School Purchasing Programs (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued)

Inasmuch as the system of records is not designed to provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The minutes indicate that bids were advertised for the following:

Applegarth Electrical Upgrades	Snow Removal & Plowing
Student Transportation	Equipment Financing
Lawn Maintenance	

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination revealed the following purchases were made through the use of State contracts or through cooperative purchasing agencies.

Computer Equipment and Hardware	General School Supplies
Maintenance Supplies	Office Supplies
Electrical Maintenance	Educational Software
Copier	Instructional Supplies
Furniture	Transportation Services
Custodial Supplies	Various Vehicles

Purchase of supplies were also made through Educational Data Services Inc. and the New Jersey Educational Services Commission as well as other authorized purchasing and bidding cooperative.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The free and reduced price meals and free milk policy is uniformly administered throughout the School System. The required verification procedures for free and reduced price applications were completed and available for review. No exceptions were noted.

The Board employs a management company, Metz Culinary Management, to handle their food service program. We examined on a test basis their expenditures for separate recording of food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used. Provisions of the food service management company contract were reviewed and audited. All vendor discounts, rebates and credits vendors and/or the management company were tracked and credited to the Food Service account and reconciled to supporting documentation at least annually. Provision of NJSA 18A:17-34, 19-1 and 19-4.1 were complied with.
