## Budget Guidelines - Appendix A

### Explanatory Notes Per Pupil Cost Calculations Advertised Section of the School District Budget Statement for School Year 2024-25

This appendix provides the calculations required to determine the per pupil cost used for all cost per pupil calculations in the Advertised Section of the School District Budget Statement for School Year 2024-25. In each of the sections below, there will be a brief description of the data, source of data, and referenced line items.

#### Per Pupil Cost Calculations

For each per pupil cost indicator, the 2021-22 Actual per pupil cost (Column 1) and the 2022-23 Actual per pupil cost (Column 2) represents the total audited expenditures listed below divided by the actual average daily enrollment for the respective school year. The 2023-24 Original Budget per pupil cost (Column 3) represents the total original budgeted appropriations for the applicable lines listed below divided by total pupils on roll as of October 15, 2023 as reported in the original budget. The 2023-24 Revised Budget per pupil cost and the 2024-25 Proposed Budget per pupil cost represents the total budgeted appropriations for the applicable lines listed below divided by the total pupils on roll as of October 15, 2023 and total projected pupils on roll as of October 13, 2024 as reported in the Budget Statement for School Year 2024-25.
