SENATE, Nos. 760, 621, and 563

STATE OF NEW JERSEY

ADOPTED MARCH 10, 1994

Sponsored by Senators EWING, McGREEVEY and SINAGRA

1 AN ACT regarding genocide education in the public schools and
2 supplementing chapter 35 of Title 18A of the New Jersey
3 Statutes.

4
5 BE IT ENACTED by the Senate and General Assembly of the
6 State of New Jersey:

7 1. The Legislature finds and declares that:

8 a. New Jersey has recently become the focal point of national
9 attention for the most venomous and vile of ethnic hate speeches.

10 b. There is an inescapable link between violence and vandalism
11 and ethnic and racial intolerance. The New Jersey Department
12 of Education itself has formally recognized the existence of the
13 magnitude of this problem in New Jersey schools by the
14 formation of a Commissioner's Task Force on Violence and
15 Vandalism.

16 c. New Jersey is proud of its enormous cultural diversity. The
17 teaching of tolerance must be made a priority if that cultural
18 diversity is to remain one of the State's strengths.

19 d. National studies indicate that fewer than 25% of students
20 have an understanding of organized attempts throughout history
21 to eliminate various ethnic groups through a systematic program
22 of mass killing or genocide.

23 e. The New Jersey Commission on Holocaust Education,
24 created pursuant to P.L.1991, c.193 (C.18A:4A-1 et seq.), several
25 years ago expanded its mission to study and recommend
26 curricular material on a wide range of genocides. The Holocaust
27 Commission is an ideal agency to recommend curricular materials
28 to local districts.

29 2. a. Every board of education shall include instruction on the
30 Holocaust and genocides in an appropriate place in the curriculum
31 of all elementary and secondary school pupils.

32 b. The instruction shall enable pupils to identify and analyze
33 applicable theories concerning human nature and behavior; to
34 understand that genocide is a consequence of prejudice and
35 discrimination; and to understand that issues of moral dilemma
36 and conscience have a profound impact on life. The instruction
37 shall further emphasize the personal responsibility that each
38 citizen bears to fight racism and hatred whenever and wherever
39 it happens.

40 3. This act shall take effect immediately and shall first apply
41 to curriculum offerings in the 1994-95 school year.

NEW JERSEY HOLOCAUST/GENOCIDE EDUCATION 1973 – 2018

INTRODUCTION

Holocaust education in New Jersey began in 1973 through a cooperative effort between the New Jersey Department of Education and two local school districts. In the summer of 1978, the New Jersey Department of Education commissioned the staff of the two high school districts to jointly write a curriculum guide and anthology for students that could serve as a basis for instruction on the Holocaust in New Jersey. The next phase of Holocaust education began in 1982, when New Jersey Governor Thomas Kean created the New Jersey Advisory Council on Holocaust Education, by an executive order. The core mission of the New Jersey Advisory Council on Holocaust Education was to be carried out through recommendations to the Commissioner of Education to facilitate and implement Holocaust education objectives through programs and curricula in the schools of New Jersey. The advisory council was further charged with creating an awareness of the subject among the general public. In 1990, the council initiated efforts to make the council a permanent state entity. Therefore, in June 1991, Governor Florio signed legislation creating a permanent Commission on Holocaust Education. In the spring of 1994, New Jersey Governor Christine Todd Whitman signed into law a bill that required the inclusion of instruction on the Holocaust and genocide into the elementary and high school curriculum of every public school district in the state. The New Jersey Commission on Holocaust Education developed and disseminated to every school district a copy of a recommended curriculum for elementary grades (K-8) and secondary grades (9-12). In 1996, the commission authorized its curriculum and education committee to design a comprehensive survey for the purpose of determining the degree to which the Holocaust and genocide mandate had been implemented in New Jersey. The following report is in relation to the activities and results that have occurred since the passage of the Holocaust/genocide mandate in the spring of 1994. The chronology of events includes:

- 1973:** Holocaust education in New Jersey began in 1973 through a cooperative effort between the New Jersey Department of Education and two local school districts.
- 1975:** The school districts of Teaneck and Vineland begin to study about and develop curriculum "Man's Inhumanity to Man" (A Holocaust/Genocide Curriculum). Department of Education agrees to support districts efforts in development of the curriculum and workshop presentations.
- 1976 – 1982:** With the support of the Department of Education the curriculum was developed and workshops presented around the state with the assistance of the ADL of New Jersey. State Board of Education recommends inclusion of Holocaust genocide studies in the schools of New Jersey. Dr. Deborah Wolfe made the motion which was seconded by Maud Dahme and passed unanimously.

- 1982:** Governor Thomas Kean announces intent to create a New Jersey Holocaust Council which is the first in the country and was made official on October 7, 1982. A survey is conducted regarding Holocaust/genocide studies in the schools of New Jersey.
- 1982 – 1991:** Holocaust Council operates for ten (10) years under a yearly executive order signed by Governors Kean and Florio. Holocaust/Genocide Centers begin to emerge joining those already operational. (Brookdale Community College, Ramapo College, JCC of Metro West, Seton Hall University and Trenton [TCNJ] State College).
- 1991:** Legislation is introduced, passed and signed by Governor Florio at Rider University during a Holocaust seminar in June, 1991 establishing a permanent Commission on Holocaust Education.
- 1991 – 1994:** A revised and new curriculum (K-8 and 9-12) is developed building on the original Teaneck/Vineland model and is presented in workshops and seminars throughout the state. A special legislative appropriation is provided to present to every school a curriculum guide for grades K-8 and 9-12. Additional guides are developed for the Armenian, Cambodian, Ukrainian and Native American genocides and for the Irish Famine Atrocity.
- 1994:** After years of deliberation by the Commission and almost 12 months of hearings, compromises and debates, legislation is passed mandating the teaching of Holocaust and Genocide education in all public schools of New Jersey. (Over the years most private and parochial schools have incorporated the studies in their curriculum)
- 1995 -2000:** A third version of the curriculum is developed, presented in workshops and distributed to all schools. This time the organization of the guides was for K-4, 5-8 and 9-12 grades. A survey was conducted to ascertain level of compliance with the mandate. A master's thesis on the topic was also completed in cooperation with the Commission.

The Department of State requested New Jersey to work with the government of Lithuania to implement education about their history during 1933 – 1945.

Commission members and selected teachers throughout the state worked with Scholastic Magazine to produce two special editions which are still in use today; "The Holocaust" and "Understanding Hate".

2000 – 2007: The network of Holocaust Centers continues to educate teachers and provide leadership in field of Holocaust/genocide education. A new organization, the Council of Holocaust Educators (CHE) is formed to provide the opportunity for teachers to communicate with each other. A survey was conducted as part of doctoral dissertation on Holocaust/genocide education. A school survey was conducted in 2006 to begin to assess the depth of Holocaust/genocide instruction in the classroom.

Formal networking with other Holocaust and related organizations has aided the Commission in its effort to meet the mandate for Holocaust education, specifically with Facing History and Ourselves, United States Holocaust Memorial Museum, Kids Bridge of New Jersey, Heritage Museum in New York, and Yad Vashem in Israel.

1991 – 2007: Every year the Commission coordinates statewide Yom HaShoah and Kristallnacht commemorations and coordinates a seminar for educators to the infamous sites of the Holocaust.

2008 – 2010: New curriculum guides were developed and others initiated.

9/11 Bullying and Terrorism – K-12 grades
Anticipated September 2010

Slavery and Genocide – A cooperative project with the Amistad and Holocaust Commissions. Disseminated to schools during the 2009/10 school year.

2010 – 2011: State Commissions – Development of a cooperative workshop on stereotyping. Native American – Completed curriculum development producing a guide for classroom usage. 9/11 Activities – Completion of a K-12 curriculum guide.

2011 – 2012: Along with many major events, the coordination of a state-wide program that attracted over 400 2nd/3rd generations of the Holocaust to begin transition from direct testimony of survivors to their families.

2012 – 2013: Completed two (2) curriculum guides regarding the “Repressive Regime of Stalin” and “Greece – Prior to, During and After the Holocaust”.

2013 – 2014: Continued program of bringing together students and survivors. To date, 2,500 students have had the experience.

Development of a five (5) year compilation of anniversary dates regarding the Holocaust/Genocide and Civil Rights and a 20 year update of the Rwandan Genocide.

A 20 year celebration of the passage of the Holocaust/Genocide Mandate ended the year.

2014 – 2015: Identified a five (5) year calendar for Krystallnacht and Yom HaShoah programs. Coordination of Holocaust/Genocide lesson plans for students with learning disabilities.

2015 – 2016: Completion and announcement of Holocaust/Genocide lesson plans for students with learning disabilities titled “Teaching about the Holocaust/Genocide, Prejudice & Bullying Using UDL.”

On Nov 18th, Rowan University formally opened their Center for Holocaust & Genocide Studies.

Our plan for bringing the grandchildren of survivors together in order to keep their grandparents’ stories and experiences current was organized and modeled after similar efforts in NY.

On May 20th, Dr. Paul B. Winkler, after a stellar career as an educator, retired as Executive Director of the Commission. Lawrence M. Glaser was named new Executive Director of the Commission. Paul passed away on July 12, 2016.

2016 – 2017: On April 26, 2017 Warren County Community College formally opened their Holocaust/Genocide Resource Center.

On July 19 through August 3, 2017 New Jersey Teachers participated in the annual Summer Seminar to the Infamous Sites of the Holocaust.

On May 16, 2016 Judy Baker from the Division of Learning Supports and Specialized Services, Holocaust Commission, passed away unexpectedly after 20 years with the Holocaust Commission.

2017 – 2018: On October 4, 2018 Saint Peters University formally became a New Jersey Commission on Holocaust Education and Genocide Studies Center.

On July 18 through August 2, 2018 The New Jersey Teachers participated in the annual Summer Seminar to the Infamous Sites of the Holocaust.

FEATURE STORY

Imagine. Holocaust survivors attending their own special senior prom, participating in a high school graduation program, sitting for a personalized portrait, participating in an adoption program, a writing seminar a Bar/Bat Mitzvah ceremony and lunch program. These are a few of the activities Holocaust survivors and students participated in during the last 14 years. Activities like these were denied to Holocaust Survivors during their own teenage years.

About 14 years ago, the New Jersey Commission on Holocaust Education made a decision to actively support, encourage and initiate activities that would bring students and survivors together in meaningful, personal and educational settings. As stated by Commission Chairperson, Philip Kirschner, "when students interact closely with a survivor, the level of caring, learning and understanding is unmatched and the lesson will impact the students all their lives in a positive way".

The state network of Holocaust Centers and concerned individuals in New Jersey were contacted about the decision and commitment of the Commission to encourage this activity, and as a result, many of the activities listed were initiated and implemented.

The plan for the future is to present these ideas to schools and Holocaust Centers for replication and or initiation of new ideas.

Each of the activities listed below allowed students to interact with the survivors in very meaningful experiences.

Survivor Prom:

Mary Vasquez, a teacher at Millburn Middle School, and Barbara Wind of the Metro West Federation Holocaust Resource Center initiated the idea after the survivors commented that they never participated in their senior high school dance. The activity was a cooperative endeavor of the students, survivors, community, school and Holocaust Center. Students and survivors worked together on all committees and details in planning the dance under the guidance of the teacher Ms. Vasquez. The prom was held at a local catering hall and was attended by over 250 survivors and guests.

Certificate Program:

This program was a cooperative program between the Atlantic County Technical High School and the Holocaust Resource Center of the Richard Stockton College of New Jersey. Survivors received certificates of accomplishment for work in their chosen field. Prior to their receiving the awards survivors were paired with students who were learning similar fields to the survivor's life experiences. The students and survivor developed closer relationships through the activities which included lunches, classroom and work settings and culminated in the graduation ceremony. Some of the fields represented included:

- Photo Journalist/Newspaper Columnist/Artist/Educator
- Chicken Farmer/Hotel Owner and Operator
- Hotel and Restaurant Owner/Operator and Wig Maker
- Interior Decorator/Court Room Interpreter/Educator/Author
- Wholesale Merchandise (dry goods) Owner
- Home Furnishings and Gift Store Owner
- Medical Secretary/Author/Speaker
- Jeweler

Lunch Programs:

This was a cooperative project of the Jewish Family Service Café Europa Program and survivors in their areas. Students were invited to the lunch program and actively engaged in conversation during lunch. Many of the conversations led to survivors attending the student's classes and follow-up conversations.

Survivor Anthologies:

Students of the West Windsor School District journalism classes were grouped with survivors for the purpose of hearing and writing their stories. The activity continued over six months with individual discussions and many follow-up activities. The student's writings of the survivor's stories and their own reflections were put together in a bound edition which was distributed at a culminating activity.

Portraits:

Ms. Doreen Wertz of the Howell Township High School initiated an idea to pair her art students with survivors for the purpose of drawing their portraits. After an initial meeting where much conversation occurred, the students began the work of doing the portraits which concluded with a program where the portraits were unveiled, the stories of the survivor's were presented in written form and a video production of the process was presented.

Adopt A Survivor:

A project designed and initiated by Irving Roth who stated the following objectives of the experience:

The objective of this program is to transfer the life experiences of a Holocaust survivor to a student by taking a joint journey through the life of the survivor. By this personal journey the student becomes one with the survivor absorbing his life, spirit and soul. He will be able to represent the survivor and tell his story with accuracy and feeling to any audience for at least another half century.

This project was initiated in many areas of the state and has paired up hundreds of survivors with students who promise to tell the survivors stories in the year 2045 (100th anniversary of liberation). The activities provide opportunity for the students to really get to know the survivor on a very personal level. Many have included visitation to homes, coming together for celebrations and general discussions.

Bar/Bat Mitzvah Programs:

This activity has been conducted by many synagogues with the survivor in their area to introduce a survivor who did not participate in their own Bar/Bat Mitzvah with a soon to be Bar/Bat Mitzvah student. It also took the form of a Bar/Bat Mitzvah being combined with a Holocaust victim whose birth date is the same as the young person being Bar/Bat Mitzvahed.

Computer Training – This project paired students with small groups of survivors to learn about the computer but to specifically track families, names, towns, etc. through the United States Holocaust Memorial Museum research files.

To date many programs have been conducted with thousands of students involved who have pledged to tell about their experience in the year 2045.

9/18/17	American Protestant Holocaust Commemoration Projects: The Use of Fundraising and Forestry to Build a New Generation. Dr. Amy Weiss, Director of the Center for Holocaust and Genocide Education at the College of Saint Elizabeth examined the American Christian Palestine Committee's belief that as a Christian organization, they needed to atone for the crimes committed by the Germans and their allies after the Holocaust. Although geographically removed from the physical devastation of World War II and not responsible for the tragic deaths of six million Jews, these liberal Protestants participated in and experienced a theological crisis in the wake of the Holocaust. ACPG, founded in 1945, partnered with the Jewish National Fund to establish the Children's Memorial Forest, a Holocaust memorial dedicated to the more than 1 million Jewish children who perished during the Nazi genocide as a way to resolve these feelings of guilt. The forest fundraising campaign promoted an early form of Holocaust education among American church-based Sunday school children. It also highlighted American Protestants' intervention in a politicized land reclamation project to secure land for Jewish statehood.	6	2	0	22
10/3/17	The Resurgence of Populist Nationalism in the West: From Trump to the National Front The past several years have witnessed a rise in nationalist movements in the United States and Europe. Dr. Jason Jordan, Associate Professor of Political Science at Drew University, surveyed these political developments and discuss their consequences for the future.	41	5	0	34
10/17/17	Film Screening of the award winning documentary No. 4 Street of Our Lady. This film tells the story of Francisca Halamajowa, a Polish-Catholic woman who rescued 16 of her Jewish neighbors during the Holocaust, while cleverly passing herself off as a Nazi sympathizer. The film was followed by a Q & A session with Fran Malkin, one of the hidden children that was saved by Francisca Halamajowa.	17	8	1	47

11/7/17	From Death to Life: The Role of Theater in Post-Holocaust Healing Dr. Lindsey Warren, an adjunct lecturer at the College of New Jersey and a history teacher at Hunterdon Central Regional High School, will talk about survivors from the Bergen Belsen Displaced Persons camps who participated in a Yiddish theatre group called the Kazet Theatre after they were liberated. This group helped to reestablish social bonds and create a sense of community, essential steps for recovery from trauma. Through the physical work of designing sets, rehearsal, and performance of both traditional Yiddish plays and new, original works, many of which incorporated Holocaust themes. The Katzet Theatre bridged survivors' memories and hopes for the future.	16	7	1	13
3/19/18	From the Holocaust to Social Justice: Part 2 of the three-part study seminar: A screening of the 2013 documentary film, Joachim Prinz: I Shall Not be Silent (50 minutes long).	4	5	0	31
3/26/18	From the Holocaust to Social Justice: Part 2 of the three-part study seminar: A screening of the 2000 documentary film, From Swastika to Jim Crow. The film explores the similarities between Nazism in Germany (the Swastika) and racism in the American south (Jim Crow.) In 1939, the Nazi government expelled Jewish scholars from German universities. Many of them found teaching positions in Southern universities, where they sympathized with the plight of their African-American colleagues and students. The screening will be followed by a discussion with Dr. Lillie Edwards, Professor Emerita of History and Pan African Studies at Drew University. Free and open to the public.	9	14	1	30
4/16/18	Hana Berger Moran: The Story of my Mother, Holocaust Survivor: A talk by Thomas BergerIn commemoration of Yom HaShoah (Holocaust Memorial Day), Thomas Berger discussed the experiences of his mother, Hana Berger Moran, Ph.D., who was born in a concentration camp in Freiberg, Germany. She and her mother Priska were later liberated from concentration camp Mauthausen (now in Austria). Their story is featured in the book, Born Survivors: Three Young Mothers and Their Extraordinary Story of Courage, Defiance and Hope, authored by Wendy Holden.	10	5	0	35
5/7/18	Film Screening of the documentary, The Long Way Home, an Academy Award-winning documentary depicting the way that Jewish refugees and Holocaust survivors contributed to the creation of the State of Israel, which was founded 70 years ago on May 14, 1948.	4	1	0	30
