JEFFREY A. BROWN
Acting Commissioner

TO: Home Health Agency and Hospice Administrators

FROM: Stefanie Mozgai 
Deputy Commissioner, Health Systems

DATE: June 5, 2025

SUBJECT: Temporary Operational Waivers during a State of Emergency

In the event of a State of Emergency as declared by the Governor of New Jersey in an Executive Order, that so significantly affects the ability of a Home Health Agency or Hospice to offer its full array of services, the Department of Health (Department) will not require prior Department approval of temporary waivers for the following services from Home Health Agencies and Hospices that are affected by such an event:

1. Providing home health services to patients outside of the approved license/CN geography; or
2. Providing hospice services to patients outside the hospice service area.

Affected Home Health Agencies and Hospices (those licensed in accordance with N.J.A.C. 8:42 and 42C) will be required to provide a written report to the Department detailing which, if any, of the above actions were implemented, the duration of the implementation, and any adverse outcomes attributable to the actions. Once the State of Emergency is mitigated, Home Health Agencies and Hospices will be required to operate in accordance with all licensure standards.

You may review various important and useful Centers for Medicare and Medicaid Services (CMS) documents related to emergency preparedness at the following website:
