changes in the Healthcare Cost Trend Rates:

Because the District's proportionate share of the OPEB liability is zero, consideration of potential changes in the healthcare cost trend rates is not applicable to the District.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB:

For the year ended June 30, 2024, the board of education/board of trustees recognized on-behalf OPEB expense of \$20,817,867 in the district-wide financial statements as determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASB No. 75 and in which there is a special funding situation.

In accordance with GASB No. 75, the Paterson Public School's proportionate share of school retirees OPEB is zero; therefore, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources.

NOTE 9. DEFERRED COMPENSATION:

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

AXA Equitable
AIG Valic
MetLife

Boston Mutual Life
Colonial Life

NOTE 10. RISK MANAGEMENT:

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

NOTE 10. RISK MANAGEMENT: (continued)

Worker's Compensation Insurance - The District has established a worker's compensation plan for its employees. Transactions related to the plan are accounted for in the General Fund. The District funds the entire cost of the plan. Claims are paid directly by the plan up to a maximum of \$350,00 for any one accident or occurrence, with any excess benefit being reimbursed through a Re-Insurance Agreement with Employees Reinsurance Corporation. A contingent liability exists with respect to reinsurance, which would become an actual liability in the event the reinsuring company may not be able to meet their obligations to the District under existing reinsurance agreements.

Estimates of claims payable and of claims incurred, but not reported (IBNR) at June 30, 2024, are reported as claims and judgments payable and accrued liability for insurance claims, respectively. These estimates were determined based on claim information supplied by the claims administrator and actuary. The unpaid claims liability of \$6,692,195 reported at June 30, 2024 is based on the requirements of the Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the balances of claims liabilities for the workmen's compensation plan for the fiscal years ended June 30, 2024 and 2023 are as follows:

	Fiscal Year Ended <u>June 30, 2024</u>	Fiscal Year Ended <u>June 30, 2023</u>
<u>Governmental Activities:</u>		
Unpaid Claims, Beginning of Year	\$5,048,504	\$5,885,843

Claim Payments	<u>(354,810)</u>	<u>(2,008,091)</u>
Unpaid Claims, End of Year	<u><u>\$6,692,195</u></u>	<u><u>\$5,048,504</u></u>

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage's in any of the prior three years.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District’s expendable trust fund for the current and previous two years:

NOTE 11. CAPITAL RESERVE ACCOUNT:

A capital reserve account was established by the Paterson Public Schools. The accumulation of funds will be used for capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget. There existed a balance of \$12,913,619 in the capital reserve account at June 30, 2024.

Funds placed in the capital reserve account are restricted to capital projects in the district’s approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amount when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2023 to June 30, 2024 fiscal year is as follows:

Beginning balance, July 1, 2023	<u>\$12,913,619</u>
Ending balance, June 30, 2024	<u><u>\$12,913,619</u></u>

Paterson Public Schools
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2024

NOTE 11. CAPITAL RESERVE ACCOUNT: (continued)

The balance in the capital reserve amount at June 30, 2024 does not exceed the balance of local support costs of uncompleted capital projects in its LRFP.

NOTE 12. EMERGENCY RESERVE:

The emergency reserve is used to accumulate funds in accordance with N.J.S.A. 18A:7F-41c(1) to finance unanticipated general fund expenditures required for a thorough and efficient education. Unanticipated means reasonably unforeseeable and shall not include additional costs caused by poor planning. The maximum balance permitted at any time in this reserve is the greater of \$250,000 or 1% of the general fund budget not to exceed one million dollars. Deposits may be made to the emergency reserve account by board resolution at year end of any unanticipated revenue or unexpended line item appropriation or both. Withdrawals from the reserve require the approval of the commissioner unless the withdrawal is necessary to meet an increase in total health care costs in excess of four percent.

The activity of the emergency reserve for the July 1, 2023 to June 30, 2024 fiscal year is as follows:

Beginning balance, July 1, 2023	<u>\$1,000,000</u>
Ending balance, June 30, 2024	<u>\$1,000,000</u>

NOTE 13. FUND BALANCE APPROPRIATED:

General Fund [Exhibit B-1] - Of the \$28,870,509 General Fund fund balance at June 30, 2024, \$54,319,388 is reserved as excess surplus in accordance with N.J.S.A. 18A:7F-7; (\$34,615,267 of the total reserve for excess surplus has been appropriated and included as anticipated revenue for the year ending June 30, 2025); \$12,913,619 has been reserved in the Capital Reserve Account; \$1,000,000 has been reserved in the Emergency Reserve Account; \$994,643 is reserved for encumbrances; \$3,241,666 has been reserved in the Unemployment Compensation; \$734,998 is designated by the BOE for subsequent year's expenditures; and \$(44,333,805) is unreserved and undesignated.

Special Revenue Fund: Of the \$355,948 Special Revenue Fund fund balance at June 30, 2024, \$292,420 is reserved for the Student Groups and \$63,528 is reserved for Scholarships.

Paterson Public Schools
Notes to the Basic Financial Statements

NOTE 14. DEFICIT FUND EQUITY:

The District has a deficit fund balance of \$44,333,805 in the General Fund as of June 30, 2024 as reported in the fund financial statements (modified accrual basis). NJSA 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget years, districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33, requires that recognition (revenue, expenditure, asset, liability) should be recognized in symmetry (i.e., if one government recognizes an asset, the other government recognizes a liability). Since the State is recording the June state aid payment(s) in the subsequent fiscal year, the school district cannot recognize the June state aid payment(s) (on the GAAO financial statement(s) until the year the State records the payable. Due to the timing difference of recording the June state aid payment(s), the General and Special Revenue Fund deficit does not alone indicate that the district is facing financial difficulties.

Pursuant to NJSA 18A:22-44.2, any negative unreserved, undesignated general fund balance that is reported as a direct result from a delay in the June payment(s) of state aid until the following fiscal year, is not considered in violation of New Jersey Statute and regulation nor in need of corrective action. The District deficit in the GAAP fund statements of \$44,333,805 is less than the last state aid payment(s).

NOTE 15. CALCULATION OF EXCESS SURPLUS:

In accordance with N.J.S.A. 18A:7F-7, the designation for Reserved Fund Balance — Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2024 is \$54,319,388 of which \$19,704,121 is the result of current year operations.

NOTE 16. INVENTORY:

Inventory in the Food Service Fund at June 30, 2024 consisted of the following:

Food	\$758,114
Supplies	<u>85,229</u>
	<u>\$843,343</u>

The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by USDA. It is valued at estimated market prices by USDA. The amount of unused commodities at year end is reported on Schedule A as deferred revenue.

NOTE 17. CONTINGENT LIABILITIES:

Grant Programs - The school district participates in federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The school district is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items on noncompliance which would result in the disallowance of program expenditures.

Litigation - The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its' size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District. Some of the more significant lawsuits are described briefly as follows:

Docket No. PAS-L-3667-21:

Plaintiff served as a school secretary from 2005 until 2021. Plaintiff alleges that she was forced to retire when Paterson Public Schools failed to provide her with a reasonable medical accommodation by permitting her to work from home full-time. Plaintiff alleges various violations of the New Jersey Law Against Discrimination including Failure to Accommodate, Constructive Discharge/Adverse Action, Aiding and Abetting. Additionally, Plaintiff alleges that Defendants violated the Conscientious and Employment Protection Act because she reported that the School's policies were in violation of an executive order issued during the pandemic and that the School's failure to grant her the requested accommodation was in retaliation for her "whistle-blowing".

This case was settled in late October 2024 for \$125,000. A Settlement Agreement and General Release was provided to the Plaintiff on November 1, 2024 and the District is awaiting a signed agreement.

Docket No. PAS-L-3635-21:

Plaintiff filed a Complaint in Passaic County Superior Court, Law Division, on November 17, 2021. On July 1, 2022, Paterson BOE filed an Answer denying Plaintiff's claims and asserting separate defenses. On December 14, 2022, Default was entered against Defendant. On August 7, 2023, Paterson BOE filed a Third-Party Complaint against Control Security Services, Inc., U.S. Security Associates, Inc., and Allied Universal. On October 2, 2023, Paterson BOE filed an Amended Third-Party Complaint including additional claims for successor liability. On October 20, 2023, Third-Party Defendants filed a Third-Party answer, counterclaims, crossclaims, and a Fourth-Party Complaint against Defendant.

NOTE 17. CONTINGENT LIABILITIES: (continued)

Docket No. PAS-L-3635-21: (continued)

Plaintiff's Complaint alleges that she was sexually assaulted by Defendant on numerous occasions while he was a security guard at Rosa L. Parks School of Fine & Performing Arts. Plaintiff alleges that the school knew or should have known of Defendant's tendencies. Plaintiff allegedly confided in a friend about the abuse and the friend, made an anonymous report to an administrator. The administrator then held an assembly asking the student to come forward. Plaintiff then reported the abuse to the administrator, who then cause a criminal investigation to be initiated. Defendant was convicted of fourth degree criminal sexual contact with a minor. Defendant was not an employee of Paterson Public Schools.

The District was able to obtain insurance coverage through a 2013 Star Insurance Excess Policy with a SIR of \$250,000 and a policy limit of \$10 Million. The Third-Party Complaint and our subsequent discovery efforts successfully forced the security companies to contribute towards the settlement. The matter settled on or about July 27, 2024 for \$1.25 Million. Half of the total settlement is being paid by Third-Party Defendants. The District contributed the remainder of the SIR after defense costs to the settlement, and the excess insurance contributed the remainder of the total settlement. Parties are still in the process of negotiating the fine details of the settlement agreement and reducing the same to writing.

Docket No. PAS-L-1693-23:

Plaintiff filed a Complaint in Passaic County Superior Court, Law Division, on June 26, 2023. Plaintiff's Complaint included Count I - Violation of NJLAD and Counts II through VII for Aiding and Abetting against each individual defendant. On July 19, 2023, Defendants filed an Answer to Plaintiff's Complaint, denying Plaintiff's allegations and asserting separate defenses. Plaintiff alleges that he has been passed over for promotion to an administrative position due to his race. Plaintiff is white and asserts that 95% of the administrative level positions with Paterson schools are held by black and latino individuals. Plaintiff alleges that, since 2009, he has applied for forty-seven (47) administrative level positions and was only interviewed for three of the positions.

In June of 2024, the parties attended court-ordered mediation which was unsuccessful. At the mediation, Plaintiff demanded \$975,000. Plaintiff's economic expert alleges that Plaintiff's economic damages are \$475,937 and Plaintiff alleges Plaintiff demanded \$500,000 for pain and suffering. Plaintiff demands punitive damages and attorney's fees. While unlikely to obtain punitive damages, Plaintiff can obtain attorney's fees if he prevails on any of his NJLAD claims. Jury verdicts in these types of cases vary widely, but there was a recent verdict in a similar case for \$1.3 Million.

NOTE 17. CONTINGENT LIABILITIES: (continued)

Docket No. PAS-L-1693-23: (continued)

Subject to certain disclaimers within the policy, this matter is covered by a Summit Risk insurance policy with a \$250K SIR and a policy limit of \$1 Million. Taking into consideration the fee-shifting provision of the NJLAD, the costs of discovery in this matter, and demographics which could create a sufficient appearance of discrimination to allow the Plaintiff to surmount summary judgement, this case has a settlement value of \$175,000-\$225,000 at this time. Given that the Plaintiff's demands are well beyond a reasonable range, the District will continue to vigorously defend this matter.

Case No. 2:23-cv-01732:

Plaintiff filed a Complaint in Passaic County Superior Court, Law Division, on March 1, 2023. Plaintiff filed an Amended Complaint on March 3, 2023 alleging employment discrimination. Plaintiff's First Amended Complaint included Count I - NJLAD Discrimination Based on Ethnicity and National Origin, Count II - NJLAD Discrimination Based on Age, Count III - Unlawful Retaliation Under the NJLAD, Count IV - Constitutional Violations through 42 USC 1983 and 1988 (Covid Testing). On or about March 23, 2023, Defendants filed a Notice of Removal to Federal Court and the matter was docketed as 2:23-cv-01732. On April 24, 2023, Defendants filed an Answer to Plaintiff's First Amended Complaint denying Plaintiff's allegations and asserting separate defenses.

Plaintiff alleges that, in or about March of 2021, he was denied a promotion and raise due to his ethnicity and his age. Plaintiff alleges that a younger and less qualified applicant was given the position because of his heritage. One of the managers involved in the hiring, is of the same heritage. Plaintiff alleges that he then "blew the whistle" on the hiring process and has since experienced retaliation in the workplace as a result. Plaintiff alleges discrimination based on his age, specifically alleging that his supervisor has made numerous negative comments about older workers and has passed Plaintiff up for promotions in favor of younger workers. Plaintiff further alleges that his Fourth and Fourteenth Amendment rights were violated because Plaintiff, who opted not to be vaccinated, was required to submit to Covid-19 testing.

Plaintiff filed his complaint in the Superior Court of New Jersey, Passaic County. Defendants removed the case to the District of New Jersey. The parties have completed paper discovery. There are approximately three depositions that remain to be taken. A case management conference is scheduled for December 16, 2024.

Plaintiff has not yet made a settlement demand. Based upon discussions with Plaintiffs' counsel so far, it appears that Plaintiff's bottom line is not monetary. Rather, Plaintiff is demanding the job title that was sought in 2021, Network Technician. The settlement value of this case will be further evaluated once a demand or economic expert report is obtained from Plaintiff.

NOTE 17. CONTINGENT LIABILITIES: (continued)

Case No. 2:23-cv-01732: (continued)

Subject to certain disclaimers within the policy, this matter is covered by a Summit Risk insurance policy with a \$250K SIR and a policy limit of \$1 Million. Defendants have vigorously defended this case and intend to move for summary judgement at the end of discovery. However, while the Defendants have strong arguments in defense, the Plaintiff's retaliation claim has a reasonable probability of surviving a motion for summary judgement, subjecting the Defendants to the risk of a jury trial. This case should be positioned for settlement with the aid of the Magistrate Judge and the pressure of a pending summary judgement motion.

Docket No. PAS-L-1068-23:

Plaintiff filed a Complaint in Passaic County Superior Court, Law Division, on April 21, 2023. On May 2, 2023, Plaintiff filed a First Amended Complaint alleging racial discrimination in hiring. Plaintiff's First Amended Complaint included Count I - Violation of the NJLAD, and Counts II through VI for Aiding and Abetting against each individual defendant. On June 19, 2023, Defendants filed an Answer to Plaintiff's First Amended Complaint, denying Plaintiff's allegations and asserting separate defenses.

Plaintiff alleges that he has been passed over for promotion to an administrative position due to his race. Plaintiff is white and asserts that 95% of the administrative level positions with Paterson schools are held by black and latino individuals. Plaintiff alleges he applied for more than forty-five administrative level positions since 2013 and received an interview only once.

Parties have engaged in written discovery. Plaintiff has failed to respond to any of Defendants' supplemental discovery demands. Defendants have filed a Motion to Compel Plaintiff's answers to discovery which is currently pending. No depositions have been taken. On or about August 30, 2024, the case was consolidated with the case Docket No. PAS-L-1693-23, for the purposes of discovery only.

In June of 2024, the parties attended court-ordered mediation which was unsuccessful. At the mediation, Plaintiff demanded \$800,000. Plaintiff's economic expert alleges that Plaintiff's economic damages are \$297,413 and Plaintiff demanded \$500,000 for pain and suffering. Plaintiff demands punitive damages and attorney's fees. While unlikely to obtain punitive damages, Plaintiff can obtain attorney's fees if he prevails on any of his NJLAD claims. Jury verdicts in these types of cases vary widely, but there was a recent verdict in a similar case for \$1.3 Million.

Subject to certain disclaimers within the policy, this matter is covered by a Summit Risk insurance policy with a \$250K SIR and a policy limit of \$1 Million. Taking into consideration the fee-shifting provision of the NJLAD, the costs of discovery in this matter, and demographics which could create a sufficient appearance of discrimination to allow the Plaintiff to surmount summary judgement, this case has a settlement value of \$175,000-\$225,000 at this time. Given that the Plaintiff's demands are well beyond a reasonable range, the District will continue to vigorously defend this matter.

During an unsuccessful mediation session Plaintiff made a \$750,000 settlement demand. There is insurance after a \$100,000 retention/deductible. Since the matter has not been amenable to settlement, Defendants intend to vigorously defend against the claim.

Docket No. PAS-L-2565-24:

Plaintiff has been employed as a teacher for Paterson Public Schools since 1976. NOTE 17. CONTINGENT LIABILITIES: (continued)

Docket No. PAS-L-2565-24: (continued)

Defendants filed a motion to dismiss Plaintiff's Complaint in its entirety, which was to be heard by the trial court judge on November 22, 2024. However, Plaintiff died on or about November 17, 2024, and the trial court has carried the motion sixty days to allow Plaintiff's counsel time to consult with the Administrator of the Estate. The motion is currently adjourned to January 30, 2025. There is no current settlement demand. There is insurance after a \$100,000 retention/deductible. Defendants intend to vigorously defend against this claim.

Docket No. PAS-L-132-23:

Plaintiff is Vice Principal employed by the Board. In 2023, she filed a lawsuit alleging unlawful discrimination by the Board and Assistant Superintendent arising from the transfer from one district to another. She alleges that she was transferred because of her national origin ancestry in violation of the Law Against Discrimination. She also alleges that she reported that a subordinate teacher made offensive racial comments about the school principal to that principal, which resulted in that subordinate confronting her about the incident. She maintains that she suffered diminishment of career opportunities, loss of self-esteem, disruption of family life, emotional trauma and distress, and physical manifestations of pain and suffering. The transfer did not result in any loss of salary. Discovery is ongoing with deposition scheduled for December 2024. Plaintiff verbally demanded \$95,000 during an unsuccessful mediation in October 2024.

Docket No. PAS-1043-22:

On April 27, 2022, Plaintiff filed a complaint against the Board, as well as now-deceased former employee Ronald Sherman, alleging that Ronald Sherman sexually assaulted him between 1977-1981 when he attended School No. 5. This case has been consolidated with the Vega matter referenced below. Plaintiff hear and in the Vega matter raise nearly identical allegations regarding Mr. Sherman and are represented by the same attorneys.

Parties have provided written discovery responses and have begun depositions. The Board has been unable to locate an insurance policy covering the relevant time period, or any other document related to Mr. Sherman or plaintiff. While there have been very few individuals who have relevant knowledge of these allegations due to their age, the allegation are bolstered by the filing of the Vega matter. The parties must still complete expert discovery. Due to the limited discovery and fact specific nature of these matters we are unable to provide a value at this time. While unlikely that damages would reach above \$1.2 M, we are making you aware of this matter out of an abundance of caution.

Docket No. PAS-L-565-23:

While there are very few individuals who have relevant knowledge of these allegation due to their age, the allegations are bolstered by the filing of the Matos matter. The parties must still complete expert discovery. Due to the limited discovery and fact specific nature of these matters we are unable to provide a value at this time. Docket No. PAS-L-3350-21:

On November 23, 2021, Plaintiff filed an Amended Complaint against the Board alleging that now deceased former employee, William Butler, sexually abused and assaulted Plaintiff on a weekly basis from approximately 1987 until 1990. Plaintiff alleges that the Board negligently hired, trained, and supervised Mr. Butler, and that the Board exhibited gross negligence through its willful and wanton disregard for the safety and well-being of Plaintiff and other children.

Discovery is complete and there is currently a Motion for Summary Judgement Pending. While NJSIG disclaimed coverage, the Board was able to locate a policy that had been assumed by COMPRE. The policy has a limit of \$1,000,000 and we will be seeking authority to settle within the limits of the policy. That said, the demand last received from Plaintiff was for \$5,000,000.

Case No. 23-cv-21847 (BRM) (JSA):

On November 3, 2023, Plaintiff filed a Complaint against the Board, Alonzo T. Moody Academy (ATM Academy), and Boswell Anglin for alleged injuries arising out of an incident that occurred on April 18, 2023. Plaintiff alleges that on that date, he was viciously assaulted by school employee Defendant Anglin and two school security officers. Plaintiff claims that the ATM Academy and Board intentionally hid this assault from Plaintiff's family, and criminally covered up assault and battery in violation of N.J.S.A. 9:6-1, et seq. Plaintiff also claims that the Board negligently hired, trained, and/or supervised its employees, and violated Plaintiff's civil rights under 42 U.S.C. 1983 by exhibiting deliberate indifference to the constitutional rights of students at ATM Academy.

The parties were ordered to pre-discovery mediation, which was unsuccessful, and accordingly have just exchanged paper discovery. Plaintiff's current demand is \$2,000,000. Due to this matter being at the early stages of discovery, we are unable to provide a value for this matter.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Paterson. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable President and
Members of the Board of Education
Paterson Public Schools
County of Passaic, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Board of Education of the Paterson Public Schools, in the County of Passaic, New Jersey, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 9, 2025.

Internal Control Over Financial Reporting

In planning and performing our audit on the financial statements, we considered the Paterson Public Schools Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Paterson Public Schools Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the Paterson Public Schools Board of Education's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Paterson Public Schools Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards or the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

We noted certain matters that were required to be reported to the Board of Education of the Paterson Public Schools School District in the separate Auditors' Management Report on Administrative Findings - Financial, Compliance and Performance dated January 9, 2025.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND REPORT ON INTERNAL CONTROL OVER
COMPLIANCE AS REQUIRED BY THE UNIFORM GUIDANCE
AND N.J. OMB CIRCULAR 15-08**

Honorable President and
Members of the Board of Education
Paterson Public Schools
County of Passaic, New Jersey

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited the Board of Education of the Paterson Public Schools School District in the County of Passaic, New Jersey, compliance with the types of compliance requirements described in the *OMB Compliance Supplements* and the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the Paterson Public Schools Board of Education's major federal and state programs for the year ended June 30, 2024. The Paterson Public Schools Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Paterson Public Schools Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and N.J. OMB Circular 15-08. Our

responsibilities under those standards and the Uniform Guidance and N.J. OMB Circular 15-08 are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Paterson Public Schools Board of Education and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of Paterson Public Schools Board of Education's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Paterson Public Schools Board of Education's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Paterson Public Schools Board of Education's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance and N.J. OMB Circular 15-08, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Paterson Public Schools Board of Education's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance and N.J. OMB Circular 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Paterson Public Schools Board of Education's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of Paterson Public Schools Board of Education's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and N.J. OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of Paterson Public Schools Board of Education's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and N.J. OMB Circular 15-08 and which are described in the accompanying schedule of findings and questioned costs at items 2024-001 and 2024-002. Our opinion on each major federal and state program is not modified with respect to these matters.

The City of Paterson Board of Education's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City of Paterson Board of Education's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on these responses.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Honorable President and
Members of the Board of Education

K-2
Page 4 of 4

However, we identified certain deficiencies in internal control over compliance as described in the accompanying schedule of findings and questioned costs as items 2024-001 and 2024-002 that we consider to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and N.J. OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

See accompanying notes to the Schedules of Expenditures of Federal and State Awards.

NOTE 1. GENERAL

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance present the activity of all federal and state award programs of the Paterson Public Schools. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state awards passed through other government agencies is included on the Schedules of Expenditures of Federal Awards and State Financial Assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 1(D) and 1(E) to the Board's basic financial statements. The information in these schedules is presented in accordance with the requirements of 2 *CFR 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ in amounts presented in or used in the preparation of the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS, (continued)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(3,275,172) for the general fund and \$-0- for the special revenue fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$1,801,008	\$636,552,114	\$638,353,122
Special Revenue Fund	93,322,699	54,772,142	148,094,841
Capital Projects Fund		7,637,242	7,637,242
Food Service Fund	<u>21,050,886</u>	<u>419,008</u>	<u>21,469,894</u>
Total Financial Assistance	<u>\$116,174,593</u>	<u>\$699,380,506</u>	<u>\$815,555,099</u>

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

NOTE 6. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension, Post-Retirement Medical Benefits Contributions and School Construction Grants are not subject to a State single audit and, therefore, the amount of \$88,592,522 of on-behalf payments is excluded from major program determination.

NOTE 7. INDIRECT COST RATE

The Paterson Public Schools has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 8. SCHOOLWIDE PROGRAM FUNDS

Schoolwide programs are not separate federal programs as defined in *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Grant Guidance); amounts used in schoolwide programs are included in the total expenditures of the program contributing the funds in the Schedule of Expenditures of Federal Awards. The following funds by program are included in schoolwide programs in the school district:
