Health Plan Quality Ratings

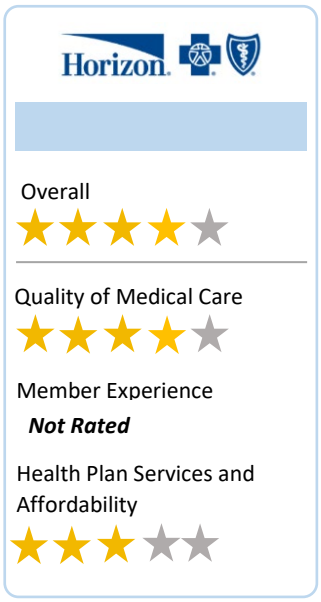

Get Covered New Jersey provides the following information on the quality ratings of health plans offered through the Marketplace to New Jerseyans. The ratings were compiled from U.S. Centers for Medicare and Medicaid Services data and are required by federal regulation to be displayed.

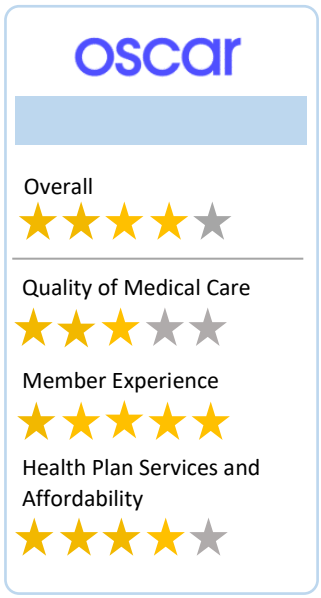

Rating System

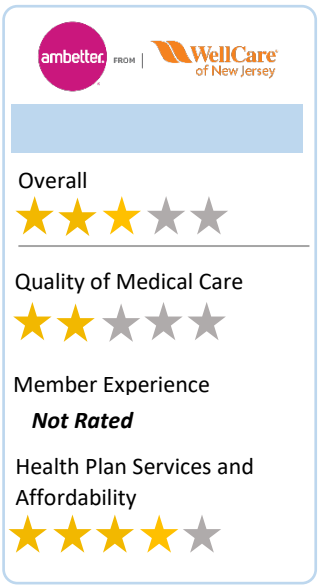

Each rated health plan has an "Overall" quality rating of 1 to 5 stars (5 is highest), which accounts for quality of medical care, member experience, and health plan services and affordability. Quality rating information for carriers operating on the State-Based Exchange, Get Covered New Jersey, is below.

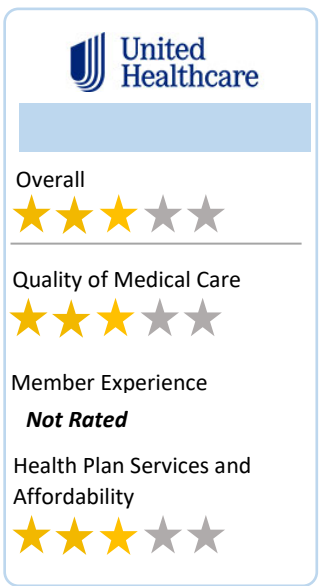

Note: Member Experience rating information is not available for AmeriHealth, Horizon, WellCare, and United Healthcare due to insufficient data to calculate a score or rating according to the QRS rating methodology.

Disclaimer: Plan quality ratings and enrollee survey results are calculated by CMS using data provided by health plans in 2025. The ratings are being displayed for health plans for the 2026 plan year. Learn more about these ratings.
