

OPSYON TRETMAN POU COVID-19

Gen kèk moun ki gen COVID-19 ki gen plis risk pou yo devlope maladi grav (tankou granmoun aje, moun ki pa vaksinen, moun ki gen sèten pwoblèm medikal ak moun ki gen sistèm iminitè febli).*

Si ou teste pozitif pou COVID-19, gen tretman ki disponib pou ou.

Aji rapidman! Tretman yo dwe kòmanse nan jou apre ou te premye devlope sentòm yo pou yo efikas.

Tès ak tretman gratis disponib nan yon Sant Sante ki Kalifye Federalman (FQHC) ki toupre ou. **Eskane kòd QR ki anba a oswa rele 2-1-1.**

Tretman yo pa ranplase vaksen COVID-19. Asire w ke w konnen tout vaksen COVID-19 yo.

Pale ak founisè swen sante ou a pou plis enfòmasyon.
