Administrative Findings – Financial, Compliance and Performance

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Treasurer, the activities of the Board of Trustees and the records of the various funds under the auspices of the Board of Trustees.

1. Administrative Practices and Procedures

Insurance

Various liability, property damage, and fire insurance coverage was carried in the amounts as detailed in the Insurance Schedule contained in the Charter School's Annual Comprehensive Financial Report (ACFR). See Exhibit J-20.

Official Bonds (N.J.S.A. 18A:17-26, 18A:17-32, 18A:13-13)

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Steve Literati	Board Secretary/School Business Administrator	\$ 156,000

There is a Public Faithful Performance Blanket Position Bond with The School Alliance Insurance Fund covering all other employees with multiple coverage of \$50,000.

P.L. 2020, C.44

Our procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A. 18A:16-13.3 (Chapter 44) submitted for the year on audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted included all health benefit plans offered by the Charter School.

The Charter School project data certification was completed by the business administrator. The Charter School Chapter 44 data was submitted timely.

2. Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Charter School were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the designee in the Charter School and were certified by the President of the Board, the Board Secretary/Business Administrator and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium.

Payrolls were delivered to the Board Secretary with a warrant for the full amount of each payroll.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable.

Classification of Expenditures (General and Administrative)

The coding of expenditures was tested for proper classification in accordance with *N.J.A.C. 6A:23A-16.2(f)* as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C. 6A:23A-8.3*. As a result of the procedures performed, no errors were noted, and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Board Secretary's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except as noted below herein.

Treasurer's Records

In planning and performing our audit of the financial statements of the Charter School we considered the condition of the Treasurer's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures we have no comments, except as noted herein.

Elementary and Secondary Education Act (E.S.E.A.) as amended by Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Title I, and Title IV of the Elementary and Secondary Education Act as amended and reauthorized.

Other Special Federal and/or State Projects

The Charter School's Special Projects were approved as listed on Schedule A and Schedule B located in the ACFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position and results pertaining to the aforementioned special projects.

The study of compliance for the special projects revealed no areas of non-compliance.

T.P.A.F. Reimbursement

Our audit procedures included a test of the bi-weekly reimbursements filed with the Department of Education for Charter School employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's final report for all federal awards for the Charter School to reimburse the State for the TPAF/FICA payments made by the State on behalf of the Charter School for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

3. School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

- a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

- b. Commencing in the fifth year in which P.L. 1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion of the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made.”

N.J.S.A. 18A:18A-4 states, “Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law.”

The bid thresholds in accordance with *N.J.S.A. 18A:18A-2* and *18A:18A-3(a)* are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under *N.J.S.A. 18A:39-3* is currently \$20,200 for 2023/24.

The Board of Trustees has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the solicitor’s opinion should be sought before a commitment is made.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with provisions of *N.J.S.A. 18A:18A-4*.

Resolutions were adopted authorizing the awarding of contracts or agreements for “Professional Services” per *N.J.S.A. 18A:18A-5*.

4. School Food Service

SFAs were authorized to solicit and award emergency non-competitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and *N.J.S.A. 18A:18A-7*. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

The school food service was not selected as a major federal and/or state program and the state and federal program expenditures did not exceed \$100,000 in federal and/or state support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

Non-program foods were not purchased, prepared or offered for sale. The Statement of Revenues, Expenditures and Changes in Net Position in the ACFR (Exhibit B-5) does not separate program and non-program revenue and program and non-program cost of goods sold.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations.

5. Student Body Activities

The Charter School does not have any student activity funds.

6. Charter School Enrollment System/Charter School Aid
