

Directions to Obtain Your Summary Report

New Jersey State Cancer Registry

The New Jersey Department of Health (DOH) is required by law (New Jersey Rev Stat § 26:2-105) to establish and maintain an up-to-date registry of cases of cancer and some benign and pre-cancerous diseases. Every New Jersey health care facility, physician, dentist, other health care provider and clinical laboratory is required to report these cases to the NJSCR (New Jersey Administrative Code §8:57A-1.4). For more information about the New Jersey State Cancer Registry, please visit our website at <https://www.nj.gov/health/ces/reporting-entities/njsr/>.

Cancer cases are required to be reported to NJSCR within six months of first contact. Then, Oncology Data Specialists process the files, which takes approximately 12 months. For this reason, we may not be able to provide data for patients diagnosed in the 18 months prior to today's date.

To obtain a SUMMARY REPORT of the information that is in the New Jersey Cancer Registry under your name, please complete the AUTHORIZATION FORM. The New Jersey State Cancer Registry has policies in place to protect the confidentiality of our data. Therefore, you must provide a photocopy of a valid photo identification along with this form when you are requesting a copy of your summary information. If a person calls or emails our office, we do not have a way to verify your identity. In order to protect confidentiality, you must send a valid form of identification to receive the summary report.

REQUIREMENTS CHECKLIST:

- ☐ Completed AUTHORIZATION FORM for NJSCR Summary Report
- ☐ Photocopy of valid identification 
- ☐ Mail the required documents to:

New Jersey State Cancer Registry
PO Box 369
Trenton, NJ 08625-0369

Your request cannot be processed until we receive all the required documents. If you need to obtain a summary report on someone who is deceased or if you have any questions, please contact us by phone at: (609) 633-0500. Thank you!
