The current AirTrains run for about 6 miles across 12 years, and the system simply cannot function as it should, of course, because having passengers delayed and airport personnel unable to get to work on time,” said Governor Murphy. “With the development of the new Terminal One underway, we now face the critical question: Do we continue to fund an AirTrain that cannot stop from running or do we fund a new AirTrain that can stop? That is why it is critical that the Port Authority leadership and Board of Commissioners act quickly to fund a new, more efficient, more reliable AirTrain that can meet the world-class standards the new terminal will bring to Newark.”

Governor Murphy announced new initiatives to combat the opioid epidemic. “As we combat this crisis, it is critical that we use data-driven, evidence-based strategies to support individuals suffering from addiction and help them get on the path to recovery,” said Governor Murphy.

“Opioid epidemic continues to devastate families and communities across our state,” said Governor Murphy. “Our brave servicemembers continue to patrol New Jersey’s coastline and protect our country without pay due to President Trump’s shameful shutdown,” Governor Murphy said. “These families have sacrificed so much for us to enjoy our freedom. If President Trump’s shutdown must continue, he needs to provide assistance for those whose livelihoods are hanging in the balance while he plays politics.”

Governor Murphy visited Coast Guard servicemembers and stressed the urgent need for the Port Authority leadership and Board of Commissioners to act quickly to fund a new, more efficient, more reliable AirTrain that can meet the world-class standards the new terminal will bring to Newark. That is why it is critical that the Port Authority leadership and Board of Commissioners act quickly to fund a new, more efficient, more reliable AirTrain that can meet the world-class standards the new terminal will bring to Newark.
