JEFFREY A. BROWN  
*Acting Commissioner*

**TO:** Licensed Ambulatory Care Facility Administrators  
Licensed Adult and Pediatric Day Care Facility Administrators

**FROM:** Stefanie Mozgai *SM*  
Deputy Commissioner, Health Systems

**DATE:** June 5, 2025

**SUBJECT:** Temporary Operational Waivers during a State of Emergency

In the event of a State of Emergency as declared by the Governor of New Jersey in an Executive Order, that so significantly affects the ability of a Licensed Ambulatory Care Facility (ACF) or Licensed Adult and Pediatric Day Care (APD) to offer its full array of services or forces it to evacuate its patients/participants, or causes a licensed facility to accommodate evacuated patients/participants from another facility, the Department of Health (Department) will not require prior Department approval of temporary waivers for the following requirements for ACFs and APDs that are effected by such an event:

1. Physical space requirements; or
2. Staff qualifications requirements.

Affected ACFs and APDs (those licensed in accordance with N.J.A.C. 8:43A, 8:43F, and 8:43J) will be required to provide a written report to the Department detailing which, if any, of the above actions were implemented, the duration of the implementation, and any adverse outcomes attributable to the actions. Once the State of Emergency is mitigated, ACFs and APDs will be required to return to the previous licensed capacity and to operate in accordance with all licensure standards.

You may review various important and useful Centers for Medicare and Medicaid Services (CMS) documents related to emergency preparedness at the following website:
